WHEREAS, the applicant contends as to Objection 1 that inasmuch as both 1st floors will be used as open space for banking, the removal of the fire walls between buildings will in no way create a condition as hazardous as if both stores were separately occupied with an occupancy more hazardous than that of banking; that the connection of both cellars will in no way cause any hazardous condition, since there will be very few occupants in the cellar at any one time; that the cellar occupancy will consist mostly of storage of equipment and records kept in metal containers and files, which storage is less hazardous than the usual type of storage found in this type of building; that the ceiling on the 1st floor of the frame building is surfaced with plasterboards under the acoustical tile and the same treatment is to be applied to the brick building; that the cellar ceiling of frame building is fire-retarded with rock lath and cement plaster and the cellar ceiling of the brick building will be similarly protected; that the individual apartment entrances for each building will be maintained in their present locations with no connection to the business portion of the first floor within the enclosures; that each stairway is enclosed in fire-retarded partitions at the 1st floor; that the frame building with its rear extension has a total area of 2900 sq. ft. of which 1120 sq. ft. is class 3 construction and the brick building has an area of 1400 sq. ft.; that the total area of combined buildings will be 4300 sq. ft. at the 1st floor, of which only 1780 sq. ft. will be of frame construction; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated June 30, 1955, acting on Alt. Apps. 976 and 977/55, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the extension of the bank use into the adjoining building, substantially as proposed and indicated on plans filed with this appeal, marked "Received July 22, 1955" (16 sheets), *on condition* that in all other respects the buildings and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall not be increased in height or area; that this variance shall continue only so long as the first floor and cellar are occupied by the Long Island City Savings and Loan Association.

888-55-A

APPLICANT—Solfred Maizus, for St. Andrews School of Greek American Culture, owner.

SUBJECT—Application November 9, 1955—Appeal from a decision of the borough superintendent—re use of frame structure for school use.

PREMISES AFFECTED—157-50 9th avenue, south side, 170 ft. west of 160th street, Block 4555, Lot 52, Beechhurst, Borough of Queens.

APPEARANCES—

For Applicant: Solfred Maizus.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated October 25, 1955 on Alt. App. 390/55 reads:

"1. Three story frame structure for school use is contrary to Art. 4.2.1 B. C.

"2. Eight inch masonry wall for three story structure to be used for school is contrary to 8.4.2.5 & 8.4.3.2.1 B. C.

"3. Comply with exit requirement under Article 7 of Building Code for width of stair, enclosure of stair, swing of door, hallways, direct access to street and roof and number of legal exits."

and

MINUTES

WHEREAS, the applicant states the building is 2½ stories, 34 ft. 5 in. in height, 37 ft. by 62 ft. 6 in. in area, of part class 3 and part class 4 construction, erected 1915 on a lot 100 ft. by 100 ft. in area in a residence use, G-1 area district, used and occupied as follows: Cellar—ordinary use, 1st floor—kitchen and 3 class rooms; 2nd floor—5 class rooms; attic—living room and 2 bedrooms, 4 persons; and proposed to be used and occupied as follows: cellar—ordinary use; 1st floor—kitchen and 3 class rooms; 54 persons—2nd floor—5 class rooms, 52 persons; attic—living room and 2 bedrooms, 4 persons; the building is proposed to be provided with a one-source sprinkler system throughout and an approved interior fire alarm system and regular monthly fire drills are maintained; there are two interior stairs enclosed in partitions of wood studs lath and plaster, equipped with hardwood doors which it is proposed to make self-closing; and

WHEREAS, the applicant states that the owner conducts a parochial school on the premises having a curriculum approved by the Board of Education; and

WHEREAS, the applicant contends as to Objection One issued by the borough superintendent that the use is being distributed in such a manner as to provide the maximum safety under the circumstances; that it is proposed to confine the classrooms to the first and second floors only, which is the masonry portion of the building; that the actual change of use in the attic is merely for teachers' sleeping quarters; that a fire protective envelope will be created between the masonry and the frame portions of the building by sprinkler the entire second floor ceiling; that except for the attic dormer walls which are of frame construction, the building could be classified as of class 3 construction; and

WHEREAS, the applicant contends as to Objection 2 issued by the borough superintendent, that the proposed occupancy will not impose any increase in liveloads on the existing walls; that the walls of the building were originally designed to safely sustain liveloads of 60 lbs. per sq. ft.; that this liveload will not be exceeded because of the school occupancy; that these liveloads are in conformity with the requirements of the Building Code; that the exterior foundation walls are 16 in. solid concrete, the exterior first and second floor walls are of structural clay tile masonry laid up in cement lime mortar and covered with 2 in. of cement stucco; and

WHEREAS, the applicant contends as to Objection 3, that the building is equipped with two interior stairs, both of which have access to the street, that both of these stairs will be sprinklered and their soffets and the halls and connecting corridors and all rooms and corridors throughout the entire building with an approved wet pipe automatic sprinkler system meeting the requirements of Section 187 of the Multiple Dwelling Law; it is also proposed to install a 3 ft. wide exterior steel open stair from the attic to the yard as an additional egress from the second floor classrooms and an outside fire escape as a second means of egress from the attic; that to facilitate rapid egress connecting doors will be provided between all classrooms to obviate the danger of any individual classroom becoming isolated from its means of egress; that all doors opening upon the interior stairways are hardwood and will be made self-closing, and hinged to swing in the direction of egress where necessary and provided with exit signs and lights; that fire drills will be instituted and carried on as part of the regular school curriculum; that the entire cellar ceiling will be fire retarded with one-hour construction, and the interior cellar stairs will be fireproof enclosed; that the occupancy of each classroom will be light and the building will have adequate supervision at all times; and

WHEREAS, the applicant further contends that in view of the hardship on the owners, if required to seek other quarters, and the hardship which would result in upsetting the routing of the children in the school, it is requested that the Board grant a variance so as to permit the use of and occupancy of the building as indicated on plans filed with this appeal; and

WHEREAS, the premises was inspected by a committee of the Board and the committee found that the building is substantially of Class 3 construction, except for the attic story and that it is more or less isolated and has reasonably good exits, having four means of such exits on the first floor, and the committee recommended that the appeal be granted for a term of years under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated October 25, 1955, acting on Alt. App. 390/55, Objections 1, 2 and 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted* for a term of five years, to permit the use and occupancy of the existing building for school use, substantially as proposed and indicated on plans filed with this appeal, marked "Received November 9, 1955" (16 sheets), and "June 1, 1956 (5 sheets), on condition that the building shall not be increased in height or area; that a one-source sprinkler system shall be installed throughout the building; that there shall be installed an approved fire alarm system and monthly fire drills shall be maintained; that the two interior stairs shall be enclosed in partitions as proposed with hardwood doors which shall be made self-closing; that the liveload of 60 lbs. per superficial foot shall be maintained; that this variance shall continue only so long as the building is occupied as a private school as proposed and maintained in compliance with the requirements of this resolution and all other laws, rules and regulations applicable thereto.

962-55-A

APPLICANT—Charles Spindler, for Max Labatan, doing business as Lullaby Infants Wear, owner.

SUBJECT—Application December 7, 1955—Appeal from a decision of the borough superintendent—re egress.

PREMISES AFFECTED—7018 20th avenue, west side, 40 ft. north of 71st street, Block 6173, Lot 45, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Conolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated November 28, 1955 on Alt. App. 3890/55 reads:

"1. Provide two remote means of egress from cellar & first floors to comply with Sec. 270 of the Labor Law." and

WHEREAS, the applicant states the building is two stories, 22 ft. in height, 20 ft. by 67 ft. 4 in. in area, of class 3 construction, erected 1927, on a lot 20 ft. front by 100 ft. in depth, now in a business use, C area, class one height district, and used and occupied since 1945 as follows: cellar—cutting room, one person; 1st floor—factory (sewing) 15 persons; 2nd floor—dwelling, two families; no change in use or occupancy is now proposed; that the building is provided with one 2 ft. 9 in. wide interior wood stairs enclosed in partitions of studs, wood lath and plaster at the first floor, stair doors are wood and are not self-closing; stairhall leads direct to street and is provided with a ladder and scuttle to roof; and

WHEREAS, Violation No. 3758/54 was issued for occupying the first story as a factory without a certificate of occupancy therefor; and

WHEREAS, Certificate of Occupancy No. 49842, issued March 23, 1928, against N.B. Permit No. 13024/27 for six buildings at 7010 to 7022 20th avenue permits the following use and occupancy of each building—cellar: ordinary; 1st floor—store, 120 lb. liveload, number of occupants not stated; 2nd floor—two families, 40 lb. liveload; and

MINUTES

WHEREAS, the applicant states that in 1945 the first floor was converted to a factory under plans filed and approved by the Borough Superintendent under Alt. App. 320/45; that these plans were approved with one exit from the first floor leading directly to the street, that since the Labor Law requirements did not apply to the cellar or first floor prior to 1948; and

WHEREAS, the applicant states that it is now proposed to maintain the same occupancy on the first floor as was approved ten years ago, namely the manufacture of childrens clothing; that the building is under the same ownership as it was in 1945 and the owner operates the clothing business; that the cellar is used for storage and contains a large cutting table about 36 ft. long; that there is ordinarily no human occupancy in the cellar, that the cutting table is used at most once or twice a week for short periods of time; that the cellar exits consist of a 2 ft. 8 in. wide interior stairs enclosed in masonry equipped with fireproof self-closing doors at the cellar level; that this stairs leads to the factory on the first floor; that in addition there are two outside concrete stairs, one leading to the street and one to the rear yard; that the cellar ceiling is fire retarded; that exits from the first floor consist of a 3 ft. door leading to the street and other door leading to the rear yard; that the rear yard is 32 ft. 8 in. in depth; that it is proposed to provide a gate in the center between the rear yard and the rear yard of the adjoining building at No. 7020 20th Avenue, consent for which has been obtained from the owner of the adjoining building; and

WHEREAS, the applicant contends that in view of the fact that the building is only 1300 sq. ft. in area and the number of occupants is low and the type of manufacturing is not hazardous and since the occupancy of the first floor was originally approved with only one exit, it is requested that this appeal be granted and that the exits as proposed by accepted; and

WHEREAS, the owner was convicted and fined in Municipal Term, Magistrates' Court March 7, 1955 on a charge of violation of the Administrative Code; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 3890/55, Objection No. One and that the appeal be and it hereby is *granted, on condition* that the stair leading from the cellar to the first floor shall be as proposed enclosed in fireproof material with fireproof self-closing doors and to permit the exits as proposed for the first floor *on condition* that the second means of exit shall be maintained by means of a door as shown in the rear wall opening outwardly and with an opening in the fence to permit access to the adjoining open yard; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that the building shall not be increased in height or area.

12-56-A

APPLICANT—Herman Kron, for Aeonitt Realty Corp., owner.

SUBJECT—Application January 11, 1956—Appeal from a decision of the borough superintendent—re non-fireproof construction, live load, egress, etc.

PREMISES AFFECTED—38 West 53rd street, south side, 345 ft. east of Avenue of The Americas (6th), Block 1268, Lot 60, Borough of Manhattan.

APPEARANCES—

For Applicant: Herman Kron.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated January 9, 1956 on amendment to Alt. App. 1649/55 reads:

"1. Use of 2nd floor for offices in a bldg. of 4 stories, basement & cellar is contrary to 4.2.1 B.C.

"2. Live load for office must be 50 lbs.

"3. Means of egress must comply with C26-292.0 A.C."

and

WHEREAS, the applicant states the building is 4 stories and basement 54.9 ft. in height, 22 ft. front by 83 ft. in depth of class 3 construction erected 1882 on a lot 25 ft. front by 100.5 ft. in depth in a restricted retail, B area class 1½ height district and used and occupied since 1935: cellar—boiler room; basement to 4th floors, inclusive, 2 apartments each floor for which Certificate of Occupancy #21120 was issued March 24, 1936 against Alt. App. 2584/35 classifying the building as a residence building (class A Multiple dwelling). The building is provided one 3 ft. wide interior wood stairs enclosed in partitions of wood and fire retarded construction equipped with fireproof self-closing doors, and provided with a ladder and scuttle to roof; and

WHEREAS, the applicant states that the building was erected in 1882 as a non-fireproof class 3 dwelling and is now used as an heretofore converted dwelling with two apartments on each floor; that Alt. 1649/55 was filed to change the use of the basement and second floor from apartments to offices; that the Multiple Dwelling Examiner has approved the plans but the objections which are the subject of this appeal had been issued by the construction examiner; that the chief engineer and superintendent of buildings ruled that when the top floor is to remain vacant the proposed use would be legal and that the basement and first story can be occupied for business; and

WHEREAS, the applicant contends that to have offices instead of apartments with two kitchens is less of a fire hazard because all of the kitchen fixtures will be removed; that the stairhall facing the office enclosure and the ceiling will be fire retarded and the entrance doors to the office will be fireproof, self-closing one-hour test; that all office ceilings will also be fire retarded; that stairhalls are sprinklered in accordance with the Multiple Dwelling Law; and

WHEREAS, the applicant therefore requests that the Board permit the use of the basement and second floor as offices; and

WHEREAS, the premises was inspected by a committee of the Board; and

WHEREAS, the Borough Superintendent under date of May 28, 1956 found that the fire retarding of the entire second story ceiling and the public hall partition on the office side adjoining the public hall at the second story as shown on plans is in conformity with Sec. 61 of the Multiple Dwelling Law; and

WHEREAS, the statement is that the use as proposed is approved by the Multiple Dwelling Law examiner but disapproved by the construction examiner.

Resolved, that the decision of the Borough Superintendent, dated January 9, 1956, acting on Amd. to Alt. App. 1649/55, objections one, two and three be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the use of the portion of the second floor and a portion of the basement for business use as offices as proposed and as indicated on plans filed with this appeal marked "Received June 11, 1956", (4 sheets), *on condition* that the building shall not be further increased for business use; that the liveload on such floors as are proposed to be used for business as above provided shall not be less than 40 lbs. per superficial foot; that the means of egress shall comply with the means of egress as indicated on such plans; that

MINUTES

such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

375-56-A

APPLICANT—William R. Shirley, for First Unitarian Church of Flushing, owner.

SUBJECT—Application May 21, 1956—Appeal from a decision of the borough superintendent, re frame building—public use.

PREMISES AFFECTED—147-06 Ash avenue, south side, 100 ft. east of 149th street, Block 5378, Lot 26, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: W. R. Shirley.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated April 24, 1956, on Alt. Applic. 658/56 reads:

"1. Proposed use of frame building as a public building, Sec. 3.1.1 B.C. by placing classrooms on 1st floor and in basement is contrary to Sec. 4.2.1 B.C."

and

WHEREAS, the applicant states the building is two stories, basement and attic, 25 ft. in height, 25 ft. front by 44 ft. 9 in. in depth, of class 4 construction, erected prior to 1900, on a lot 50 ft. front by 125 ft. in depth in a residence use, E-1 area, class 1 height district; used and occupied since erection as a 1-family dwelling; proposed to be used and occupied as follows: basement—1 classroom, boiler room, 20 persons; 1st floor—2 classrooms, kitchen, 25 persons; 2nd floor and attic combined, 1 family dwelling. Entire building to be used as a church chapter house. The building is provided with two 3 ft. wide wood and steel stairs, enclosed in partitions of wood stud, lath and plaster and in part with concrete block; stairdoors are wood, not self-closing; stairhall leads direct to street; and

WHEREAS, the applicant states the building in question located adjacent to the church has been purchased to provide additional space for the Sunday school and as a residence for the minister; that the additional space for the Sunday school is required due to increased enrollment; and

WHEREAS, the applicant states it is proposed to construct a boiler room enclosure consisting of 8 in. cinder block walls equipped with a ¾ hour self-closing door and erect a new steel stairs leading to the first floor, enclosed in cinder blocks, equipped with 1-hour fireproof, self-closing door at the basement level; that a new enclosure will be provided for the toilet compartment in basement; that the existing washtub and heater in the classroom will be removed and a new doorway provided leading directly to the exterior from the basement classroom; the basement classroom will be provided with asphalt tile and the entire cellar ceiling constructed of 1 in. vermiculite plaster and metal lath; that on the 1st floor the door leading to classrooms from stairhall will be one-hour fireproof, self-closing; a new toilet compartment will be provided on the first floor and new partition work on 1st floor will consist of stud partition and plaster on both sides; that existing partitions and ceilings are metal lath and plaster; that the fireplace off the classroom at front of building will have its flue blocked up with incombustible material; that there will be no change on the 2nd and 3rd floors; and

WHEREAS, the premises were inspected by a committee of the Board, which found the building now occupied by the Minister of the church; that the proposal is to enlarge the

use, so that it can be used for Sunday school work in addition; the committee found the building in poor state of repair and definitely a fire menace and recommended that the appeal should not be granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 658/56, Objection 1, be and it hereby is affirmed and that the appeal be and it hereby is denied.

448-56-A

APPLICANT—Julius Eckmann, for Eldicon Corporation, owner.

SUBJECT—Application June 18, 1956—Appeal from a decision of the borough superintendent—re egress, etc.

PREMISES AFFECTED—9-15 Murray street, north side, 155 ft. 5¾ in. west of Broadway, Block 134, Lot 1, Borough of Manhattan.

APPEARANCES—

For Applicant: Julius Eckmann.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 15, 1956, on Alt. App. 832/56, reads:

"1. Second means of egress from subcellar fails to comply with Sec. 271 Labor Law.

"2. Second means of egress for each tenant on 4th, 5th, 8th, 9th, 11th and 12th floors fails to comply with Sec. 272, Labor Law."

and

WHEREAS, the applicant states the building is 12 stories, 162 ft. in height, 100/23¼ ft. front by 95 ft. in depth, of fireproof construction, erected in 1897, in a retail use, B area, class 2½ height district; used and occupied since erection as follows: subcellar—storage, 2 persons; cellar—kitchen and stockroom, 20 persons; 1st floor—restaurant and store, occupancy not stated; 2nd floor—manufacturing typewriters, 40 persons; 3d and 4th floors—printing, 40 persons per floor; 5th floor—printing and manufacturing leather belts, 40 persons; 6th-12th floors, inclusive, printing, 40 persons per floor. No change in use or occupancy is now proposed. The building is provided with approved standpipe and two-source sprinkler systems throughout; and an approved interior fire alarm system and regular monthly fire drills are not maintained; there are two interior 3 ft. wide cast iron stairs, brick enclosed, equipped with fireproof, self-closing doors, which lead from roof bulkhead direct to street, and one 60° fire escape at front of building, extending to roof by ladder and to street by counterbalanced 45° stairs. Window and doors on the course of the fire escape are fireproof, self-closing; and

WHEREAS, Violation #1836 issued March 20, 1956, by the Borough Superintendent was for violation of Section 271 of the Labor Law in that egress from cellar and subcellar and the second means of egress thru adjacent tenant areas on the 4th, 5th, 8th, 9th, 11th and 12th floors did not comply with Section 271 of the Labor Law; and

WHEREAS, the applicant states the west stairway extends from subcellar to roof bulkhead; the east stairway extends from the first floor to roof bulkhead; that on the front is a 60 degree fire escape with vertical ladder to roof and counterbalanced stair to the street; that the 2nd, 3rd, 6th, 7th and 10th floors are occupied by a single tenant and are not in question; that however, the 4th, 5th, 8th, 9th, 11th and 12th floors are each occupied by two tenants for manufacturing, with north and south fireproof partitions separating the two tenants on each floor; each tenant has one stair and access to the second stair is through the other tenant's space by means of a fireproof double-acting door with exit

MINUTES

light and sign on both sides and with no lock or bolt or any other fastening device on such doors; that these doors are maintained open at all times by the owner and under the terms of the leases this reciprocal open exit condition is required; therefore each tenant has constant and unobstructed access to the two stairs; and

WHEREAS, the applicant contends that the fire escape on the front while not a legal exit does provide for each of these floors a type of party balcony with reciprocal access to the other loft and thus to the other stairs; that it is not possible or practicable to effect any changes in tenancies due to the present rent laws; that these tenant divisions have existed for many years; and

WHEREAS, the applicant contends that as the floor divisions of each floor are provided with ready access to both stairs, the building is fireproof and equipped with a two-source automatic sprinkler system and standpipe, it is submitted that ample safety is provided and the Board is requested to accept the exit conditions as described on filed plans; and

WHEREAS, the applicant states the subcellar is used for storage only and is provided with one stair at the west and a circular stair serving as an engineer's exit, extending from sub-cellar to cellar in the vault under the sidewalk; that this exit will be extended to the sidewalk with a 60 degree stair, equipped with a quick opening exit door in the sidewalk; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the borough superintendent, acting on Alt. App. 832/56, Objection Nos. 1 and 2, and that the appeal be and it hereby is granted, on condition that the primary means of exit shall be maintained as proposed and as indicated on plans filed with this appeal marked "Received June 18, 1956" (7 sheets); that where the upper floors are subdivided each portion of such floor shall be provided with means of reaching both stairways as shown on such plans; that any doors in such partitions shall have no locks and shall be kept open at all times; that in all other respects the building and occupancy shall comply with all laws; rules and regulations applicable thereto; that the stairway to the cellar leading direct to the street shall be provided with a fireproof partition and fireproof self-closing door; that through an open door in the rear wall at the sub-cellar level there shall be access to the rear yard of this building and a ladder shall be maintained in such yard to provide emergency exit to the adjoining premises; that the circular stair from the sub-cellar to the cellar within the vault space may be retained for an additional means of exit; that the building shall not be increased in height or area; that the sprinkler system in the building shall be maintained throughout in accordance with the requirements therefor with the sources of water supply, as shown, consisting of a 9,000 gallon pressure tank and 12,000 gallon gravity tank; both tanks on the roof, as well as the street supply shall be maintained; that such sprinkler system shall be connected with Fire Headquarters through an approved central station; and that an approved fire alarm system and regular monthly fire drills shall be maintained if required by the administrative departments.

495-56-A

APPLICANT—Robert Teichman, for Astor Holding Corp., owner.

SUBJECT—Application June 25, 1956—Appeal from a decision of the borough superintendent, re sprinkler system.

PREMISES AFFECTED—756-770 Broadway, and 133 East 8th street, northeast corner, entire block bounded by Broadway, 4th avenue, East 8th and East 9th streets, Block 554, Lots 1 and 9, Borough of Manhattan.

APPEARANCES—

For Applicant: Robert Teichman, Eugene M. Seccia and David Rapoport.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 28, 1956 on Misc. App. 453/56 reads:

"1. Indicate compliance with Section C19-117-0, subdivision c of the Administrative Code requiring an approved sprinkler system in building or premises."

and

WHEREAS, the applicant states the building is 14 stories, 215 ft. in height, 188 ft. by 327 ft. in area, of fireproof construction, erected 1906 located in a business use, B area, class 1½ height district and used and occupied since 1955 without a certificate of occupancy as follows: sub-cellar—building services, no persons; cellar to 14th floors, vacant; proposed to be used and occupied—subcellar—building services, no persons; cellar to 14th floors, offices and showrooms, 300 persons in the cellar, 600 persons on the first floor and 400 persons on each floor above. The building is provided with an approved standpipe system, an approved two-source sprinkler system, an approved interior fire alarm system; there are four interior stairs and one fire tower; and

WHEREAS, the applicant states that the building was erected in 1906 as a 14 story fireproof building occupying the entire block front and was formerly used by John Wanamaker as a department store; that the building fully complied with the requirements of the Building, Fire and Administrative Code and all rules and regulations; that during recent years the property was sold to the present owner who has changed the use of the building to that proposed for offices and showrooms under approved plans and Alt. App. 1396/55; and

WHEREAS, the applicant states that application was made to the Department of Buildings for the removal of the entire sprinkler system throughout the building except the subcellar and cellar as the sprinkler system was not required for the proposed use and since the sprinkler piping throughout the building was defective and beyond repair and its existence interferes with the proposed installation of air conditioning equipment; that the removal of the sprinkler system was approved by the Department of Buildings under Misc. App. 453-56; and

WHEREAS, the applicant states that the owner in leasing the various floors has entered into a lease with the Recordak Corporation for use of the 5th floor as an office and showroom and for the finishing, storage and shipping of safety film which is commercial motion picture film of the safety base type, 16 to 35 mm. in size as manufactured by the Eastman Kodak Company; that this safety film is used and developed for the movie filming of all types of documents used by schools and banks and city institutions; that subsequently amendment was made to Misc. App. 453/56 to install an approved sprinkler system throughout the entire 5th floor and the objection, which is the subject of this appeal, was issued on such amendment; and

WHEREAS, the applicant contends that the Borough Superintendent requires the installation of the sprinkler system in accordance with Section C19-117.0 of the Administrative Code for the entire building due to the proposed use of the fifth floor; and

WHEREAS, the applicant requests the Board to permit the omission of the sprinkler system on all floors throughout the building with the exception of the subcellar, cellar and the fifth floor; and

WHEREAS, the applicant states that the revised sprinkler system as well as the standpipe system and fire alarm

MINUTES

system will be maintained to provide adequate protection to the building; and

WHEREAS, the applicant states that all partitions to be erected on the fifth floor will be in accordance with the Administrative Building Code and that soda acid fire extinguishers will be installed and maintained as required by the Fire Department and all rooms will be air conditioned and mechanically ventilated to the outer air; it is therefore requested that the Board modify the requirement of the Administrative Code so as to permit the installation of the sprinkler system on the fifth floor used by the Recordak Corporation and in the subcellar and cellar; and

WHEREAS, the premises was inspected by a committee of the Board; and

WHEREAS, the old sprinkler system in the building was removed when the department store occupancy ceased; that there is no requirement for a sprinkler system for an office occupancy nor would there be any requirement for a sprinkler system in a building where film is to be stored and used if such film is safety film, but not over 16 mm in width.

Resolved, that the decision of the Borough Superintendent, dated May 28, 1956, acting on Misc. App. 453/56, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the occupancy of the 5th floor as proposed for 16 and 35 mm safety film and indicated on plans filed with this appeal, marked "Received June 25, 1956", 6 sheets, *on condition* that such floor shall be provided with an approved 2-source sprinkler system and approved interior fire alarm system; that the 4th floor occupied by the same tenants need not be sprinklered, except that if at any time any such floor occupied by this tenant is used for storage of film, such floor shall also be sprinklered throughout by a 2-source system; that such portable fire-fighting appliances shall also be installed as the Fire Commissioner shall direct; that the building shall also be sprinklered as to the subcellar and cellar and in all respects shall comply with all laws, rules and regulations applicable thereto; that in accordance with the requirements of law, any marquees on the building not specifically permitted for an office building shall be removed upon the discontinuance of the department store occupancy; that the requirements of the resolution previously granted under Cal. No. 671-24-BZ as to height shall be complied with; that in the event there is any change in the type of occupancy, requiring permits for storage of flammable or combustible material, such application shall be referred to the Board for reconsideration of the resolution granted this day; that during the renovation of the building and the installation of the ventilating system for the bank occupancy, there shall be at all times a watchman to guard against fire or sparks and keep the quarters in good, clean condition.

496-56-A

APPLICANT—Halperin, Natanson, Shivitz, Scholer, for Tenth and 37th Corporation, owner.

SUBJECT—Application July 11, 1956—Appeal from a decision of the borough superintendent, re Class III building, factory use, re exits, doors, live load, etc.

PREMISES AFFECTED—477-483 10th avenue and 506 West 37th street, southwest corner, Block 708, Lot 37, Borough of Manhattan.

APPEARANCES—

For Applicant: I. A. Stein.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated June 26, 1956, on Alt. App. 729/56 reads:

"2. Revised—Proposal to change the use of subject structure to factory use requires that entire bldg. comply

in all respects with Sect. 270 of Labor Law and B. S. & A. rules.

"(a) Bldg. being over 4 stories high and not used as a factory on July 1, 1948 must be of fireproof class 1 construction.

"(b) Provide 2 legal means of exit, remote from each other, from all floors including the cellar, enclosed as reqd with F.P.S.C. doors opening in line of egress from floor areas—sliding doors at exit stairs not acceptable—exterior screened stway not acceptable.

"(c) A slide and swing door (1½ hour each) are reqd at horizontal exits—2 slide doors not acceptable.

"(d) Stair risers and treads are reqd to be 7¾ and 10" respectively.

"(e) Exit signs and red lights and directional signs and lights must comply with Sect 272 I.L."

"3. Provide live load construction of 120 lbs. per sq. ft. for factory use."

and

WHEREAS, the applicant states the building is 6 stories, 70 ft. in height, 98 ft. 9 in. by 150 ft. in area, of class 3 construction, erected prior to 1913, located in an unrestricted use, A area, class 2 height district and used and occupied since 1955: cellar—storage and boiler room, no persons; 1st floor—store, office and warehouse, 20 persons; 2nd floor—office and warehouse, 25 persons; 3rd floor—office and warehouse, 25 persons; 4th floor—office and warehouse, 25 persons; 5th floor—office and warehouse, 25 persons; 6th floor—office and warehouse, 25 persons; and proposed to be used and occupied as follows: cellar—storage and boiler room, no persons; 1st floor—warehouse, factory and store, 55 persons; 2nd floor—office, warehouse and factory, 50 persons; 3rd to 6th floors—office, warehouse and factory, 50 persons each floor; the building is provided with an approved standpipe system and an approved one-source sprinkler system throughout; that there is one 44 in. wide, interior iron stairs, brick enclosed, equipped with fireproof self-closing automatic sliding doors and extending from roof bulkhead direct to street and one exterior stairs on the west rear extending to roof by stair and to street by stair, with egress through number 508 West 37th street; window and door openings on the course of the exterior stairs are fireproof, self-closing; and

WHEREAS, the applicant states that this is an application for modification of the strict requirements of the Labor Law and the Administrative Code as they apply to the building in question, to which it is proposed to add the factory uses to the existing office and warehouse uses; and

WHEREAS, the applicant contends that the building is subdivided by firewalls into two sections, employing as exits an interior enclosed stairway at the 10th Avenue front extending from cellar to roof; that there are also horizontal exits through a firewall on the 1st and 2nd leading to the adjacent building on the west under the same ownership known as 508 West 37th Street; that on the 3rd floor there are fireproof door openings to the roof of the adjacent building and on the 4th, 5th and 6th floors there is an exterior screened iron stairway leading to the roof of 508 West 37th Street and the main roof of the building in question; that egress to West 37th Street is had from this adjacent roof to an existing enclosed stairway extending through the adjacent building which is non-fireproof; that the cellar has a means of egress to the interior enclosed stairway; that the building is provided with a standpipe system with outlets in the main stairway and tank on the roof installed as a result of an order issued by the Fire Commissioner in 1927 and affirmed by the Board under Cal. No. 495-27-A; that the building is also equipped with a 100% wet pipe sprinkler system voluntarily installed in 1954, fed by a direct connection to the City main and provided with a siamese connection on the street front; and

WHEREAS, the applicant contends that the records of the Board and several City departments establish the use of the building as a factory from prior to July 1, 1948 to 1952; that the building was used by a wallpaper manufacturer for

MINUTES

warehousing and factory purposes until 1952 and was substantially thereafter altered pursuant to Alt. App. 1764/52 by the erection of the exterior screened stairway on the upper floors and certificate of occupancy No. 44152 issued May 19, 1955 for the office and warehouse occupancy now existing; that the present owner acquired the property upon completion of the alteration intending to use part of the building for an affiliate and to rent out the remaining space; that the owner has encountered considerable difficulty in finding tenants willing to use the vacant space for non-factory uses; that in order to afford relief from these practical difficulties it is proposed that a factory use be permitted in addition to the existing uses and it is therefore requested that the Board grant the necessary modification as strict compliance would cause unnecessary hardship and practical difficulty and serve no useful purpose and as substantial equivalent exits exist which provide ample safeguards within the spirit and intent of the law; and

WHEREAS, the applicant further contends that since the building was erected prior to 1913 and occupied as a factory on July 1, 1948, it need not comply with Section 270 of the Labor Law but need only comply with Section 271 and therefore need not be fireproof as set forth in Objection #2 issued by the Borough Superintendent; and

WHEREAS, the applicant contends that there are two exits substantially in compliance with Section 271 except that should sliding doors not be deemed acceptable, swing doors will be substituted; and since the cellar will not be used as a factory one exit should be adequate; that the existing automatic sliding doors in the firewall openings existed at the time when the building was a factory and comply with the requirements of Section 267 of the Labor Law for horizontal exits; that the existing interior stairway varies slightly from the riser and tread sizes specified in Section 270, however since the building qualifies under Section 271, it need not conform to Section 270 and the riser and tread dimensions are adequate and should be accepted; that the exterior screened stairway erected under Alt. App. 1764/52 complies with the requirements of the Administrative Code; and

WHEREAS, the applicant contends that the existing approved liveloads are more than adequate for the contemplated tenancy, which generally will be for the garment trade and no use will be permitted which would tend to overload the existing floors, which in the past have proved adequate for warehouse use; and

WHEREAS, the applicant contends that Objection 2(e) will be complied with; and

WHEREAS, the applicant requests the Board to grant the necessary modification in view of the existing conditions and in view of the fact that the building contains a voluntary sprinkler system and as the occupancy per floor will be limited to the legal capacity of the interior enclosed stairway as such modification will permit the owner to make a reasonable, logical and economically sound use of the building without endangering the public safety or affecting the standards intended by the Labor Law; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 729/56, Objections No. 2 and 3, and that the appeal be and it hereby is *granted*, to permit factory use on various floors, *on condition* that the building is maintained as proposed and shown on plans filed with this appeal, marked "Received July 11, 1956", (5 sheets); that exit signs and red lights and directional signs and lights shall be maintained in compliance with Section 272 of the Labor Law; that the liveload permitted per superficial foot throughout the building shall not be less than the load herein stated and signs shall be posted on such floors stating that such loads shall not be exceeded; that the sprinkler system shall be maintained throughout the building and the requirements therefor complied with, including that no

material shall be stored or racked within 18 inches of the sprinkler system; that in all other respects the building and occupancy shall comply with the requirements of the Labor Law and all other laws, rules and regulations applicable thereto; that the building shall not be increased in height or area that the number of occupants per floor shall not exceed the number proposed and that a new certificate of occupancy shall be obtained.

94-54-A

APPLICANT—Paisley Products, for Morningstar Nicol, Inc., owner.

SUBJECT—Application February 2, 1954—Appeal from a decision re an order of the fire commissioner—re storage of inflammable oils.

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 21, 1954 subject to regular procedure, to consider alteration and additional uses; and

WHEREAS, a public hearing was held on this application on January 11, 1955 after due notice by publication in the Bulletin; laid over to February 8, 1955, for inspection and decision without further argument; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and White Plains road are in residence and business use, C area, class 1¼ height districts; Gun Hill road is in retail and business use, C area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated July 2, 1954 acting on Alt. Applic. 303-54, reads:

"1. The proposed change of use of the gasoline service station, lubritorium, car washing, office, parking of cars being serviced to gasoline service station, lubritorium, car washing, office, parking of cars being serviced and minor auto repairs (hand tools only) in a Residence and Business use district, said use is wholly in a business use district is contrary to Art. II Sec. 4 (a) 29 Zoning Resolution.

2. Facing of trim and two (2) sides with Porcelain Enamel are not in agreement with plans on file."

and

WHEREAS, the applicant states that the premises consist of a plot, 104.16 ft. frontage by 103 ft. in depth, irregular, on which is located a gasoline service station consisting of four 550 gallon gas tanks and four dispensing pumps, a one story building of class 3 construction having a frontage of 57 ft. ½ in., a depth of 25 ft. 8¾ in., being used for car washing, lubritorium, utility room and office; that the open area is being used for parking of cars waiting to be serviced; that the existing gas station was erected under N.B. No. 698 of 1938 and a variance of the Board under Cal. No. 354-39-BZ; that certificate of occupancy No. 1426 was issued on May 21, 1940 for use of the premises as a gas station; that under Cal. No. 354-39-BZ the Board restricted the size of the gas station to that part of lot No. 9 having a frontage of 104.16 ft. on White Plains road, 75 ft. on the southerly lot line, 103 ft. on the northerly lot line and 100 ft. on the imaginary westerly lot; that these metes and bounds place the entire gas station within the business zone part of lot No. 9; that it is proposed to maintain the same size plot entirely in the business zone, and the existing use of gas station, car wash, lubritorium, utility room, office, parking of cars being serviced, and add the use of minor auto repairs with hand tools only; that it is also proposed to face the front and two sides of the accessory building with porcelain enamel; and

WHEREAS, the applicant contends that inasmuch as this is a legal existing gas station, which has proven its necessity by continuous operation since its inception, the addition of minor auto repairs, which today is a vital necessity to the successful operation of a gas station, will not affect the surrounding property owners and will be a better service to the community; that all servicing will be done within the building; that facing of the building with porcelain enamel will improve the appearance of the gas station; and

WHEREAS, the applicant states that the present owner has held title to the property since May 29, 1906; that the assessed valuation of land is \$29,000 and of the building \$6,000 making a total of \$35,000; that the building was erected in 1938; and

WHEREAS, the premises were not inspected by a committee of the Board but the Board is generally familiar with the area on White Plains Road near Gun Hill Road where these premises are located and it appears that there is no change in the proposed area of the portion of the plot; and

MINUTES

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, subdivisions c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the existing service station on the area, as previously permitted, and as now proposed to be reconstructed and rearranged substantially as proposed and as indicated on plans filed with this application marked, "Received, August 19, 1954" (4 sheets) and "November 18, 1954" (one sheet), and to permit the addition of two (2) 550 gallon approved type gasoline storage tanks, and the rearrangement and refacing of the building as proposed, provided the refacing is of a type of material that has been approved by the Board for such use; that under Section 7i there may be minor repairing with hand tools for adjustments only maintained solely within the accessory building; that the building and occupancy shall in all other respects comply with all laws, rules and regulations applicable as previously permitted under resolution adopted by the Board on July 18, 1939, where not inconsistent with this amended resolution; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained, all work completed and a new Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

*Correction—Foot location in the premises affected changed from . . . west side, 15.44 ft. north of Gun Hill road—etc. to . . . west side, 115.44 ft. north of Gun Hill road—etc.

*CORRECTION

The Minutes of the meeting of the Board of Standards and Appeals held on June 12, 1956, as they appeared in Bulletin No. 22, Vol. 41, are hereby corrected to read as follows:

23-56-A

APPLICANT—Reuben Rappaport, for City Bank Farmers Trust Co. and Florence D'Olier, Trustees under the will of Thomas Diamond, owners (N. R. M. Garage Corp., lessee).

SUBJECT—Application January 18, 1956—re Appeal from a decision of the borough superintendent—non-fireproof construction and exits.

PREMISES AFFECTED—248-250 West 80th street and 2231-2239 Broadway, southwest corner, Block 1227, part of Lots 54 and 59, Borough of Manhattan.

APPEARANCES—

For Applicant: Reuben Rappaport.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated October 27, 1955, on Alt. App. 1198/52 reads:

"8. Proposed garage use in a cellar and 1st floor of a non-fireproof bldg. and combining a non-fireproof and fireproof bldg. in cellar is contrary to Sec. 4.2.1 B.C.

9. Exits should lead in a continuous enclosure to the street as per Sec. 6.4.1.11 B.C. (Exit thru rear yard and adjoining bldg. not acceptable). 1, 2, 8 & 9. These objections were denied as to reconsideration on June 30, 1955 and no further denial will be given. You may

appeal this decision to the Board of S and A." and

WHEREAS, the applicant states the building is 3 and 5 stories, 37 and 63 ft. in height, of fireproof and Class 3 construction, 55 ft. 4 in. front by 90 ft. in depth, erected (No. 248) in 1905 and (250) in 1902; located on a lot 55 ft. 4 in. front by 102 ft. 2 in. deep, now in a business and residence use, B area, Class 1½ height district; used and occupied since erection as follows: #248—Cellar—garage; 1st floor—garage and storage and sale of gasoline; 2nd, 3d, 4th, and 5th floors—garage; No. 250; Cellar—vacant; 1st floor—garage; 2nd & 3d floors—vacant; that is now proposed to be used and occupied: No. 248—Cellar—garage; 1st through 5th floors—garage with storage and sale of gasoline on 1st floor; No. 250—Cellar—garage; 1st floor—garage, 3 persons; 2nd and 3d floors—vacant; that the building is provided with one 36 in. wide open stairs which does not lead to roof or street; and

WHEREAS, the applicant states the existing iron stairs in No. 248 is continuous from the cellar to existing fifth floor; that a new iron stairs from 5th floor to roof will be provided, including a legal bulkhead and a new fireproof enclosure of the stairs will be provided on all floors; that from the cellar a new exit will be provided to the rear yard with egress through rear yard to westerly wall of No. 250 where a new fireproof passage will be provided leading to cellar stairs, thence to 1st floor and thence to street; that a new iron stairs and enclosure will be provided for the front of #250 with stairs to roof including a legal bulkhead, which stairs will exit at front to street and will include a new stair and enclosure to the cellar, as permitted by the Board in resolution adopted May 19, 1953; and

WHEREAS, the applicant contends that the lessee could not raise sufficient capital to complete the work as approved by the Board in its resolution previously adopted affecting subject premises and about February 1955 revised plans were filed showing a smaller job than heretofore proposed and the decision of the borough superintendent dated October 27, 1955, was issued thereon and which is now the subject of this appeal; and

WHEREAS, the applicant states that garage use in cellar of No. 250 is requested; that a new fireproof steel and concrete 1st floor will be constructed, replacing present wood 1st floor and the new use of present cellar will be within the fireproof area; that legal exits from cellar will be complied with and a new 32 ft. opening made in existing brick wall between No. 248 and 250 for access to the #250 cellar space; that there will be no occupancy of cellar space except when cars are taken in and out of this space; that the present iron stairs in #248 from cellar to 5th floor will be continued to the roof through a legal bulkhead and a new fireproof enclosure of these stairs provided on all floors, exiting through the rear yard, thence through the adjoining building under the same ownership; that this stairs is located in rear of #248; that due to small occupancy in entire combined buildings it is requested the Board accept the proposed exiting through the rear yard and adjoining buildings; and

WHEREAS, the applicant states as to compliance with Objections 8 and 9 of the decision of the borough superintendent, that to comply with these requirements would present practical difficulties and it would take up a large amount of space and result in undue expense.

Resolved, that the decision of the borough superintendent, dated October 27, 1955, acting on Alt. App. 1198/52, Objections 8 and 9 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution as adopted this day under Cal. No. 815-52-BZ—Vol. II, shall be complied with; that the exits therein proposed shall be maintained; and that such portable fire fighting equipment shall be maintained as the Fire Commissioner shall direct.

*Correction—Reference in the applicant's statement relative to the proposal of providing a sliding door between 248 and 250 West 80th street deleted, as being printed in error.

NOTICE

AMENDMENTS TO THE RULES FOR ERECTION, ALTERATION, REPAIR, EXCAVATION FOR AND DEMOLITION OF BUILDINGS

Adopted by The Board of Standards and Appeals,
October 26, 1943, Effective December 13, 1943;
Amended Oct. 14, 1955, Effective Nov. 10, 1955;
and Amended June 4, 1956, effective July 2, 1956.
(Cal. No. 784-41-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, (3) and (4) of The New York City Charter; Sections C26-189.0, C26-191.0, C26-504.0(a), and C26-689.0 of the Administrative Code

7.8.1 Design and Construction of Forms. The design and construction of forms shall conform to the following requirements:

7.8.1.1 Forms shall conform to the shape, lines, and dimensions of the member as called for on the plans. Forms shall be substantial and sufficiently tight to prevent leakage of mortar; and shall be properly braced or tied together so as to maintain position and shape and insure safety to workmen and passersby. Temporary openings shall be provided where necessary to facilitate cleaning and inspection immediately before depositing concrete.

7.8.1.2 Where the height of the shores exceeds ten feet, adequate diagonal bracing shall be provided in both longitudinal and transverse directions. In addition, adequate diagonal braces shall be provided at the ends of the framework. Diagonal bracing shall extend from the top to bottom of shores.

7.8.1.3 The unbraced length of wood shores supporting forms shall not exceed fifty times the least dimension. Metal shores or frames shall be approved by the Board of Standards and Appeals and shall be installed in accordance with the approval of the board. Shores shall be adequately secured at the top and shall be properly wedged at top or bottom, if required.

7.8.1.4 Where shores rest upon the ground, adequate mud sills, or other bases, shall be provided to support the shores adequately.

7.8.1.5 Qualified workmen shall be detailed constantly during the placing of concrete to insure that there is no movement of shores, braces or other supports. The name of the foreman in charge of the formwork shall be posted in the field office of the contractor.

7.8.1.6 The individual, firm or corporation who does the concrete work shall be responsible for the adequate design and construction of all forms used in the construction of the building. Wherever the shore height exceeds fourteen feet, or the load on the forms exceeds one hundred fifty pounds per square foot, or power buggies are used, or two stage shores are used, the individual, firm or corporation who does the concrete work shall certify to the department that the form design has been checked and approved as adequate by a licensed professional engineer who has had at least five years of experience as a structural engineer, and that the forms have been constructed in conformance with the design which was checked and approved by the said engineer.

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority CHAPTER 508 OF 1948

§ 310. **Board of appeals.** 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

Section 21 of the Zoning Resolution, in accordance with the finding of the Board after inspection, to permit in a business use, B area district the extension of coverage as now proposed for the purpose of erecting a one-story extension to the proposed building as indicated on plans filed with the Board; Cal. No. 957-54-BZ; premises 524-532 Third Avenue and 163-167 East 35th Street, northwest corner, Borough of Manhattan.

As to the same property another Order of Certiorari has been served by Phillip Eisenberg, attorney for Jack Ryback, an objecting property owner.

* * * * *

On July 31, 1956, Copy of Petition and Notice was served on the Board by Louis M. Fribourg, attorney for petitioner, Vito Clarizio, an objecting property owner, seeking a review of the Board's determination on April 10, 1956, granting, under Section 21 of the Zoning Resolution a variance to permit in a residence use, E area district, the erection of a two-family dwelling with less than the 10 ft. setback required on each street front; Cal. No. 561-55-BZ; Premises 2894 Roebling Avenue, southwest corner of Edson Avenue, Borough of The Bronx.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure

to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

APPLICANT—John F. Fitzsimons, for Claribel Knapp, owner.

SUBJECT—Application January 9, 1956—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district the use of premises for parking of motor vehicles.

PREMISES AFFECTED—88-22 182nd street, west side, 175 ft. north of 89th avenue, Block 9917, Lot 11, Jamaica, Borough of Queens.

376-56-BZ

APPLICANT—Paul Friedman, for Tobias Zwerdling and Theresa Z. Stavisky, owners.

SUBJECT—Application May 21, 1956—re (decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a residence use district, the erection of a gasoline service station, lubritorium, accessory car washing, minor motor vehicle repairs, and parking of motor vehicles waiting service.

PREMISES AFFECTED—109-78 to 109-86 (109-80 official) Francis Lewis boulevard, northwest corner of 110th avenue, Block 10945, Lot 118, Hollis, Borough of Queens.

HARRIS H. MURDOCK, *Chairman*.

SEPTEMBER 25, 1956, 2 P. M.

NOTICE IS HEREBY GIVEN of a public hearing *Tuesday afternoon, September 25, 1956*, at 2 o'clock in Room 1013, Municipal Building, Manhattan, on the following matter:

861-54-A

APPLICANT—Arnold W. Lederer, for 444 Rockaway Avenue, Inc., owner.

SUBJECT—Application November 15, 1954—Appeal from a decision of the borough superintendent—re construction and egress.

PREMISES AFFECTED—444 Rockaway avenue, west side, 165 ft. 7 in. south of Pitkin avenue, Block 3521, Lot 48, Borough of Brooklyn.

HARRIS H. MURDOCK, *Chairman*.

OCTOBER 2, 10 A. M.

NOTICE IS HEREBY GIVEN of a public hearing *Tuesday morning, October 2, 1956*, at 10 o'clock in Room 1013, Municipal Building, Manhattan, on the following matters:

914-50-BZ—Vol. II

APPLICANT—Samuel Miller, for S. Jules Lakin and Malcolm L. Bennett, owners (Esso Standard Oil Co., lessee).

SUBJECT—Application reopened July 26, 1956 as Vol. II new proposal—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a retail use district the erection and maintenance of a gasoline service station, lubritorium, auto laundry (non automatic) minor auto repair shop with hand tools only and parking of motor vehicles awaiting service for a term of fifteen (15) years.

PREMISES AFFECTED—102-06 Metropolitan avenue, southeast corner of 71st avenue, Block 3900, Lot 1, Forest Hills, Borough of Queens.

915-50-A—Vol. II

APPLICANT—Samuel Miller, for S. Jules Lakin and Malcolm L. Bennett, owners (Esso Standard Oil Co., lessee).

SUBJECT—Application reopened July 26, 1956 as Vol. II—filed pursuant to section 35, of the General City Law re premises in bed of proposed widening of Metropolitan avenue.

PREMISES AFFECTED—102-06 Metropolitan avenue, southeast corner of 71st avenue, Block 3900, Lot 1, Forest Hills, Borough of Queens.

HARRIS H. MURDOCK, *Chairman*.

THE BUILDING LAWS

NOW ON SALE

THE VARIOUS BUILDING LAWS OF THE CITY OF NEW YORK published in four volumes, amended to September, 1955, are now ON SALE AT THE CITY RECORD OFFICE, ROOM 2213, MUNICIPAL BUILDING, MANHATTAN, N. Y. 7. Each volume contains a Table of Contents indicating what matters appear in each one of the four volumes.

The prices are as follows: One Dollar and Fifty Cents each for Volumes Nos. I, II and IV (\$1.65 each by mail); and One Dollar for Volume III (\$1.15 by Mail). The price for the complete set of four volumes is Five Dollars and Fifty Cents (\$6 by mail).

We require PAYMENT IN ADVANCE. Make check payable to the Supervisor of The City Record.

WILLIAM VIERTTEL, Supervisor of The City Record.

PUBLIC HEARING

OIL BURNER RULES (217-21-SR)

RULES COVERING THE INSTALLATION AND USE OF OIL BURNING EQUIPMENT AND THE STORAGE OF OILS USED IN CONNECTION THEREWITH

Adopted by the Board of Standards and Appeals June 15, 1934, Amended July 12, 1935, January 28, 1936, December 4, 1936, July 1, 1941, June 15, 1948 and July 13, 1951, effective August 13, 1951.

(Superseding Fuel Oil Rules adopted by the Board of Standards and Appeals, November 6, 1919; amended January 6, 1922; January 18, 1924; November 3, 1926; September 11, 1928; January 11, 1929; March 20, 1931; May 12, 1931; November 24, 1931; May 10, 1932; June 24, 1932; November 4, 1932).

Authority: Section 666, paragraph 2 of the New York City Charter and C19-57.0 Administrative Code.

Rule 2. Definitions.

- 2.6 CONTROLS: Such electrical or mechanical devices as are installed for the purpose of providing safe and continuous *or intermittent* operation.
- 2.10 ELECTRICALLY GROUNDED: For protection against lightning shall mean storage tanks set directly in or on the ground and/or with underground piping connections. Where storage tanks without underground piping connections are built on bases above the surface of the earth *outside of buildings*, such storage tanks shall be grounded at two (2) points 180° (degrees) apart as follows:
- 2.14 INDUSTRIAL INSTALLATIONS: Oil burner installations for industrial purposes[.] *under same requirements as for Commercial Installations.*

Rule 3. Oil Permitted.

- 3.1 Oil permitted under these rules shall be any hydrocarbon oils free from acid, grit and fibrous or other foreign matter. The fuel oils shall be classified as provided in *current* Commercial Standard [CS12-38] *published by the U. S. Department of Commerce*, and shall have a flashpoint not lower than 100 degrees Fahrenheit when tested in a Pensky-Martens closed cup tester (American Society for Testing Materials Method D-93-36) and marketed under the following commercial grades:

{Range Oil
{No. 1 Fuel Oil
No. 2 " "
No. 4 " "
No. 5 " "
No. 6 " "

Rule 4. Standards for Approval of Oil Burners by the Board.

- 4.1 Approved burners, including oil-burning heaters, shall be an assembly of approved parts *and electrical controls* suitable for use with each other for the service intended, as approved, such burners shall be provided with suitable safeguards to prevent abnormal discharge of oil.

Rule 6. Location of Tanks.

- 6.1 Inside of Buildings, Above Ground.
6.1.2 Storage tanks having a capacity of more than

two hundred and seventy-five (275) gallons, when installed inside of buildings shall be located on the lowest floor level and all portions of such tanks above the floor shall be protected by [a continuous jacket of] not less than four inches (4") of *masonry* [Portland cement concrete reinforced with not less than No. 20 gauge steel wire cloth 2" x 2" mesh, and extending at least four inches (4") beyond the horizontal outline of tank in all directions], with weep holes along the bottom one inch in diameter not more than 3 ft. apart. *The masonry walls of a structure may be used as part of the protection.*

[Each storage tank] *Storage tanks* may be placed in a protective enclosure having solid masonry walls not less than eight inches (8") in thickness and of dimension not less than fifteen (15") greater on all sides than the outside dimensions of the storage [tank] tanks. The walls of enclosure shall be carried up to a height not less than two feet (2') above the top of the tank[.] *or to the ceiling where the ceiling is less than two feet (2') above the top of the tank.* A fireproof access door shall be installed in the enclosure above the point where the enclosure has a capacity equal to the *largest tank[;]* installed, and for each additional 10 feet or fraction thereof by which the longest inside dimension of the enclosure exceeds 35 feet an additional fireproof access door shall be similarly installed at one or more intervals of not less than 10 feet.

Columns, pipes, or similar obstructions, may project into the required fifteen inches (15") of space within the enclosure, provided that access door or doors are so arranged that all portions of the enclosure are accessible. The ceiling above the tank enclosure shall be either fireproof or fire-retarded.

6.3 Outside of Buildings, Below Ground.

- 6.3.3 All buried storage tanks [larger than two hundred and seventy-five (275) gallons,] prior to or at the time of installation, shall be thoroughly cleaned and coated on the outside with two (2) coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting material. All tanks shall be electrically grounded.

6.4 Outside of Buildings, Above Ground.

- 6.4.1 Storage tanks *of a capacity greater than 275 gallons* located outside of buildings above ground shall be not less than one and one-quarter (1¼) tank diameters and in no case less than ten feet (10') from the line of adjoining property, the nearest building or adjacent tank. Such tanks shall be electrically grounded. The maximum capacity of individual tanks located outside of buildings above ground shall be fixed by the following schedule:

If distant 25 feet from line of adjoining property which may be built upon.....	16,000 gallons
If distant 30 feet.....	24,000 "
If distant 40 feet.....	36,000 "
If distant 50 feet.....	48,000 "
If distant 60 feet.....	60,000 "
If distant 75 feet.....	96,000 "
If distant 85 feet or more..	100,000 "

- 6.4.1.1 *Two hundred and seventy-five (275) gallon tanks shall be located so as not to interfere with or obstruct any means of egress.*

PUBLIC HEARING

6.4.3 All above ground storage tanks [larger than two hundred and seventy-five (275) gallons], prior to or at the time of installation, shall be thoroughly cleaned and coated on the outside with two (2) coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting materials. All tanks shall be electrically grounded. *All above ground two hundred and seventy-five (275) gallon tanks shall be protected against injury in a manner satisfactory to the Administrative Official.*

6.5 Tanks Located Along Line of Subways.

6.5.1 Along the line of subways no *buried* tank shall be placed within twenty feet (20') [of any wall,] *from the outside line of the subway wall*, [separating a building from the subway,] and, where practicable, tanks shall be placed in a lower position than the roadbed of the subway, except as may be modified in specific instances by the Board of Standards and Appeals. *Where an above ground tank within a building is located within the outer lines of the subway, or within twenty feet (20') from the outside line of the subway wall, such tank shall be placed within a welded steel oil-tight pan of not less than 18 gauge metal of adequate capacity to contain the contents of the tank.*

Rule 7. Piping.

7.2. Relief Valves.

7.2.2 Oil preheaters shall be of approved type and provided with a relief *or pressure regulating valve in the piping system* to prevent excessive oil pressure. Oil preheaters shall not be installed in the steam or water space of the boiler and shall be so designed that in the event of oil leakage within the preheater, the oil shall be prevented by an approved method from entering the water or steam circulation system. *Water piping connection shall be equipped with a blow-down system providing positive flushing of the water side of the preheater. Two (2) thermometers shall also be installed, one on the intake oil line of the preheater and the other on the discharge oil line.*

7.2.3 Relief valves shall be set to discharge at not more than one and one-half ($1\frac{1}{2}$) times the maximum working pressure of the system. The discharge from relief valves shall be returned to storage tank or to the supply line. *Pressure regulating valves and viscosity valves are not included within the scope of this subdivision. There shall be no shut-off valve in the line of relief.*

7.3 Vent Pipes.

7.3.4 Vent pipes shall be provided with an *approved weatherproof hood having a free area of not less than the pipe size area* and shall terminate outside the building not less than two feet (2') from any building opening and not less than two feet (2') nor more than twelve feet (12') above the fill pipe terminal, except as may be otherwise approved by the Board. When such openings are fixed and constructed of incombustible materials they shall not be deemed openings within the intent of this rule. If the vent pipe terminal is not visible from the fill pipe terminal location, a one-inch (1") line shall be connected to tank and shall parallel the fill pipe and terminate at the fill pipe

terminal with unthreaded end. Such tell-tale lines shall be provided with a check valve set to prevent flow of surface water to storage tank.

Rule 7.4 Fill Pipes.

7.4.1 Fill pipe shall terminate outside the buildings with the fill pipe terminal located at or above grade at least two feet (2') [of] *from any building opening [or] and five feet (5') from any subway grating*, at or below the level of the fill pipe terminal. No fill pipe shall be less than two inches (2") in diameter [.] *and no fill pipe for #6 oil shall be less than three inches (3") in diameter. The fill pipe terminal shall be located within three feet (3') of the curb, unless otherwise required by the Highway Department or the Transit Authority. Where there are facilities for the delivery tank truck to drive onto the premises, the fill pipe terminal may be located elsewhere than at the curb provided that the location complies with the other requirements of this rule.*

7.4.3 Where the top of the storage tanks is above the fill pipe terminal the fill pipe shall be connected to the top of the tank and be provided with a shut-off valve and swing check valve which shall be located at the fill pipe terminal [.] *or the shut-off valve may be located inside the building at or below the level of the fill pipe terminal, in an accessible location.*

Rule 8. Valves and Control of Oil Flow.

8.2 Each supply line for storage tanks of more than two hundred and seventy-five (275) gallons' capacity, shall be provided with a shut-off valve at the burner and where the top of the tank is above the oil inlet connection to the burner and/or transfer pump, shall be provided with an approved anti-syphon device located at the highest point in the supply line, except that where heavy oil (No. 6 Commercial Standard Grade) having a viscosity of one hundred (100) seconds or more Saybolt Furol at one hundred and twenty-two degrees Fahrenheit (122° F.) is used, the anti-syphon device shall not be required. *No anti-syphon device shall be required where a foot valve is installed at the inlet of the suction line.*

Rule 10. Permits, [Plants], Plans, Inspection and Tests of Storage Tanks and Piping.

10.1 Permits.

10.1.2 Application for permit shall be made *and fee covering the permit as per Rule 10.4.1 be paid within ten days after the completion of the installation* by the installer who holds a certificate of license issued by the Fire Commissioner, on forms furnished by the Fire Commissioner [and] *which shall [provide for] include the location of the building in which the installation [is to be] has been made, name and address of owner and/or occupant, name and address of installer, make and approval number of burners, pumps and other devices, capacity, number and location of storage tanks, together with approval of such [proposed] installation by the Borough Superintendent of Buildings when required under Rule 10.2.*

10.1.3 No permit shall be issued by the Fire Commissioner until [the installation has been inspected by his representative and the installer has furnished an affidavit] *the installer has furnished an affidavit that the installation*

PUBLIC HEARING

complies with all requirements, and that the CO₂ content of the flue gas by actual test of the completed installation is not less than 8 per cent without smoking.

10.3 Inspection and Tests of Installations of Storage Tanks and Piping.

- 10.3.1 All fuel oil storage tanks and piping installed as required to be tested by these Oil Burner Rules, shall after installation, except as indicated in this section, be tested by the installer in the manner and to the pressures set forth in this section, and proved tight before any fuel oil system shall be placed in operation. A sworn statement by the installer in proper affidavit form attesting to such installation and test shall be filed with the Fire Commissioner. [and a copy thereof be posted in the boiler room.]

(See Sections of the Administrative Code C19-19, as amended by Local Law 46 of 1951 and C19-152).

Rule 12. Ventilation.

- 12.1 No burner shall be installed in any boiler, heater, range or stove unless each boiler, heater, range or stove be connected to a legal chimney, complying with Article [11] 12 of the [Administrative] Building Code, except that [in high pressure mercantile and industrial plants] several units may be connected to a *common* [boiler room stack] chimney.
- 12.2 Adequate ventilation, at least equivalent to area of the smoke pipe at the point where it enters the flue, shall be provided in all rooms in which burners are installed[.], *except that in commercial installations the area for natural fixed ventilation shall be at least equivalent to eight (8) square inches for each gallon of oil for which the fuel burning equipment is rated. Where the fixed ventilation is supplied mechanically and electrically interlocked with the burner, at least the equivalent of two (2) square inches for each gallon of oil for which the fuel burning equipment is rated, shall be provided.*
- 12.3 Dampers shall be so constructed that they cannot completely cut off the passage of flue gases at any time[.]. [and on all installations in one and two family dwellings on approved automatic draft control of the same size as the cross-sectional area of the pipe or breaching shall be installed in the breaching or flue pipes.] *Approved automatic draft controls may be installed when necessary to provide proper draft where the draft is excessive.*

Rule 14. Fire Protection.

- 14.6 Oil burning devices designed for installation with storage of not more than six (6) gallons shall be [firmly anchored to the floor,] set level and *firmly anchored*. The floor beneath [the] stoves or any such heating devices *shall be protected by a shield of ½" asbestos or equivalent extending at least twelve inches (12") beyond the projected area of*

such device where required within the specific approval of each burner. Approved safety cans only shall be used for the storage and filling of oil containers. The fuel oil used for these burners shall be range oil or No. 1 or No. 2 fuel oil. The manufacturer or installer of these burners shall within 48 hours after each installation notify the Fire Department in writing of the name of the person to whom this burner is sold and the address of the premises where installed.

- 14.7 Near each boiler, [or] furnace *or suspended* [of a] fuel oil-burning unit there shall be [kept ready for use fire extinguishing equipment of not less than two quart capacity approved as suitable for oil fires or not less than two pails of sand, the pails to have rounded bottom.] *immediately available one (1) approved hand fire extinguisher of not less than two quart capacity suitable for oil fires or two (2) rounded bottom pails filled with sand.*

Rule 15. Instruction Cards and Certificate of Fitness.

- 15.2 *Except as provided in Rule 15.2.1 every* [Every] heating system in which the oil is preheated or systems not fully automatic when operating shall be under the direct supervision of a person holding a certificate of fitness issued by the Fire Commissioner and who shall be in the building at all times while the burners are in operation, except, that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941, under the provisions of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burners" shall not be required to obtain such certificate

- 15.2.1 *The provisions of Rule 15.2 shall not apply to heating systems in residential occupancies where the building or the building units are contiguous on a site or plot under common ownership, and when such systems are equipped with approved, fully automatic, self-checking electrical safety controls which will shut down the system or systems within five (5) seconds following oil flame failure. The collective number of such heating systems, while in operation, shall be under the care and supervision of one person holding a certificate of fitness issued by the Fire Commissioner and who is regularly employed on full time, and resides on the premises, and whose employment has as one of its purposes the operating and maintenance of the oil burner, except that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941 under the provisions of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burner" shall not be required to obtain such certificate. The safety controls shall be reset for burner operation only by the person holding the certificate of fitness or license referred to in this section, or by an installer holding a certificate of license issued by the Fire Commissioner for the installation of such oil burning equipment.*

CORRECTIONS

*CORRECTION

The Minutes of the meeting of the Board of Standards and Appeals held on April 24, 1956, as they appeared in Bulletin No. 18, Vol. 41, are hereby corrected to read as follows:

170-36-BZ

APPLICANT—Frank Kessler, for Kathe Kessler, owner.
SUBJECT—Application for consideration—reopening as to extension of term of variance which expired April 20, 1956—re Application (decision of the borough superintendent); previously granted on condition, under section 7h of the zoning resolution; permitting in a residence use district, for a term of years, the occupancy of a portion of a plot of ground as an open air parking space of more than five motor vehicles and also the conversion of occupancy of an existing structure on the plot to three 3 car garages.

PREMISES AFFECTED—25-13 35th street, east side, 92.04 ft. south of Astoria boulevard, Block 633, Lots 30, 31 and 32, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Kathe Kessler.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Con-
nolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on February 9, 1937, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on April 20, 1954; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on February 9, 1937, as thereafter amended by resolutions adopted through April 20, 1954, only so far as it refers to the term of the variance, so that as amended this portion of the resolution shall read:

“... granted under Section 7, subdivision h for a term of two years from the date of this amended resolution, to permit a portion of the premises for the open air parking of more than five motor vehicles and also the conversion of the existing structure to three 3 car garages; that other than as herein amended the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed with the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution.” (Misc. App. 987/41)

*Correction—Name of owner corrected to read “Kathe Kessler” and inserted in the resolution the permission for the open air parking of more than five motor vehicles in addition to the conversion of the existing structure to three 3 car garages, all as indicated in italics in the resolution.

The minutes of the meeting of the Board of Standards and Appeals held on November 27, 1945, as they appeared in Bulletin No. 49, Vol. 30, are hereby corrected to read as follows:

591-45-A

APPLICANT—Globe Products Co., Inc., lessee, for 330 Morgan Avenue Corp., owner.

SUBJECT—Appeal from a decision of the fire commissioner.

PREMISES AFFECTED—330 Morgan avenue, northeast corner of Calhoun street (2nd floor); (Block 2911, Lot 1), Borough of Brooklyn.

APPEARANCES—

For Applicant: Wallace G. Storch.

For Administration: Thomas A. Larkin, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Blum
and Deputy Chief Murphy 3
Negative 0
Absent: Commissioner Savage 1

THE RESOLUTION (591-45-A)—

WHEREAS, Globe Products Co., Inc., lessee, for 330 Morgan Avenue Corp., owner, filed September 28, 1945, an appeal from a decision of the fire commissioner, affecting premises 330 Morgan avenue, northeast corner of Calhoun street (2nd floor); (Block 2911, Lot 1), Borough of Brooklyn; and

WHEREAS, the decision of the fire commissioner, dated August 30, 1945, reads:

“This will acknowledge receipt of your letter of August 23rd, wherein you request a permit for employees to smoke in your factory building situated at the above mentioned premises.

“You are advised that your request must be denied for the reason that smoking is prohibited by mandatory provisions of the Labor Law and the Rules of the Board of Standards and Appeals.

“You may appeal this decision within 30 days to the Board of Standards and Appeals, Room 1015, Municipal Building, Manhattan.”

and

WHEREAS, the applicant states the building is three stories (43 ft. 6 in.) in height; 80 ft. by 90 ft. in area; of Class 3 construction; erected in 1927; located in an unrestricted use, A Area and Class 1½ height district, and used and occupied since September, 1945, as follows: cellar, vacant; basement, vacant; 1st floor, shipping and 2 rest rooms, 7 persons; 2nd floor, filling containers and offices, 24 persons; 3rd floor, cooking jams and jellies, 15 persons; that the building is equipped with an approved one source sprinkler system but that fire drills are not maintained; that there are two interior stairs, 44 in. wide, of steel construction with cement treads, enclosed in 12 in. brick, equipped with metal self-closing doors, the front stair extends to the roof bulkhead and rear stair leads to the roof by a ladder and scuttle, and to the street through the stair hall; and

WHEREAS, the applicant contends that the employees of the company are stationed, approximately eight hours a day, in the office portion of the building; that this section of the building is also used by salesmen and others who transact business with the firm; that the factory section of the building, where jams, jellies and pie fillings are prepared, blended and cooked and made ready for shipment, is entirely separated from the office portion; that all walls surrounding the office area have been completely fire stopped with approved plaster blocks; that if permission to smoke is granted, care will be exercised at all times, so that the fire hazard will not be increased; it is therefore respectfully requested that permission to smoke be granted to persons within the office portions of this building on the second floor, as shown on plans submitted with this appeal; and

WHEREAS, the premises and the surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the fire commissioner, dated August 30, 1945, and that the appeal be and it hereby is

CORRECTIONS

granted, permitting smoking within the building *on condition* that smoking shall be restricted to the spaces as proposed, namely, the enclosed offices on the 2nd floor front; that no smoking shall be permitted elsewhere throughout the building; that signs shall be posted in such spaces as smoking is herein permitted, as the fire commissioner shall direct; that proper receptacles shall be maintained within such spaces, for smoker's refuse; that the sprinkler system shall be maintained in accordance with the requirements therefor and to the satisfaction of the fire commissioner; that this variance shall continue only so long as the building is occupied as at present and the requirements of this resolution are complied with.

* Correction—Reference to the existence and maintenance of an interior fire alarm system in the building *deleted* in the applicant's statement and in the resolution, as incorrectly stated by the applicant.

The minutes of the meeting of the Board of Standards and Appeals held on July 10, 1956, as they appeared in Bulletin No. 29, Vol. 41, are hereby corrected to read as follows:

1022-55-BZ

APPLICANT—Paul Friedman, for Marflu Servicenter Inc., owner (General Outdoor Advertising Co., Inc., lessee).

SUBJECT—Application December 30, 1955—(decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, minor repairs (hand tools only), auto laundry (non-automatic), office, storage and sale of auto accessories and parking for more than 5 cars waiting to be serviced, for a term of 15 years.

PREMISES AFFECTED—305-19 Oakland street, west side, from India street to Huron street, 222-226 India street and 193-197 Huron street, Block 2533, Lot 33, Borough of Brooklyn.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 12, 1956 after due notice by publication in the Bulletin; laid over to July 10, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, C area, class 1¼ height district; Oakland street and Huron street are in business and unrestricted use, C area, class 1¼ height districts; India street is in business, unrestricted and residence use, C area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 15, 1955 acting on N.B. Applic. 2728-55, reads:

"1. Proposed building and premises, in a Business zone, to be used for gasoline service station, lubritorium, minor repairs (hand tools only), auto laundry (non-automatic), office, storage and sales of auto accessories, parking for more than 5 cars waiting to be serviced is contrary to Article II, PP. 4a, subsections 29 and 46 of the zoning resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200.13 ft. frontage by 60 ft. in depth, now vacant; that it is proposed to construct a gasoline service station and accessory uses; that the building is proposed to have a frontage of 60 ft., irregular and a depth of 28 ft., one story, 13 ft. and 15 ft. 6 in. in height, to be used as office, storage and sales of auto accessories, lubritorium, minor repairs, hand tools only and non-automatic auto laundry; that curb cuts on Oakland street, Huron street and India street are proposed; and

WHEREAS, the applicant states that the property is presently zoned as a business use district, class 1¼ height and a C area district; that these designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; that no previous application for the same or similar relief has been made to the Board; and

WHEREAS, the applicant contends that there is no economic demand for the construction of any use on the subject premises other than a gas station but there is an economic demand for the construction of a modern gas station with the customary accessory uses; that a grant of this application would not adversely affect the neighborhood; that on the east side of Oakland street, within the area of notification, the premises are zoned for unrestricted use and are used for miscellaneous uses such as garage for more than 5 motor vehicles in block 2552, lot 5; motor vehicle repair shop, block 2542, lot 3; gas station and accessory uses, block 2542, lot 7; factory, block 2534, lots 1 and 4; junk shop, block 2524, lot 1 and gas station and accessory uses in block 2524, lot 4; that on India street, east of Oakland street, there are a junk yard in block 2542, lots 11 and 13 and loft and factory buildings in block 2542, lots 15, 16 and 17; block 2534, lot 47; that on Huron street, east of Oakland street, the properties are largely old 2, 3 and 4 story frame and brick tenements, except for a garage for more than 5 motor vehicles in Block 2533, lot 16; that the west side of Oakland street, south of Huron street is zoned for business use to a depth of 100 ft. and for residence use beyond that depth and consequently, the properties abutting the site and opposite the site on the south are in a business use district; that the properties east of Oakland street are all in an unrestricted use district, also the properties on the west side of Oakland street are zoned for unrestricted use and consequently the properties opposite the site on the north and east are in an unrestricted use district; that Huron street is one way westbound while India street is one way eastbound; that consequently, southbound motor vehicles on Oakland street which enter the site via the curb cut on Huron street or Oakland street will leave the premises via Oakland street or India street, so that the proposed use will not increase traffic in the residential area west of Oakland street; that the grant of this application will increase motor vehicular and pedestrian safety because the proposed structure, being set back from the intersection of Oakland and India streets, would give clear visibility to traffic, while a conforming use built at the corner (without a variance) would create a blind intersection, thus endangering public safety; that a grant of this application would improve the appearance of the neighborhood by the elimination of a refuse-strewn lot which is unsightly by day and dangerously dark at night, and it would eliminate the existing billboard signs; that the tenements abutting to the west have no windows opening on their easterly walls and the proposed building which is small both in area and in height, will afford more light and ventilation for their rear windows than would be possible if a larger multiple story building were built on the site in conformity with the zoning resolution; that the proposed limitation of the variance to a term of 15 years gives assurance that the future development of the area along lines incompatible with the present use will not be deferred; and

WHEREAS, the applicant states that the present owner has held title to the property since December 28, 1955 and that the assessed valuation of the land is \$16,000; and

CORRECTIONS

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee noted the widened condition of Oakland street, also that on the adjoining plot to the north there is now under construction a gasoline service station in the area which is zoned for unrestricted; the committee also noted that the district is unrestricted across Oakland Street and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the premises to be occupied as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received December 30, 1955," 3 sheets, and "February 14, 1956", one sheet, *on condition* that all buildings and uses shall be removed from the premises and the premises shall be graded substantially to the grade of Oakland street; that the premises shall be constructed and arranged and designed substantially as indicated on plans above cited; that there shall be erected on the westerly lot line where the unpunctured wall of the accessory building does not occur and returning on India street for a distance of approximately 25 feet, and similarly on Huron street, a woven wire fence of the chain link type on a masonry base for a total height of not less than 5 ft. 6 in.; that the accessory building shall have no cellar underneath and shall be constructed as shown with the front and two exposed ends of face brick; that the rear portion of the building may be of common brick against the adjoining house on lot 42; that the curb cuts shall be

restricted to three curb cuts each 30 ft. in width, located where shown, to Oakland street, and one 20 ft. in width to India street and one of similar width to Huron street within the first 20 ft. from the intersection of Oakland street; that gasoline pumps shall be of a low approved type erected not nearer than 15 ft. to the street building line of Oakland street; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that the balance of the premises where not occupied by the accessory building and pumps shall be paved with concrete or asphaltic pavement; that the curbing and sidewalks abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the front facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection of two post standards one at each intersection where shown at right angles to the building line of Oakland street each for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such signs to extend beyond the building line for a distance of not over four feet; that under Section 7i there may be minor repairing with hand tools maintained for adjustments only within the accessory building; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

* Correction—Reference in the resolution to the measurements of the curb cut located on India street reduced from "25 ft." to "20 ft." and a similar reduction to the curb cut on Huron street.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the administrative official either borough superintendent of buildings or fire commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

SEPTEMBER 11, 1956, 10 A. M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, September 11, 1956, at 10 o'clock in Room 1013, Municipal Building, Manhattan, on the following matters:

807-55-BZ

APPLICANT—Paul Trapani, for Peter and Patrick De Salvo, owners.

SUBJECT—Application October 17, 1955—re (decision of the borough superintendent) under sections 7c and 7i of the zoning resolution, to permit in a business use district the extension and maintenance of an existing gasoline service station, to include auto laundry and minor repairs.

CALENDAR

PREMISES AFFECTED—4116 White Plains avenue, southeast corner of East 230th street, Block 4843, Lot 45, Borough of The Bronx.

Laid over from June 19, 1956 to July 10, 1956 for inspection and decision; hearing closed; then to July 24, 1956, for inspection and decision; then to September 11, 1956 for applicant to file revised plans as to new accessory building.

910-54-BZ

APPLICANT—Maxfield Blaufeux, for Aaron and Michael Berg, owners (Herman and Barney Antonoff, lessees).

SUBJECT—Application December 1, 1954—re (decision of the borough superintendent) under sections 6, 7A, c, d and 21 of the zoning resolution, to permit partly in a residence use district and partly in a retail use district the change of occupancy and rearrangement of facilities from auto laundry and greasing pit on the outside to lubricatorium in the building and omission of auto laundry.

PREMISES AFFECTED—1847-1851 East 5th street, east side, 80 ft. 2½ in. north of Kings highway, Block 6662, Lot 42, Borough of Brooklyn.

Laid over from July 10, 1956 to July 24, 1956, for inspection and decision; hearing closed; then recessed from July 24, 1956, to July 26, 1956, for inspection and decision; then to September 11, 1956, for applicant to file revised plans, eliminating the two greasing pits and the repair work on inside of the building, reduce the curb cut; and show on plan the erection of the two new pumps set back 15 feet, if possible.

698-52-BZ

APPLICANT—Michael A. Cardo, for Silvestro Castelli, owner.

SUBJECT—Application reopened July 17, 1956 for consideration as to extension of time to complete, expired November 4, 1954—re (decision of the borough superintendent) previously granted on condition under section 7c of the zoning resolution, permitting in a residence use district the change in occupancy and extension of existing dwelling to a restaurant and refreshment stand for a term of five years.

PREMISES AFFECTED—1940 Bruckner boulevard, south side, 347 ft. east of White Plains road, Block 3677, Lot 62, Borough of The Bronx.

2-52-BZ

APPLICANT—Harry Soled, for Wilroth Realty Co., Inc., owner (Harry-Martin, Inc., lessee).

SUBJECT—Application reopened July 17, 1956 for consideration as to extension of time to complete, expired July 17, 1953—re (decision of the borough superintendent) previously granted on condition under section 21 of the zoning resolution, to permit in a business use, C area district, the extension on first floor using more than the area permitted.

PREMISES AFFECTED—1221 Quentin road, north side, 19 ft. 9½ in. west of East 13th street, Block 6775, Lot 39, Borough of Brooklyn.

803-26-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Benjamin Siegel, owner.

SUBJECT—Application reopened January 18, 1955 as Vol. III—re (decision of the borough superintendent) under sections 7c and 7i of the zoning resolution, to permit in a business use district, the proposed alteration and extension of existing service station, office and parking of more than 5 cars, sale of used cars to gasoline service station, office and sales, lubricatorium, automobile repairing, body and fender work, incidental painting and spraying of motor vehicles, with frame automatic sign above roof level.

PREMISES AFFECTED—5238-5260 Kings highway, west side, 300 ft. 8¼ in. south of Farragut road, Block 7969, Lots 65, 66 and 71, Borough of Brooklyn.

129-55-A

APPLICANT—Lama, Proskauer and Prober, for Benjamin Siegel, owner.

SUBJECT—Application February 15, 1955—Appeal from a decision of the borough superintendent—re building line, wood sign.

PREMISES AFFECTED—5238-5260 Kings highway, west side, 300 ft. 8¼ in. south of Farragut road, Block 7969, Lots 65, 66 and 71, Borough of Brooklyn.

753-41-BZ—Vol. II

APPLICANT—Julius S. Rapson, for John Scavone, d/b/a Paris Auto Body, owner.

APPLICANT—Paul Friedman, for A. Schuyler Clark, John T. Harrison, Jr., John M. Perry, Frances R. Brooks, Alexandra E. Whitney, Patricia Wood Harrison, Floyd H. Winslow, Virginia H. and John Whitridge, Jr., and Fiduciary Trust Co. of New York, trustee, Mathilda L. Perry and Oliver H. Perry owners.

SUBJECT—Application June 29, 1956—re (decision of the borough superintendent) under sections 7f, 7h and 7i of the zoning resolution, to permit in a retail use district the erection of a gasoline service station with accessory uses of car washing, minor motor vehicle repairs, sales of accessories and parking of cars awaiting service.

PREMISES AFFECTED—35-02 to 35-10 (35-06 official) Junction boulevard and 95-08 to 95-16 35th avenue, southwest corner, Block 1469, Lot 10, Elmhurst, Borough of Queens.

497-56-BZ

APPLICANT—William J. Calise, for Michael De Matteo, owner.

SUBJECT—Application July 12, 1956—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the use of a vacant lot for the parking of more than five (5) motor vehicles.

PREMISES AFFECTED—294-296 East 3rd street, south side, 277 ft. east of Avenue C, Block 372, Lots 20 and 21, Borough of Manhattan.

522-56-BZ

APPLICANT—Simeon Heller, and George J. Meltzer, for Richie, Brown and Donald, Inc., owner.

SUBJECT—Application July 23, 1956—re (decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit on a lot partly in a business use and partly in a residence use district the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—53-20 to 53-22 Flushing avenue and 60-02 to 60-36 54th street, southwest corner and 53-23 to 53-33 Nurge avenue, Block 2633, Lots 11, 14, 23 and 25, Maspeth, Borough of Queens.

542-56-BZ

APPLICANT—William Calise, for Sanford Main Shopping Center, Inc., owner (Shell Oil Co., lessee).

SUBJECT—Application July 19, 1956—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a restricted retail use district the erection of a business sign on the roof of a building under construction.

PREMISES AFFECTED—41-70 Main street, southwest corner of Sanford avenue, Block 5121, Lot 23, Flushing, Borough of Queens.

914-50-BZ—Vol. II

APPLICANT—Samuel Miller, for S. Jules Lakin and Malcolm L. Bennett, owners (Esso Standard Oil Co., lessee).

SUBJECT—Application reopened July 26, 1956 as Vol. II new proposal—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a retail use district the erection and maintenance of a gasoline service station, lubricatorium, auto laundry (non automatic) minor auto repair shop with hand tools only and parking of motor vehicles awaiting service for a term of fifteen (15) years.

PREMISES AFFECTED—102-06 Metropolitan avenue, southeast corner of 71st avenue, Block 3900, Lot 1, Forest Hills, Borough of Queens.

915-50-A—Vol. II

APPLICANT—Samuel Miller, for S. Jules Lakin and Malcolm L. Bennett, owners (Esso Standard Oil Co., lessee).

SUBJECT—Application reopened July 26, 1956 as Vol. II—filed pursuant to section 35, of the General City Law re premises in bed of proposed widening of Metropolitan avenue.

PREMISES AFFECTED—102-06 Metropolitan avenue, southeast corner of 71st avenue, Block 3900, Lot 1, Forest Hills, Borough of Queens.

HARRIS H. MURDOCK, *Chairman.*

PUBLIC HEARING

PROPOSED AMENDMENTS OF OIL BURNER RULES

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on Friday morning, September 14, 1956 at 10 A.M., in Room 1013, Municipal Building, Manhattan, on Proposed Amendments of Oil Burner Rules.

Matter in *italics* is new; matter in brackets [] old matter to be deleted. Only such rules as are proposed to be amended are published.

OIL BURNER RULES

(217-21-SR)

RULES COVERING THE INSTALLATION AND USE OF OIL BURNING EQUIPMENT AND THE STORAGE OF OILS USED IN CONNECTION THEREWITH

Adopted by the Board of Standards and Appeals June 15, 1934, Amended July 12, 1935, January 28, 1936, December 4, 1936, July 1, 1941, June 15, 1948 and July 13, 1951, effective August 13, 1951.

PUBLIC HEARING

(Superseding Fuel Oil Rules adopted by the Board of Standards and Appeals, November 6, 1919; amended January 6, 1922; January 18, 1924; November 3, 1926; September 11, 1928; January 11, 1929; March 20, 1931; May 12, 1931; November 24, 1931; May 10, 1932; June 24, 1932; November 4, 1932).

Authority: Section 666, paragraph 2 of the New York City Charter and C19-57.0 Administrative Code.

Rule 2. Definitions.

- 2.6 CONTROLS: Such electrical or mechanical devices as are installed for the purpose of providing safe and continuous or intermittent operation.
- 2.10 ELECTRICALLY GROUNDED: For protection against lightning shall mean storage tanks set directly in or on the ground and/or with underground piping connections. Where storage tanks without underground piping connections are built on bases above the surface of the earth outside of buildings, such storage tanks shall be grounded at two (2) points 180° (degrees) apart as follows:
- 2.14 INDUSTRIAL INSTALLATIONS: Oil burner installations for industrial purposes[.] under same requirements as for Commercial Installations.

Rule 3. Oil Permitted.

- 3.1 Oil permitted under these rules shall be any hydrocarbon oils free from acid, grit and fibrous or other foreign matter. The fuel oils shall be classified as provided in current Commercial Standard [CS12-38] published by the U. S. Department of Commerce, and shall have a flashpoint not lower than 100 degrees Fahrenheit when tested in a Pensky-Martens closed cup tester (American Society for Testing Materials Method D-93-36) and marketed under the following commercial grades:

{	Range Oil
{	No. 1 Fuel Oil
	No. 2 " "
	No. 4 " "
	No. 5 " "
	No. 6 " "

Rule 4. Standards for Approval of Oil Burners by the Board.

- 4.1 Approved burners, including oil-burning heaters, shall be an assembly of approved parts and electrical controls suitable for use with each other for the service intended, as approved, such burners shall be provided with suitable safeguards to prevent abnormal discharge of oil.

Rule 6. Location of Tanks.

- 6.1 Inside of Buildings, Above Ground.
- 6.1.2 Storage tanks having a capacity of more than two hundred and seventy-five (275) gallons, when installed inside of buildings shall be located on the lowest floor level and all portions of such tanks above the floor shall be protected by [a continuous jacket of] not less than four inches (4") of masonry [Portland cement concrete reinforced with not less than No. 20 gauge steel wire cloth 2" x 2" mesh, and extending at least four inches (4") beyond the horizontal outline of tank in all directions], with weep holes along the bottom one inch in diameter not more than 3 ft. apart. The masonry walls of a structure may be used as part of the protection.
- [Each storage tank] Storage tanks may be placed in a protective enclosure having solid

masonry walls not less than eight inches (8") in thickness and of dimension not less than fifteen (15") greater on all sides than the outside dimensions of the storage [tank] tanks. The walls of enclosure shall be carried up to a height not less than two feet (2') above the top of the tank[.] or to the ceiling where the ceiling is less than two feet (2') above the top of the tank. A fireproof access door shall be installed in the enclosure above the point where the enclosure has a capacity equal to the largest tank[;] installed, and for each additional 10 feet or fraction thereof by which the longest inside dimension of the enclosure exceeds 35 feet an additional fireproof access door shall be similarly installed at one or more intervals of not less than 10 feet.

Columns, pipes, or similar obstructions, may project into the required fifteen inches (15") of space within the enclosure, provided that access door or doors are so arranged that all portions of the enclosure are accessible. The ceiling above the tank enclosure shall be either fireproof or fire-retarded.

6.3 Outside of Buildings, Below Ground.

- 6.3.3 All buried storage tanks [larger than two hundred and seventy-five (275) gallons,] prior to or at the time of installation, shall be thoroughly cleaned and coated on the outside with two (2) coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting material. All tanks shall be electrically grounded.

6.4 Outside of Buildings, Above Ground.

- 6.4.1 Storage tanks of a capacity greater than 275 gallons located outside of buildings above ground shall be not less than one and one-quarter (1¼) tank diameters and in no case less than ten feet (10') from the line of adjoining property, the nearest building or adjacent tank. Such tanks shall be electrically grounded. The maximum capacity of individual tanks located outside of buildings above ground shall be fixed by the following schedule:

If distant 25 feet from line of adjoining property which may be built upon.....	16,000 gallons
If distant 30 feet.....	24,000 "
If distant 40 feet.....	36,000 "
If distant 50 feet.....	48,000 "
If distant 60 feet.....	60,000 "
If distant 75 feet.....	96,000 "
If distant 85 feet or more.....	100,000 "

- 6.4.1.1 Two hundred and seventy-five (275) gallon tanks shall be located so as not to interfere with or obstruct any means of egress.

- 6.4.3 All above ground storage tanks [larger than two hundred and seventy-five (275) gallons,] prior to or at the time of installation, shall be thoroughly cleaned and coated on the outside with two (2) coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting materials. All tanks shall be electrically grounded. All above ground two hundred and seventy-five (275) gallon tanks shall be protected against injury in a manner satisfactory to the Administrative Official.

6.5 Tanks Located Along Line of Subways.

- 6.5.1 Along the line of subways no buried tank shall be placed within twenty feet (20') [of any wall,] from the outside line of the subway

PUBLIC HEARING

wall, [separating a building from the subway,] and, where practicable, tanks shall be placed in a lower position than the roadbed of the subway, except as may be modified in specific instances by the Board of Standards and Appeals. *Where an above ground tank within a building is located within the outer lines of the subway, or within twenty feet (20') from the outside line of the subway wall, such tank shall be placed within a welded steel oil-tight pan of not less than 18 gauge metal of adequate capacity to contain the contents of the tank.*

Rule 7. Piping.

7.2. Relief Valves.

7.2.2 Oil preheaters shall be of approved type and provided with a relief or pressure regulating valve in the piping system to prevent excessive oil pressure. Oil preheaters shall not be installed in the steam or water space of the boiler and shall be so designed that in the event of oil leakage within the preheater, the oil shall be prevented by an approved method from entering the water or steam circulation system. *Water piping connection shall be equipped with a blow-down system providing positive flushing of the water side of the preheater. Two (2) thermometers shall also be installed, one on the intake oil line of the preheater and the other on the discharge oil line.*

7.2.3 Relief valves shall be set to discharge at not more than one and one-half ($1\frac{1}{2}$) times the maximum working pressure of the system. The discharge from relief valves shall be returned to storage tank or to the supply line. *Pressure regulating valves and viscosity valves are not included within the scope of this subdivision. There shall be no shut-off valve in the line of relief.*

7.3 Vent Pipes.

7.3.4 Vent pipes shall be provided with an approved weatherproof hood *having a free area of not less than the pipe size area* and shall terminate outside the building not less than two feet (2') from any building opening and not less than two feet (2') nor more than twelve feet (12') above the fill pipe terminal, except as may be otherwise approved by the Board. When such openings are fixed and constructed of incombustible materials they shall not be deemed openings within the intent of this rule. If the vent pipe terminal is not visible from the fill pipe terminal location, a one-inch (1") line shall be connected to tank and shall parallel the fill pipe and terminate at the fill pipe terminal with unthreaded end. Such tell-tale lines shall be provided with a check valve set to prevent flow of surface water to storage tank.

Rule 7.4 Fill Pipes.

7.4.1 Fill pipe shall terminate outside the buildings with the fill pipe terminal located at or above grade at least two feet (2') [of] *from any building opening [or] and five feet (5') from any subway grating, at or below the level of the fill pipe terminal. No fill pipe shall be less than two inches (2") in diameter [.] and no fill pipe for #6 oil shall be less than three inches (3") in diameter. The fill pipe terminal shall be located within three feet (3') of the curb, unless otherwise required by the Highway Department or the Transit Authority.*

Where there are facilities for the delivery tank truck to drive onto the premises, the fill pipe terminal may be located elsewhere than at the curb provided that the location complies with the other requirements of this rule.

7.4.3 Where the top of the storage tanks is above the fill pipe terminal the fill pipe shall be connected to the top of the tank and be provided with a shut-off valve and swing check valve which shall be located at the fill pipe terminal [.] *or the shut-off valve may be located inside the building at or below the level of the fill pipe terminal, in an accessible location.*

Rule 8. Valves and Control of Oil Flow.

8.2 Each supply line for storage tanks of more than two hundred and seventy-five (275) gallons' capacity, shall be provided with a shut-off valve at the burner and where the top of the tank is above the oil inlet connection to the burner and/or transfer pump, shall be provided with an approved anti-syphon device located at the highest point in the supply line, except that where heavy oil (No. 6 Commercial Standard Grade) having a viscosity of one hundred (100) seconds or more Saybolt Furol at one hundred and twenty-two degrees Fahrenheit (122° F.) is used, the anti-syphon device shall not be required. *No anti-syphon device shall be required where a foot valve is installed at the inlet of the suction line.*

Rule 10. Permits, [Plants], Plans, Inspection and Tests of Storage Tanks and Piping.

10.1 Permits.

10.1.2 Application for permit shall be made *and fee covering the permit as per Rule 10.4.1 be paid within ten days after the completion of the installation* by the installer who holds a certificate of license issued by the Fire Commissioner, on forms furnished by the Fire Commissioner [and] *which shall [provide for] include the location of the building in which the installation [is to be] has been made, name and address of owner and/or occupant, name and address of installer, make and approval number of burners, pumps and other devices, capacity, number and location of storage tanks, together with approval of such [proposed] installation by the Borough Superintendent of Buildings when required under Rule 10.2.*

10.1.3 No permit shall be issued by the Fire Commissioner until [the installation has been inspected by his representative and the installer has furnished an affidavit] *the installer has furnished an affidavit that the installation complies with all requirements, and that the CO₂ content of the flue gas by actual test of the completed installation is not less than 8 per cent without smoking.*

10.3 Inspection and Tests of Installations of Storage Tanks and Piping.

10.3.1 All fuel oil storage tanks and piping installed as required to be tested by these Oil Burner Rules, shall after installation, except as indicated in this section, be tested by the installer in the manner and to the pressures set forth in this section, and proved tight before any fuel oil system shall be placed in operation. A sworn statement by the installer in proper

PUBLIC HEARING

affidavit form attesting to such installation and test shall be filed with the Fire Commissioner. [and a copy thereof be posted in the boiler room.]

(See Sections of the Administrative Code C19-19, as amended by Local Law 46 of 1951 and C19-152).

Rule 12. Ventilation.

12.1 No burner shall be installed in any boiler, heater, range or stove unless each boiler, heater, range or stove be connected to a legal chimney, complying with Article [11] 12 of the [Administrative] Building Code, except that [in high pressure mercantile and industrial plants] several units may be connected to a *common* [boiler room stack] chimney.

12.2 Adequate ventilation, at least equivalent to area of the smoke pipe at the point where it enters the flue, shall be provided in all rooms in which burners are installed[.], *except that in commercial installations the area for natural fixed ventilation shall be at least equivalent to eight (8) square inches for each gallon of oil for which the fuel burning equipment is rated. Where the fixed ventilation is supplied mechanically and electrically interlocked with the burner, at least the equivalent of two (2) square inches for each gallon of oil for which the fuel burning equipment is rated, shall be provided.*

12.3 Dampers shall be so constructed that they cannot completely cut off the passage of flue gases at any time[.]. [and on all installations in one and two family dwellings on approved automatic draft control of the same size as the cross-sectional area of the pipe or breaching shall be installed in the breaching or flue pipes.] *Approved automatic draft controls may be installed when necessary to provide proper draft where the draft is excessive.*

Rule 14. Fire Protection.

14.6 Oil burning devices designed for installation with storage of not more than six (6) gallons shall be [firmly anchored to the floor,] set level and *firmly anchored*. The floor beneath [the] stoves or any such heating devices *shall be protected by a shield of 1/2" asbestos or equivalent extending at least twelve inches (12") beyond the projected area of such device where required within the specific approval of each burner. Approved safety cans only shall be used for the storage and filling of oil containers. The fuel oil used for these burners shall be range oil or No. 1 or No. 2 fuel oil. The manufacturer or installer of these burners shall within 48 hours after each installation notify the Fire Department in writing of the name of the person to whom this burner is sold and the address of the premises where installed.*

14.7 Near each boiler, [or] furnace *or suspended* [of a] fuel oil-burning unit there shall be [kept ready for use fire extinguishing equipment of not less than two quart capacity approved as suitable for oil fires or not less than two pails of sand, the pails to have rounded bottom.] *immediately available one (1) approved hand fire extinguisher of not less than two quart capacity suitable for oil fires or two (2) rounded bottom pails filled with sand.*

Rule 15. Instruction Cards and Certificate of Fitness.

15.2 *Except as provided in Rule 15.2.1 every* [Every] heating system in which the oil is preheated or systems not fully automatic when operating shall be under the direct supervision of a person holding a certificate of fitness issued by the Fire Commissioner and who shall be in the building at all times while the burners are in operation, except, that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941, under the provisions of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burners" shall not be required to obtain such certificate

15.2.1 *The provisions of Rule 15.2 shall not apply to heating systems in residential occupancies where the building or the building units are contiguous on a site or plot under common ownership, and when such systems are equipped with approved, fully automatic, self-checking electrical safety controls which will shut down the system or systems within five (5) seconds following oil flame failure. The collective number of such heating systems, while in operation, shall be under the care and supervision of one person holding a certificate of fitness issued by the Fire Commissioner and who is regularly employed on full time, and resides on the premises, and whose employment has as one of its purposes the operating and maintenance of the oil burner, except that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941 under the provisions of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burner" shall not be required to obtain such certificate. The safety controls shall be reset for burner operation only by the person holding the certificate of fitness or license referred to in this section, or by an installer holding a certificate of license issued by the Fire Commissioner for the installation of such oil burning equipment.*

MINUTES

The minutes of the meeting of the Board of Standards and Appeals held on July 10, 1956, as they appeared in Bulletin No. 29, Vol. 41, are hereby corrected to read as follows:

94-47-BZ—Vol. II

APPLICANT—Siegal and Green, for Dolford Realty Corp., owner.

SUBJECT—Application for consideration—reopening as to amendment as to minor change—re Application (decision of the borough superintendent); previously granted on

condition, under sections 7e, 7f and 7i of the zoning resolution, permitting in a business use district, the erection and maintenance of a gasoline service station, accessory building for salesroom, lubritorium, auto repairs and automatic auto laundry.

PREMISES AFFECTED—2318-2332 Jerome avenue, east side, 197.03 ft. north of East 183rd street, Block 3187, Lot 9; Borough of The Bronx.

APPEARANCES—

For Applicant: Max Siegal.

For Administration: Samuel L. Becker, Dep't of Buildings.

MINUTES

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on April 24, 1956, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 24, 1956 only so far as to a request for minor changes and two additional gasoline storage tanks by adding thereto:

"that the minor changes in the arrangement of the gasoline service station and two additional 550 gallon approved storage tanks may be permitted as indicated on revised plans marked 'Received June 20, 1956,' (one sheet), as passed on by the Borough Superintendent under Alt. App. 1029/55 on condition that in all other respects the resolution above cited shall be complied with.'

* Correction—Name of applicant and owner corrected to read as stated above.

* CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on June 19, 1956, as they appeared in Bulletin No. 26, Vol. 41, are hereby corrected to read as follows:

577-39-SA

APPLICANT—Iron Fireman Corporation, owner.

SUBJECT—Application for consideration—reopened January 17, 1956 as to amendment to resolution as to additional models and marketing under additional trade names—re Iron Fireman Oil Burner, Model M and M3; previously approved.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 577-39-SA

Subject: Amendment to resolution as to additional models and marketing under additional trade names.

Iron Fireman Manufacturing Company requested by letter dated October 24, 1955 that the resolution adopted June 7, 1939 and amended through November 22, 1955 be amended so as to include additional models of oil burners and permission to market under additional trade names. The application was reopened by a vote of the Board January 17, 1956.

Purpose

The appliance is a gun-type pressure atomizing oil burner.

Description

The model M-2 is similar to the model M (approved by the Board June 7, 1939 under Cal. No. 577-39-SA) except that the capacity of the M2 ranges from 0.06 to 4.50 gph and the model M ranged from 1½ to 5 gph. The model M2 is now designated as model M-15, capacity 0.6 to 1.5 gph. Model M-25, capacity 1.0 to 2.6 gph, model M-35, capacity

2.0 to 3.5 gph. The model M-3 (approved by the Board November 22, 1955) is now designated M-60 capacity 3.0 to 6.0 gph. In all other respects the burners are similar to the model M-2 and M-3.

Recommendation

The Committee on Test recommends that the resolution adopted June 7, 1939 and amended November 22, 1955 under Cal. No. 577-39-SA be amended so as to include the Models M-15, M-20, M-30 and M-60 and further that these burners may be marketed under the additional trade names of Petro P.15, P.25, P.35 and P.60 on condition that the requirements of the resolution adopted June 7, 1939 under Cal. No. 577-39-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,

Chairman,

JOHN A. DARTS,

Assistant Engineer,

GEORGE F. SKLENARIK,

Assistant Engineer,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of June 7, 1939 through November 22, 1955 in accordance with the above report.

* Correction—Reference made to model numbers P.20 and P.30 is corrected to read "P.25 and P.35."

*CORRECTION

The Minutes of the meeting of the Board of Standards and Appeals held on February 15, 1956, as they appeared in Bulletin No. 8, Vol. 41, are hereby corrected to read as follows:

248-39-BZ

APPLICANT—Lester L. Callan, for *Michael S. Zaloom, owner, doing business as the O. K. Body and Fender Works.*

SUBJECT—Application for consideration—reopening as to an extension of term of variance—re Application (decision of the borough superintendent); previously granted on condition, under section 7i of the zoning resolution, permitting in a business use district the conversion of occupancy of an existing building to a motor vehicle repair shop.

PREMISES AFFECTED—41 Barker street, east side, 700 ft. north of Castleton avenue, Block 197, Lot 34, West New Brighton, Borough of Richmond.

APPEARANCES—

For Applicant: Lester L. Callan.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Connors 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on June 27, 1939, on certain conditions; and

WHEREAS, the resolution was amended on November 13, 1945 and June 26, 1951; and

WHEREAS, the term of variance was extended on November 13, 1945 and June 26, 1951; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 27, 1939, as thereafter amended by resolution adopted June 26, 1951 only

MINUTES

so far as it refers to the term of the variance, so that as amended this portion of the resolution shall read:

"... granted under Section 7, subdivision i for a term of five years from the date of this amended resolution, to permit; that other than as herein amended the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained." (Alt. App. 1459/39)

* Correction—Name of owner changed to "Michael S. Zaloom", owner, doing business as the O. K. Body and Fender Works, as indicated in italics.

* CORRECTION

The Minutes of the meeting of the Board of Standards and Appeals held on June 12, 1956, as they appeared in Bulletin No. 25, Vol. 41, are hereby corrected to read as follows:

880-54-BZ

APPLICANT—Harry A. Geller, owner.

SUBJECT—Application for consideration—reopening as to extension of time to complete—re Application (decision of the borough superintendent); previously granted on condition, under section 21 of the zoning resolution, permitting in a local retail use C area district, the erection and maintenance of a business structure (stores) using more than the area permitted and without the required rear yard at curb level.

PREMISES AFFECTED—728-A and B and 730-A and B East 233rd street, south side, 230.6 ft. east of White Plains road, Block 4846, Lot 54, Borough of The Bronx.

APPEARANCES—

For Applicant: Harry A. Geller.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Conolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 6, 1955, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 6, 1955 only as to the time within which to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Buildings, that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution." (N.B. App. 1210/54)

* Correction—Name of owner changed from "Tenrab Realty Corp." to "Harry A. Geller."

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure

to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

RULES

AMENDMENTS TO THE RULES FOR ERECTION, ALTERATION, REPAIR, EXCAVATION FOR AND DEMOLITION OF BUILDINGS

Adopted by The Board of Standards and Appeals,
October 26, 1943, Effective December 13, 1943;
Amended Oct. 14, 1955, Effective Nov. 10, 1955;
and Amended June 4, 1956, effective July 2, 1956.
(Cal. No. 784-41-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, (3) and (4) of The New York City Charter; Sections C26-189.0, C26-191.0, C26-504.0(a), and C26-689.0 of the Administrative Code

7.8.1 Design and Construction of Forms. The design and construction of forms shall conform to the following requirements:

7.8.1.1 Forms shall conform to the shape, lines, and dimensions of the member as called for on the plans. Forms shall be substantial and sufficiently tight to prevent leakage of mortar; and shall be properly braced or tied together so as to maintain position and shape and insure safety to workmen and passersby. Temporary openings shall be provided where necessary to facilitate cleaning and inspection immediately before depositing concrete.

7.8.1.2 Where the height of the shores exceeds ten feet, adequate diagonal bracing shall be provided in both longitudinal and transverse directions. In addition, adequate diagonal braces shall be provided at the ends of the framework. Diagonal bracing shall extend from the top to bottom of shores.

7.8.1.3 The unbraced length of wood shores supporting forms shall not exceed fifty times the least dimension. Metal shores or frames shall be approved by the Board of Standards and Appeals and shall be installed in accordance with the approval of the board. Shores shall be adequately secured at the top and shall be properly wedged at top or bottom, if required.

7.8.1.4 Where shores rest upon the ground, adequate mud sills, or other bases, shall be provided to support the shores adequately.

7.8.1.5 Qualified workmen shall be detailed constantly during the placing of concrete to insure that there is no movement of shores, braces or other supports. The name of the foreman in charge of the formwork shall be posted in the field office of the contractor.

7.8.1.6 The individual, firm or corporation who does the concrete work shall be responsible for the adequate design and construction of all forms used in the construction of the building. Wherever the shore height exceeds fourteen feet, or the load on the forms exceeds one hundred fifty pounds per square foot, or power buggies are used, or two stage shores are used, the individual, firm or corporation who does the concrete work shall certify to the department that the form design has been checked and approved as adequate by a licensed professional engineer who has had at least five years of experience as a structural engineer, and that the forms have been constructed in conformance with the design which was checked and approved by the said engineer.

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority CHAPTER 508 OF 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the powers conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

Labor Law

Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

Rule 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fire-resisting partitions, with all openings therein protected by self-closing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire-retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;
Boiler making;
Brick, terra cotta or artificial stone works;
Forge shops;
Foundries;
Iron, steel, brass or copper works;
Machine shops;
Smelting;
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;
(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

Notice of Hearing of Calendar.

Notice of Public Hearing on Proposed Amendments of
Oil Burner Rules.

Correction Affecting Calendar Number 42-56-BZ.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the administrative official either borough superintendent of buildings or fire commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

CALENDAR

DOCKET

New Cases filed up to September 4, 1956

571-56-BZ—B.B.—557-569 7th avenue and 373-393 20th street, northeast corner and 360-386 19th street, Block 887, Lots 1, 18 and 72, Borough of Brooklyn, N.B. 1248-56—re gasoline service station, offices, sales, lubrication, minor repairs, etc.; area excessive—unrestricted and business use district.

572-56-BZ—B.B.—1273-1283 Myrtle avenue and 618-634 Hart street, northeast corner, Block 3228, Lot 1, Borough of Brooklyn, N.B. 1307-56—re gasoline service station, minor repairs, store, lubritorium, etc.—business use district.

573-56-BZ—B.M.—335 West 49th street, north side, 275 ft. east of 9th avenue, Block 1040, Lot 12, Borough of Manhattan, Alt. 181-55—re change in use of 1st floor to iron works—retail use district.

574-56-A—B.M.—335 West 49th street, north side, 275 ft. east of 9th avenue, Block 1040, Lot 12, Borough of Manhattan, Amendment to Alt. 181-55—re exits.

575-56-BZ—B.B.—758 Flatbush avenue, west side, 130 ft. 6 in. south of Woodruff avenue, Block 5063, Lot 43, Borough of Brooklyn, Alt. 747-56—re area—retail use, C area district.

SEPTEMBER 11, 1956, 10 A. M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, September 11, 1956, at 10 o'clock in Room 1013, Municipal Building, Manhattan, on the following matters:

807-55-BZ

APPLICANT—Paul Trapani, for Peter and Patrick De Salvo, owners.

SUBJECT—Application October 17, 1955—re (decision of the borough superintendent) under sections 7c and 7i of the zoning resolution, to permit in a business use district the extension and maintenance of an existing gasoline service station, to include auto laundry and minor repairs.

PREMISES AFFECTED—4116 White Plains avenue, southeast corner of East 230th street, Block 4843, Lot 45, Borough of The Bronx.

Laid over from June 19, 1956 to July 10, 1956 for inspection and decision; hearing closed; then to July 24, 1956, for inspection and decision; then to September 11, 1956 for applicant to file revised plans as to new accessory building.

910-54-BZ

APPLICANT—Maxfield Blaubeux, for Aaron and Michael Berg, owners (Herman and Barney Antonoff, lessees).

SUBJECT—Application December 1, 1954—re (decision of the borough superintendent) under sections 6, 7A, c, d

and 21 of the zoning resolution, to permit partly in a residence use district and partly in a retail use district the change of occupancy and rearrangement of facilities from auto laundry and greasing pit on the outside to lubricatorium in the building and omission of auto laundry.

PREMISES AFFECTED—1847-1851 East 5th street, east side, 80 ft. 2½ in. north of Kings highway, Block 6662, Lot 42, Borough of Brooklyn.

Laid over from July 10, 1956 to July 24, 1956, for inspection and decision; hearing closed; then recessed from July 24, 1956, to July 26, 1956, for inspection and decision; then to September 11, 1956, for applicant to file revised plans, eliminating the two greasing pits and the repair work on inside of the building, reduce the curb cut; and show on plan the erection of the two new pumps set back 15 feet, if possible.

698-52-BZ

APPLICANT—Michael A. Cardo, for Silvestro Castelli, owner.

SUBJECT—Application reopened July 17, 1956 for consideration as to extension of time to complete, expired November 4, 1954—re (decision of the borough superintendent) previously granted on condition under section 7e of the zoning resolution, permitting in a residence use district the change in occupancy and extension of existing dwelling to a restaurant and refreshment stand for a term of five years.

PREMISES AFFECTED—1940 Bruckner boulevard, south side, 347 ft. east of White Plains road, Block 3677, Lot 62, Borough of The Bronx.

2-52-BZ

APPLICANT—Harry Soled, for Wilroth Realty Co., Inc., owner (Harry-Martin, Inc., lessee).

SUBJECT—Application reopened July 17, 1956 for consideration as to extension of time to complete, expired July 17, 1953—re (decision of the borough superintendent) previously granted on condition under section 21 of the zoning resolution, to permit in a business use, C area district, the extension on first floor using more than the area permitted.

PREMISES AFFECTED—1221 Quentin road, north side, 19 ft. 9½ in. west of East 13th street, Block 6775, Lot 39, Borough of Brooklyn.

803-26-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Benjamin Siegel, owner.

SUBJECT—Application reopened January 18, 1955 as Vol. III—re (decision of the borough superintendent) under sections 7c and 7i of the zoning resolution, to permit in a business use district, the proposed alteration and extension of existing service station, office and parking of more than 5 cars, sale of used cars to gasoline service station, office and sales, lubricatorium, automobile repairing, body and fender work, incidental painting and spraying of motor vehicles, with frame automatic sign above roof level.

PREMISES AFFECTED—5238-5260 Kings highway, west side, 300 ft. 8¼ in. south of Farragut road, Block 7969, Lots 65, 66 and 71, Borough of Brooklyn.

129-55-A

APPLICANT—Lama, Proskauer and Prober, for Benjamin Siegel, owner.

SUBJECT—Application February 15, 1955—Appeal from a decision of the borough superintendent—re building line, wood sign.

PREMISES AFFECTED—5238-5260 Kings highway, west side, 300 ft. 8¼ in. south of Farragut road, Block 7969, Lots 65, 66 and 71, Borough of Brooklyn.

753-41-BZ—Vol. II

APPLICANT—Julius S. Rapson, for John Scavone, d/b/a Paris Auto Body, owner.

CALENDAR

SUBJECT—Application reopened February 27, 1951 as Vol. II—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a local retail use district the extension of existing building to be used for auto body repairs, on existing gasoline service station, auto repair shop, ignition, battery and brake service.

PREMISES AFFECTED—185-21 Merrick boulevard, north side, 146.98 ft. east of Montauk street, Block 12711, Lot 18, Springfield Gardens, Borough of Queens.

118-48-BZ—Vol. III

APPLICANT—Leonard F. Rothkrug, for Pert Realty Corp., owner.

SUBJECT—Application reopened October 11, 1955 as Vol. III—re (decision of the borough superintendent) under sections 7f, 7i, 7h and 21 of the zoning resolution, to permit in a business use district the extension of the mezzanine and increase of building use to include 2-550 gal. gasoline pumps, storage of more than 5 motor vehicles, major repairing of motor vehicles, repairing of radiators and adjustment of new parts dealt in by lessee, including all heavy and general repairing, storage and sale of auto parts, loading and unloading and customer and employee parking.

PREMISES AFFECTED—150-15 Hillside avenue, north side, 110 ft. east of 150th street, Block 9706, Lot 91, Jamaica, Borough of Queens.

558-52-BZ

APPLICANT—Simon B. Zelnik, for Government of Israel, owner.

SUBJECT—Application July 22, 1952—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, proposed use of residence building for offices of U. N. Delegation and Consul General of the State of Israel.

PREMISES AFFECTED—11 East 70th street, north side, 123 ft. west of Madison avenue, Block 1385, Lot 12, Borough of Manhattan.

PREMISES AFFECTED—24-23 Parsons boulevard and 145-07 Willets Point boulevard, northeast corner, Block 4641, Lot 1, Flushing, Borough of Queens.

10-56-BZ

APPLICANT—Raymond Irrera, for Rebann Laundry Corp., owner.

SUBJECT—Application January 11, 1956—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district the change in use of an existing dwelling to offices.

PREMISES AFFECTED—32-78 47th street, west side, 119.12 ft. north of 34th avenue, Block 722, Lot 70, Long Island City, Borough of Queens.

11-56-A

APPLICANT—Raymond Irrera, for Rebann Laundry Corp., owner.

SUBJECT—Application January 11, 1956—Appeal from a decision of the borough superintendent, re use of frame building—offices.

PREMISES AFFECTED—32-78 47th street, west side, 119.12 ft. north of 34th avenue, Block 722, Lot 70, Long Island City, Borough of Queens.

68-56-BZ

APPLICANT—Paul Friedman, for Edward J. Blumberg, Ira Blumberg and Etta Blumberg, Executors of the Estate of Julius Blumberg, owners.

SUBJECT—Application January 30, 1956—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district the erection and maintenance of a gasoline service station, lubricatorium, minor repairs with hand tools only, car washing (non-automatic), office, storage and sale of auto accessories, parking and storage of more than 5 motor vehicles awaiting service, for a term of 15 years; proposed station partially in the bed of a mapped street.

PREMISES AFFECTED—142-18 to 142-20 Rockaway boulevard and 126-01 to 126-09 142nd street, southeast corner, Block 12059, Lot 7, South Ozone Park, Borough of Queens.

69-56-A

APPLICANT—Paul Friedman, for Edward J. Blumberg, Ira Blumberg and Etta Blumberg as Executors of Estate of Julius Blumberg, owners.

SUBJECT—Application January 30, 1956—filed pursuant to section 35, General City Law re premises in bed of mapped street—142nd street.

PREMISES AFFECTED—142-18 to 142-20 Rockaway boulevard and 126-01 to 126-09 142nd street, southeast corner, Block 12059, Lot 7, South Ozone Park, Borough of Queens.

95-56-BZ

APPLICANT—Ervin Palmer, for 85 Lewis Street Realty Inc., owner.

SUBJECT—Application February 10, 1956—re (decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a retail and residence use district a proposed garage for five (5) motor vehicles (trucks) on a lot partly in a residence use district is not permitted in a residence use district by Art. II, Sec. 3 of the Zone Resolution. Proposed 100% coverage of an interior lot by a garage partly within a residence use district and wholly in a C area district is not permitted by Art. IV, Sec. 13b of the Zone Resolution.

PREMISES AFFECTED—111 Madison street, north side, 85 ft. west of Market street, Block 277, Lot 19, Borough of Manhattan.

119-56-BZ

APPLICANT—William A. Giesen, for Frank Gaudio, owner.

SUBJECT—Application February 17, 1956—re (decision of the borough superintendent) under section 21 of the zoning resolution, to permit partly in a C area and partly in an E-1 area district, the conversion of a two family dwelling to a 3 family multiple dwelling.

PREMISES AFFECTED—1150 Neill avenue, south side, 75 ft. east of Williamsbridge road, Block 4274, Lot 4, Borough of The Bronx.

263-56-BZ

APPLICANT—Charles A. Buckley, Jr., for A. Paul Toschi, owner.

SUBJECT—Application April 9, 1956—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the erection of a gasoline service station, lubricatorium, car washing, auto sales and parking of patrons' cars.

PREMISES AFFECTED—3490-3498 Boston road and 3375-3381 Eastchester road, southwest corner, Block 4743, Lot 5, Borough of The Bronx.

377-56-BZ

APPLICANT—George H. Colin, for Cities Service Oil Co., owner.

SUBJECT—Application May 22, 1956—re (decision of the borough superintendent) under sections 7A, 7b, 7c, 7i and 21 of the zoning resolution, to permit partly in a retail and partly in a residence use district the reconstruction of an existing gasoline service station and the extension of the gasoline station area to cover the entire lot substantially all of which is now used for that purpose.

PREMISES AFFECTED—156-05 Rockaway boulevard, southeast corner of South Conduit avenue, Block 13267, Lot 24, South Jamaica, Borough of Queens.

463-56-BZ

APPLICANT—Paul Friedman, for A. Schuyler Clark, John T. Harrison, Jr., John M. Perry, Frances R. Brooks, Alexandra E. Whitney, Patricia Wood Harrison, Floyd H. Winslow, Virginia H. and John Whitridge, Jr., and Fiduciary Trust Co. of New York, trustee, Mathilda L. Perry and Oliver H. Perry owners.

SUBJECT—Application June 29, 1956—re (decision of the borough superintendent) under sections 7f, 7h and 7i of the zoning resolution, to permit in a retail use district the erection of a gasoline service station with accessory uses of car washing, minor motor vehicle repairs, sales of accessories and parking of cars awaiting service.

PREMISES AFFECTED—35-02 to 35-10 (35-06 official) Junction boulevard and 95-08 to 95-16 35th avenue, southwest corner, Block 1469, Lot 10, Elmhurst, Borough of Queens.

497-56-BZ

APPLICANT—William J. Calise, for Michael De Matteo, owner.

SUBJECT—Application July 12, 1956—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the use of a vacant lot for the parking of more than five (5) motor vehicles.

PREMISES AFFECTED—294-296 East 3rd street, south side, 277 ft. east of Avenue C, Block 372, Lots 20 and 21, Borough of Manhattan.

522-56-BZ

APPLICANT—Simeon Heller, and George J. Meltzer, for Richie, Brown and Donald, Inc., owner.

CALENDAR

SUBJECT—Application July 23, 1956—re (decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit on a lot partly in a business use and partly in a residence use district the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—53-20 to 53-22 Flushing avenue and 60-02 to 60-36 54th street, southwest corner and 53-23 to 53-33 Nurge avenue, Block 2633, Lots 11, 14, 23 and 25, Maspeth, Borough of Queens.

542-56-BZ

APPLICANT—William Calise, for Sanford Main Shopping Center, Inc., owner (Shell Oil Co., lessee).

SUBJECT—Application July 19, 1956—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a restricted retail use district the erection of a business sign on the roof of a building under construction.

PREMISES AFFECTED—41-70 Main street, southwest corner of Sanford avenue, Block 5121, Lot 23, Flushing, Borough of Queens.

HARRIS H. MURDOCK, *Chairman.*

OCTOBER 2, 1956, 2 P. M.

NOTICE IS HEREBY GIVEN of a public hearing *Tuesday afternoon, October 2, 1956*, at 2 o'clock in Room 1013, Municipal Building, Manhattan, on the following matter:

101-55-A

APPLICANT—Samuel Rosenblum, for 89 Nassau Street Corp., owner.

SUBJECT—Application February 4, 1955—re Appeal from a decision of the borough superintendent—egress.

PREMISES AFFECTED—87-89 Nassau street, southwest corner of Fulton street, Block 79, Lot 1, Borough of Manhattan.

HARRIS H. MURDOCK, *Chairman.*

OCTOBER 9, 1956, 10 A. M.

NOTICE IS HEREBY GIVEN of a public hearing *Tuesday morning, October 9, 1956*, at 10 o'clock in Room 1013, Municipal Building, Manhattan, on the following matters:

870-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Joseph Stumer, owner.

SUBJECT—Application November 3, 1955—re (decision of the borough superintendent) under sections 7f, 7i and 7A of the zoning resolution, to permit in a retail use district the erection and maintenance of a gasoline service station, lubritorium, car wash, minor auto repairs, office and sales, storage room, parking and storage of motor vehicles, proposed show window and signs within 75 ft. of the residence use district.

PREMISES AFFECTED—5402-5412 Church avenue and 261-271 East 54th street, southeast corner, Block 4702, Lot 1, Borough of Brooklyn.

47-56-BZ

APPLICANT—Lama, Proskauer and Prober, for Samuel Freedman, owner.

SUBJECT—Application January 25, 1956—re (decision of the borough superintendent) under sections 7f, 7i, 7h and 7A of the zoning resolution, to permit in a business and

residence use district the erection and maintenance of a gasoline service station, lubritorium, storage, car washing, minor auto repairs, office, sales, parking and storage of motor vehicles; show window and signs within 75 ft. of the residence use district.

PREMISES AFFECTED—7813-7823 18th avenue and 1801-1811 79th street, northeast corner, Block 6261, Lot 1, Borough of Brooklyn.

192-56-BZ

APPLICANT—Lama, Proskauer and Prober, for Kathleen Wilson Bebis, owner.

SUBJECT—Application March 13, 1956—re (decision of the borough superintendent) under sections 7f, 7h, 7i and 7A of the zoning resolution, to permit in a retail and residence use district the erection and maintenance of a gasoline service station.

PREMISES AFFECTED—3902-3906 Church avenue and 249-253 East 39th street, southeast corner, Block 4893, Lots 1, 3 and 4, Borough of Brooklyn.

674-54-A

APPLICANT—Leonard F. Rothkrug, for Bessie Marsala, owner.

SUBJECT—Application July 30, 1954—re Appeal from a decision of the borough superintendent—construction and exits.

PREMISES AFFECTED—111-117 Bay 50th street, southeast corner of West 17th street, Block 6924, Lot 53, Borough of Brooklyn.

HARRIS H. MURDOCK, *Chairman.*

OCTOBER 9, 1956, 2 P. M.

NOTICE IS HEREBY GIVEN of a public hearing *Tuesday afternoon, October 9, 1956*, at 2 o'clock in Room 1013, Municipal Building, Manhattan, on the following matters:

648-53-A

APPLICANT—Moritz Simon, for Robert Leith and William C. Browning, owners (Charles Wilson, Inc., lessee).

SUBJECT—Application August 13, 1953—re Appeal from a decision re an order of the fire commissioner—manufacture of inflammable or combustible mixture.

PREMISES AFFECTED—109 West 17th street, north side, 125 ft. west of Avenue of the Americas (6th), Block 793, Lot 30, Borough of Manhattan.

432-55-A—Vol. II

APPLICANT—Leonard F. Rothkrug, for Belfan Building Corp., owner.

SUBJECT—Application reopened July 10, 1956 as Vol. II—re Appeal from a decision of the borough superintendent—cellar egress.

PREMISES AFFECTED—8-12 Forrest street, south side, 97 ft. east of Bushwick avenue, Block 3145, Lot 12, Borough of Brooklyn.

960-55-A

APPLICANT—Joseph Mitchell, for General Time Corporation, owner.

SUBJECT—Application December 1, 1955—re Appeal from a decision of the fire commissioner—smoking in factory.

PREMISES AFFECTED—107-109 Lafayette street and 98 Walker street, northeast corner, Block 197, Lot 30, Borough of Manhattan.

HARRIS H. MURDOCK, *Chairman.*

PUBLIC HEARING

PROPOSED AMENDMENTS OF OIL BURNER RULES

NOTICE IS HEREBY GIVEN that a public hearing will be held by the Board of Standards and Appeals on Friday morning, September 14, 1956 at 10 A.M., in Room 1013, Municipal Building, Manhattan, on Proposed Amendments of Oil Burner Rules.

Matter in *italics* is new; matter in brackets [] old matter to be deleted. Only such rules as are proposed to be amended are published.

OIL BURNER RULES (217-21-SR)

RULES COVERING THE INSTALLATION AND USE OF OIL BURNING EQUIPMENT AND THE STORAGE OF OILS USED IN CONNECTION THEREWITH

Adopted by the Board of Standards and Appeals June 15, 1934, Amended July 12, 1935, January 28, 1936, December 4, 1936, July 1, 1941, June 15, 1948 and July 13, 1951, effective August 13, 1951.

(Superseding Fuel Oil Rules adopted by the Board of Standards and Appeals, November 6, 1919; amended January 6, 1922; January 18, 1924; November 3, 1926; September 11, 1928; January 11, 1929; March 20, 1931; May 12, 1931; November 24, 1931; May 10, 1932; June 24, 1932; November 4, 1932).

Authority: Section 666, paragraph 2 of the New York City Charter and C19-57.0 Administrative Code.

Rule 2. Definitions.

- 2.6 CONTROLS: Such electrical or mechanical devices as are installed for the purpose of providing safe and continuous *or intermittent* operation.
- 2.10 ELECTRICALLY GROUNDED: For protection against lightning shall mean storage tanks set directly in or on the ground and/or with underground piping connections. Where storage tanks without underground piping connections are built on bases above the surface of the earth *outside of buildings*, such storage tanks shall be grounded at two (2) points 180° (degrees) apart as follows:
- 2.14 INDUSTRIAL INSTALLATIONS: Oil burner installations for industrial purposes[.] *under same requirements as for Commercial Installations.*

Rule 3. Oil Permitted.

- 3.1 Oil permitted under these rules shall be any hydrocarbon oils free from acid, grit and fibrous or other foreign matter. The fuel oils shall be classified as provided in *current* Commercial Standard [CS12-38] published by the U. S. Department of Commerce, and shall have a flashpoint not lower than 100 degrees Fahrenheit when tested in a Pensky-Martens closed cup tester (American Society for Testing Materials Method D-93-36) and marketed under the following commercial grades:

{	Range Oil
{	No. 1 Fuel Oil
	No. 2 " "
	No. 4 " "
	No. 5 " "
	No. 6 " "

Rule 4. Standards for Approval of Oil Burners by the Board.

- 4.1 Approved burners, including oil-burning heaters, shall be an assembly of approved parts *and electrical controls* suitable for use with each other for the service intended, as approved, such burners shall be provided with suitable safeguards to prevent abnormal discharge of oil.

Rule 6. Location of Tanks.

6.1 Inside of Buildings, Above Ground.

- 6.1.2 Storage tanks having a capacity of more than two hundred and seventy-five (275) gallons, when installed inside of buildings shall be located on the lowest floor level and all portions of such tanks above the floor shall be protected by [a continuous jacket of] not less than four inches (4") of *masonry* [Portland cement concrete reinforced with not less than No. 20 gauge steel wire cloth 2" x 2" mesh, and extending at least four inches (4") beyond the horizontal outline of tank in all directions], with weep holes along the bottom one inch in diameter not more than 3 ft. apart. *The masonry walls of a structure may be used as part of the protection.*

[Each storage tank] *Storage tanks* may be placed in a protective enclosure having solid masonry walls not less than eight inches (8") in thickness and of dimension not less than fifteen (15") greater on all sides than the outside dimensions of the storage [tank] *tanks*. The walls of enclosure shall be carried up to a height not less than two feet (2') above the top of the tank[.] *or to the ceiling where the ceiling is less than two feet (2') above the top of the tank.* A fireproof access door shall be installed in the enclosure above the point where the enclosure has a capacity equal to the *largest tank*[;] *installed*, and for each additional 10 feet or fraction thereof by which the longest inside dimension of the enclosure exceeds 35 feet an additional fireproof access door shall be similarly installed at one or more intervals of not less than 10 feet.

Columns, pipes, or similar obstructions, may project into the required fifteen inches (15") of space within the enclosure, provided that access door or doors are so arranged that all portions of the enclosure are accessible. The ceiling above the tank enclosure shall be either fireproof or fire-retarded.

6.3 Outside of Buildings, Below Ground.

- 6.3.3 All buried storage tanks [larger than two hundred and seventy-five (275) gallons,] prior to or at the time of installation, shall be thoroughly cleaned and coated on the outside with two (2) coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting material. All tanks shall be electrically grounded.

6.4 Outside of Buildings, Above Ground.

- 6.4.1 Storage tanks of a capacity greater than 275 gallons located outside of buildings above ground shall be not less than one and one-quarter (1¼) tank diameters and in no case less than ten feet (10') from the line of adjoining property, the nearest building or adjacent tank. Such tanks shall be electrically grounded. The maximum capacity of individual tanks located outside of buildings above ground shall be fixed by the following schedule:

If distant 25 feet from line of adjoining property which may be built upon.....	16,000 gallons
If distant 30 feet.....	24,000 "
If distant 40 feet.....	36,000 "
If distant 50 feet.....	48,000 "
If distant 60 feet.....	60,000 "
If distant 75 feet.....	96,000 "
If distant 85 feet or more..	100,000 "

- 6.4.1.1 *Two hundred and seventy-five (275) gallon*

PUBLIC HEARING

tanks shall be located so as not to interfere with or obstruct any means of egress.

- 6.4.3 All above ground storage tanks [larger than two hundred and seventy-five (275) gallons], prior to or at the time of installation, shall be thoroughly cleaned and coated on the outside with two (2) coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting materials. All tanks shall be electrically grounded. *All above ground two hundred and seventy-five (275) gallon tanks shall be protected against injury in a manner satisfactory to the Administrative Official.*

6.5 Tanks Located Along Line of Subways.

- 6.5.1 Along the line of subways no *buried* tank shall be placed within twenty feet (20') [of any wall,] *from the outside line of the subway wall*, [separating a building from the subway,] and, where practicable, tanks shall be placed in a lower position than the roadbed of the subway, except as may be modified in specific instances by the Board of Standards and Appeals. *Where an above ground tank within a building is located within the outer lines of the subway, or within twenty feet (20') from the outside line of the subway wall, such tank shall be placed within a welded steel oil-tight pan of not less than 18 gauge metal of adequate capacity to contain the contents of the tank.*

Rule 7. Piping.

7.2. Relief Valves.

- 7.2.2 Oil preheaters shall be of approved type and provided with a relief *or pressure regulating valve in the piping system* to prevent excessive oil pressure. Oil preheaters shall not be installed in the steam or water space of the boiler and shall be so designed that in the event of oil leakage within the preheater, the oil shall be prevented by an approved method from entering the water or steam circulation system. *Water piping connection shall be equipped with a blow-down system providing positive flushing of the water side of the preheater. Two (2) thermometers shall also be installed, one on the intake oil line of the preheater and the other on the discharge oil line.*
- 7.2.3 Relief valves shall be set to discharge at not more than one and one-half (1½) times the maximum working pressure of the system. The discharge from relief valves shall be returned to storage tank or to the supply line. *Pressure regulating valves and viscosity valves are not included within the scope of this subdivision.* There shall be no shut-off valve in the line of relief.

7.3 Vent Pipes.

- 7.3.4 Vent pipes shall be provided with an *approved* weatherproof hood *having a free area of not less than the pipe size area* and shall terminate outside the building not less than two feet (2') from any building opening and not less than two feet (2') nor more than twelve feet (12') above the fill pipe terminal, except as may be otherwise approved by the Board. When such openings are fixed and constructed of incombustible materials they shall not be deemed openings within the intent of this rule. If the vent pipe terminal is not visible from the fill pipe terminal location, a one-inch (1") line shall be connected to tank and shall paral-

lel the fill pipe and terminate at the fill pipe terminal with unthreaded end. Such tell-tale lines shall be provided with a check valve set to prevent flow of surface water to storage tank.

Rule 7.4 Fill Pipes.

- 7.4.1 Fill pipe shall terminate outside the buildings with the fill pipe terminal located at or above grade at least two feet (2') [of] *from any building opening [or] and five feet (5') from any subway grating*, at or below the level of the fill pipe terminal. No fill pipe shall be less than two inches (2") in diameter [...], *and no fill pipe for #6 oil shall be less than three inches (3") in diameter. The fill pipe terminal shall be located within three feet (3') of the curb, unless otherwise required by the Highway Department or the Transit Authority. Where there are facilities for the delivery tank truck to drive onto the premises, the fill pipe terminal may be located elsewhere than at the curb provided that the location complies with the other requirements of this rule.*

- 7.4.3 Where the top of the storage tanks is above the fill pipe terminal the fill pipe shall be connected to the top of the tank and be provided with a shut-off valve and swing check valve which shall be located at the fill pipe terminal [...], *or the shut-off valve may be located inside the building at or below the level of the fill pipe terminal, in an accessible location.*

Rule 8. Valves and Control of Oil Flow.

- 8.2 Each supply line for storage tanks of more than two hundred and seventy-five (275) gallons' capacity, shall be provided with a shut-off valve at the burner and where the top of the tank is above the oil inlet connection to the burner and/or transfer pump, shall be provided with an approved anti-syphon device located at the highest point in the supply line, except that where heavy oil (No. 6 Commercial Standard Grade) having a viscosity of one hundred (100) seconds or more Saybolt Furol at one hundred and twenty-two degrees Fahrenheit (122° F.) is used, the anti-syphon device shall not be required. *No anti-syphon device shall be required where a foot valve is installed at the inlet of the suction line.*

Rule 10. Permits, [Plants], Plans, Inspection and Tests of Storage Tanks and Piping.

10.1 Permits.

- 10.1.2 Application for permit shall be made *and fee covering the permit as per Rule 10.4.1 be paid within ten days after the completion of the installation* by the installer who holds a certificate of license issued by the Fire Commissioner, on forms furnished by the Fire Commissioner [and] *which shall [provide for] include the location of the building in which the installation [is to be] has been made, name and address of owner and/or occupant, name and address of installer, make and approval number of burners, pumps and other devices, capacity, number and location of storage tanks, together with approval of such [proposed] installation by the Borough Superintendent of Buildings when required under Rule 10.2.*

- 10.1.3 No permit shall be issued by the Fire Commissioner until [the installation has been inspected by his representative and the installer has furnished an affidavit] *the installer has furnished an affidavit that the installation*

PUBLIC HEARING

complies with all requirements, and that the CO₂ content of the flue gas by actual test of the completed installation is not less than 8 per cent without smoking.

10.3 Inspection and Tests of Installations of Storage Tanks and Piping.

10.3.1 All fuel oil storage tanks and piping installed as required to be tested by these Oil Burner Rules, shall after installation, except as indicated in this section, be tested by the installer in the manner and to the pressures set forth in this section, and proved tight before any fuel oil system shall be placed in operation. A sworn statement by the installer in proper affidavit form attesting to such installation and test shall be filed with the Fire Commissioner. [and a copy thereof be posted in the boiler room.]

(See Sections of the Administrative Code C19-19, as amended by Local Law 46 of 1951 and C19-152).

Rule 12. Ventilation.

12.1 No burner shall be installed in any boiler, heater, range or stove unless each boiler, heater, range or stove be connected to a legal chimney, complying with Article [11] 12 of the [Administrative] Building Code, except that [in high pressure mercantile and industrial plants] several units may be connected to a *common* [boiler room stack] chimney.

12.2 Adequate ventilation, at least equivalent to area of the smoke pipe at the point where it enters the flue, shall be provided in all rooms in which burners are installed[.], *except that in commercial installations the area for natural fixed ventilation shall be at least equivalent to eight (8) square inches for each gallon of oil for which the fuel burning equipment is rated. Where the fixed ventilation is supplied mechanically and electrically interlocked with the burner, at least the equivalent of two (2) square inches for each gallon of oil for which the fuel burning equipment is rated, shall be provided.*

12.3 Dampers shall be so constructed that they cannot completely cut off the passage of flue gases at any time[.]. [and on all installations in one and two family dwellings on approved automatic draft control of the same size as the cross-sectional area of the pipe or breaching shall be installed in the breaching or flue pipes.] *Approved automatic draft controls may be installed when necessary to provide proper draft where the draft is excessive.*

Rule 14. Fire Protection.

14.6 Oil burning devices designed for installation with storage of not more than six (6) gallons shall be [firmly anchored to the floor,] set level and *firmly anchored*. The floor beneath [the] stoves or any such heating devices *shall be protected by a shield of 1/2" asbestos or equivalent extending at least twelve inches (12") beyond the projected area of such device where required within the specific approval of each burner. Approved safety cans only shall be used for the storage and filling of oil con-*

tainers. The fuel oil used for these burners shall be range oil or No. 1 or No. 2 fuel oil. The manufacturer or installer of these burners shall within 48 hours after each installation notify the Fire Department in writing of the name of the person to whom this burner is sold and the address of the premises where installed.

14.7 Near each boiler, [or] furnace *or suspended* [of a] fuel oil-burning unit there shall be [kept ready for use fire extinguishing equipment of not less than two quart capacity approved as suitable for oil fires or not less than two pails of sand, the pails to have rounded bottom.] *immediately available one (1) approved hand fire extinguisher of not less than two quart capacity suitable for oil fires or two (2) rounded bottom pails filled with sand.*

Rule 15. Instruction Cards and Certificate of Fitness.

15.2 *Except as provided in Rule 15.2.1 every* [Every] heating system in which the oil is preheated or systems not fully automatic when operating shall be under the direct supervision of a person holding a certificate of fitness issued by the Fire Commissioner and who shall be in the building at all times while the burners are in operation, except, that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941, under the provisions of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burners" shall not be required to obtain such certificate.

15.2.1 *The provisions of Rule 15.2 shall not apply to heating systems in residential occupancies where the building or the building units are contiguous on a site or plot under common ownership, and when such systems are equipped with approved, fully automatic, self-checking electrical safety controls which will shut down the system or systems within five (5) seconds following oil flame failure. The collective number of such heating systems, while in operation, shall be under the care and supervision of one person holding a certificate of fitness issued by the Fire Commissioner and who is regularly employed on full time, and resides on the premises, and whose employment has as one of its purposes the operating and maintenance of the oil burner, except that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941 under the provisions of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burner" shall not be required to obtain such certificate. The safety controls shall be reset for burner operation only by the person holding the certificate of fitness or license referred to in this section, or by an installer holding a certificate of license issued by the Fire Commissioner for the installation of such oil burning equipment.*

MINUTES

*CORRECTION

The Minutes of the meeting of the Board of Standards and Appeals held on July 24, 1956, as they appeared in Bulletin No. 31, Vol. 41, are hereby corrected to read as follows:

42-56-BZ

APPLICANT—Paul Friedman, for Carmine A. Ventiera and Anne Reimer, as Executors of the Estate of Catherine J. Haubt, owner.

SUBJECT—Application January 23, 1956—re (decision of

MINUTES

the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubritorium, minor repairs (hand tools only), auto washing (non-automatic), office, storage and sales of auto accessories, parking for more than 5 motor vehicles.

PREMISES AFFECTED—1-9 Euclid avenue and 790-794 Jamaica avenue, southeast corner, Block 4105, Lot 30, Borough of Brooklyn.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Euclid avenue are in a business use, C area, class 1 height district; Jamaica avenue is in business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated January 9, 1956 acting on N.B. Applic. 2861-55 reads:

"1. Proposed building and premises, in a Business zone, to be used for Gasoline service, lubritorium, minor repair (hand tools only) auto washing (non automatic) office, storage and sales of auto accessories; parking for more than 5 cars waiting to be serviced. is contrary to Article II, P. 4-a, subsections 29 & 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 53 ft. 3 in. frontage by 78 ft. 6 in. in depth, on which is located a one family dwelling and garage, to be demolished; that it is proposed to erect a modern gasoline service station, lubritorium, minor repairs with hand tools only, auto washing, non-automatic, office, storage and sales of auto accessories and parking for more than five cars awaiting service; and

WHEREAS, the applicant states that the subject premises consists of a corner lot having a frontage of 53 ft. 3 in. on Jamaica avenue and 78 ft. 6 in. on Euclid avenue, on which is constructed an old dilapidated and vacant two story frame building and garage; that the frame building was erected prior to 1906 and was used for store and hotel; that in 1906 under Alt. 146-1906 an extension was added to the existing building and the building was used for store and boarding house; that on July 23, 1928 certificate of occupancy No. 51716 was issued for a one car private garage as accessory to dwelling on front of plot; that the premises have been vacant and in an uninhabitable condition for at least the past five years; and

WHEREAS, the applicant contends that there is no economic demand for the use of the subject premises for a conforming use store development as the store facilities located nearby adequately serve the neighborhood, and the area to the north and opposite the subject premises is used for cemetery purposes, which precludes any residential support; that there is a demand for the use of the subject premises as proposed, because it is located along Jamaica avenue which sustains a substantial volume of through traffic and also because Jamaica avenue and Cypress Hill road, which commences where Euclid avenue terminates at Jamaica avenue, are heavily trafficked streets, and because the proposed use would yield a reasonable return on the owner's investment; that a grant of the instant application would benefit the surrounding neighborhood because it would

result in the removal of the existing, uninhabitable frame building which is an eyesore and represents a potential fire hazard; that a grant of this application would not adversely affect the surrounding area; that to the north and opposite the subject premises the area is devoted to cemetery purposes; that the balance of the block front, Block 4105, to the east of the premises is zoned for business and unrestricted use, the unrestricted use being within 100 ft. on Crescent street, and is largely developed with uses which would only be permitted as a matter of right in an unrestricted or manufacturing use district, such as cemetery monument works on lots 32, 41, 43 and 44 and garage and gas station on lot 34, so that the use as proposed would be harmonious with the existing uses; that to the west and opposite the subject premises the property is zoned for business use and is extensively used for cemetery monument works, block 4104, lots 30, 31, 32 and 35, and factory on lot 24; that the adjoining property to the south, which is located in a business use district, will be buffered and protected by the proposed erection of a 5 ft. 6 in. high brick fence wall along the entire southerly lot line of the subject premises and for a distance of 10 ft. along the easterly lot line, to the wall of the proposed building; that both sides of Euclid avenue, south of Jamaica avenue are zoned for business use for the entire block, except within 100 ft. of Etna street; that a grant of this application would provide more light and ventilation for surrounding properties because the proposed structure would occupy considerably less area and bulk than a conforming use structure; that it would promote public safety because the proposed structure would decrease traffic hazards which are incident to the development of buildings flush to the building lines at corners and which thereby create blind intersections; that the proposed structure would be set back from the Jamaica and Euclid avenue building lines, giving clear visibility to traffic at the intersections; and

WHEREAS, the applicant requests that this application be granted for a term of 15 years subject to such conditions as the Board may deem appropriate; and

WHEREAS, the applicant states that the present owner has held title to the property since November 1, 1926; December 4, 1934; April 18, 1953 and April 5, 1955; that the assessed valuation of land is \$8,500 and of the building \$1,500 making a total of \$10,000; that the building was erected prior to 1906; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee noted the peculiar zoning of Euclid avenue and recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f, for a term of 15 years to permit the site to be occupied as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received January 23, 1956", 4 sheets, and "January 27, 1956", one sheet, *on condition* that all buildings and uses on the premises shall be removed; that the premises shall be levelled substantially to the grade of Jamaica avenue and Euclid avenue; that the premises shall be constructed and arranged as indicated on such plans; that the accessory building shall be of the design and arrangement as shown and faced with face brick; that there shall be erected on the interior lot lines where walls of adjoining buildings or of the proposed building do not occur, a woven wire fence of the chain link type erected on a masonry base to a total height of 5 ft. 6 in. with suitable terminating posts at the building line, except that on the side lot line to the east as shown there shall be erected a masonry wall not less than 5 ft. 6 in. in height and such wall shall be continued along the southerly lot

MINUTES

line; that there shall be no windows in the accessory building facing the adjoining premises; that in all other respects the building shall comply with the requirements of the Building Code; that pumps shall be of a low approved type and erected not nearer than 15 ft. to either street building line; that gasoline storage tanks shall not exceed eight 550 gallon approved tanks; that curb cuts shall be restricted to two curb cuts on Jamaica avenue, each 15 ft. in width and two curb cuts to Euclid avenue each 25 ft. in width; that no portion of any curb cut shall be nearer than 5 ft. to a side lot line as prolonged; that at the intersection of Jamaica avenue and Euclid avenue there shall be a block of concrete extending for a distance of five feet along the lot line from such intersection and not less than 12 inches in height; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that where not occupied by accessory building and pumps, the open area where not built upon shall be paved with concrete or asphaltic pavement; that sidewalks and curbing abutting

the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the facade of the accessory building and the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the intersections of a post standard for supporting a sign, which may be illuminated, advertising the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that under Section 7i there may be minor repairing maintained solely within the accessory building with hand tools for adjustments only; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction—"Pitkin" avenue corrected to read "*Euclid*" avenue, as indicated in italics in the resolution and the word "not" deleted in the second line of the resolution.

RULES

AMENDMENTS TO THE RULES FOR ERECTION, ALTERATION, REPAIR, EXCAVATION FOR AND DEMOLITION OF BUILDINGS

**Adopted by The Board of Standards and Appeals,
October 26, 1943, Effective December 13, 1943;
Amended Oct. 14, 1955, Effective Nov. 10, 1955;
and Amended June 4, 1956, effective July 2, 1956.**
(Cal. No. 784-41-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, (3) and (4) of The New York City Charter; Sections C26-189.0, C26-191.0, C26-504.0(a), and C26-689.0 of the Administrative Code

7.8.1 Design and Construction of Forms. The design and construction of forms shall conform to the following requirements:

7.8.1.1 Forms shall conform to the shape, lines, and dimensions of the member as called for on the plans. Forms shall be substantial and sufficiently tight to prevent leakage of mortar; and shall be properly braced or tied together so as to maintain position and shape and insure safety to workmen and passersby. Temporary openings shall be provided where necessary to facilitate cleaning and inspection immediately before depositing concrete.

7.8.1.2 Where the height of the shores exceeds ten feet, adequate diagonal bracing shall be provided in both longitudinal and transverse directions. In addition, adequate diagonal braces shall be provided at the ends of the framework. Diagonal bracing shall extend from the top to bottom of shores.

7.8.1.3 The unbraced length of wood shores supporting forms shall not exceed fifty times the least dimension. Metal shores or frames shall be approved by the Board of Standards and Appeals and shall be installed in accordance with the approval of the board. Shores shall be adequately secured at the top and shall be properly wedged at top or bottom, if required.

7.8.1.4 Where shores rest upon the ground, adequate mud sills, or other bases, shall be provided to support the shores adequately.

7.8.1.5 Qualified workmen shall be detailed constantly during the placing of concrete to insure that there is no movement of shores, braces or other supports. The name of the foreman in charge of the formwork shall be posted in the field office of the contractor.

7.8.1.6 The individual, firm or corporation who does the concrete work shall be responsible for the adequate design and construction of all forms used in the construction of the building. Wherever the shore height exceeds fourteen feet, or the load on the forms exceeds one hundred fifty pounds per square foot, or power buggies are used, or two stage shores are used, the individual, firm or corporation who does the concrete work shall certify to the department that the form design has been checked and approved as adequate by a licensed professional engineer who has had at least five years of experience as a structural engineer, and that the forms have been constructed in conformance with the design which was checked and approved by the said engineer.

RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the powers conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

Labor Law

Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

Rule 1. Permit.

(a) Prohibition. No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) Application. Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) Time Limit. Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) Conditions. The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) Revocation. Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fireresisting partitions, with all openings therein protected by selfclosing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;
Boiler making;
Brick, terra cotta or artificial stone works;
Forge shops;
Foundries;
Iron, steel, brass or copper works;
Machine shops;
Smelting;
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;
(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

PUBLIC HEARINGS

Tuesdays at 10 a.m. to 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building, Borough of Manhattan.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the administrative official either borough superintendent of buildings or fire commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

CALENDAR

DOCKET

New Cases filed up to September 11, 1956

591-56-A—B.B.—15-19 Saratoga avenue and 943-953 Hancock street, northeast corner, Block 1489, Lot 1 (15-21), Borough of Brooklyn, Alt. 119-45—re egress.

592-56-SM—Accesso Acoustical Suspension Ceiling System, manufactured by Accesso Systems, Inc., Material.

593-56-BZ—M & A—1620-1644 Shore parkway, south side, 148.59 ft. east of Bay parkway and 8975-8993 Bay parkway, Block 6946, Lots 301 and 315 and Block 6491, Lots 13, 19 and 55, Borough of Brooklyn, Decision—re fuel oil storage tanks.

594-56-A—B.M.—36-Central Park South, east side, 270 ft. east of Avenue of The Americas, Block 1274, Lot 62, Borough of Manhattan, Amendment to Alt. 44-49—re doctor's offices in residence use district.

595-56-SA—DeVilbiss Paint Heater, Models MH-503, MH-506 and Exchanger MH-501 and MH Heated Hose Assemblies, manufactured by The DeVilbiss Co., Appliance.

596-56-SA—Comforteer Gas-fired Space or Room Heater, Models 1125-S, 118-S, 1225-S, 135-S, 1112-W and 1112-C, manufactured by Herron Stove and Foundry Co., Inc., Appliance.

597-56-SM—Rollform Inc. Perforated Metal Pan Acoustical Units, manufactured by Rollform, Inc., Material.

598-56-A—B.M.—70-72 Park avenue and 43 East 38th street, northwest corner, Block 868, Lots 36-38, Borough of Manhattan, Amendment to Alt. 370-54—re Multiple Dwelling—minimum dimensions of yards and courts.

599-56-A—B.M.—17-27 Vandewater street, north side, 114.1 ft. east of Brooklyn Bridge and 45-51 Rose street, Block 114, Lot 37, Borough of Manhattan, B.N. 2567-56—re egress.

600-56-A—B.B.—388-390 Court street and 232-234 Carroll street, southwest corner, Block 356, Lot 27, Borough of Brooklyn, Alt. 1929-56—re stairs, live load.

601-56-A—B.M.—18 West 27th street, south side, 110 ft. 6¼ in. west of Broadway, Block 828, Lot 59, Borough of Manhattan, Alt. 153-56—re fireproof partitions; hallway; interior stairway; egress.

602-56-BZ—B.Q.—44-17 Douglaston parkway, east side, 179 ft. south of 44th avenue, Block 8111, Lot 12, Douglaston, Borough of Queens, Alt. 991-56—re work shop in local retail use district.

603-56-A—B.Q.—44-17 Douglaston parkway, east side, 179 ft. south of 44th avenue, Block 8111, Lot 12, Douglaston, Borough of Queens, Alt. 991-56—re egress.

604-56-SM—Leeder Dry Chemical Fire Extinguisher, Models 5, 10, 15, 20, 25, 30, 1½, 2½ and 4, manufactured by Leeder Manufacturing Co., Material.

605-56-BZ—B.Bx.—2511 Westchester avenue, northwest corner of St. Peters avenue, Block 3980, Lot 1, Borough of The Bronx, N.B. 402-56—re gasoline service station, lubricatorium, minor repairs, parking of cars awaiting service—restricted retail and residence use district.

606-56-BZ—B.Q.—63-07 Broadway, northwest corner of 64th street, entire block bounded by Broadway, 35th avenue and 63rd to 64th streets, Block 1190, Lot 41, Jackson Heights, Borough of Queens, N.B. 326-56—re gasoline service station, lubricatorium, auto laundry repairs, parking of cars to be serviced, etc.—business use district.

607-56-BZ—B.Q.—29-30 Union street, west side, 189.24 ft. north of 31st road, Block 4343; Lot 105, Flushing, Borough of Queens, N.B. 3305-56—re gasoline service station, lubricatorium, auto laundry, repair shop, parking of cars awaiting service; rear yard—retail use district.

608-56-BZ—B.Bx.—2812-2818 Westchester avenue and 1601-1611 Mulford avenue, southwest corner and 2815-2819 Middleton road, Block 4152, Lots 1, 2, 9, 10 and 11, Borough of The Bronx, N.B. 1182-56—re gasoline service station, accessory motor vehicle repairs, lubricatorium, car washing, office and sales, etc.—business use district.

609-56-BZ—B.Q.—143-02 to 143-06 Springfield boulevard and 186-16 to 186-24 143rd avenue, southwest corner, Block 13082, Lot 26, Springfield, Borough of Queens, N.B. 2990-56—re gasoline service station, lubricatorium, car washing, minor repairs, office, sales and storage of automotive parts, parking of cars to be serviced—residence use district.

610-56-BZ—B.Q.—116-56 Farmers boulevard, west side, 20.49 ft. south of Dunkirk street, Block 10381, Lot 51, St. Albans, Borough of Queens, Alt. 1662-56—re free parking for patrons of adjoining stores—residence use district.

Restored to Docket

858-19-BZ—Vol. III—B.B.—1520-1528A Fulton street, south side, 260 ft. east of Kingston avenue, Block 1864, Lot 14, Borough of Brooklyn, Alt. 1787-56—re change of use from public garage to public garage, gasoline service station, lubricatorium, car washing, storage of parts, etc.—retail use district.

44-28-BZ—Vol. II—B.B.—3601-3623 Snyder avenue, north side, from Brooklyn avenue to East 37th street, 995-997 Brooklyn avenue and 310-316 East 37th street, Block 4890, Lots 32, 35, 36, 38 and 39, Borough of Brooklyn, N.B. 1167-56—re high speed auto laundry, car polishing, storage, boiler room, locker room, parking of cars waiting to be dried, etc.; business entrance, curb cuts and signs within 75 ft. of a residence zone—business use district.

510-39-BZ—Vol. II—B.Bx.—5821-5839 Broadway and 251-265 West 238th street, northwest corner, Block 3414, Lots

CALENDAR

334, 336 and 340, Borough of The Bronx, N.B. 155-55—re gasoline service station, lubritorium, car washing, motor vehicle repairs, storage and sale of accessories and office; parking and storage of motor vehicles, etc.—business and unrestricted use district.

543-27-BZ—B.B.—169-181 Empire boulevard, north side, 160 ft. east of Bedford avenue, Block 1307, Lots 80-84, Borough of Brooklyn, Alt. 2493-56—re change of use from factory to garage for more than 5 motor vehicles—business use district.

17-55-SA

APPLICANT—Cole Distributors Corp., for Apex Electrical Mfg. Co., owner.

SUBJECT—Application January 6, 1955—Apex Wash-A-Matic, Model CM5-6000.

564-55-SA

APPLICANT—H. D. Balsinger for American Radiator & Standard Sanitary Corp., owner.

SUBJECT—Application June 13, 1955—American-Standard Gas Boiler, Series G-6.

583-50-SA

APPLICANT—Cleaver-Brooks Co., manufacturer (James G. Brooks Co., Inc., agent).

SUBJECT—Application July 25, 1950—Cleaver-Brooks Rotary Oil Burner, Models LR-100-200-300-400-500-600-700.

1024-55-SA

APPLICANT—Selectrol Engineering Co. (Bennie L. Gahmbeck, owner).

SUBJECT—Application December 9, 1955—Bantam Oil Burner, Models A1-0-50-100; A1-060-130; A2-125-220 and A3-200-375.

586-51-SA

APPLICANT—Prentiss Wabers Products Co., owner-manufacturer (Sears, Roebuck and Co., agent).

SUBJECT—Application August 13, 1951—Homart Floor Furnace, Model 155.15.

37-56-SA

APPLICANT—Caloric Appliance Corp., owner.

SUBJECT—Application December 23, 1955—Caloric Domestic Gas Kitchen Heater Range, Models HB3, HB4, H9B3, H9B4 with prefix CP and suffixes U, A, LM, X, C, B and T.

CALENDAR

773-55-SA

APPLICANT—A. B. Carlson and Co., Inc., owner (Joseph A. Ross, Jr., agent).
SUBJECT—Application September 21, 1955—Echo Vent Signals (whistle stops when safe level fill is reached in fuel oil tank).

627-55-SA

APPLICANT—Detrex Corporation, owner.
SUBJECT—Application July 15, 1955—Detrex Dry Cleaner Process, Model 600-S.

860-55-SA

APPLICANT—H. D. Balsinger, for American Radiator and Standard Sanitary Corp., owner.
SUBJECT—Application October 21, 1955—American-Standard G-4 Gas fired Boiler.

400-56-SA

APPLICANT—Overhead Heaters New York, Inc., owner (Ducane Heating Corp., manufacturer).
SUBJECT—Application May 25, 1956—Risco Hot-Time Heater (oil-fired) Models S140, S180, L150, L180, S75, H75, L75, CF75, S90, H90, CF90, S110, H110, L110 and CF110.

78-55-SM

APPLICANT—John M. Sibarium, Agent, for General Filters Inc., owner.
SUBJECT—Application February 1, 1955—General Filters Inc., Unifilters (for fuel oil), Models 75 and 77.

36-56-SA

APPLICANT—Caloric Appliance Corp., owner.
SUBJECT—Application December 23, 1955—Caloric Domestic Gas Range, Models 9207, 9207 X, CP 9207 and CP 9207 X.

29-56-SM

APPLICANT—E. I. DuPont de Nemours & Co., owner.
SUBJECT—Application December 29, 1955—"Fabrilite" V-8113-FR (flame resistant vinyl plastic coated glass fabric for use on folding doors).

84-56-SM

APPLICANT—Haslett Chute and Conveyor Co., owner.
SUBJECT—Application January 31, 1956—Haslett Chute and Conveyor Co., Side Hinged Intake Doors, for Aluminum Laundry Chutes.

426-38-SA—Vol. IV

APPLICANT—American Radiator and Standard Sanitary Corp., owner.
SUBJECT—Application reopened May 18, 1954 as Vol. IV for test and report New Arcoflame Conversion Oil Burner, Model EH (models may have supplementary suffix numbers or letters); (high pressure oil burner for installation in boilers or furnaces).

286-56-SM

APPLICANT—M. H. Lazarus and Co., Inc., owner.
SUBJECT—Application March 19, 1956—Vinyglas (draperies-blackout).

880-50-SA

APPLICANT—International Projector Corporation, owner.
SUBJECT—Application reopened February 21, 1956—re—Amendment to resolution as to additional model of Dry Cleaner—re Sec-O-Matic Dry Cleaning System, Models AH, AHR, and Ar; previously approved.

820-39-SA

APPLICANT—Fluid Systems, Incorporation, owner.
SUBJECT—Application reopened March 6, 1956—re—Amendment to resolution as to change in ownership and trade name—re Lines Termal Electric Conduction System

(heating systems of viscous liquids including fuel oil); previously approved.

89-56-A

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connolly 3
Negative: 0
Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 27, 1951 subject to regular procedure, to consider a new proposal; and

WHEREAS, a public hearing was held on this application on September 11, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Merrick boulevard are in a local retail use, D area, class 1 height district; Montauk street is in local retail and unrestricted use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated June 21, 1956 acting on Alt. Applic. 2879-50, reads:

"1. Proposed alteration and extension of an existing non-conforming use in a Local Retail Use District to be used for Auto Body Repair Shop and Open Parking for more than five cars waiting to be serviced is contrary to Art. II Sec. 4-c of the Zoning Resolution." and

WHEREAS, the applicant states that the premises consist of a plot, 100.17 ft. frontage by 76.96 ft. in depth, irregular, on which is located a building 52 ft. front by 20 ft. in depth, one story, 12 ft. in height, metal covered, for which certificate of occupancy No. 18290-41 (M8643-40) has been issued for gas station, auto repair shop, ignition and battery service, brake service, auto laundry, parking and storage of not more than five cars; that it is proposed to erect an extension 35 ft. by 52 ft., with an 8 ft. extension for an office, built of masonry and in conforming design with the buildings in the general area; and

WHEREAS, the applicant states that the zoning was changed from business use to local retail in June, 1947; and

WHEREAS, the applicant contends that the property was purchased in 1942 by the owner; that in the past nine years the business has developed to an extent that the building is no longer adequate and most of the work has to be done in the open yard, which creates a hardship, especially in stormy weather; that since the property has a certificate of occupancy for an auto repair shop, etc., and has been in continuous use since 1914, and since the proposed occupancy is an allied use, and since this new

extension will allow the owner to do all operations indoors, which should be less objectionable to all concerned and a decided improvement over the present setup, it is requested that this application be granted; and

WHEREAS, the applicant states that the present owner has held title to the property since April 5, 1942; that the assessed valuation of land is \$10,000 and of the building \$3,000 making a total of \$13,000; that the building was erected in 1914; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7c to permit extension of the existing building used for repair work in accordance with the Certificate of Occupancy which has been issued, such proposed extension to be as indicated on plans filed with this application marked "Received February 2, 1951", 6 sheets; that, as proposed, the existing gasoline storage tanks and pumps shall be removed and none replaced; that suitable fences shall be maintained on the lot lines to the satisfaction of the borough superintendent; that the existing curb cuts shall be divided into two curb cuts as proposed and as shown on the plans above referred to; that the premises, where not occupied by the existing building and the proposed extension, shall be paved with concrete or asphaltic pavement; that there shall be no ground signs; that any signs constructed and maintained shall be signs as permitted in a business use district, on the facade of the proposed accessory building as extended; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that any permits required to be issued by the Fire Commissioner shall be obtained; and that all permits required shall be obtained and all work completed within the requirements of Section 21A of the Zoning Resolution.

Adjourned: 12:40 P.M.

JOSEPH J. DOYLE, Chief Clerk.

REGULAR MEETING

TUESDAY AFTERNOON, SEPTEMBER 11, 1956,
2 P. M.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 7, 1956, acting on N.B. App. 2205/56 reads:

"1. Secure approval from the Bd. of Standards and Appeals for the erection of a bldg. with accessory

MINUTES

patron parking in the bed of a mapped st. as per Art. 3 Section 35 of the general city laws."

and

WHEREAS, the applicant states the premises consist of a lot 165.75 ft. front by 103.20 ft. irregular in area, in a business use, C area, Class 1 height district, on which it is proposed to erect a one-story building, 15.10 ft. in height, 30 ft. front by 37.2 ft. in depth, of Class 3 construction, for use as a retail store and to provide accessory parking for motor vehicles on balance of lot; and

WHEREAS, the applicant states the premises are now in use as a miniature golf course, including a shed thereon; and

WHEREAS, the applicant states that the final map showing the proposed widening of Metropolitan avenue has been on file since 1916 and no widening has as yet taken place and upon information and belief will not take place for several years to come; that it is proposed to erect a building for the sale of Carvel products; that the proposed widening will take a portion of the premises in question for a depth of 34 feet; and

WHEREAS, the applicant contends that refusal to issue a permit for the building in question is a hardship on the owner as the property cannot be put to a beneficial use; that while it will be possible to erect a building on the portion of site not within the proposed widening, it is impractical to do so under present conditions by reason of the irregular shape of the plot and the nature of business to be conducted thereon, which is such that the building must be readily seen for a considerable distance by occupants of passing cars; and

WHEREAS, the applicant suggests that in the event the city should proceed with the widening of Metropolitan avenue, that for the purpose of evaluating the improvements on this parcel, the following formula will be used: within one year of the issuance of the certificate of occupancy 95% of its market value; within two years, 90% of its market value and so reduced at the rate of 5% per annum thereafter.

Resolved, that the decision of the Borough Superintendent, acting on N.B. 2205/56, Objection No. 1, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the erection of the building partially within the bed of the mapped street, as indicated on plans filed with this appeal, marked "Received July 3, 1956", (1 sheet), *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, and subject to amortization at the rate of 10% a year, based on the valuation of the property at the time the portion of the site is acquired by the City for street widening purposes as may be determined by the court.

312-50-A

APPLICANT—Samuel Rosenblum, for Westmore Realty Corp., owner.

SUBJECT—Application April 28, 1950—Appeal from an order of the fire commissioner—re elevator in readiness.

Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II, on November 24, 1953, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on July 19, 1955; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on November 24, 1953 only as to the time within which to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that in view of the statement by the applicant that the owner now intends to proceed with the building, that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution" (N.B. App. 1084/55).

228-44-BZ

APPLICANT—Lama, Proskauer and Prober, for Atex Realty Corp., owner.

SUBJECT—Application for consideration—reopening as to amendment and approval of revised working plans—re Application (decision of the borough superintendent); previously granted on condition, under sections 7i and 7c of the zoning resolution, permitting partly in a business and partly in a residence use district, the extension of an existing gasoline service station and the erection and maintenance of a motor vehicle repair shop.

For Applicant: Ernest Cordova.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened, resolution amended and amended working drawing approved.

MINUTES

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert and Deputy Chief Connolly 3
Negative 0
Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 25, 1944, on certain conditions; and

WHEREAS, plans submitted as being in substantial compliance with the Board's requirement, were approved on October 3, 1944; and

WHEREAS, time to obtain permits and complete the work was extended on January 15, 1946 and February 28, 1947; and

WHEREAS, the applicant requested an amendment of the resolution and submitted revised working drawing for the approval of the Board, as being in substantial compliance with the requirements of the resolution.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 25, 1944, as thereafter amended by resolution adopted October 3, 1944, approving working drawings by adding thereto:

"that the working drawing marked 'Received June 27, 1956' (one sheet) are hereby approved, as amended, as equivalent to the similar sheet previously approved only so far as it refers to the three gasoline pumps on Hendrix Street to be omitted and four dual type pumps substituted for six parkway type pumps on the Atlantic Avenue side" (B.N. 1159/56).

proposal to change use of 2nd floor of building from
garage to garage and motor vehicle repair shop; pre-
viously granted on condition re garage for more than
five motor vehicles.

PREMISES AFFECTED—143-151 East 24th street, north
side, 116 ft. east of Lexington avenue, Block 880, Lots
32 and 34, Borough of Manhattan.

APPEARANCES—

For Applicant: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application dismissed for lack of
prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert and Deputy Chief Connolly 3
Negative: 0
Absent: Commissioner Keating 1

743-42-BZ—Vol. III

APPLICANT—Kitzler and Nurick, for Abraham B.
Wolfer, owner.

SUBJECT—Application reopened September 14, 1954 as
Vol. III—re (decision of the borough superintendent)
under sections 7f and 7i of the zoning resolution, to permit
in a business use district, the proposed extension of exist-
ing building in connection with existing gasoline station
to hand tool only, testing wheel alignments.

PREMISES AFFECTED—51-59 Maujer street and 451-
459 Lorimer street, northwest corner, Block 2785, Lot 32,
Borough of Brooklyn.

APPEARANCES—

For Applicant: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application dismissed for lack of
prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert and Deputy Chief Connolly 3
Negative: 0
Absent: Commissioner Keating 1

174-52-BZ—Vol. II

APPLICANT—Nathaniel C. Saxe, for Abe Feldman,
owner.

SUBJECT—Application for consideration—reopening as
Vol. II—re Application (decision of the borough superin-
tendent) under section 7e of the zoning resolution, to
permit in a residence use district, the parking of motor
vehicles on a lot located in a residence use district; previ-
ously withdrawn.

PREMISES AFFECTED—59-05 to 59-15 Arverne boule-
vard and 224-230 Beach 60th street, southeast corner,
Block 384, Lot 12, Arverne, Borough of Queens.

APPEARANCES—

For Applicant: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application dismissed for lack of
prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert and Deputy Chief Connolly 3
Negative: 0
Absent: Commissioner Keating 1

203-53-BZ

APPLICANT—Robert Gottlieb, for Willis Improvement
Corp., owner.

SUBJECT—Application March 24, 1953—(decision of the
borough superintendent) under section 7a and 7c of the
zoning resolution, to permit in a retail and residence use
district, the proposed change of occupancy from metal
garages, store, office, gas station, auto repair shop to
gasoline service station, motor vehicle repair shop, car
washing, lubritorium, sale of accessories and parking
and storage of motor vehicles.

PREMISES AFFECTED—380 East 145th street, south-
west corner of Willis avenue and 373 East 144th street
(Block 2306, Lot 84), Borough of The Bronx.

APPEARANCES—

For Applicant: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application dismissed for lack of
prosecution.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert and Deputy Chief Connolly 3
Negative: 0
Absent: Commissioner Keating 1

204-53-BZ

APPLICANT—Simeon Heller, for Frank Spallino, owner.

SUBJECT—Application March 24, 1953—(decision of the
borough superintendent) under section 7e of the zoning
resolution, to permit in a residence use district, the use
of premises for factory and storage for furniture.

PREMISES AFFECTED—25-26 81st street, west side, 225
ft. south of 25th avenue (Block 1057, Lot 19), Jackson
Heights, Borough of Queens.

APPEARANCES—

For Applicant: Joseph B. Lynch.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application dismissed for lack of
prosecution.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on June 26, 1956, as they appeared in Bulletin No. 27, Vol. 41, are hereby corrected to read as follows:

959-54-A

APPLICANT—Philip Freshman, for Terminal Fire Brokerage, Inc., owner.

SUBJECT—Application December 10, 1954—Appeal from a decision of the borough superintendent—re stairways and exits.

PREMISES AFFECTED—50 Court street, southwest corner of Joralemon street, Block 265, Lot 43, Borough of Brooklyn.

APPEARANCES—

For Applicant: Philip Freshman.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated November 30, 1954, on Alt. App. 4882-53, reads:

"1. Stairway #1 should be completely enclosed in 3 hr. fire resistive partitions, as required by Sect. 6.4.1.8.1 of the Bldg. Code.

2. Stairway #2 should be enclosed in partitions having a fire resistive rating of at least 3 hrs. as required by Sect. 6.4.1.5.1 of the Bldg. Code. Wire glass enclosure as shown has no fire resistive rating.

3. Stairway #1 should be at least 3'-8" in width as required by Sect. 6.4.1.1 of the Bldg. Code.

4. Each portion of the floor called mezzanine on plans should have access to at least two exit stairs enclosed in 3 hr. fire resistive partitions as required by Sect. 6.1.2.2.3 of the Bldg. Code.

5. Provide at least two exits from the cellar enclosed in 3 hr. partitions leading to the street and available from all portions of the cellar."

and

WHEREAS, the applicant states the building is 12 stories, 140 ft. in height, 63 ft. 9 in. by 135 ft. in area, of fireproof construction, erected in 1914, now in a restricted retail and retail use, B area, Class 2 height district, used since erection

MINUTES

as follows: Subcellar—storage and kitchen in conjunction with cellar restaurant—10 persons; Cellar—restaurant record room, bank vault, 364 persons; 1st floor—bank and stores, 30 persons; Mezzanine—storage, offices and banking, 30 persons; 2nd to 12th floors—offices, 74 persons per floor. Proposed to be used and occupied: Subcellar—Storage of old records, 1 person; Cellar—Stationery & office furniture, retail sales, record room and bank vault, 27 persons; 1st floor—bank and storage, 30 persons; Mezzanine—storage, offices and bank, 30 persons; 2nd to 12 floors—offices, 74 persons per floor. The building is provided with a one-source sprinkler system in the subcellar and an approved standpipe system. There are two interior stairs; stair #1 is 3 ft. 6 in. wide, extends to roof bulkhead, is of steel, enclosed in masonry, equipped with self-closing doors of steel and wire glass; Stair #2 is 3 ft. 8 in. wide of steel, enclosed in partitions of masonry and wire glass, equipped with steel and wire glass doors, which are self-closing; stairhall leads direct to roof. There is one fire escape or exterior stairs on rear which does not extend to roof but to yard by stair; there is no means of egress to the street from the rear; window and door openings on course of the fire escape are fireproof, self-closing; and

WHEREAS, Certificate of Occupancy #88108 was issued July 1, 1938, against Alt. App. 5494/38, permitted the following use: Cellar—heating and storage; 1st floor—bank and stores; 2nd to 12th floors—offices; number of occupants unstated; and

WHEREAS, Exit Order #12/54 was issued by the Borough Superintendent October 5, 1954, reading as follows:

"In accordance with the provisions of Section C26-276.0 of the Administrative Code of the City of New York, you are hereby ordered to provide proper means of egress and exit facilities from the structure at the above location as follows:

1—Provide a continuous one-hour incombustible enclosure for open stairs at front of building leading directly to street. All doors opening on enclosure to be $\frac{3}{4}$ hour fireproof self-closing doors. This enclosure to be erected in such a manner as will permit access to both stairs of all the occupants of each floor without passing through the enclosure.

2—Provide exit signs and lights at all doors to stairs from public halls.

3—Remove portion of fire escape below first floor and as fire escape now terminates in subgrade court from which there is no access to street arrange doors to fire escape so that they are readily openable from fire escape side.

Note: No exit signs are to be placed over doors leading to fire escape.

In lieu of repairing fire escape and providing proper egress these fire escapes may be removed if items 1 and 2 are fully complied with."

and

WHEREAS, the applicant states the purpose of this appeal is to obtain relief from decisions of the Borough Superintendent on Alt. App. 4882/53, dated November 30, 1954, Objections 1, 2, 3, 4 and 5; and

WHEREAS, the applicant states the only change in the occupancy of the premises involves the cellar and subcellar formerly occupied as a restaurant with an occupancy of 364 and now to be used as a store for the sale of stationery and office furniture with a total occupancy of 27 persons, thus greatly reducing the hazard in this portion of the premises; and

WHEREAS, the applicant states that the 2nd to 12th floors are provided with two stairs, each leading direct to street; that stairway #1 is a continuous flight of steel stairs from cellar to roof, 3 ft. 6 in. wide, at the southerly end of the building adjacent to the elevator bank, enclosed on three sides with masonry and on the 4th side it is contiguous and connected with the public corridor which is fireproof throughout; that stairway #2 is enclosed at west end of the building, constructed of steel, 3 ft. 8 in. wide and runs from

the 1st to 12th floors, enclosed on three sides with masonry materials except for the easterly side, which is of steel flats and sections with $\frac{1}{4}$ in. rough wire glass panel; doors leading to stairways are constructed of steel frame with $\frac{1}{4}$ in. wire glass and are self-closing; the enclosure of the stairs on 1st floor, mezzanine and 2nd floor is terra cotta blocks, plastered on both sides, equipped with self-closing fireproof doors; and

WHEREAS, applicant states on east wall of middle wing is a fire escape from 2nd to 12th floors; that from 2nd floor balcony there is a stairway to the areaway with access through a 3 ft. wide door opening outwardly on each floor; that doors and windows on course thereof are fireproof; and

WHEREAS, applicant contends that at no point from 2nd to 12th floors are stairways #1 or #2 more than 30 ft. from any office entrance and the maximum distance between stairs is not more than 60 feet; and

WHEREAS, applicant states that egress from cellar corridor stairway #1 leading to south corridor leads to Court street and through subway stair to Joralemon street; that as an alternate egress from cellar corridor, stairway #1 extends from cellar floor to 1st floor and as a further means egress from cellar can be had by stairs from cellar to 1st floor direct to Court street; that this stair is 6 ft. wide and was used primarily by patrons of the cellar restaurant for many years; that additional egress from cellar can be had through stairs at northeast corner of this area, leading to landing in connection with subway stairs leading to Joralemon street, which stair is 5 ft. wide; and

WHEREAS, applicant states as to rear cellar area designated as #1 on the plans used in conjunction with store on 1st floor for the sale of artists' and architects' supplies, egress can be had through a 3 ft. wide fireproof door, equipped with panic bolt leading into area occupied by the stationery and retail office furniture; that it is proposed to provide a new iron stairs 3 ft. 8 in. wide leading from cellar to 1st floor level; that for area #3 a pair of fireproof doors will be provided leading into corridor at south side; that the subcellar is provided with a sprinkler system and in addition there is a 3 ft. wide steel stairs, enclosed in fireproof block partitions, with self-closing fireproof door, leading up to the area occupied by the stationery business in the cellar and there is additional exit through boiler room to stairs leading to corridor in cellar on the south side or under stairway #1 which leads directly to street through subway stairs; and

WHEREAS, the applicant contends as to Objections 1 and 3, that compliance is a practical impossibility due to present conditions; that in order to build an enclosure so that continuous travel can be had, it would be necessary to invade the corridor directly adjoining the present stairs and to erect a partition in corridor 4 ft. away from the stair ballustrade, thus leaving 2 ft. 8 in. space between it and the existing corridor wall; that such an arrangement would completely isolate the westerly portion of the corridor, aside from effecting a bottleneck, such arrangement would ruin the approach to the various offices on each floor, rendering them undesirable and resulting in a loss of tenants and revenue; that the present 3 ft. 6 in. wide stairs complied with the law in 1914; that to provide an additional width of 2 in. would necessitate the complete removal of stairs throughout the building and the installation of new stairs; that in addition, the present steel framing on each floor would have to be increased in width, thus entailing an outlay of a great sum of money besides the practical difficulties involved; that in view of the occupancy on each floor, it is requested the existing 3 ft. 6 in. wide stairs be accepted as adequate; and

WHEREAS, the applicant contends as to Objection 2, that the existing stairs are enclosed on three sides with masonry walls with the easterly section open and contiguous with fireproof corridor; that the present steel and glass enclosure was legally erected in 1914, including the door and while it does not comply with the strict letter of the law, as it adjoins a fireproof corridor, this type of enclosure has been in use for many years in public schools and other institutions and is effective as a barrier for fire and smoke under the prevailing conditions; that to be required to remove

MINUTES

same and erect a masonry 3-hr. wall would entail a great deal of hardship and expense; and

WHEREAS, the applicant contends as to Objection 4, that sections of the mezzanines are occupied as follows: Area #1, 1,523 sq. ft. occupied by bank using the 1st floor as follows: Conference room, telephone operator, lounge room for female employees, air conditioning room, storage for records over bank vault; that this has been so used by bank since completion of building and at most 8 to 10 persons occupy this area at one time; that there is a stairway from mezzanine to banking floor, which is provided with adequate exits; that Area #2 is occupied by tenant of store for artists' and architects' supplies having an area of 1,841 sq. ft. and has two exits leading to street; that Area #3 occupied by the same store tenant with an area of 832 sq. ft. is used only for dead storage, very rarely occupied except when one person is there to place contents for storage; that exit from stairway #1 direct to 1st floor lobby leads to Court street; that applicant feels this exit is adequate; and

WHEREAS, applicant contends as to Objection 5, that as the cellar occupancy has been changed from restaurant for 364 persons and the new occupancy for retail stationery and office supplies will involve only 27 occupants, the present exits are adequate for the proposed use; and

WHEREAS, applicant states it is proposed to provide at top floor of stairway #2, a 2 x 3 ft. scuttle in roof with fixed 70° iron ladder leading thereto; to provide a new 3 ft. 8 in. wide steel stairs from cellar to 1st floor from floor level area #1; to provide at all exit doors to stairways 2nd to 12th floors at front of stairs #1 and #2, a red light with exit sign 8 in. high and to remove the present iron stairs leading down from 2nd floor fire escape balcony into area-way at east side of middle wing of the building; to provide new railing at open end of fire escape balcony; to reverse the swing of door from washroom to said balcony to open to the toilet room and to provide an approved panic bolt on exterior of such door; also provide exit sign and light over said door on outside; and

WHEREAS, the Board has received a communication dated January 26, 1955, from the Borough Superintendent reading as follows:

"Permit me to call your attention to what appears to be an error in the filing of the above numbered appeal with the Board. The application under Item A states Order 12/54 issued October 5, 1954 and Application 4882/53.

"Order 12/54 is an exit order issued under authority of Section C26-276.0 of the Administrative Code. On October 15, 1954, a notice was received from the owner of the building requesting a survey.

"It appears to me there is no authority under law for a direct appeal to the Board on both an exit order and

on an application filed with direct reference to the same subject matter, namely, exits. The remedy is stated in Section C26-276.0, namely, a review by a board of survey."

and

WHEREAS, the applicant has amended this appeal so as to delete therefrom reference to Exit Order 12-1954 as a basis of appeal; and states that under date of October 15, 1954, by a notice addressed to Bernard J. Gilroy, Commissioner of Buildings, a copy of which was given to Mr. Benjamin Salzman, Borough Superintendent, Terminal Fire Brokerage, Inc. requested the appointment of a Board of Survey, as provided in the Administrative Code, and notice was given that the said Terminal Fire Brokerage, Inc. designated Philip Freshman, licensed architect, as its appointee to be one of the three persons to make the survey; that since that time no notice has been received by Terminal Fire Brokerage, Inc. of the designation of an appointee on behalf of the City or the designation of a third member of the Survey Board; as recently as January 26, 1955. Mr. Salzman in a conversation with Mr. Eisenberg, counsel for Terminal Fire Brokerage, Inc., advised among other things that they would let the survey go for the time being; and

WHEREAS, the premises was inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of Borough Superintendent, dated November 30, 1954, acting on Alt. App. 4882-53, be and it hereby is *modified* and that the appeal be and it hereby is *granted* as to Objections 1 and 2, to permit the continuance of existing enclosures including the wire glass enclosure, but not clear glass, which shall be replaced either with wire glass or approved fire-resisting material; as to Objection 3, to permit the continuance of Stairway No. 1 of its present width; as to Objection 4, to permit the existing exits from the mezzanine, as shown on plans filed with this appeal, marked "Received December 10, 1954" (5 sheets), showing proposed conditions and (5 sheets) showing existing conditions and additional plan marked "Received March 19, 1956" (2 sheets); as to Objection 5 that the exits from the cellar, now used as a showroom for furniture and other equipment, shall be altered as proposed on such plan showing proposed conditions and with extra doorways as indicated thereon; that in such portion of the building, such fire-fighting equipment shall be maintained as the Fire Commissioner shall direct; that the means of exit from the rear fire escape shall be by means of a steel balcony and door, cutting down an existing window so as to permit direct exit from the fire escape to the 2nd floor to the stairhall.

* Correction—Alt. App. "4852-53" changed to "4882-53."

RULES

OIL BURNER RULES (217-21-SR)

RULES COVERING THE INSTALLATION AND USE OF OIL BURNING EQUIPMENT AND THE STORAGE OF OILS USED IN CONNECTION THEREWITH

Adopted by the Board of Standards and Appeals June 15, 1934, Amended July 12, 1935, January 28, 1936, December 4, 1936, July 1, 1941, June 15, 1948, July 13, 1951 and September 14, 1956, effective October 8, 1956.

(Superseding Fuel Oil Rules adopted by the Board of Standards and Appeals, November 6, 1919; amended January 6, 1922; January 18, 1924; November 3, 1926; September 11, 1928; January 11,

1929; March 20, 1931; May 12, 1931; November 24, 1931; May 10, 1932; June 24, 1932; November 4, 1932).

Authority: Section 666, paragraph 2 of the New York City Charter and C19-57.0 Administrative Code.

Rule 2. Definitions.

2.6 CONTROLS: Such electrical or mechanical devices as are installed for the purpose of providing safe and continuous or intermittent operation.

2.10 ELECTRICALLY GROUNDED: For protection against lightning shall mean storage tanks set directly in or on the ground and/or with underground piping connections. Where storage tanks without underground piping connections are built on bases

RULES

above the surface of the earth outside of buildings, such storage tanks shall be grounded at two (2) points 180° (degrees) apart as follows:

- 2.14 **INDUSTRIAL INSTALLATIONS:** Oil burner installations for industrial purposes under same requirements as for Commercial Installations.

Rule 3. Oil Permitted.

- 3.1 Oil permitted under these rules shall be any hydrocarbon oils free from acid, grit and fibrous or other foreign matter. The fuel oils shall be classified as provided in current Commercial Standard published by the U. S. Department of Commerce, and shall have a flashpoint not lower than 100 degrees Fahrenheit when tested in a Pensky-Martens closed cup tester (American Society for Testing Materials Method D-93-36) and marketed under the following commercial grades:

{	Range Oil	
{	No. 1 Fuel Oil	
	No. 2 " "	
	No. 4 " "	
	No. 5 " "	
	No. 6 " "	

Rule 4. Standards for Approval of Oil Burners by the Board.

- 4.1 Approved burners, including oil-burning heaters, shall be an assembly of approved parts and electrical controls suitable for use with each other for the service intended, as approved, such burners shall be provided with suitable safeguards to prevent abnormal discharge of oil.

Rule 6. Location of Tanks.

- 6.1 Inside of Buildings, Above Ground.

- 6.1.2 Storage tanks having a capacity of more than two hundred and seventy-five (275) gallons, when installed inside of buildings shall be located on the lowest floor level and all portions of such tanks above the floor shall be protected by not less than four inches (4") of masonry with weep holes along the bottom one inch in diameter not more than 3 ft. apart. The masonry walls of a structure may be used as part of the protection.

Storage tanks may be placed in a protective enclosure having solid masonry walls not less than eight inches (8") in thickness and of dimension not less than fifteen (15") greater on all sides than the outside dimensions of the storage tanks. The walls of enclosure shall be carried up to a height not less than two feet (2') above the top of the tank or to the ceiling where the ceiling is less than two feet (2') above the top of the tank. A fireproof access door shall be installed in the enclosure above the point where the enclosure has a capacity equal to the largest tank installed, and for each additional 10 feet or fraction thereof by which the longest inside dimension of the enclosure exceeds 35 feet an additional fireproof access door shall be similarly installed at one or more intervals of not less than 10 feet.

Columns, pipes, or similar obstructions, may project into the required fifteen inches (15") of space within the enclosure, provided that access door or doors are so arranged that all portions of the enclosure are accessible. The ceiling above the tank enclosure shall be either fireproof or fire-retarded.

- 6.3 Outside of Buildings, Below Ground.

- 6.3.3 All buried storage tanks prior to or at the time of installation, shall be thoroughly cleaned and coated on the outside with two (2) coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting material. All tanks shall be electrically grounded.

- 6.4 Outside of Buildings, Above Ground.

- 6.4.1 Storage tanks of a capacity greater than 275 gallons located outside of buildings above ground shall be not less than one and one-quarter (1¼) tank diameters and in no case less than ten feet (10') from the line of adjoining property, the nearest building or adjacent tank. Such tanks shall be electrically grounded. The maximum capacity of individual tanks located outside of buildings above ground shall be fixed by the following schedule:

If distant 25 feet from line of adjoining property which may be built upon.....	16,000 gallons
If distant 30 feet.....	24,000 "
If distant 40 feet.....	36,000 "
If distant 50 feet.....	48,000 "
If distant 60 feet.....	60,000 "
If distant 75 feet.....	96,000 "
If distant 85 feet or more..	100,000 "

- 6.4.1.1 Two hundred and seventy-five (275) gallon tanks shall be located so as not to interfere with or obstruct any means of egress.

- 6.4.3 All above ground storage tanks prior to or at the time of installation, shall be thoroughly cleaned and coated on the outside with two (2) coats of red lead and coated at the site with hot tar, asphalt or other equivalent rust-resisting materials. All tanks shall be electrically grounded. All above ground two hundred and seventy-five (275) gallon tanks shall be protected against injury in a manner satisfactory to the Administrative Official.

- 6.5 Tanks Located Along Line of Subways.

- 6.5.1 Along the line of subways no buried tank shall be placed within twenty feet (20') from the outside line of the subway wall, and where practicable, tanks shall be placed in a lower position than the roadbed of the subway, except as may be modified in specific instances by the Board of Standards and Appeals. Where an above ground tank within a building is located within the outer lines of the subway, or within twenty feet (20') from the outside line of the subway wall, such tank shall be placed within a welded steel oil-tight pan of not less than 18 gauge metal of adequate capacity to contain the contents of the tank.

Rule 7. Piping.

- 7.2. Relief Valves.

- 7.2.2 Oil preheaters shall be of approved type and provided with a relief or pressure regulating valve in the piping system to prevent excessive oil pressure. Oil preheaters shall not be installed in the steam or water space of the boiler and shall be so designed that in the event of oil leakage within the preheater, the oil shall be prevented by an approved method from entering the water or steam circulation system. Water piping connection shall be equipped with a blow-down system providing

RULES

positive flushing of the water side of the pre-heater. Two (2) thermometers shall also be installed, one on the intake oil line of the pre-heater and the other on the discharge oil line.

- 7.2.3 Relief valves shall be set to discharge at not more than one and one-half ($1\frac{1}{2}$) times the maximum working pressure of the system. The discharge from relief valves shall be returned to storage tank or to the supply line. Pressure regulating valves and viscosity valves are not included within the scope of this subdivision. There shall be no shut-off valve in the line of relief.

7.3 Vent Pipes.

- 7.3.4 Vent pipes shall be provided with an approved weatherproof hood having a free area of not less than the pipe size area and shall terminate outside the building not less than two feet (2') from any building opening and not less than two feet (2') nor more than twelve feet (12') above the fill pipe terminal, except as may be otherwise approved by the Board. When such openings are fixed and constructed of incombustible materials they shall not be deemed openings within the intent of this rule. If the vent pipe terminal is not visible from the fill pipe terminal location, a one-inch (1") line shall be connected to tank and shall parallel the fill pipe and terminate at the fill pipe terminal with unthreaded end. Such tell-tale lines shall be provided with a check valve set to prevent flow of surface water to storage tank.

Rule 7.4 Fill Pipes.

- 7.4.1 Fill pipe shall terminate outside the buildings with the fill pipe terminal located at or above grade at least two feet (2') from any building opening and five feet (5') from any subway grating, at or below the level of the fill pipe terminal. No fill pipe shall be less than two inches (2") in diameter and no fill pipe for #6 oil shall be less than three inches (3") in diameter. Where #6 oil is used, the fill pipe terminal shall be located within three feet (3') of the curb, unless otherwise required by the Highway Department or the Transit Authority. Where there are facilities for the delivery tank truck to drive onto the premises, the fill pipe terminal may be located elsewhere than at the curb provided that the location complies with the other requirements of this rule.
- 7.4.3 Where the top of the storage tanks is above the fill pipe terminal the fill pipe shall be connected to the top of the tank and be provided with a shut-off valve and swing check valve which shall be located at the fill pipe terminal, or the shut-off valve may be located inside the building at or below the level of the fill pipe terminal, in an accessible location.

Rule 8. Valves and Control of Oil Flow.

- 8.2 Each supply line for storage tanks of more than two hundred and seventy-five (275) gallons' capacity, shall be provided with a shut-off valve at the burner and where the top of the tank is above the oil inlet connection to the burner and/or transfer pump, shall be provided with an approved anti-syphon device located at the highest point in the supply line, except that where heavy oil (No. 6 Commercial Standard Grade) having a viscosity of one hundred (100) seconds or more Saybolt Furol at one hundred and twenty-two degrees Fahrenheit (122° F.) is used, the anti-syphon device shall not

be required. No anti-syphon device shall be required where a foot valve is installed at the inlet of the suction line.

Rule 10. Permits, Plans, Inspection and Tests of Storage Tanks and Piping.

10.1 Permits.

- 10.1.2 Application for permit shall be made and fee covering the permit as per Rule 10.4.1 be paid within ten days after the completion of the installation by the installer who holds a certificate of license issued by the Fire Commissioner, on forms furnished by the Fire Commissioner which shall include the location of the building in which the installation has been made, name and address of owner and/or occupant, name and address of installer, make and approval number of burners, pumps and other devices, capacity, number and location of storage tanks, together with approval of such installation by the Borough Superintendent of Buildings when required under Rule 10.2.

- 10.1.3 No permit shall be issued by the Fire Commissioner until the installer has furnished an affidavit that the installation complies with all requirements, and that the CO₂ content of the flue gas by actual test of the completed installation is not less than 8 per cent without smoking.

10.3 Inspection and Tests of Installations of Storage Tanks and Piping.

- 10.3.1 All fuel oil storage tanks and piping installed as required to be tested by these Oil Burner Rules, shall after installation, except as indicated in this section, be tested by the installer in the manner and to the pressures set forth in this section, and proved tight before any fuel oil system shall be placed in operation. A sworn statement by the installer in proper affidavit form attesting to such installation and test shall be filed with the Fire Commissioner.

(See Sections of the Administrative Code C19-19, as amended by Local Law 46 of 1951 and C19-152).

Rule 12. Ventilation.

- 12.1 No burner shall be installed in any boiler, heater, range or stove unless each boiler, heater, range or stove be connected to a legal chimney, complying with Article 12 of the Building Code, except that several units may be connected to a common chimney.
- 12.2 Adequate ventilation, at least equivalent to area of the smoke pipe at the point where it enters the flue, shall be provided in all rooms in which burners are installed, except that in commercial installations the area for natural fixed ventilation shall be at least equivalent to eight (8) square inches for each gallon of oil for which the fuel burning equipment is rated. Where the fixed ventilation is supplied mechanically and electrically interlocked with the burner, at least the equivalent of two (2) square inches for each gallon of oil for which the fuel burning equipment is rated, shall be provided.
- 12.3 Dampers shall be so constructed that they cannot completely cut off the passage of flue gases at any time. Approved automatic draft controls may be installed when necessary to provide proper draft where the draft is excessive.

Rule 14. Fire Protection.

- 14.6 Oil burning devices designed for installation with storage of not more than six (6) gallons shall be

RULES

set level and firmly anchored. The floor beneath stoves or any such heating devices shall be protected by a shield of $\frac{1}{2}$ " asbestos or equivalent extending at least twelve inches (12") beyond the projected area of such device where required within the specific approval of each burner. Approved safety cans only shall be used for the storage and filling of oil containers. The fuel oil used for these burners shall be range oil or No. 1 or No. 2 fuel oil. The manufacturer or installer of these burners shall within 48 hours after each installation notify the Fire Department in writing of the name of the person to whom this burner is sold and the address of the premises where installed.

- 14.7 Near each boiler, furnace or suspended fuel oil-burning unit there shall be immediately available one (1) approved hand fire extinguisher of not less than two quart capacity suitable for oil fires or two (2) rounded bottom pails filled with sand.

Rule 15. Instruction Cards and Certificate of Fitness.

- 15.2 Except as provided in Rule 15.2.1 every heating system in which the oil is preheated or systems not fully automatic when operating shall be under the direct supervision of a person holding a certificate of fitness issued by the Fire Commissioner and who shall be in the building at all times while the burners are in operation, except, that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941, under the provisions of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying

an endorsement reading "Oil Burners" shall not be required to obtain such certificate.

- 15.2.1 The provisions of Rule 15.2 shall not apply to heating systems in residential occupancies where the building or the building units are contiguous on a site or plot under common ownership, and when such systems are equipped with approved, fully automatic, self-checking electrical safety controls which will shut down the system or systems within five (5) seconds following oil flame failure. The collective number of such heating systems, while in operation, shall be under the care and supervision of one person holding a certificate of fitness issued by the Fire Commissioner and who is regularly employed on full time, and resides on the premises, and whose employment has as one of its purposes the operating and maintenance of the oil burner, except that a person holding a certificate of fitness as a licensed engineer or as a licensed fireman issued after May 1, 1941 under the provisions of C-26-213.0 of the Administrative Building Code, or a person with such license issued prior to May 1, 1941 carrying an endorsement reading "Oil Burner" shall not be required to obtain such certificate. The safety controls shall be reset for burner operation only by the person holding the certificate of fitness or license referred to in this section, or by an installer holding a certificate of license issued by the Fire Commissioner for the installation of such oil burning equipment.

PETITIONS AND ORDERS OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS.

On September 11, 1956, Copy of Petition and Order of Certiorari was served on the Board by Joseph Hellenbrand, attorney for Sidney Esikoff and William Esikoff, objecting property owners, seeking a review of the Board's determination on July 24, 1956, granting under Section 7, subdivision f, of the Zoning Resolution, for a term of fifteen years, a variance to permit in a retail use district the erection and maintenance of a refreshment stand, gasoline service station, lubritorium, auto repairs, car washing, office and sales, the parking of motor vehicles (no fee to be charged) and the erection of two buildings as proposed, not accessory to each other, on one lot; Cal. No. 711-53-BZ, Volume II; Premises 114-01 to 114-19 Farmers Boulevard, east side, from 114th Road to Murdock Avenue, 191-01 to 191-07—114th Road and 191-02 to 191-08 Murdock Avenue, St. Albans, Borough of Queens.

* * * * *

On September 10, 1956, Copy of Motion and Petition, applying for an Order under Sect. 78 of the Civil Practice Act, which is incorrect, was served on the Board by Robert S. Dillworth, attorney for Philip Kohnberg, et al, objecting property owners, seeking a review of the Board's determination on July 24, 1956, granting a variance under Section 7, subdivision e, of the Zoning Resolution, to permit in a retail use district, for a term of fifteen years, the erection of a gasoline service station, lubritorium, auto laundry (Non-automatic), minor auto repair shop with hand tools only; Cal. No. 327-55-BZ; Premises 202-06 Hillside Avenue, southeast corner of 202nd Street, Hollis, Borough of Queens.

SEPTEMBER 25, 1956, 10 A. M.

NOTICE IS HEREBY GIVEN of a public hearing Tuesday morning, September 25, 1956, at 10 o'clock in Room 1013, Municipal Building, Manhattan, on the following matters:

979-55-BZ

APPLICANT—Lama, Proskauer and Prober, for M. H. C. Realty Corp., owner.

SUBJECT—Application December 12, 1955—(decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubricatorium, office and sales, car washing, minor auto repairs, parking and storage of motor vehicles, with a ground sign projecting beyond the building line.

PREMISES AFFECTED—206-09 to 206-17 (206-11 official) Hollis avenue and 109-42 to 109-46 207th street, northwest corner, Block 10913, Lot 26, Hollis, Borough of Queens.

Laid over from July 17, 1956 to July 24, 1956, for inspection and decision; hearing closed; then to September 25, 1956, at request of the applicant, in view of the possible sale of the property for conforming use.

1035-55-BZ

APPLICANT—Irving Kirchenbaum, for Alpha Realty Co., owner.

SUBJECT—Application December 21, 1955—re (decision of the borough superintendent) under sections 7e, 21 and 19j of the zoning resolution, to permit in a residence use, B area, Class 1½ and 2 height district, the erection of an 18 story office building, extending into the residence use district, using more than the permissive coverage, without the required rear yard, and without the required loading berth.

PREMISES AFFECTED—133-135 East 40th street and 355-361 Lexington avenue, northeast corner, Block 1295, Lots 21, 23 and 24, Borough of Manhattan.

Negative 0

THE RESOLUTION—

WHEREAS, on June 17, 1952 this application was granted by the Board on certain conditions, under section 21 of the zoning resolution, to permit in a business use, C area district, the extension on first floor, using more than the area permitted; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation; and

WHEREAS, this application was reopened on July 17, 1956 and set for hearing on September 11, 1956 at 10 A.M., subject to regular procedure, and laid over to September 18, 1956, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on September 11, 1956 after due notice by publication in the Bulletin; laid over to September 18, 1956, for the preparation of a new digest; and

WHEREAS, the decision of the borough superintendent, dated June 29, 1956 acting on Alt. Applic. 3881-51, reads:

"1. Approval has expired and is in violation of Sect. 22A of Zone Resolution; note—a variance was granted by Bd. of St. & Appeals under 2-52-BZ."

Resolved that the Board of Standards and Appeals does hereby amend the resolution adopted on June 17, 1952, only so far as it refers to obtaining permits and completion of the work so that as amended this portion of the resolution shall read:

"that in view of statement by applicant that the work is 90% completed and will be fully completed at once, that all permits shall be obtained and all work completed and a Certificate of Occupancy obtained within six months from the date of this amended resolution." (Alt. App. 3881-51.

698-52-BZ

APPLICANT—Michael A. Cardo, for Silvestro Castelli, owner.

SUBJECT—Application reopened July 17, 1956 for consideration as to extension of time to complete, expired November 4, 1954—re (decision of the borough superintendent) previously granted on condition under section 7c of the zoning resolution, permitting in a residence use district, the change in occupancy and extension of existing dwelling to a restaurant and refreshment stand for a term of five years.

PREMISES AFFECTED—1940 Bruckner boulevard, south side, 347 ft. east of White Plains road, Block 3677, Lot 62, Borough of The Bronx.

APPEARANCES—

For Applicant: Michael A. Cardo.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, on February 10, 1953, this application was granted by the Board on certain conditions, under section 7c of the zoning resolution, to permit in a residence use district, the change in occupancy and extension of existing dwelling, to a restaurant and refreshment stand, for a term of 5 years; and

WHEREAS, the applicant requested reopening of this application to consider revised plans; and

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation; and

WHEREAS, this application was reopened on July 17, 1956 and set for hearing on September 11, 1956 at 10 A.M., subject to regular procedure, and laid over to September 11, 1956, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin, and affidavit of present owner; and

WHEREAS, a public hearing was held on this application on September 11, 1956 after due notice by publication in the Bulletin; laid over to September 18, 1956, for the preparation of a new digest; and

MINUTES

WHEREAS, the decision of the borough superintendent, dated July 5, 1956 acting on amendment to Alt. Applic. 688-52, reads:

"1. Any variation from plans previously approved by the Board must be referred to the Board for further consideration."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 10, 1953, only so far as it refers to obtaining permits and completion of the work so that as amended this portion of the resolution shall read:

"that in view of the statement by applicant that a portion of the work, as shown on revised plan marked 'Received July 3, 1956', one sheet, and as authorized by the resolution above cited has been completed and that the owner intends to do no further work at this time, and in view of the requirement for obtaining a Certificate of Occupancy for the work that has been completed, that such Certificate of Occupancy shall be obtained within six months from the date of this amended resolution." (Alt. App. 688/52)

816-53-BZ—Vol. II

APPLICANT—Paul Friedman, for Houser Buick, Inc., owner.

SUBJECT—Application reopened May 29, 1956 as Vol. II —re (decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a local retail and residence use D and E-1 area district the addition of old lot 60 for use for parking of more than five motor vehicles for patrons and employees and for the display for sale of more than five motor vehicles in conjunction with the automobile showroom, motor vehicle repair shop and storage garage; previously permitted by the Board.

PREMISES AFFECTED—218-25 Hempstead avenue, north side, 182.25 ft. east of 218th street, Block 10766, Lot 53 —old Lots 53, 55, 57 and 60, Queens Village, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on May 29, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on September 18, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 218th street and Springfield boulevard are in local retail and residence use, D and E-1 area, class ½ height districts; Hempstead avenue is in a local retail use, D and E-1 area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated April 9, 1956 acting on amendment to N.B. Applic. 3042-53, reads:

"1. The extension of the area of the lot which is partly in a residence use district, to be used for parking of more than five motor vehicles for patrons and employees (no fee to be charged) and which is partly in a local retail district, to be used for outdoor display and sale of more than five motor vehicles, is contrary to Board of Stds. and Appeals Resolution 816-53-BZ, Bulletin #17, Volume XXXIX and contrary to Article II, Sec. 3 and Art. II Sec. 4-C of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 ft. frontage by 132.53 ft. in depth, presently used as follows: auto showroom for authorized automobile dealer, office and storage of auto parts and accessories; storage garage with gasoline tank and pump for dealer's use, no gasoline to be sold; motor vehicle repair shop; paint spray booth; parking of patrons' and employees' motor vehicles, no fee to be charged; that it is proposed to maintain the uses of automobile showroom for authorized automobile dealer, office and storage of auto parts and accessories; storage garage with gasoline tank and pump for dealer's use, no gasoline to be sold; motor vehicle repair shop; parking of patrons' and employees' motor vehicles, no fee to be charged, and to add the use of outdoor display and sale of more than five used cars, in local retail use district only; and

WHEREAS, the applicant states that this is an application to permit, for a term of years expiring March 30, 1964, the extension of the area of this lot, which is partly in local retail use district and partly in a residence use district, so as to permit the rear portion thereof in the residence use to be used for parking of more than five motor vehicles for patrons and employees, no fees to be charged, and to permit the front portion thereof, which is in a local retail use, to be used for outdoor display and sale of more than five motor vehicles, all in conjunction with existing uses of the subject premises previously granted by the Board under Cal. No. 816-53-BZ, for a stated term of 10 years as to parking and 20 years as to the other uses; and

WHEREAS, the applicant states that the subject premises is presently zoned as a class ½ height district; that the portion of the property within 100 ft. of Hempstead avenue is presently zoned as a local retail use and a D area district and the remainder is zoned as residence, E-1 area district; that as of July 25, 1916 the portion of the property within 100 ft. of Hempstead avenue was zoned as a business district and the remainder as a residence district; that the local retail zoning of the portion presently so zoned became effective on January 21, 1947; that as of July 25, 1916 the property was zoned as a one times height district and a D area district and the present height zoning became effective on June 30, 1952; that the portion of the property more than 100 ft. from Hempstead avenue was changed to an E-1 district on June 30, 1952; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant states that on March 30, 1954 the Board, under Cal. No. 816-53-BZ, granted an application to permit for a term of 20 years on a portion of the subject premises in Block 10766, former lots 53, 55 and 57, in the local retail use, D area district portion of a plot located in a residence and local retail use, D and E-1 area district, the erection and maintenance of a structure to be used as automobile showroom for authorized automobile dealer, office and storage of auto parts and accessories, including storage garage with gasoline tank and pump for dealer's use, using more than the area permitted; and permitting signs extending above top of roof beams in the local retail use portion of the plot, and permitting for a term of 10 years the parking of patrons' and employees' vehicles on unbuilt upon portion of the plot, no fee to be charged; that on the same date the Board, under Cal. No. 817-53-A, granted an appeal from an administrative decision to permit a variation from the requirements of the labor law as to exits from the mezzanine floor; that the subject premises is presently designated as block 10766, lot 53 and consists of former lots 53, 55 and 57 and former lot 60, which was not included in the previous application; that pursuant to the variance heretofore granted, a one story and mezzanine building has been built and temporary certificate of occupancy No. Q-108199 dated March 8, 1956 has been issued affecting former lots 53, 55 and 57; that former lot 60 and former lots 53, 55 and 57 now comprise official lot 53; that the work is almost all completed except that the westerly wall has not been constructed between former lots 57 and 60 as required, but has been constructed along the northerly line of former lot 60; that no wall has been constructed at the westerly line of former

MINUTES

lot 60, where the unpierced wall and an existing wood fence exist on the adjoining premises at or near the lot line; and

WHEREAS, the applicant further states that in conjunction with the uses heretofore approved for former lots 53, 55 and 57, it is proposed to use the unbuilt upon portion of former lot 60 as follows: to extend the parking lot area to include the rear of former lot 60; to use the front portion of the lot which is in a local retail district to be used for outdoor display and sale of more than five motor vehicles and to obtain a new certificate of occupancy for the entire premises; that it is also proposed to obtain approval for eliminating the paint spray use and for the present dimensions of the existing building, which differ slightly from the dimensions heretofore approved; and

WHEREAS, the applicant contends that no new use of the existing building is proposed; that the interior of the building has been redesigned so as to permit better operating conditions; that there have been no changes or extensions of the height or area of the building except that the main portion of the building is 4 ft. wider and the showroom is 5 ft. 9 in. wider; that however, despite the slight increase in the dimensions of the building, the extent of non-conformity with the area of coverage limitations is decreased by reason of the increase in the area of the plot; that the unbuilt portion at the rear of the existing building which is located partly in the local retail use district and partly in a residence district has been approved by the Board for parking of patrons' and employees' motor vehicles, no fee to be charged, and is proposed to be extended to include the rear of former lot 60; that the proposed term of the variance will expire on March 30, 1964, which is the expiration date of the original term; that the use of this portion of the subject premises for parking of patrons' and employees' cars will not adversely affect the neighborhood; that the portion of the rear of former lot 60 within the residence use is small in area, approximately 2000 sq. ft.; that nearby property owners on 101st avenue will be protected and buffered by the existing 5 ft. 6 in. high masonry fence wall which has been constructed along the entire 101st avenue frontage and along the westerly building line to the existing wood fence on the adjoining property; that there will be no entrances to or exits from the premises via 101st avenue; and

WHEREAS, the applicant further contends that the westerly portion of the subject premises, which consists of former lot 60 and which was not included under the previous application under Cal. No. 816-53-BZ, is to remain unbuilt upon; that it is proposed, however, to use the portion of the premises which fronts on Hempstead avenue and is zoned for local retail use, for the outdoor display and sale of more than five motor vehicles for a term to expire March 30, 1964; that the proposed use of this portion of the premises for used car sales will benefit the owner by enabling it to consolidate all of the incidental uses at one location, with no adverse effect upon the neighborhood; that the used car sales use is to be confined entirely within the local retail use portion of the premises; and

WHEREAS, the applicant states that the present owner has held title to lot 53 since March 22, 1954; lot 55, March 31, 1954; lot 57, April 12, 1954 and lot 60 since September 8, 1954; that the assessed valuation of land is \$35,000 and of the building \$122,000 making a total of \$157,000; that the building was erected March 8, 1956.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on March 30, 1954, as last amended by resolution adopted April 3, 1956, to permit the extension of area and uses as proposed and as indicated on plans filed with this application marked "Received May 8, 1956", 10 sheets, and to permit the extension of the building and the extension of the parking use and the addition of sale of used cars on a portion of the plot, as shown, and other changes to the elevation of the building, all as shown on the above cited plans, on condition that the proposed conditions as to use of the premises and the planting and paving shall be carried out for the extended plot in conformance with the requirements of the resolution

above cited, adopted March 30, 1954; that the fences now existing on the westerly lot line of the premises may be removed to the new westerly lot line; that such parking and the sale of used cars shall be in conformity with the terms as previously permitted in the resolution above cited; that this variance may be for a term ending March 30, 1964; and that all permits shall be obtained, including a Certificate of Occupancy, and all work completed within the requirements of Section 22A of the Zoning Resolution.

357-54-BZ

APPLICANT—Lama, Proskauer and Prober, for E. M. D. Realty Corp., owner.

SUBJECT—Application April 30, 1954—re (decision of the borough superintendent) under section 21 of the zoning resolution, to permit in an unrestricted use district the maintenance of an additional building on the old factory for woodworking and manufacturing of electrical equipment.

PREMISES AFFECTED—1368-1370 Ralph avenue, west side, 427 ft. $\frac{3}{8}$ in. south of Ditmas avenue, Block 7932, Lot 70, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Morris Kirshenbaum.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Conolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 18, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Ralph avenue and Avenue D are in an unrestricted use, A area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated April 28, 1954 acting on N.B. Applic. 220-54, reads:

"1. Proposed bldg. does not front on a legal street and is therefore contrary to sect. 36 of General City Law. Art. 3 and sect. 1, par. V, Art. 1 Zone Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 80 ft. frontage by 200 ft. in depth, on which is now located a factory for woodworking, metal working and manufacturing of electrical equipment; and

WHEREAS, the applicant states that as of July 25, 1916 the premises were in a D area district and received its present designation on July 1, 1924; and

WHEREAS, the applicant states that the premises are presently developed with a one story brick building 77 ft. by 65 ft. 8 in., of class 3 construction, erected under N.B. 282-51 for use as a factory; that said permit has been revoked by the department of buildings, which fact is the basis of this appeal; that on the same lot there exists a two story brick building of class 3 construction, erected under N.B. 1146-50; that this building fronts on Ralph avenue and extends the entire depth of the lot with a one story brick loading berth at the rear; that these two buildings are on lot 70; that immediately adjoining to the east, lot 126 owned by the same owner, is a one story brick building having a frontage of 81.77 ft. on Ralph avenue and a depth of 100 ft.; and

WHEREAS, the applicant contends that the building in question does not front on any mapped street, but as the southerly part of the site extends to the center line of Avenue D if said avenue were extended, and as the site on the westerly part extends to the center line of East

MINUTES

59th street if said were extended, and as this part of the site is unoccupied at the south and the west, and as all other lots owned by various owners in the vicinity are vacant, the building in question in effect does have frontage on a common highway; that inasmuch as this building was erected with an approved plan, it would be a hardship on the owner to now remove such building; that as the City developed in this area, East 59th street and Avenue D will be extended inasmuch as lots 79, 80 and 81 of block 7932 and lot 48 of block 7932 only front on East 59th street if it were prolonged; that lots 535, 534, 532 and 530 of block 7932, and lots 131, 525 and 508 only have frontage on Avenue D if it were prolonged; and

WHEREAS, the applicant states that the owner has held title to the property since May 12, 1950; that the assessed valuation of land is \$26,000 and of the buildings \$174,000 making a total of \$200,000; that the buildings were erected in 1951; and

WHEREAS, under this application, the Board is passing on the Zoning Objection as to Article I, paragraph V and other item as to section 36 of the General City Law is considered under Cal. 358-54-A; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 as to the construction of more than one building on the lot as precluded by Art. 1, sect. 1, par. v of the zoning resolution, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, other than as modified this day under Cal. No. 358-54-A; that such building and uses as proposed and as indicated on plans filed with this application marked "Received April 30, 1954", five sheets; and that all permits shall be obtained including the certificate of occupancy within the requirements of section 22A of the zoning resolution.

358-54-A

APPLICANT—Lama, Proskauer and Prober, for E.M.D. Realty Corp., owner.

SUBJECT—Application April 30, 1954—filed pursuant to Section 36, General City Law—re proposed building does not front on legal street and an Appeal from a decision of the Borough superintendent.

PREMISES AFFECTED—1368-1370 Ralph avenue, west side, 427 ft. $\frac{3}{8}$ in. south of Ditmas avenue, Block 7932, Lot 70, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and Morris Kirshenbaum.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated April 28, 1954, acting on N.B. Applic. 220-54, reads:

"1. Proposed bldg. does no front on a legal street and is therefore contrary to Sect. 36 General City Law Art. 3 and Sect. 1 par. V. Art. I Zone Resolution.

"2. Provide two legal exits leading direct to street as per Sect. 270 LL."

and

WHEREAS, the applicant states the building is one story, 18 ft. 4 in. in height, 77 ft. by 65 ft. 8 in. in area, of class 3 construction, erected 1951, located on a lot 80 ft. front by 200 ft. irregular, in depth, in an unrestricted use, A area,

class one height district, and used and occupied since 1951: basement—factory for woodworking, metalwork and manufacture of electric equipment, 20 persons; 1st floor—same, 35 persons; no change in use or occupancy is now proposed; that the building is equipped with an approved two-source sprinkler system, an approved interior fire alarm system and regular monthly fire drills are maintained; that there are two 3 ft. 8 in. wide steel and concrete interior stairs, fire-proof enclosed, equipped with fireproof self-closing doors, with egress from the lower termination to street through an easement; and

WHEREAS, applicant states the premises have a frontage of 80 ft. on Ralph avenue, 180 ft. on the westerly lot line, 200 ft. on the northerly lot line, 100 ft. on the southerly lot line and 100 ft. on the easterly lot line, and are developed with a one story brick building 77 ft. by 65 ft. 8 in. in area, erected under N.B. Applic. 282-51, for use as a factory; that the permit was revoked by the Department of Buildings; that on the same lot there exists a two-story brick building erected under N.B. Applic. 1146-50, fronting on Ralph avenue and extending the entire depth of the lot, with a one story loading berth at the rear; that both these buildings are on lot #70; that adjoining to the east on Lot 126, in the same ownership, there is a one story brick building 81.77 ft. front on Ralph avenue and 100 ft. in depth; and

WHEREAS, the applicant contends that the building in question does not front on a mapped street but that as the southerly part of the site extends to the centerline of Avenue D, if said avenue were extended, and as the westerly part of the site extends to the centerline of East 59th street, if it were extended, and as this part of the site is unoccupied at the southwest, and as all other lots in the vicinity are vacant, the building in question does, in effect, have frontage on a common highway; that as the owner does have title to the centerline of Avenue D and East 59th street, and as such land is unbuilt upon and gives ample exit from the building to Ditmas avenue, it is requested that this appeal be granted; and

WHEREAS, the Objection as to Article I, paragraph V of the Zoning Resolution is passed on under Cal. 357-54-BZ.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 220-54, Objection No. 1 be and it hereby is *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be and it hereby is *granted*, to permit means of reaching a mapped street as proposed, over premises owned by this owner leading to East 59th street; as to Objection No. 2, that the exits as proposed, shall be maintained; that in all respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, other than as modified by resolution adopted this day on calendar number 357-54-BZ.

810-54-BZ

APPLICANT—Louis Kurtz, for Curt Rahmsdorf, owner.

SUBJECT—Application October 26, 1954—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, G area district the maintenance of existing one family dwelling, without the required setback.

PREMISES AFFECTED—380 West 245th street, south side, 234.75 ft. east of Fieldstone road, Block 3415, Lot 333, Borough of The Bronx.

APPEARANCES—

For Applicant: Louis Kurtz.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 11, 1956 after due notice by publication in the Bulletin; laid over to September 18, 1956, applicant to file proof of service in accordance with the requirements; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, G area, class $\frac{1}{2}$ height district; and

WHEREAS, the decision of the borough superintendent, dated October 15, 1954 acting on N.B. Applic. 456-54, reads:

"1. The survey shows an encroachment on the required 20' setback and is contrary to Sect. 16-B(b) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 77 ft. frontage by 81.38 ft. in depth, on which is located a building 48 ft. front by 27 ft. in depth, two stories, 25 ft. in height, of class 4 construction, used as a one family dwelling; that it is proposed to maintain existing one family dwelling without the required setback; and

WHEREAS, the applicant states that the use districts have not been changed since 1916; that the area was changed from F to G district July 6, 1938 and the height was changed from 1 times to $\frac{1}{2}$ on January 14, 1954; and

WHEREAS, the applicant contends that the one family dwelling as now built is in a G district in the section known as Fieldstone, and complies with all the articles of a G district with the exception of some steps and an entrance platform which has no roof or covering over it; that the main body of the house is set back 20 ft. 6 in. from the front building line at the easterly part of the house and approximately 24 ft. at the westerly part of the house; that the entrance platform is at the easterly part of the house and extends about 3 ft. beyond the required 20 ft. front setback; that the property rises about 10 ft. from the curb to the rear of the property; that the entire easterly and southerly portions of the lot is solid rock and the rock formation rises about 2 ft. above the surface; that the furthest the house could be set back was 20 ft. 6 in. at the easterly part of the property; that setting the house back further would have set it in the middle of the rock formation and the cost of rock blasting would have been prohibitive; that the blasters refused to consider blasting as this rock formation extends under adjoining houses and blasting would have been extremely hazardous, and that furthermore, setting the house back further would have caused an illegal rear yard; that a good portion of the rock extends into the cellar and the rear of the house had to be set 6 in. above the rear yard level; that this necessitated filling the front of the property and providing steps and an entrance terrace to reach the front door; that inasmuch as the entrance terrace or platform is uncovered, he does not consider it part of the house; that the street is curved, terminating opposite the center of the property and is continued as a street with narrow steps to a much lower level; that none of the adjoining houses are affected as the houses are not in line; and

WHEREAS, the applicant states that the present owner has held title to the property since July 15, 1941; that the assessed valuation of land is \$3,600 and of the building \$19,400 making a total of \$23,000; that the building was erected in 1954; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the zoning resolution and that the application be and it hereby is granted under Section 21 to permit the encroachment on the 20 ft. front yard as proposed and as indicated on plans filed with this application marked "Received October 26, 1954", 6 sheets, and "June

21, 1956", one sheet, on condition that such encroachment shall not exceed the entrance platform and steps as shown on such plans; that in all other respects the required 20 ft. yard shall meet all the requirements therefor; and that all permits shall be obtained and all work completed within six months from the date of this resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 10, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; then recessed from July 24, 1956, to July 26, 1956, for inspection and decision; then to September 11, 1956, for applicant to file revised plans, eliminating the two greasing pits and the repair work on inside of the building, reduce the curb cut; and show on plan the erection of the two new pumps set back 15 feet, if possible; then laid over to September 18, 1956 for applicant to file revised plans as to number of pumps and height of wall; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Kings highway are in retail and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated May 4, 1954 acting on Alt. Applic. 1474-54, reads:

"1. Proposed change of occupancy and rearrangement of facilities on premises, partly in a Retail and partly in a Residence District is contrary to Article II, PP. 3, PP. 4-A & PP. 6 of the Zoning Resolution.

2. Curb cut exceeding 30' is considered a pedestrian hazard and is contrary to Department regulations.

3. Curb cut and entrance to premises exceeding 3' 6" in a transition from 'Retail' to 'Residence' use district is contrary to Article II, PP. 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 49 ft. $11\frac{3}{8}$ in. frontage on East 5th street and 61 ft. 6 in. on Kings highway and a depth of 50 ft. 4 in., on which is located a one story masonry, class 3 non-fireproof building; that it is proposed to rearrange the facilities in the existing gas and greasing station with auto laundry, by removing one present gas tank and pump within the residential use portion; that two new gas tanks and pumps will be placed within the retail use area; that the portion of the present building now used as auto laundry will serve as a lubritorium since the indoor greasing platforms will be eliminated; that the indoor greasing space will also serve as an electrical service shop with hand tools only; that no greasing or repairing will be performed in

MINUTES

the open; that to create some privacy for the adjoining residential property, it is proposed to erect a 6 ft. high masonry wall and the present curb cut will be reduced in length to provide safety for passing pedestrians; and

WHEREAS, the applicant states that the subject plot presently has its largest portion situated in a retail use zone, while the remaining small triangular 8 ft. by 10 ft. by 13 ft. portion of land at the front and left corner is in a residential use zone; that these zone designations for the property became effective as of September 17, 1953; that prior to this date and since July 25, 1916 the retail use portion was zoned as business and the residential use area was unrestricted; and

WHEREAS, the applicant states that within the retail and largest portion, the plot is now improved with a one story masonry class 3, non-fireproof building erected under N.B. 10896-30 and permit No. 8447-30; that certificate of occupancy No. 62712 was issued for the following legal use—1st floor—auto laundry, one car garage and greasing platform for two cars, not more than five cars on the premises; and

WHEREAS, the applicant further states that on December 13, 1930 Bureau of highways permit No. A-12084 was obtained in order to lower two 15 ft. cuts at the curb fronting the premises, thereby giving access to cars awaiting service; that said use for the building and site continued unchanged until February 25, 1932 and on that date an additional certificate of occupancy No. 66835 was issued allowing the triangular unrestricted portion of vacant land within the plot, to be used as a gasoline and oil selling station; that a concrete curb and wire fence barrier was required to be erected separating the business portion according to approved alteration plan No. 1313-32 and permit No. 1167-32; that the fire department, in turn, on January 24, 1932 (permit 1167-32) gave permission to install and operate one 250 gallon gasoline tank and two dispensing pumps; that several years later, on June 8, 1939 permission was again given through fire department permit No. 376891 to install an additional 550 gallon gasoline tank; that these tank permits have been renewed annually until this present day; that the lawful occupancy of the premises has been in existence and unchanged since issuance of the last certificate of occupancy; and

WHEREAS, the applicant contends that the premises has been leased by different tenants during all these years and one of the lease terms compels each tenant to maintain and occupy the property lawfully with respect to municipal building laws; that however, one of its previous tenants, within the last two years, violated the law by unwittingly removing the concrete curb and fence barrier and violation No. 103-53 dated June 22, 1953 was issued by the department of buildings stating that the gas station had been extended into a prohibited area; that the present tenant was held liable for this violation, although when he took possession of the premises on March 6, 1953 the barrier was found to be removed and missing; that the barrier has now been replaced and there are no further violations pending against the property; that the granting of this application will have no adverse effect upon the existing commercial and business appearance of the surrounding district; and

WHEREAS, the applicant states that the present owner has held title to the property since January 10, 1952; that the assessed valuation of land is \$8,500 and of the building \$3,000 making a total of \$11,500; that the building was erected in December, 1930; and

WHEREAS, the premises and area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7c to permit rearrangement of the lawfully existing gasoline service station

substantially as indicated on last revised plans marked "Received September 12, 1956", one sheet, on condition that along the lot line, where shown to the north, there shall be erected a brick masonry wall not less than 5 ft. 6 in. in height; that the existing pumps along such lot line shall be removed and no pumps shall be installed except three pumps toward the center of the premises, where shown; that such pumps shall be of a low approved type; that the tanks now existing may be continued provided they are tested by the Fire Commissioner and found to be in good condition; that there may be additional 550 gallon approved gasoline storage tanks installed in the premises not exceeding five new tanks; that the curb cuts shall be rearranged as indicated on such revised plan marked "Received September 12, 1956"; that any portion of the curbing not included in the curb cuts, as shown, shall have the curbing restored; that the sidewalk in front of the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that the existing greasing pits and greasing stands in the open shall be removed and all greasing shall be maintained entirely within the accessory building; that there shall be no repair work done on the premises; that signs shall be restricted to the permanent signs attached to the front of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that such standard shall be located where shown at the southerly end of the plot; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that windows in the accessory building facing the adjoining premises shall be made stationary and without opening; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

525-55-BZ

APPLICANT—Simon B. Zelnik, for Estate of William A. Ryan, owner (Kathryn T. Ryan, Executrix); (Henry Street Foods, Inc., lessee).

SUBJECT—Application June 10, 1955—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence and restricted retail use district, the proposed store in the cellar of an old law tenement.

PREMISES AFFECTED—94 Pineapple street, south side, 92.6 ft. east of Henry street, Block 232, Lot 22, Borough of Brooklyn.

APPEARANCES—

For Applicant: Irving J. Hirshman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 11, 1956 after due notice by publication in the Bulletin; laid over to September 18, 1956, for additional information from the applicant as to "marble" and antique shop, its owner, lease, etc.; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Pineapple street, Henry street and Fulton street are in residence and restricted retail use, B area, class 2 height districts; and

WHEREAS, the decision of the borough superintendent, dated May 11, 1955 acting on Alt. Applic. 1175-54, reads:

"1. Proposed store in the cellar of an Old Law Tenement located in a Residence and Restricted Retail

MINUTES

district is contrary to Art. 2 Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. frontage by 100 ft. 7 in. in depth, on which is located a five story residence building of class 3 construction, 25 ft. front by 82 ft. in depth, 50 ft. in height, with store in cellar; that it is proposed to legalize occupancy as store in cellar of five story residence building; and

WHEREAS, the applicant states that the subject premises is located 92.5 ft. east of Henry street and therefore has 7.5 ft. of its width in the present restricted retail district; that this was a business district until July 28, 1952 when the zoning was changed to its present use; that the remainder of the subject premises is in a residence district which has not been changed since its original zoning in 1916; and

WHEREAS, the applicant contends that the greater portion of the area of the premises requested to be used for retail purposes is within this 7.5 ft. of restricted retail use district; that permitting the use of the area requested for retail purposes would in no way detract from the area due to the fact that there is at present a tailor shop and theatre immediately to the east of the subject premises, being well within the residence district; and

WHEREAS, the applicant states that the present owner has held title to the property since March 5, 1931; that the assessed valuation of land is \$12,500 and of the building \$20,500 making a total of \$33,000; that the building was erected in 1895; and

WHEREAS, the applicant changed the basis of the application from section 7e to section 7b; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision b of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7b to permit continuance of the antique shop within the basement of this building and to extend it within the basement as proposed, as indicated on plans filed with this application marked "Received June 10, 1955," two sheets, *on condition* that the balance of the building shall be used only for uses as permitted in the present restricted retail district; that all permits shall be obtained and all work completed and a certificate of occupancy shall be obtained within three months of the date of this application.

807-55-BZ

APPLICANT—Paul Trapani, for Peter and Patrick De Salvo, owners.

SUBJECT—Application October 17, 1955—re (decision of the borough superintendent) under sections 7c and 7i of the zoning resolution, to permit in a business use district the extension and maintenance of an existing gasoline service station, to include auto laundry and minor repairs.

PREMISES AFFECTED—4116 White Plains avenue, southeast corner of East 230th street, Block 4843, Lot 45, Borough of The Bronx.

APPEARANCES—

For Applicant: Paul Trapani.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 19, 1956 after due notice by publication in the Bulletin; laid over to July 10, 1956 for inspection and

decision; hearing closed; then to July 24, 1956, for inspection and decision; then to September 11, 1956 for applicant to file revised plans as to new accessory building; and then laid over to September 18, 1956, at the request of applicant to file further revised plans; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and White Plains avenue are in a business use, C area, class 1¼ height district; East 230th street is in business and residence use, C area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated September 30, 1955 acting on N.B. Applic. 1627-55, reads:

"1. The proposed new building to be used in connection with minor repairs, gas station and auto laundry, in a business use district is contrary to Sect. 4 of the Zon. Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 75 ft. in depth, on which are located two metal buildings 25 ft. by 18 ft. and 16 ft. by 18 ft., used as gasoline service station; that it is proposed to retain the two metal buildings now existing on the site; that one building now used as office will be changed for storage use and sale of auto accessories; that the other building, a two car garage, will remain as is; that the new building will be used for office, an auto laundry and partly to close in present car grease lifts; and

WHEREAS, the applicant contends that the present owners claim the premises have been used for a gas station since 1924 and that they bought the property in 1947; that the owners wish to make new additions because of demands for servicing, car washing, the need for more space and the hardship of greasing cars in cold weather, therefore the necessity for closing in existing lifts; that this area is old and is 95% developed; that the property along White Plains road is entirely business while the side streets are residential; that this gas station is basically a neighborhood necessity as it services the immediate area; that the erection of this new building will in no way alter the appearance of the neighborhood; that a variation is requested for a period of 10 years; that the proposed building will be simple in design and will add to the appearance of the station; and

WHEREAS, the applicant states that the present owner has held title to the property since 1947; that the assessed valuation of land is \$27,500 and of the building \$4,500 making a total of \$32,000; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the Committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the lawfully existing gasoline service station to be re-arranged substantially as proposed and as indicated on revised plans marked "Received September 13, 1956", one sheet, *on condition* that pumps shall be of a low approved type and erected not nearer than 15 ft. to the street building line; that the existing metal buildings now on the premises shall be removed; that the accessory building shall be erected substantially as proposed and shall meet all the requirements of the Building Code; that there shall be no cellar under such building; that there shall be no windows or other openings in the rear wall of the accessory building; that along the rear and side lot lines, where shown, there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 ft. 6 in. with suitable terminating posts; that under Section 7i there may be repairing maintained within the accessory building with hand tools only for adjustments; that signs shall be

MINUTES

restricted to permanent signs attached to the facade of the accessory building facing White Plains avenue, and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs but permitting the erection within the building line near the intersection with East 230th street of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line of both streets for a distance of not more than 4 ft.; that the premises where not occupied by the proposed accessory building and pumps shall be paved with concrete or asphaltic pavement; that suitable bumpers shall be maintained against the fences for the protection thereof; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

884-55-BZ

APPLICANT—John F. Fitzsimons, for Ferdinand Dorgler, owner.

SUBJECT—Application November 9, 1955—(decision of the borough superintendent) under sections 7c and 7i of the zoning resolution, to permit in a business use district, the erection of an addition to an existing motor vehicle repair shop and to permit the parking of motor vehicles awaiting service.

PREMISES AFFECTED—115-16 to 115-18 Atlantic avenue, southwest corner of 116th street, Block 9401, Lots 6 and 8, Richmond Hill, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 11, 1956 after due notice by publication in the Bulletin; laid over to September 18, 1956, for applicant to file more complete plan, showing existing and proposed conditions, including the existing legal curb cuts; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, D area, and class 1¼ height district; Atlantic avenue is in a business and retail district; 116th street is in a business, retail and residence use district; and

WHEREAS, the decision of the borough superintendent, dated November 2, 1955, acting on Alt. Applic. 2739-54, reads:

"1. The extension of an existing non-conforming use by the erection of an addition to an Auto Repair Shop within a Business Use District is contrary to Art. II, Sec. 4(a) (29) as is also the proposed accessory parking and storage of motor vehicles."

and

WHEREAS, the applicant states that the premises consist of a plot 82 ft. frontage, by 92 ft. in depth, on which is now located a dwelling, store, motor vehicle repair shop; that it is proposed to erect an addition to an existing motor vehicle repair shop and to permit parking of vehicles awaiting service; and

WHEREAS, the applicant contends that this is an application for a variation of the zoning resolution so as to permit in a business use district an addition to an existing motor vehicle repair shop and the parking and storage of motor vehicles awaiting service; that the premises which is the subject to this application is on the southwest corner of Atlantic avenue and 116th street, having a frontage of 92

ft. on 116th street and 82 ft. on Atlantic avenue; it is presently occupied by a 2-story frame dwelling and store, constructed under NB 4695-1921, a 1-story concrete block store for which Certificate of Occupancy Q102568 has been issued under Alt. 2-1954, a repair shop constructed under NB 2394-1933, for which Certificate of Occupancy 50534 has been issued and an open shed in which repairing has been carried on without benefit of permit since 1940; that the repair shop fronts on 116th street and it is proposed to demolish the shed and to extend the building westerly by an addition, 36 ft. 8 in. wide by 45 ft. 5 in. deep; that since its construction the repair shop has been operated as such by Ferdinand Dorgler (first as a tenant and since 1949 as one of the owners) the first Fire Department permit having been issued in April 1934 at which time the property was in an Unrestricted Use District; an open space is proposed within the lot area for the parking and storing of cars awaiting service; and

WHEREAS, the applicant further states that to the west on the south side of Atlantic avenue is a lumber yard, shed and 1-story frame office; that adjacent to the premises on the south side is a 1-car garage on a 17 foot lot; that the opposite property to the east is developed with a 3-story frame dwelling and store; and

WHEREAS, the applicant contends that the proposed addition and the extension of the use will not adversely effect the neighborhood; and that there are no changes proposed in the street elevations; and

WHEREAS, the applicant states that the zoning of the site was changed from Unrestricted to Residence on May 14, 1941 and was changed from Residence to Business on July 17, 1953; and

WHEREAS, the applicant states that the present owner has held title to Lot 8 since December 12, 1940 and to Lot 6 since March 15, 1949, and to Lot 8 since December 12, 1940; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the extension of the existing building, substantially as proposed and as indicated on plans filed with this application marked "Received November 9, 1955," 6 sheets, "March 13, 1956," 1 sheet, and "September 14, 1956" two sheets, *on condition* that the present shed shall be removed; that the lawfully existing repair work may be extended from the existing building to the proposed extension; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that non-conforming uses shall not be further extended; that a new certificate of occupancy shall be obtained; that such portable fire fighting appliances shall be maintained throughout the entire repair shop as the Fire Commissioner shall require; that there shall be no openings in the proposed addition to the adjoining premises; that all work shall be completed and all permits obtained within the requirements of Section 22A of the zoning resolution.

Adjourned: 3:00 P.M.

JOSEPH J. DOYLE, Chief Clerk.

348-34-A

APPLICANT—Samuel Rosenblum, for Montrose Corporation, owner.

SUBJECT—Application for consideration—reopening as to extension of term of variance—re Appeal from an order of the fire commissioner; previously granted on condition, for a temporary term.

PREMISES AFFECTED—136 41st street, south side, 240 ft. east of 1st avenue, Block 716, Lot 20, Borough of Brooklyn.

APPEARANCES—

For Applicant: Samuel Rosenblum.

ACTION OF BOARD—Appeal reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on June 18, 1935, on certain conditions; and

WHEREAS, the resolution was amended on November 19, 1935 and November 12, 1941; and

WHEREAS, the term of variance was extended from time to time and last extended on April 12, 1955; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 18, 1935, as thereafter amended by resolutions adopted through April 12, 1955 only so far as it refers to the term of the variance, so that as amended this portion of the resolution shall read:

"* * * granted for a term of one year from the date of this amended resolution, to permit * * *; that other than as herein amended the resolution above cited shall be complied with in all respects." F.D. Permit #573698.

775-55-A

APPLICANT—Schoen and Hennessy, for Emsig Manufacturing Co., owner.

SUBJECT—Application September 30, 1955—Appeal from an order and a decision of the fire commissioner—re storage of combustible mixture (Luperco ATC and Lupersol DDM).

PREMISES AFFECTED—223-227 West 60th street, north side, 315 ft. west of Amsterdam avenue, Block 1152, Lots 17, 19 and part of Lot 20, Borough of Manhattan.

APPEARANCES—

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, Order #5045-5 issued by the Fire Commissioner June 7, 1955, and repeated in his decision of September 28, 1955, reads:

and

"Technical Establishment

Gentlemen:

Before a permit for the purpose indicated above may be issued to you, the following order must be complied with. Kindly notify this Department when such order has been complied with.

1. Reduce the total storage of Luperco ATC (50% benzoyl peroxide and 50% tricresyl phosphate) and Lupersol DDM (60% methyl ethyl keystone peroxide

—40% dimethyl phthalate) to not more than 25 pounds."

and

WHEREAS, the applicant states the building is 3 and 4 stories, 35 and 65 ft. in height, 83 ft. 9 in. front by 100 ft. 5 in. in depth at 1st floor; 83 ft. 9 in. front by 95 and 75 ft. in depth by typical floor, of fireproof construction, erected in 1912 and 1953 on a lot 125 ft. front by 100 ft. 5 in. in depth, in a manufacturing use, B area, class 1½ height district; used and occupied since 1944 as follows: No. 225-227—cellar—manufacturing and storage of buttons, 9 persons; 1st floor, same, 67 persons; 2nd floor—tool shop, 30 persons; 3rd floor—manufacturing and storage of buttons, 4 persons; 4th floor—manufacturing buttons, 26 persons; roof—dust collecting equipment, 0 persons; #223—1st floor—manufacturing and non-storage garage for not more than five motor vehicles, 16 persons; 2nd floor—packing, offices and manufacturing, 20 persons; 3d floor—storage of buttons, 15 persons. No change in use or occupancy is now proposed. The building is equipped with a one-source sprinkler system throughout, one interior 3 ft. 8 in. wide interior steel and concrete stairs, enclosed in 8 in. brick and 4 in. block, plastered, equipped with fireproof, hollow metal self-closing doors and extending from roof bulkhead direct to street, and one horizontal exit; and

WHEREAS, Certificate of Occupancy #43772 issued February 17, 1955, against Alt. App. 1243/52 classifies the building as class 1, fireproof construction and permits the following use and occupancy: #225-227 West 60th street; cellar—manufacturing and storage, 9 persons; 1st floor—manufacturing and storage, 67 persons; 2nd floor—tool shop, 30 persons; 3d floor—manufacturing and storage, 4 persons; 4th floor—manufacturing, 26 persons; roof—ventilating equipment. #223 West 60th street—1st story—manufacturing, garage for not more than 5 motor vehicles and loading area, 16 persons; 2nd story—packing, offices and manufacturing, 20 persons; 3d story—storage, 15 persons; and this certificate contains the note that not more than 75% of total floor area of building may be used for manufacturing purposes, of a type permitted in a manufacturing district, all in accordance with Section 4F of the Zoning Resolution; and

WHEREAS, the applicant states application was made for permission to store 250 lbs. of Luperco A.T.C. (50% benzoyl peroxide and 50% tricresyl phosphate paste) and 50% of Lupersol D.D.M. (60% methyl ethyl keystone peroxide and 50% dimethyl phthalate storage); and

WHEREAS, applicant states the products will be kept in a special masonry vault for storing inflammables 6½ feet long by 5¼ feet wide, provided with two steel shelves and steel door and one window equipped with Holmes Electric Protective system; that the vault has an automatic seven head sprinkler system on the ceiling, and to prevent leakage of liquids under the door there is a concrete 6½ in. high step; that there is nothing above this room but a flat concrete roof; the vault was designed in accordance with recommendations of the Fire Department and the Board of Fire Underwriters; and

WHEREAS, the applicant states that Luperco A.T.C. will be ordered in glass bottles containing ten pounds each and Lupersol D.D.M. in 1 lb. glass bottles; that the bottles containing Lupersol D.D.M. are kept in a metal container filled with silica flour into which the bottles are packed; the metal container is placed on an iron shelf in the storage room; that the Luperco A.T.C. is placed in its original case in the storage room; that after removal from the case, glass jars are placed on the iron shelf; that both catalysts are handled by persons having at least one year of college and are under strict technical supervision; and

WHEREAS, report dated September 8, 1954, from the Central Testing Laboratories to the Fire Commissioner states that the flashpoint of Lupersol D.D.M. is 85° open cup and the flashpoint of Luperco A.T.C. is 230° open cup.

Resolved, that the decision of the Fire Commissioner dated September 28, 1955, acting on Order No. 5045-5 be and it hereby is modified and that the appeal be and it hereby is

MINUTES

granted on condition that the amount of Luperco ATC shall not exceed 250 pounds and Lupersol DDM shall not exceed 15 pounds; that when quantities of these materials are taken from the storage room to the mixing kettle they shall be in properly protected containers carried in cradles or baskets; that the handling and storage of these materials shall be in a manner satisfactory to the Fire Commissioner; that the Lupersol DDM the Luperco ATC shall be stored in the storage room in metal containers filled with silica flour into which the bottles are packed and the metal containers placed upon an iron shelf in the storage room, as proposed by the applicant.

Affirmative: Chairman Murdock, Commissioner Kleinfert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 27, 1956, on Alt. App. 223/56 reads:

"1. The proposed occupancy of the premises as light manufacturing in cellar and as light manufacturing on the entire 2nd floor is contrary to Board of Stds and Appeals Resolution Cal. #499-44-A.

"2. The use of wood partitions in the cellar as indicated on plans submitted is contrary to 10.8.5 Bldg. Code.

"3. Width of stairway is inadequate for number of occupants—Section 278 Labor Law.

"4. Distance to exit from remote point exceeds 100' and is contrary to Sect. 270 Labor Law."

and

WHEREAS, the applicant states the building is 2 stories and cellar, 26 ft. in height, 125 ft. front by 107.27 ft., irregular, in depth, class 3 construction, erected 1927, located on a lot 125.33 ft. front by 187.27 ft. irregular, in depth, in a business use, A area, class 2 height district and used and occupied since 1927, in the cellar as a bowling alley, bar and restaurant, 150 persons, now vacant, and as stores on the first floor, with an occupancy of 50 persons since erection of the building, and on the 2nd story as a factory for the manufacture of sportswear with an occupancy of 120 persons since 1944, pursuant to variance granted by the Board under Cal. No. 499-44-A, for which certificate of occupancy Q31775 was issued November 22, 1944. The applicant states that the building is equipped with an approved standpipe system, two interior steel 4 ft. 7 in. wide stairs enclosed in terra cotta and wire lath and plaster, equipped with self-closing, fire-proof doors and leading direct to street, one stairs leads to the roof; there is no safe egress from the roof; and

WHEREAS, the applicant states the building was erected under N.B. App. 9466/27 and consists of a cellar, now vacant, used until about a year ago as a bowling alley, stores on the first floor and factory and printing shop on the 2nd floor; that the second floor use was permitted by the Board under Cal. No. 499-44-A; that the building was originally on Lot 1 and Lot 7 has been added prior to the action of the Board under Cal. No. 499-44-A so as to permit the construction of a stair enclosure; that the building has not been altered structurally since the action by the Board

under Cal. No. 499-44-A except that some of the partitions on the second floor have been removed giving better access to exits; and

WHEREAS, the applicant states that the cellar which was used as a bowling alley has been vacant for over a year and the space leased for the manufacture of sweaters using sewing machines, etc.; that the expected occupancy will not exceed 60 persons, although filed for a maximum of 100 persons; that the entire area is ventilated by a mechanical ventilating system; and

WHEREAS, the applicant contends as to Objection 1 issued by the Borough Superintendent that the variance granted by the Board under Cal. No. 499-44-A was for light manufacturing on the entire second floor; that the arrangement now is for printing shop with an occupancy of two and some temporary partitions within the factory have been removed; that the exits and standpipe are the same; that the bowling alley is now to be used for manufacturing sweaters and the Board is requested to permit the use of the cellar as a modification of the bowling alley use; and

WHEREAS, the applicant contends as to Objection 2 issued by the Borough Superintendent that the wood partitions referred to consist of the two small offices which are wood stud partitions consisting of 2 x 4 studs and plywood, the stockroom partitions extending to the ceiling constructed of 2 in. by 4 in. studs covered with sheet rock; that the toilet partitions are wood studs and sheet rock for the outer enclosures including the restrooms and the toilet rooms are constructed of studs plastered and tile; stair enclosures are terra cotta; the boiler room ceiling and steel stair soffits within the boiler room are covered with wire lath and portland cement mortar; that the existing wood partitions are no more hazardous than wood shelving and the Board is therefore requested to permit the partitions to remain; and

WHEREAS, the applicant contends as to Objection 3 issued by the Borough Superintendent that although the application made to the Borough Superintendent is for an occupancy of 100, the actual occupancy will not exceed 60 because of the machinery, equipment, etc. which will occupy much of the space; that for the requested occupancy of 100 the aggregate stair width is ample for the actual anticipated occupancy of 60; that the former occupancy was approved as 150; the Board is respectfully requested to accept the exits as indicated on plans on condition that the door widths be increased from 3 ft. to 3 ft. 8 in. for one stair and from 3 ft. 4 in. to 3 ft. 8 in. for the other stair as indicated on plans filed with this appeal; and

WHEREAS, the applicant contends as to Objection 4, that the excess over 100 ft. from any stair exit is very small and the Board is requested to accept this small excess; and

WHEREAS, the applicant states that the computation for the stair capacities is as follows:

Cellar:

stair No. 1 4 ft. 7 in. wide	28 persons
lower entrance level 4 ft. 7 in.	
by 7 in.	32 sq. ft.

WHEREAS, the applicant states that the area of the lot is 23,168 sq. ft.; that the area used for manufacturing on the second floor is 7,000 sq. ft. and the area proposed for manufacturing in the cellar is 6,800 sq. ft.; and

WHEREAS, the applicant states that question of loading berths under Section 19A of the zoning resolution was taken up at the time of the examination by the Borough Superintendent and no loading berth was required.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 223/56, dated February 27, 1956, Objection No. 1, and that the appeal be and it hereby is *granted*, to permit the amount of space for light manufacturing as now proposed in the cellar and second floor, based on the area of the lot on which this building is constructed, namely, Block 9995, Lot 1 and an adjoining lot under the same ownership now used for parking and known as Lot 7; that as to Objection No. 2, the arrangement of the cellar shall be as proposed on revised plans marked, "Received June 20, 1956", (2 sheets), and "July 26, 1956", (2 sheets), "July 18, 1956", (one sheet), as to the second floor; and "July 18, 1956" (3 sheets), showing existing conditions in the cellar and existing and proposed conditions on the second floor; *on condition* that the stairway to the south, adjacent to 146th street, shall be constructed so as to provide an exit to the street from the basement; that the ventilating system for the basement area, as indicated on revised plans of the cellar marked "Received July 26, 1956" shall be installed and maintained at all times while the factory is in operation; that the existing stairs, one to Jamaica avenue and one to the first floor leading to the rear, shall also be maintained; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that such fire fighting equipment shall be maintained as the Fire Commissioner shall direct; and withdrawn as to Objections 3 and 4, applicant to comply; that all stairs above referred to shall comply with the Labor Law; and that there shall be no loading device or chute within the stair enclosure.

279-56-A

APPLICANT—Watchtower Bible and Tract Society of New York, Inc., owner.

SUBJECT—Application April 2, 1956—Appeal from an order and a decision of the fire commissioner—re refrigerating system.

PREMISES AFFECTED—124 Columbia Heights, northwest corner of Pineapple street, Block 223, Lot 6, Borough of Brooklyn.

APPEARANCES—

For Applicant: Hayden Covington and Stanley Ford.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, Order #11954-5, issued by the Fire Commissioner November 28, 1955, reads:

"Before a permit to maintain or operate a refrigerating system may be issued to you, the following order must be complied with. Kindly notify this Department when such order has been complied with.

"1. Discontinue and remove the direct method of refrigeration from that part of the building prohibited by C19-98.0-b, Administrative Code.

Note: Refers to unit where lines lead from compressor in cellar to evaporator on 2nd floor. Rule 3, Freon Rules."

and

WHEREAS, the decision of the Fire Commissioner dated June 19, 1956, reads:

"In response to your letter of January 9, 1956 requesting reissuance of Order No. 11954-5 and the reissuance of same for the purpose of filing an appeal, I regret to advise you that your request is denied.

"However, you may appeal from this denial to the Board of Standards and Appeals."

and

WHEREAS, the applicant states that the building is 9 stories and penthouse, 90 ft. in height, 201 ft. front by 99 ft. 9 3/8 in. in depth at street level and 81 ft. 5 7/8 in. in depth at typical floor level, of class One construction, altered in 1950 and located in a residence use, B area, district and used and occupied since 1950: Cellar—kitchen, dining room and boiler room, 520 persons; basement—laundry, service, storage, 35 persons; 1st floor—Chapel, lounge and dormitory, 500 persons; 2nd floor—Dormitory and studios, 100 persons; 3rd floor—dormitory and clinic, 90 persons; 4th to 8th floors: Dormitory, 76 persons on each of the 4th, 5th and sixth floors, 75 persons on each of the 7th and 8th floors; 9th story: dormitory and offices, 40 persons; penthouse: offices and dwelling, one family, 35 persons; the building is equipped with an approved standpipe system, a one-source sprinkler system, an approved interior fire alarm system; three interior 42 in. wide steel and concrete stairs, concrete enclosed, equipped with fireproof self-closing doors and leading to roof bulkhead; and

WHEREAS, Certificate of Occupancy No. 127521, issued October 5, 1950 against Alt. Applic. 4233/46, describes the building as a class B, heretofore erected existing (dormitory) and permits the present use and occupancy; and

WHEREAS, the applicant contends that the owner is operating radio studios in the building pursuant to the Certificate of Occupancy and the only way in which these studios can be operated in the summer is to have them air-conditioned; that the refrigeration does not endanger the life and health of the occupants of the building; that the refrigeration serves two principal studios and one control room on the second floor of the building; that the system is a Class "C" system containing only five pounds of F12 refrigerant with a three horsepower compressor; that the evaporator is located in the ventilating room alongside of the studios and the cold air is transmitted to the studios through ducts; that since there is no space on the floor below the studios for the installation of the refrigerating unit, lines are run from the evaporator on the studio floor level in a workmanlike manner through areas not open to the public; that these lines run down the inside of the walls a safe distance from the living quarters and office and do not constitute a hazard, even in an emergency, to the occupants of the building.

Resolved, that the decision of the Fire Commissioner dated November 28, 1955, acting on Order No. 11954-5 be and it hereby is *modified* and that the appeal be and it hereby is *granted* on condition that the system shall be maintained substantially as proposed, as indicated on plans filed with this appeal marked "Received April 2, 1956" (5 sheets); that the amount of refrigerant as proposed—F12, shall not exceed the amount permitted under the code in a Class "C" system; that the system shall be maintained to the satisfaction of

MINUTES

the Fire Commissioner; that the refrigerating machinery room in the cellar shall be ventilated in accordance with the requirements of the Code.

25-34-BZ—Vol. III

APPLICANT—Levitt, Rosenberg, Stone & Notkins, for Howard Birch, owner. (Suburban House, Inc., lessee.)

SUBJECT—Application for consideration—reopening as to extension of term of variance—re Application (decision of the borough superintendent); previously granted on condition, under sections 7e and 21 of the zoning resolution, permitting in a residence use district, the change in occupancy from restaurant and recreation center to restaurant bar, grill and cabaret (extension of building, previously granted by the Board and denied as to restaurant, sale of liquors and cabaret).

PREMISES AFFECTED—1190-1196 (1188 displayed) Ocean parkway and 517-529 Avenue L, northwest corner, Block 5495, Lot 1000, Borough of Brooklyn.

APPEARANCES—

For Applicant: J. J. Stone.
For Administration: Samuel L. Becker, Dep't of Buildings.
ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. III, on July 31, 1951, on certain conditions; and

WHEREAS, the applicant requested an extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 4, 1949, as thereafter *amended* by resolution adopted July 31, 1951, only so far as it refers to the term of the variance, so that as *amended* this portion of the resolution shall read:

"* * * *granted* under Section 7, subdivision e for a term of five years from the date of this *amended* resolution, to permit * * *; that other than as herein *amended* the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed with the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (Alt. App. 1019/49, PA 81/51)

248-50-BZ

APPLICANT—Lama, Proskauer and Prober, for I. and B. Bloom Bros. Realty Company, Inc., owner (Waldman Bros., lessee).

SUBJECT—Application for consideration—reopening as to extension of time to complete—re Application (decision of the borough superintendent); previously granted on condition, under section 21 of the zoning resolution, permitting in a business use, C area district, the extension to existing building on the first floor using more than the area permitted.

PREMISES AFFECTED—1551 Pitkin avenue, north side, 20 ft. east of Strauss street, Block 3494, Lot 37, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.
For Administration: Samuel L. Becker, Dep't of Buildings.
ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on June 20, 1950, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on June 26, 1951; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 20, 1950 only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that construction work was completed in 1950 and plumbing work in 1956, that all permits required shall be obtained and all work completed within six months from the date of this *amended* resolution" (Alt. App. 267/50).

554-51-BZ

APPLICANT—Leo Realberg, for DMI Realty Corp., new owner; Roland Realty and Construction Corp., former owner.

SUBJECT—Application for consideration—reopening as to extension of term of variance, new owner—re Application (decision of the borough superintendent); previously granted on condition, under sections 7c, 7h and 21 of the zoning resolution, permitting in the local retail use C area district portion of plot, the maintenance of an existing building by the conversion of loading areas to store areas constituting an extension of use into residence use district and makes the coverage more than is permitted and permitting the parking of automobiles in the residence use portion of plot for patrons and employees—no fee to be charged.

MINUTES

PREMISES AFFECTED—138-18 to 138-38 Northern boulevard, south side, 150.38 ft. east of Union street, Block 5010, Lot 28, Borough of Queens.

APPEARANCES—

For Applicant: Leo Realberg.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE:

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on November 20, 1951, on certain conditions; and

WHEREAS, the applicant requested an extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 20, 1951 only so far as it refers to the term of the variance, so that as *amended* this portion of the resolution shall read:

"* * * granted under Section 7 subdivision h for a term of five years from the date of this *amended* resolution, to permit the use of a portion of the premises for the parking of customers' cars, that other than as herein *amended* the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed with the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution" (N.B. App. 7459/50).

879-54-BZ

APPLICANT—Lama, Proskauer and Prober, for D. Lacy Dayton, owner.

SUBJECT—Application for consideration—reopening as to extension of time to complete—re Application (decision of the borough superintendent); previously granted on conditions, under sections 7e and 7h of the zoning resolution, permitting in a residence and business use district, for a term of ten years, the parking and storage of motor vehicles.

PREMISES AFFECTED—213-41 to 213-47 (213-45 official) 40th avenue and 39-34 to 39-44 Corporal Stone street, northwest corner, Block 6241, Lot 33, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE:

Affirmative: Chairman Murdock, Commissioner Klein-
ert, Commissioner Keating and Deputy Chief Con-
nolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on June 14, 1955, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on December 13, 1955; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 14, 1955 only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Build-
ings, that all permits required shall be obtained and all work completed within the requirements of Section 22A

of the Zoning Resolution from the date of this *amended* resolution." (Alt. App. 2269/54.)

827-55-BZ

APPLICANT—Leonard F. Rothkrug, for Arthur Miller, Herbert Cohen and Frank Bruno, owners (owners under contract—Jaltex Petroleum Corp); (Master Builders and Mason Supply Co., lessee).

SUBJECT—Application for consideration—reopening as to amendment—re Application (decision of the borough superintendent); previously granted on condition under sections 7f and 7A of the zoning resolution, permitting in a retail use district, the erection and maintenance of a gasoline service station, car wash (non-automatic) lubritorium, oil selling, sales and curb cuts less than 75 ft. from the residence use district, for a term of 15 years.

PREMISES AFFECTED—245-20 139th avenue and 245-22 to 245-32 South Conduit avenue, southwest corner and 139-02 to 139-10 246th street, Block 13614, Lot 23 and 24—23 tentative Rosedale, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on January 31, 1956, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 31, 1956 by adding thereto:

"that there may be two additional 550 gallon approved gasoline storage tanks making a total of ten such tanks; that the accessory building may be reduced in size from 48 ft. to 44 ft. 6 in., as proposed; that the size of curb cuts to South Conduit Avenue may be increased, without increasing the number of such curb cuts, so that such curb cuts shall not exceed two, each 35 ft. in width, to South Conduit Avenue; as passed on by the Borough Superintendent under N.B. Applic. 4413/55, dated September 14, 1956; and as shown on plans filed with this request for amendment marked 'Received September 5, 1956' (2 sheets); and that in all other respects the resolution above cited shall be complied with" (N.B. 4413/55).

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 12, 1956 after due notice by publication in the Bulletin; laid over to July 10, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, C area, class 1¼ height district: Oakland street and Huron street are in business and unrestricted use, C area, class 1¼ height districts; India street is in business, unrestricted and residence use, C 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 15, 1955 acting on N.B. Applic. 2728-55, reads:

"1. Proposed building and premises, in a Business zone, to be used for gasoline service station, lubricatorium, minor repairs (hand tools only), auto laundry (non-automatic), office, storage and sales of auto accessories, parking for more than 5 cars waiting to be serviced is contrary to Article II, PP. 4a, subsections 29 and 46 of the zoning resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200.13 ft. frontage by 60 ft. in depth, now vacant; that it is proposed to construct a gasoline service station and accessory uses; that the building is proposed to have a frontage of 60 ft., irregular and a depth of 28 ft., one story, 13 ft. and 15 ft. 6 in. in height, to be used as office, storage and sales of auto accessories, lubricatorium, minor repairs, hand tools only and non-automatic auto laundry; that curb cuts on Oakland street, Huron street and India street are proposed; and

WHEREAS, the applicant states that the property is presently zoned as a business use district, class 1¼ height and a C area district; that these designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; that no previous application for the same or similar relief has been made to the Board; and

WHEREAS, the applicant contends that there is no economic demand for the construction of any use on the subject premises other than a gas station but there is an economic demand for the construction of a modern gas station with the customary accessory uses; that a grant of this application would not adversely affect the neighborhood; that on the east side of Oakland street, within the area of notification, the premises are zoned for unrestricted use and are used for miscellaneous uses such as garage for more than 5 motor vehicles in block 2552, lot 5; motor vehicle repair shop, block 2542, lot 3; gas station and accessory uses, block 2542, lot 7; factory, block 2534, lots 1 and 4; junk shop, block 2524, lot 1 and gas station and accessory uses in block 2524, lot 4; that on India street, east of Oakland street, there are a junk yard in block 2542, lots 11 and 13 and loft and factory buildings in block 2542, lots 15, 16 and 17; block 2534, lot 47; that on Huron street, east of Oakland street, the properties are largely old 2, 3 and 4 story frame and brick tenements, except for a garage for more than 5 motor vehicles in Block 2533, lot 16; that the west side of Oakland street, south of Huron street is zoned for business use to a depth of 100 ft. and for residence use beyond that depth and consequently, the properties abutting the site and opposite the site on the south are in a business use district; that the properties east of Oakland street are all in an unrestricted use district, also the properties on the west side of

Oakland street are zoned for unrestricted use and consequently the properties opposite the site on the north and east are in an unrestricted use district; that Huron street is one way westbound while India street is one way eastbound; that consequently, southbound motor vehicles on Oakland street which enter the site via the curb on Huron street or Oakland street will leave the premises via Oakland street or India street, so that the proposed use will not increase traffic in the residential area west of Oakland street; that the grant of this application will increase motor vehicular and pedestrian safety because the proposed structure, being set back from the intersection of Oakland and India streets, would give clear visibility to traffic, while a conforming use built at the corner (without a variance) would create a blind intersection, thus endangering public safety; that a grant of this application would improve the appearance of the neighborhood by the elimination of a refuse-strewn lot which is unsightly by day and dangerously dark at night, and it would eliminate the existing billboard signs; that the tenements abutting to the west have no windows opening on their easterly walls and the proposed building which is small both in area and in height, will afford more light and ventilation for their rear windows than would be possible if a larger multiple story building were built on the site in conformity with the zoning resolution; that the proposed limitation of the variance to a term of 15 years gives assurance that the future development of the area along lines incompatible with the present use will not be deferred; and

WHEREAS, the applicant states that the present owner has held title to the property since December 28, 1955 and that the assessed valuation of the land is \$16,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee noted the widened condition of Oakland street, also that on the adjoining plot to the north there is now under construction a gasoline service station in the area which is zoned for unrestricted; the committee also noted that the district is unrestricted across Oakland street and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the premises to be occupied as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received December 30, 1955," 3 sheets, and "February 14, 1956", one sheet, *on condition* that all buildings and uses shall be removed from the premises and the premises shall be graded substantially to the grade of Oakland street; that the premises shall be constructed and arranged and designed substantially as indicated on plans above cited; that there shall be erected on the westerly lot line where the unpunctured wall of the accessory building does not occur and returning on India street for a distance of approximately 25 feet, and similarly on Huron street, a woven wire fence of the chain link type on a masonry base for a total height of not less than 5 ft. 6 in.; that the accessory building shall have no cellar underneath and shall be constructed as shown with the front and two exposed ends of face brick; that the rear portion of the building may be of common brick against the adjoining house on lot 42; that the curb cuts shall be restricted to three curb cuts each 30 ft. in width, located where shown, to Oakland street, and one 20 ft. in width to India street and one similar width to Huron street *each* within the first 25 ft. from the intersection of *the* street; that gasoline pumps shall be of a low approved type erected not nearer than 15 ft. to the street building line of Oakland street; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that the balance of the premises where not occupied by the accessory building

MINUTES

and pumps shall be paved with concrete or asphaltic pavement; that the curbing and sidewalks abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the front facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection of two post standards one at each intersection where shown at right angles to the building line of Oakland street each for supporting a sign which may be illuminated, advertising only

the brand of gasoline on sale and permitting such signs to extend beyond the building line for a distance of not over four feet; that under Section 7i there may be minor repairing with hand tools maintained for adjustments only within the accessory building; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the zoning resolution.

* Correction—Address of premises affected as printed above and the distance of curb cuts corrected to read "... the first '25 ft.' from the intersection ... instead of '20 ft.'"

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure

to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority CHAPTER 508 OF 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

1918, 1918.

RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the powers conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

Labor Law

Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

Rule 1. Permit.

(a) Prohibition. No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) Application. Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) Time Limit. Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) Conditions. The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) Revocation. Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fireresisting partitions, with all openings therein protected by selfclosing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;
Boiler making;
Brick, terra cotta or artificial stone works;
Forge shops;
Foundries;
Iron, steel, brass or copper works;
Machine shops;
Smelting;
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;

(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 25, 1956, after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, D area, class $\frac{3}{4}$ and class $1\frac{1}{4}$ height district; 46th avenue is in residence and business use, D area, class $\frac{3}{4}$ and class $1\frac{1}{4}$ height districts; 109th street is in a residence use, D area, class $\frac{3}{4}$ height district; 47th avenue is in business and residence use, D area, class 1 and class $\frac{3}{4}$ height district; and

WHEREAS, the decision of the borough superintendent, dated May 25, 1955, acting on Alt. Applic. 662-55, reads:

"1. Proposed change of use in a Residence Use District from garage, repair shop & dwelling to garage, storage & roasting of nuts & dwelling is contrary to Art. II, Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 100 ft. in depth, on which are located a garage, dwelling and rooms for the storage and roasting of nuts; that the building was erected under N.B. 12781-27 and certificate of occupancy No. 49609 permits the 1st story to be used as a repair and garage and the 2nd story to be used as a dwelling; that it is proposed to eliminate the repair shop use and to substitute for it, the storage and roasting of nuts; and

WHEREAS, the applicant states that as of July 25, 1916 the property referred to was zoned as an unrestricted district, a $1\frac{1}{4}$ height district and a C area district; that as of May 1, 1936 the portion of the property within 100 ft. of 109th street was zoned as a class $\frac{3}{4}$ height district and the remainder as a class $1\frac{1}{4}$ height district; that the present use and area designations became effective on May 1, 1936 and there is no zoning amendment relating to this property pending at the present time; and

WHEREAS, the applicant contends that the use proposed to be substituted for the repair shop use is a less obnoxious use and will not detrimentally affect the area; that lot 5 immediately west of the premises is occupied by a motor vehicles repair shop and lot 28 abutting to the rear is used for the parking and storage of motor vehicles; and

WHEREAS, the applicant states that violation No. 3000-53 was issued against the premises and on March 24, 1955 a \$5 fine was paid in connection with the use not covered by the certificate of occupancy; that the owner is desirous of obtaining a new certificate of occupancy for the proposed use and requests a variance for a term of ten years; and

WHEREAS, the applicant states that the present owner has held title to the property since September 29, 1936; that the assessed valuation of land is \$2,400 and of the building \$8,100 making a total of \$10,500; that the building was erected in 1922; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e, for a term of ten (10) years, to permit a portion of the street floor of the existing building for the roasting of nuts as proposed and as indicated on plan filed with this application marked "Received June 1, 1955", 5 sheets, *on condition* that such use shall be separated from the reduced garage and motor vehicle repair shop use, formerly permitted, by a continuous fireproof wall from floor to ceiling and front to back, except that the existing fireproof door may be retained provided that it meets the requirements of the Building Code; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that the existing shed on the westerly side toward the rear shall be removed as proposed; and that all permits shall be obtained, including a new certificate of occupancy and all work completed within six months from the date of this resolution.

797-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Sinclair Refining Co., owner.

SUBJECT—Application October 10, 1955—(decision of the borough superintendent) under section 7c and 7i of the zoning resolution, to permit in an unrestricted and business use district, the proposed change in uses and extension of existing gasoline service station, repair shop, greasing room, office and boiler room to gasoline service station, lubritorium, auto repairs, car washing, office, sales, storage, parking and storage of motor vehicles.

PREMISES AFFECTED—1866-1888 Ralph avenue and 5920-5930 Flatlands avenue, southwest corner, Block 7763, Lots 80, 83 and 86, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 25, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Flatlands avenue are in unrestricted and business use, D area, class 1 height districts; Ralph avenue is in business, retail and unrestricted use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 12, 1955 acting on N.B. Applic. 2018-55, reads:

"1. Proposed change in uses and extension of existing gasoline service station, repair shop, greasing room, office & boiler room, to gasoline service station, lubritorium, auto repairs, car washing, office and sales, storage, parking and storage of motor vehicles, on a plot located partly in a business use district and partly in an unrestricted use district is contrary to Art. II, Sec. 4(a), Par. 29 & 4c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 176.23 ft. frontage by 139.03 ft. in depth, irregular, presently developed with a gasoline service station consisting of seven 550 gallon gasoline storage tanks and six dispensing

MINUTES

pumps; that the present accessory building, one story in height of class 3 construction, having a frontage of 57 ft. 3 in. and a depth of 26 ft., contains the uses of office, lubritorium and repair shop; that the gas station, building and uses were installed under N.B. Applic. No. 3365-37 and certificate of occupancy No. 87201 was issued on May 3, 1938 for said uses; that N.B. Applic. 3365-37, under which the gas station was installed, covered an area of 99 ft. $\frac{1}{4}$ in. on Flatlands avenue and 110 ft. $9\frac{5}{8}$ in. on Ralph avenue; that it is proposed to extend the present gas station to a frontage of 176.23 ft. on Ralph avenue and 139.03 ft. on Flatlands avenue, install twelve new 550 gallon gasoline tanks and four new dispensing pumps; that it is also proposed to remove the present accessory building and erect a new accessory building at the rear of the site, of class 3 construction, one story in height, with a frontage of 56 ft. 8 in., a depth of 28 ft. and containing the conjunctive uses of lubritorium, car washig, minor auto repairs, office and sales and storage; that part of the open area of the site will be reserved for the parking and storage of motor vehicles; and

WHEREAS, the applicant states that the site is in a class D area and a class 1 height district, and that part of the site within 100 ft. of Flatlands avenue is in a business use district and the balance of the site is in an unrestricted use district; that as of July 25, 1916 the premises were in class $1\frac{1}{2}$ height district and the present height designation became effective on July 29, 1939; that as of July 25, 1916 the entire site was in an undetermined use district and the present use designations became effective on August 14, 1943; and

WHEREAS, the applicant contends that inasmuch as the present gas station is a legal use, having been erected when the site was in an undetermined zone, it is only requested that said use be extended; that a part of the extended area is in an unrestricted zone on the Ralph avenue frontage where it would be legal to erect a new gas station; that the entire affected area opposite the site to the east in Block 8338 is in an unrestricted zone, as is the entire area to the south of the site in block 7763; that within the affected area, block 7979, lot 148 is developed with a gas station which is a non-conforming use in the retail zone that said lot is in; that the present gas station has been in continuous use since its inception in 1938 thereby proving its necessity to the community; that Ralph avenue and Flatlands avenue are main auto lanes leading across Brooklyn; that the rebuilding and extension of the present development will allow a more efficient service to the public; and

WHEREAS, the applicant states that the present owner has held title to lot 80 since April 30, 1940 and to lots 83 and 86 since November 29, 1951; that the assessed valuation of land is \$17,400 and of the building \$6,000 making a total of \$23,400; that the building was erected in 1938; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the lawfully existing gasoline service station on Lot No. 80 to be extended to include lots 83 and 86, substantially as proposed and as indicated on plans filed with this application marked "Received October 10, 1955", 4 sheets, *on condition* that all buildings and uses not proposed to be retained shall be removed; that the plot shall be levelled substantially to the grade of the abutting streets; that the gasoline service station shall be rearranged and reconstructed substantially as proposed on such plans except that the pumps shall be of a low approved type and erected not nearer than 15 ft. to Ralph Avenue and Flatlands Avenue building lines; that the number of curb cuts to Flatlands Avenue shall not exceed two curb cuts each 30 ft. in width and two of similar width to Ralph Avenue; that sidewalks and curbing around the premises shall be reconstructed or repaired to the satisfaction

of the Borough President; that there shall be erected within the intersection a block of concrete extending for a distance of 5 ft. along either street building line from the intersection not less than 12 in. in height; that the accessory building shall be of the design and arrangement as proposed and faced with face brick on all sides except at the rear where common brick or block may be used; that there shall be no window openings in the rear wall of the accessory building; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks and if any tanks are proposed to be continued in use they shall be subject to test by the Fire Commissioner as to their good condition; that there shall be erected on the rear line to the north a woven wire fence of the chain link type except where the wall of the accessory building occurs; that such woven wire fence shall be erected on a masonry base to a total height of not less than 5 ft. 6 in.; that substantial terminating posts shall be erected at the building lines; that under Section 7i there may be minor repairing of motor vehicles for adjustments only with hand tools maintained solely within the accessory building; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the building line at the intersection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend over the building lines at Ralph Avenue and Flatlands Avenue a distance of not over 4 ft., that to accomplish this the sign may have two leaves; that where not occupied by the accessory building and pumps the unbuilt upon portion of the premises shall be paved with concrete or bituminous pavement; that there may be parking of cars on the unbuilt upon portion of the premises provided that such parking does not interfere with the servicing of the station; and that all permits shall be obtained and all work completed and a new certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

space to the west not in the business district; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in business and residence use, C area, class 1 height districts; 18th avenue is in a business use, C area, class 1 height district; Bay Ridge parkway is in business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated October 3, 1955 acting on N.B. Applic. 2289-55, reads:

"1. Proposed gasoline service station, auto washing, lubrication, office and accessory sales and parking of motor vehicles awaiting service, on a lot partly in a Business and partly in a Residence zone, is contrary to Art. II, PP. 4a, subsection 46, and Article II, PP. 3 of the Zoning Resolution.

2. Proposed entrances and signs and show window within 75' of a Residence Zone is contrary to Article II, PP. 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 106 ft. frontage by 80 ft. in depth, occupied in part as a used car lot; that it is proposed to develop the site with a parkway type of gasoline service station; that the proposed building will have a peaked roof and face brick facades; that the gas station will be confined to the business use district, and a steel picket fence on a brick base will be provided along the zone line, and along the lot line of the gas station area where walls of adjoining buildings do not occur; that the 6 ft. wide strip along the west side of the property will be excluded from the gas station area; that planting and shrubbery protected by concrete curbs will be provided along all interior lot lines, as well as behind the accessory building; that since the major frontage of the plot is on Bay Ridge parkway, a modification of section 7A is requested to permit curb cuts along this street, with the building facing this street as shown on plans; and

WHEREAS, the applicant states that the site is a rectangular plot located on the northwest corner of Bay Ridge parkway and 18th avenue, with a frontage of 80 ft. on 18th avenue and 106 ft. on Bay Ridge parkway; that this plot is located entirely within the business use district, except for a 6 ft. frontage on Bay Ridge parkway along the westerly lot line; that this plot has been occupied in part as a used car lot pursuant to certificate of occupancy No. 116876, which is still in force, but the lot is unoccupied at the present time; and

WHEREAS, the applicant contends that abutting the site along the north lot line is the blank masonry wall of a two story store and dwelling; that within the affected area, on the same block with the site, there is a gas station in block 6215, lot 41, and also within the affected area, there is another gas station and repair shop in block 6227, lot 1; that there are adequate shopping facilities on 18th avenue to serve all the demands of the community; that since there is only one small vacant lot within the entire 500 ft. radius shown on the block diagram, there is no likelihood of any new construction that would affect the present shopping situation; that the lack of economic demand for a conforming use on this site is evidenced by the fact that in this heavily built up area, the former owners found the plot so unusable that they allowed the city to acquire it for non-payment of taxes; that the property has therefore yielded no income to the City for many years and it was purchased by the present owner at an In Rem sale; that as the site is located on two heavily travelled streets, it appears that the only use economically feasible is the type of development herein proposed; that with the colonial design of the building, the ornamental fencing and with the landscaping proposed, it is felt that this development will enhance the appearance of the site and provide a more pleasing development than the former used car lot; that it is also felt that the small accessory building herein proposed is a far better protection for the light and air of surrounding property

than would be afforded by a conforming commercial building which could occupy more than $\frac{3}{4}$ of the site; and

WHEREAS, the applicant states that the present owner has held title to the property since November 24, 1954 and that the assessed valuation of land is \$20,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application, as revised, should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit that portion of the plot wholly in the business use district to be occupied as a gasoline service station and accessory uses, substantially as proposed and as indicated on revised plans filed with this application marked "Received October 28, 1955", 5 sheets, and revised plan marked "Received September 14, 1956" one sheet, *on condition* that all buildings and uses on the premises not intended to be retained shall be removed and the premises shall be levelled substantially to the grade of the adjoining streets; that the accessory building shall have no cellar and shall be constructed and arranged and of the proposed design as shown on such plans above cited and in all other respects shall comply with the requirements of the Building Code; that the accessory building shall be faced with face brick on all sides except that the rear wall may be of common brick, except that wood may be used on the gable ends, as shown, properly backed by masonry; that the roof surfacing shall be of asphalt shingles; that along the lot line to the north where walls of adjoining buildings do not occur there shall be a masonry wall agreeing with the brick used on the exterior of the accessory building not less than two feet in height above which shall be a steel picket fence to a total height of not less than 5 ft. 6 in.; that a similar wall and fence shall be along the westerly zoning line to Bay Ridge parkway with suitable terminating post; that pumps shall be of a low approved type erected not nearer than 15 ft. to the street building lines of Bay Ridge Parkway and 18th Avenue; that there may be not over 12 approved gasoline storage tanks each of 550 gallon capacity; that a planting area shall be maintained where shown along the westerly zoning line and along the north lot line with suitable planting material and protected with concrete curbing not less than 8 in. in height and 6 in. in width; that the balance of the premises where not occupied by the accessory building and planting and pumps shall be paved with concrete or asphaltic pavement; that curb cuts shall be restricted to two (2) curb cuts to Bay Ridge Parkway, as shown, each 30 ft. in width and two curb cuts to 18th Avenue, as shown, with no portion of any curb cut nearer than five feet to any lot line as prolonged; that the sidewalks and curbing abutting the premises shall be repaired or restored to the satisfaction of the Borough President; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line of Bay parkway for a distance of not more than 4 ft.; that such portable fire fighting appliances shall be maintained within the accessory building as the Fire Commissioner shall direct; that under Section 7A any curb cut or showroom window herein proposed may be permitted under such section; that parking of motor vehicles awaiting service may be permitted on the open portion of the plot provided such motor vehicles are parked where there will be no interference with the servicing of the station; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

APPLICANT—Ingram S. Carner, for Nathaniel Roven, owner.

SUBJECT—Application January 31, 1956—(decision of the borough superintendent under sections 7c and 21 of the zoning resolution, to permit in a retail and residence use district, the proposed parking lot for the parking and storage of motor vehicles.

PREMISES AFFECTED—89-07 to 89-15 162nd street (89-15 official), east side, 45.70 ft. south of 89th avenue, Block 9761, Lots 36 and 39, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Ingram S. Carner.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 25, 1956, after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 162nd street are in retail and residence use, B and C area, class 1½ height districts; 89th avenue is in retail and residence use, C area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated January 20, 1956 acting on Alt. Applic. 2915-55, reads:

"1. A parking lot partially in a residential district is contrary to Article II Section 3, par. 9(a) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 125 ft. frontage by 126.50 ft. in depth, on which is located a parking lot for the parking and storage of more than five motor vehicles on lot 36; that it is proposed to extend the present legal parking lot an additional 65 ft.; and

WHEREAS, the applicant states that the property referred to is presently zoned as a class 1½ height district; that the portion of the property within 100 ft. of 89th avenue is presently zoned as a residence district and a C area district and the remainder is zoned as a retail district and a B area district; that as of July 25, 1916 the entire property was zoned as a business district and on June 27, 1924 the portion of the property within 100 ft. of 89th avenue was placed in a residence district; that on August 2, 1945 the portion more than 100 ft. from 89th avenue was changed from business to retail; that as of July 25, 1916 the entire property was zoned as a C area district and on August 2, 1945 the portion more than 100 ft. from 89th avenue was changed from C to B area; that the height designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant states that the premises consists of a plot having a frontage of 125 ft. along 162nd street and a depth of 126 ft.; that the property is presently improved with a 60 ft. parking lot, under Alt. Applic. 2459-51 and certificate of occupancy No. 77924, and the balance of 65 ft. has been vacant since the demolition of two old buildings which were on the plot; and

WHEREAS, the applicant contends that 11 ft. of this newly cleared site is within a retail use zone and the remaining portion of the plot abuts a parking lot granted by the Board under Cal. No. 899-50-BZ; that a grant of this application would benefit the community by the elimination of what would otherwise be a refuse strewn vacant plot; and

WHEREAS, the applicant states that the present owner has held title to the property since January 16, 1947 and that the assessed valuation of land is \$62,000; and

WHEREAS, the applicant has withdrawn his request under Section 21, relying on Section 7e; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of five years to permit the premises within the residence use district to be used in conjunction with the premises in the retail use district, which are subject to a permit by the Department of Buildings for the use as proposed, namely, the parking and storage of more than five motor vehicles, as indicated on plans filed with this application marked, "Received January 31, 1956", 3 sheets, *on condition* that the additional premises shall comply with the requirements of the Department of Buildings, as applied to the adjoining lot with which this lot is to be used; that no cars except those of the pleasure car type shall be so parked; and that all permits shall be obtained, including a certificate of occupancy and all work completed within six months from the date of this resolution.

THE RESOLUTION—

REPORT OF COMMITTEE ON TEST

Re: Cal. 874-48-SM Vol. II

Subject: Reed's Silklyk and Velvetex Crepe Paper folds and Reed's Mammoth Crepe Streamers.

C. A. Reed Co., Williamsport, Pa., filed September 24, 1948 an application with the Board of Standards and Appeals for approval of the C. A. Reed's Mammoth Flameproof Streamers. The application was withdrawn March 22, 1949. The applicant resubmitted an application dated April 9, 1956 for approval of the material known as C. A. Reed's Silklyk and Velvetex Crepe Paper Folds and Reed's Mammoth Crepe Streamers. The Board reopened as Cal. 874-48-SM Vol. II on May 22, 1956.

Purpose

The material is a flameproofed paper for use in places of public assembly.

MINUTES

Description

The material is a crepe paper which is basically a tissue paper to which a uniform process of crepeing has been applied. The paper is flameproofed with the material known as Fire Retardant CM as supplied by Du Pont.

Inspection Test

The material was tested at Better Fabrics Testing Bureau in the presence of Asst. Engr. F. A. Darts Committee on Test and F. Schroder representing the applicant. Both the streamers and crepe paper were tested and in all tests there was no flashing, flaming or glow. The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test concludes that the material, Reed Velvetex Crepe Paper Folds and Reed Mammoth Crepe Streamers (flameproofed) possesses inherent flameproofing properties and accordingly recommends its approval.

Tests for each specific installation or any retests thereof shall be made by the Fire Commissioner or in a laboratory approved by him, in accordance with the requirements of the Flameproofing Rules of the Board.

The Committee further recommends that each container or carton in which this material is marketed shall be labeled or marked as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 874-48-SM—Vol. II."

The Committee further recommends that the material Reed's Velvetex Crepe Paper Folds may be marketed under the additional trade name of Silklyk Crepe Paper Folds.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

146-50-SA—Vol. II

APPLICANT—Sears-Roebuck and Co., Agent for Heinz Manufacturing Co., owner.

SUBJECT—Application reopened July 20, 1954—re Kenmore Portable Automatic Dishwasher Model 787.25 (previously approved re Homart 24 in. Automatic Dishwasher, Model 787.24).

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 146-50-SA, Vol. II

Subject: Amendment to resolution as to additional model of Automatic Dishwasher Model 787.25.

Sears Roebuck & Co., for Heinz Manufacturing Co., Philadelphia, Pa., requested by filing an application dated March 20, 1952 that the resolution adopted April 3, 1951 under Cal. No. 146-50-SA, Vol. I be amended so as to in-

clude an additional dishwasher, Model 787.25. The application was reopened by a vote of the Board July 20, 1954.

Purpose

The appliance is an automatic dishwasher.

Description

The appliance is basically the same as the appliance approved April 3, 1951 under Cal. 146-50-SA, Vol. I, except that casters, an electrical lead and plug having a grounding connection and hoses, one for connecting to the faucet and one for draining have been added and the only mechanical difference is that a drain pump has replaced the drain valve since the portable unit can not be drained by gravity. In all other respects there is no change.

Recommendation

The Committee on Test recommends that the resolution adopted April 3, 1951 under Cal. No. 146-50-SA, Vol. I, be amended so as to include the model 787.25 Kenmore Portable Automatic Dishwasher on condition that the requirements of the resolution adopted April 3, 1951 under Cal. 146-50-SA, Vol. I, be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of April 3, 1951 in accordance with the above report.

359-50-SA

APPLICANT—Altorfer Bros. Company, owner-manufacturer.

SUBJECT—Application reopened September 27, 1955—re Amendment to resolution to include additional models of Automatic Washers and permission to market under additional trade names—re Home Laundry Automatic Washer, Models 50 and 53; previously approved.

APPEARANCES—

For Applicant: John Albeck.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 359-50-SA

Subject: Amendment to resolution to include additional model of Automatic Washers and permission to market under additional trade names.

Altorfer Bros. Company, a Division of American Motors Corp., requested by letter dated August 10, 1955 that the resolution adopted July 18, 1950 and amended at various times through December 7, 1954 under Cal. No. 359-50-SA be amended so as to include additional models of automatic washers and permission to market same under additional trade names. The application was reopened by a vote of the Board September 27, 1955.

Purpose

The appliances are automatic clothes washing machines.

Description

The Model 81 is similar to the Model 80 (approved by the Board December 7, 1954) differing only as to styling.

MINUTES

The Model 71 is similar to Model 53 (approved by the Board July 7, 1954) differing only as to styling. The Model 61 is similar to Model 60 (approved by the Board July 7, 1954) differing only as to styling. The Model 91 is similar to Model 90 (approved by the Board December 7, 1954) differing only as to styling.

Recommendation

The Committee on Test recommends that the resolution adopted July 18, 1950 and amended at various times through December 7, 1954 be amended so as to include additional models of ABC-O-Matic Home Laundry Automatic Washers and permission to market under additional trade names so that the models recommended for approval under this recommendation are as follows: Models 50, 53, 60, 80, 90, 81, 71 and 61 and permission to market under the following trade names: Kelvinator Models AW, AWS, SW, AW-2, 50, WAF-9, WAF-6, WAZ-4, WAF-2 and WSF-2 on condition that the requirements of the resolution adopted July 18, 1950 under Cal. No. 359-50-SA are complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of July 18, 1950 through December 7, 1954 in accordance with the above report.

309-53-SA

APPLICANT—Bill Glover, Inc., owner.

SUBJECT—Application April 21, 1953—Glover Auto Trol Washer, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Cal. 309-53-SA

Subject: Glover Auto Trol Washer.

Bill Glover Inc., owner manufacturer filed April 21, 1953 an application with the Board of Standards and Appeals for approval of the Glover Auto Trol Washer under the provisions of C26-178.0b of the Administrative Building Code and the Submerged Inlet Rules of the Board of Standards and Appeals.

Purpose

A stainless steel open end laundry washer with fully automatic controls.

Description

The Washer consists of a cylindrical shell of stainless steel front and rear. Rear head is heli-arc welded to shell. Front head is attached by annular clamping ring and gasket—a water tight assembly of rigid construction eliminates vibration. Supply through at top of shell forms a vent. A pin trap protects the drain valve which is located at the lower left side of the skirt and connects to center of shell at bottom. A hand lever operates the valve. The shell door is a substantial steel stamping hinged to front of shell. A rubber gasket on outer rim of door provides a water tight joint. Large heat treated glass is held in water tight channel

rubber mounting. The cylinder is stainless steel with $\frac{1}{8}$ in. perforation on $\frac{5}{8}$ inch centers. Four lifting ribs are also perforated. The whole assembly is spot-and-seam welded into a rigid structure. The inside of cylinder is machined smooth with no burrs or sharp projection. The driving trunnion and transmitter is a rugged iron casting. The front head of cylinder has circular opening concentric with shell door this arrangement prevents garments from falling between cylinder and shell when loading and unloading. Two ball shaft bearings housed in cast aluminum carry trunnion at back of cylinder. Shaft water seal made of stainless and carbon steel requires no adjustment and no lubrication and cannot wear on shaft Ratings Temperature 450°F speed 3600 rpm Pressure 150 lbs per square inch. The cylinder is driven by motorized gear reducer V belt has speed of 32 rpm. A stainless steel skirt supports the shell and connects the shell to the heavy angle iron base. The base is rust proofed. The piping for hot and cold water lines at back of supply through premises and evenly distributes water in the cylinder. A thermometer of the rapidly registering type is mounted on front of marker with bulb inserted in center of shell bottom. The motor, designed for smooth reversing duty, is controlled by a magnetic contractor type reversing switch and is operated through a plot circuit with automatic timers. Motor driven reversing device regulates exact number of cylinder revolutions with no more than 5% difference in both directions. Push button starts and stops motor. All regular lubrication points are located outside panels or guards with the exception of the two cylinder bearings which require lubrication only once a year.

The device controlling the washing formula is the Auto part which automatically fills the washer with hot or cold water at a controlled high or low level.

At end of operation the Auto-Trol automatically opens the dump valve and signals operator with red light and bell. All operator does is flip the signal switch to cancel and add whatever supplies are indicated by the rotating formula drum. The timer does not advance into the next operation until the operator flips the signal switch to cancel.

Inspection and Test

A model of this washer was inspected and tested at 305 Ten Eyck St. Brooklyn and found to operate as designed. Present at the inspection and test was Chief Engineer L. V. Huber of the Committee on Test and representatives of the applicant.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant the Committee on Test recommends the approval of the Glover Auto Trol Washer for use in New York City on condition that all installations shall comply with the requirements of the Submerged Inlet Rules of the Board and each appliance bears a label permanently affixed reading as follows: Approved by the Board of Standards and Appeals for use in New York City under Cal. 309-53-SA.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,

THE RESOLUTION—

WHEREAS, the report of Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 406-53-SA

Subject: Automatic Dry Pipe Valve, Model 39 and Quick Opening Device (Accelerator), Model 1.

Arthur E. Johnson filed for "Automatic" Sprinkler Corp. of Youngstown, Ohio on May 21, 1953 an application with the Board of Standards and Appeals for approval of their Automatic Model 39, 6" Dry Pipe Valve and their automatic Model 1 Accelerator under the provisions of Article 16, Administrative Building Code and the Sprinkler Rules of the Board.

Purpose

Component parts of a dry pipe sprinkler system.

Description

The model 39 Dry Pipe Valve consists of a cast iron body with rolled-in tin-faced seat rings and appropriate openings for priming water, air supply, fire alarm and quick opening device connections. A cast iron clapper is suspended from a cast iron clapper hinge and is equipped with rubber facing. The clapper hinge is held in an open position when the dry pipe valve operates by means of anti-reseat latches.

Air pressure, which manually or automatically maintained in the sprinkler piping restrains entry of water by means of the pressure exerted on top of the differential type of cast iron clapper. The entire area of the top side of the clapper is exposed to the air pressure present in the sprinkler piping while only 1/6 of the area on the bottom side of the clapper is exposed to water pressure. The remaining 5/6 of the bottom clapper area is normally exposed to atmospheric pressure. Thus the valve will stay closed until air pressure is less than approximately 1/6 the water pressure.

When the dry pipe valve operates, the area under the clapper normally exposed only to atmospheric pressure, becomes flooded. Increased pressure closes an atmospheric check valve and water enters the fire alarm line to sound a water-motor operated gong and/or to operate a pressure switch.

The model 39 is a type A valve as classified in Section C26-1365.0.h Administrative Code.

The model 1 Accelerator is a type of quick opening device which detects a critical rate of air pressure loss—as from an opened automatic sprinkler and remotely causes the model 39 Dry Pipe Valve to operate.

A rubber diaphragm separates a larger dome-shaped chamber from the base of the cast iron accelerator. A restriction type of orifice allows air in the upper chamber to equalize with the air pressure in the sprinkler piping. The rubber diaphragm is directly attached to a pilot valve which can admit air to act on a portion of the Dry Pipe Valve clapper.

The Accelerator is used with dry pipe sprinkler systems whose volume of air in the piping would cause serious time lag in the operation of the Dry Pipe Valve. The opening of one or more sprinkler heads will cause air pressure in the piping to be reduced at a greater rate than that above the Accelerator diaphragm, and will cause the Accelerator pilot valve to operate. A small portion of air passing from the sprinkler piping through the Accelerator pilot valve into the area below the Dry Pipe Valve clapper will close the atmospheric check valve and raise the clapper off its seat.

Inspection and Test

All data submitted was examined at the offices of the Board by Asst. Engr. G. F. Sklenarik, Committee on Test.

The Model 39 Dry Pipe Valve and Model 1 Accelerator have been approved by the Underwriters Lab. and are listed under File No. EX1335 and EX1233 respectively, dated December 20, 1949.

Recommendation

On the basis of the data submitted the Committee on Test recommends the approval of the "Automatic" Model 39, 6 Inch Dry Pipe Valve and the "Automatic" Model 1 Accelerator for use in dry pipe sprinkler systems when installed in accordance with the provisions of Article 16 Administrative Building Code and the Sprinkler Rules of the Board provided each Valve and Accelerator will bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 406-53-SA."

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 489-54-SA.

Subject: Delco Pressure Atomizing Oil Burner Model H-200 and Paragon Pressure Atomizing Oil Burner Model P-200U and permission to market under additional trade names.

Delco Appliance Division of General Motors Corp., Rochester, New York, filed June 2, 1954 an application with the Board of Standards and Appeals for approval of the appliance known as the Delco Pressure Atomizing Oil Burner Model H-200 and H-300 and the Paragon Pressure Atomizing Oil Burner and permission to market the burner under additional trade names under the provisions of the Oil Burner Rules of the Board and Article 12, Chapter 26 Administrative Building Code.

Purpose

The appliance is a mechanical draft conversion oil burner.

Description

The appliance consists of a two piece die cast aluminum housing to which is attached a 1/10 H.P. motor with a built

MINUTES

in thermal overload, a pump valve and strainer assembly for oil transmission and the pump is designed to deliver 13 GPH.

The controls consist of thermostat, unit control and primary control.

The capacity of the H-200 ranges from 0.60 to 2.00 gph and the H-300 ranges from 1.00 to 3.00 gph.

Inspection and Test

Inspection and test of this burner was made by Asst. Engr. J. A. Darts, Committee on Test. The burner was an assembly of approved parts suitable for use with each other for the service intended as approved, and the burner is provided with suitable safeguards to prevent abnormal discharge of oil. The burner as assembled was tested for defects and proper functioning through its operating range and found to function properly as designed with no flare backs or undue carbon deposits. With the oil cut off the controls functioned in 90 seconds. All parts are so designed as to maintain alignment and permit interchangeability. With a stack temperature of 500° the CO₂ content of the flue gases was 10%. The burner has been approved by the Underwriters Laboratories Inc., 52C3961.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Delco Pressure Atomizing Oil Burner Models H-200 and 300 for use in New York City with fuel oil not heavier than #2 U.S. Department of Commerce Standards when installed in accordance with this report and the Oil Burner Rules of the Board of Standards and Appeals, provided each burner bears a label permanently affixed reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 489-54-SA."

The Committee further recommends that the burner may be marketed under the following trade names: Paragon Pressure Atomizing Oil Burner Model P-200U, Homoil Oil Burner Model 726.201, General Automatic Product Oil Burner N 200 and N 300, Regal Oil Burner Model R-200 and Marietta Oil Burner Model MH-200.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

72-55-SA

APPLICANT—Gilbert & Barker Mfg. Company, owner.
SUBJECT—Application reopened January 24, 1956—re amendment to resolution to include new model gasoline dispensers—re Gilbarco Calco-Meter Gasoline Dispensing Pumps, Models 902, 903, 905 and 908 (single); previously approved.

APPEARANCES—

For Applicant: William Keay.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 72-55-SA

Subject: Amendment to Resolution to include New Model Gasoline Dispensers.

Gilbert and Barker Mfg. Co. Inc., requested by letter dated December 19, 1955 that the resolution adopted September 20, 1955 under Cal. No. 72-55-SA be amended so as to include their new models 902 RC, 903 RC, 905 RC and 908 RC gasoline dispensers. The application was reopened by a vote of the Board January 24, 1956.

Description

These dispensers are similar to the previously approved models 902, 903, 905 and 908 dispensing pumps except that they are built for remote control operation, with the motor, pump unit, air-separator and sump removed; air separation taking place at the remote pumping unit used in conjunction with these dispensers.

In the model 902 RC delivery of product to the nozzle is accomplished by means of a handle on the side of the dispenser and which is used to start and stop the remote pump unit motor. The handle is also connected to a feed line valve operated by a rod which opens and closes the valve in sequence with the start and stop of the remote control pump unit motor. The feed line valve is equipped with a built in relief device which prevents excessive pressure in the visigauge, meter and hose caused by expansion of gasoline during hot weather. The feed line valve also prevents pressure in the hose of other dispensers connected to the same supply line and not in operation while dispensing gasoline from the dispensers in operation. The dispenser is also equipped with a combination strainer—check valve with a built in relief set at 35 p.s.i. to prevent excessive pressure in the system. This valve is located at the line connection at the base of the dispenser.

The 902 RC has an external hose extending 10 feet from the side of the dispenser to the nozzle tip. Nozzle valve control is designed to be held open manually when dispensing motor fuel. The dispenser will deliver up to 15 gallons per minute.

The Model 903 RC is similar to the model 903 in that it has a roller clock type of registering mechanism instead of a computer type of registering mechanism. In design, application and construction its features are the same as the 902 RC.

The model 905 RC is similar to the model 905 and its features are the same in design, application and construction as the model 902 RC with the exception of the hose arrangement. The model 905 RC is equipped with a cable-suspended hose and extends from the side of the dispenser 13 feet 6 inches to the nozzle.

The model 908 RC is similar to the model 908 and its features are the same in design, application and construction as the model 902 RC with the exception of the hose arrangement. The model 908 RC is equipped with an internal hose, retractable type, and extends from the side of the dispenser 13 feet 6 inches to the nozzle.

Inspection and Test

These dispensers were examined at the premises of the applicant by Asst. Engr. G. F. Sklenarik, Committee on Test. Present were Mr. William Keay, manager of sales service and other representatives of the applicant. The units operated as designed.

The entire mechanism of the four dispensers complies with the requirements of the Underwriters' Laboratories and the models are listed file MH 1941.

Recommendations

The Committee on Test recommends that the resolution adopted September 20, 1955 under Cal. No. 72-55-SA be amended so as to include models 902 RC, 903 RC, 905 RC and 908 RC on condition that the requirements of the resolution adopted September 20, 1955 under Cal. No. 72-55-SA

MINUTES

be complied with; all electrical work to be in accordance with the Electrical Code of the City of New York.

472-55-SM

APPLICANT—Hercules Plastics Corp., owner.
SUBJECT—Application May 27, 1955—Hercules Vacuum Breaker-Check Valves, Nos. 1 and 2, approval of.
APPEARANCES—

For Applicant: Leon C. Lowenthal.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 472-55-SM

Subject: Hercules Vacuum Breaker-check Valve Models 1 and 2.

Hercules Plastics Corp., New York, New York, filed May 27, 1955, an application with the Board of Standards and Appeals for approval of the device known as the Hercules Vacuum Breaker and Check Valve Models 1 and 2 under the provisions of the submerged Inlet Rules of the Board.

Purpose

This device is a vacuum breaker used to prevent back syphonage.

Description

This device is a vacuum breaker made of nylon and consists of three main elements, the outer shell or sleeve, an inner sleeve and the valve member.

The outer shell is in the form of a tubular cylinder provided with screw threads to fit a standard hose bibb, this end being the water inlet end of the device; in this section are the air ports to supply atmospheric relief.

The inner shell is threaded externally at one end to enable it to be attached to the hose coupling and this lower section encloses a free moving plunger disc with leather washers attached to the top and bottom of the plunger disc, which act as an internal check. A neoprene and nylon cloth washer (trade mark Fairprene) is set midway between upper and lower external sections to prevent leaking.

The operation of the device is as follows: The device is screwed into the hose bibb and water flows through the device, around the edges of the washer and through the core of the valve and thence to the lower section to the hose.

In the event of failure of pressure so as to cause a back syphonage or suction on the line the water will exert pressure on the core section of the valve as well as against the washer; this pressure will close the valve and move the washer away from the air vents and the vacuum in the system will be broken and the pressure will be equalized. When the normal flow of water again occurs the valve is returned to its open position and the vents are closed by the washer as the valve returns to its open position.

Model 1 will permit attachment of hose coupling to one end and to a hose connector at the other end. Model 2 permits attachment to hose couplings at both ends.

Inspection and Test

The device was tested at 32 Vandewater Street in the presence of James P. Finnerty, Supervising Chief Inspector, Bureau of Water Register, E. O. Bauman, Chief of Bureau of Water Register. Mr. L. Lowenthal, representing the applicant and Asst. Engr. J. A. Darts, Committee on Test, Board of Standards and Appeals.

The first series of tests showed that the device acted as a check valve only and not as a vacuum breaker as the air vents were insufficient in area to provide sufficient air relief. A redesigned breaker, with enlarged air ports was retested May 14, 1956 in the presence of the above mentioned and the device was tested, first as a check and then the check valve was removed and the device was tested as a vacuum breaker only. Results were as follows:

The vacuum breaker was subjected to sustained and intermittent vacuums of 28" mercury—5 minutes; 22" mercury—4 minutes; 15" mercury—4 minutes; 7" mercury—3 minutes and 2½" mercury—3 minutes and at no time did back-flow occur.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Hercules Vacuum Breaker-Check Valve Model 1 only for voluntary use in New York City under the provisions of the Submerged Inlet Rules of the Board on the following conditions; that the device be used only on those appliances which connect to the water system by hose, for example, a garden hose; that when installed the vacuum breaker shall be made only hand tight and due to its construction shall not be "pulled up" tight by wrench as such procedure could easily distort the vacuum breaker and very possibly render it inoperative. The device shall be a tag or label or may have cast into the side of the body the following: "Approved N. Y. C. Bd. of S&A Cal. No. 472-55-SM."

The Committee further finds that, notwithstanding the statement, made by the applicant, that implies that all appliances used within or outside the home which connect to the water supply system by means of a hose connection must include this device so as not to be in violation of the city statute, that this recommendation for voluntary approval shall in no way invalidate or negate the approval granted by the Board under separate resolutions to various appliances which may be connected to the water supply by means of hoses without a vacuum breaker when constructed and used in accordance with the requirements as set forth under their individual approvals.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 549-55-SA

Subject: Samco or Chef's Delight—Lower Oven Range Models 3236, 3236T, 3336, 3336A, 3436, and 3436A.

E. Loeb for Samuel Stamping and Enameling Co. Chattanooga, Tenn., filed June 27, 1955 an application with the Board of Standards and Appeals for approval of the appliance known as the Samco or Chef's Delight—Lower Oven Range Models 3236, 3236T, 3336, 3336A, 3436 and 3436A under the provisions of C26-695.0 Administrative Building Code and for use under Section 64 of the Multiple Dwelling Law.

Purpose

The appliances are gas fired ranges used for cooking purposes.

Description

The ranges are of four top burner and oven type construction. The model 3220 has cast iron with aluminum caps top burners and cast iron oven burner. The model 3120 has cast iron with porcelain caps top burners and cast iron oven burners.

The front top burners of each model are rated at 12,000 BTU each, the rear burners at 9,000 BTU each and the oven at 20,000 BTU.

The lighting of the top burners is accomplished by automatic lighting and the oven is equipped with a thermostat.

Inspection and Test

The appliances have been approved by the American Gas Association under Certificate 1-(982.0, 2.1 -4.1, -6.1, -8.1 & 10.1)001. The details of construction were examined by Asst. Engr. J. A. Darts, Committee on Test.

Recommendation

As the wording of Section 64 as amended by Int. 1142 of the Multiple Dwelling Law reads in part as follows: "All automatically controlled gas appliances shall be equipped with an approval device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame in such appliance is extinguished" and as the American Standard for the Installation of Gas Piping and Gas Appliances in Building approved by ASA and sponsored by the AGA 1954 gives the following definitions:

1. Appliance—automatically controlled, appliances equipped with an automatic pilot and other automatic devices which

(a) accomplish complete turn-on and shut-off of the gas to the main burner or burners.

(b) graduate the gas supply to the burner or burners but do not affect complete shut-off of the gas.

2. Automatic Ignition—automatic ignition shall be interpreted as means which provide for ignition of the gas at a burner when the gas burner valve controlling the gas to that burner is turned on and will effect re-ignition if the flames on the burner have been extinguished by means other than closing the gas burner valve.

3. Thermostat—an automatic device actuated by temperature changes designed to control the gas supply to a burner or burners, in order to maintain temperatures between predetermined limits.

The Committee on Test recommends as follows: The models Nos. 3236, 3236T, 3336, 3336A, 3436A, and 3436 shall be constructed with an approved device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame is extinguished as the above models are considered to be an automatically controlled gas appliance under the definitions as herein set forth and the requirements of Section 64 of the Multiple Dwelling Law; all installations shall be in accordance with the requirements of C26-695.0.2.a Administrative Building Code as the above models have been approved by a recognized testing

laboratory and further that these ranges may be used under the provisions of Section 64 of the Multiple Dwelling Law.

The Committee further recommends that all appliances bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 549-55-SA", and in addition thereto shall also designate the model designation and the additional wording: "Equipped with an approved automatic shut-off" and further each range shall have attached thereto a decal or plate showing the location of the automatic shut-off.

(Sgd.) HARRIS H. MURDOCK,

Chairman,

JOHN A. DARTS,

Assistant Engineer,

GEORGE F. SKLENARIK,

Assistant Engineer,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

791-55-SA

APPLICANT—I. A. Prouser, for The Stove Works, Inc., owner.

SUBJECT—Application September 22, 1955—Wincroft-Cookmaster, Models 201, 202, 205, 301, 302, 305, 3051, 361, 362, 3651, 3625 and 3620, approval of.

APPEARANCES—

For Applicant: G. O. Renn.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock Commissioner Kleinert, Commissioner Keating and Deputy Chief Conolly

Negative

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 791-55-SA

Subject: Wincroft Cook Master, Models 201, 202, 205, 301, 302, 305, 3051, 361, 3651, 3652 and 3620.

I. A. Prouser for The Stove Works, Inc., Union, Pa. filed September 22, 1955, an application with the Board of Standards and Appeals for approval of the Wincroft Cook Master Gas Ranges in various models under the provisions of C26-695.0 Administrative Building Code and for use under Section 64 of the Multiple Dwelling Law.

Purpose

The appliances are domestic gas ranges used for cooking purposes.

Description

The ranges are designed for domestic installation. There are three basic sizes 20", 30" and 36" and the various model numbers refer to variations such as burner arrangement broilers and other styling details.

Inspection and Test

The details of construction were examined by Asst. Engr. J. A. Darts. Committee on Test and it was noted that while all models were made to AGA specifications, not all models are AGA approved.

Recommendation

As the wording of Section 64 as amended by Int. 1142 of the Multiple Dwelling Law reads in part as follows: "All automatically controlled gas appliances shall be equipped with an approved device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame in such appliance is extinguished" and as the American Standard for the Installation of Gas Piping and Gas Appliances in Building approved by ASA and sponsored by the AGA gives the following definitions:

MINUTES

1. Appliance—automatically controlled, appliances equipped with an automatic pilot and other automatic devices which

(a) Accomplish complete turn-on and shut-off of the gas to the main burner or burners.

(b) Graduate the gas supply to the burner or burners, but do not effect complete shut-off of the gas.

2. Automatic ignition—automatic ignition shall be interpreted as means which provide for ignition of the gas at a burner when the gas burner valve controlling the gas to that burner is turned on and will effect re-ignition if the flames on the burner have been extinguished by means other than closing the gas burner valve.

3. Thermostat—an automatic device actuated by temperature changes; designed to control the gas supply to a burner or burners, in order to maintain temperature between predetermined limits; the Committee on Test recommends as follows:

Models 201, 301 and 362 may be constructed without a device which shall automatically shut-off the gas as there is no pilot or constantly burning flame or thermostat, all installations shall be in accordance with the requirements of C26-695.02.b Administrative Building Code as these models have not been approved by a recognized testing laboratory.

Models 202, 205, 302, 305, 3051, 361, 3651, 3652, 3620 and 362 shall be constructed with an approved device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame is extinguished as the above models are considered to be an automatically controlled gas appliance under the definitions as herein set forth and the requirements of Section 64 of the Multiple Dwelling Law; all installations may be in accordance with the requirements of C26-695.02a Administrative Building Code as the above models have been approved by a recognized testing laboratory and further these ranges may be used under the provisions of Section 64, Multiple Dwelling Law.

The Committee further recommends that all appliances bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 791-55-SA" and in addition thereto shall also designate the model designation.

The Committee further recommends that Models 202, 205, 302, 305, 3051, 361, 3651, 3652, 3620 and 362 shall carry in addition to the wording "Equipped with automatic shut-off", and further each range shall have attached thereto a decal or plate showing the location of the approved automatic shut-off.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

896-55-SM

APPLICANT—Beaver-Advance Corporation, owner.

SUBJECT—Application November 3, 1955 — Advance Tubular Steel Scaffolding, approval of.

APPEARANCES—

For Applicant: Frank J. Marshall.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 896-55-SM

Subject: Advance Tubular Steel Scaffolding.

Beaver Advance Corp., Ellwood City, Pa., filed November 3, 1955 an application with the Board of Standards and Appeals for approval of the Advance Tubular Steel Scaffolding under the provisions of C26-178 Administrative Building Code and Rule 7.5.18 of the Rules of the Board adopted under Cal. No. 784-41-SR.

Purpose

This steel scaffolding is intended to replace the usual form of timber scaffolding in the three classes, light, medium and heavy duty scaffolding, for uses as set forth in the Demolition Rules of the Board.

Description

The assembly consists of steel frames, braces and accessories which are assembled to form a scaffold. The frames are connected to each other on each side by a pair of diagonal cross braces. Connectors called sprockets, set into the upper ends of the frame tubes, permit other sections to be added to the top of the lower sections. The top section is fitted with railings, toe boards and the scaffolding planks. Adequate sills at the bottom and suitable tie-ins to the building and for structure are provided.

The frame is the essential basic unit and consists essentially of two end posts, cross tubes and stiffening braces all of butt welded steel tubing. The ends of the cross tubes and stiffening braces are cut out to accommodate the curvature of the tubes to which they are secured by arc welding.

The end posts and upper and lower cross braces or ledges in each frame are $1\frac{3}{4}$ " by No. 14 gauge steel tubing. The intermediate braces are 1" by No. 14 gauge steel tubing. The cross bracing connecting the individual panels is 1" by No. 14 gauge steel.

The end posts are built to accommodate an adjustable base.

Inspection and Test

Three panels (four frames) were load tested at the applicant's plant in the presence of Asst. Engr. J. A. Darts Committee on Test.

The frames were spaced 10'-0" on centers giving a total of 30'-0" length of scaffolding and as each frame has a width of 5'-0" the test scaffold was 150 sq. ft. in area, two tiers high, making a total of 10'-0" in height.

The two end frames were not loaded and the connections between the two end frames and the two inner frames was broken so that there was no physical tie between these frames. The two end frames were left in place in order to protect the workmen test loading the scaffold.

The test was discontinued at a load of 19,350 pounds at which time there was a deflection of 0.721" in the bearers or ledgers.

Evaluation of test results:

Total load carried on 2 frames = 19350 lbs.

Load carried on each frame = $19350 \div 2 = 9675$ lbs.

The Committee set the least factor of safety that may be applied in construction of this nature at 2.5 for the live load and 2.0 for the dead load on the heavy duty scaffold and 2.5 for the live load and 1.5 for the dead load on the medium and light duty scaffold.

Since this type of scaffolding is intended to replace timber scaffolding, the Committee is of the opinion that the allowable live loads shall be the same as allowed for timber scaffolding as set forth under the requirements of Rule 7.5.1 of the Rules of the Board. That is 75 lbs. per sq. ft. under Rule 1.24.3; 50 lbs. per sq. ft. for medium duty scaffold the functions of which are defined under Rule 1.24.10; and 25 lbs. per sq. ft. for light duty scaffold the functions of which are defined under Rule 1.24.7.

In calculating the dead load or weight of each frame for the 5'-0" high frame shall be 40 lbs. the incidental bracing for the same shall be 10 lbs. and the total weight of planking 2" thick shall be 5 lbs. per sq. ft.

Computations for Heavy Scaffold:

1. 7'-0" Bent Spacing;—Area carried by 1 Bent = $7' \times 5' = 35$ sq. ft.

MINUTES

Live Load = 35 sq. ft. x 75 lbs. per sq. ft. = 2625 lbs.
 F of S of 2.5 = 2625 x 2.5 = 6562 lbs.
 Planking; = 35 sq. ft. x 5 lbs. per sq. ft. = 175 lbs.
 F of S of 2; = 175 x 2 = 350 lbs.
 1 Frame 5' -0" High = 50 lbs.
 F & S of 2; = 50 x 2 = 100 lbs.
 Total live and *dead load (*frame and planking) = 7012 lbs.

Usable remaining load to be carried on frame 9675—7012 = 2663 lbs.

Additional frames = 2663 ÷ 100 = 26.63.

Theoretical Height = 133 ft.

2. 6'-0" Bent Spacing—Area carried by 1 Bent = 6'-5' = 30 sq. ft.

Live load = 30 sq. ft. x 75 lbs. per sq. ft. = 2250 lbs.

F of S of 2.5 = 2250 x 2.5 = 5625 lbs.

Planking; = 30 sq. ft. x 5 lbs. per sq. ft. = 150 lbs.

F of S of 2.0 = 150 x 2.0 = 300 lbs.

1 Frame—5'-0" High = 50 lbs.

F of S of 2.0 = 150 x 2.0 = 300 lbs.

Total live and *dead load (*frame and planking) = 6025 lbs.

Usable remaining load to be carried on 1 frame 9675—6025 = 3650 lbs.

Additional Frames = 3650 ÷ 100 = 36.5.

Theoretical Height = 182 ft.

3. 5'-0" Bent Spacing—area carried by 1 Bent = 5' x 5' = 25 sq. ft.

Live load = 25 sq. ft. x 75 lbs. per sq. ft. = 1875 lbs.

F of S of 2.5 = 1875 x 2.5 = 4738 lbs.

Planking = 25 sq. ft. x 5 lbs. per sq. ft. = 125 lbs.

F of S 2.0 = 125 x 2 = 250 lbs.

1 Frame—5'-0" high = 50 lbs.

F of S of 2.0 = 50 x 2 = 100 lbs.

Total live and *dead load (*1 frame and planking) = 5088 lbs.

Usable remaining load to be carried on 1 frame 9675—5088 = 4587 lbs.

Additional Frames 4587 ÷ 100 = 45.87.

Theoretical Height = 225 ft.

Computation for Medium Duty Scaffold:

1. 10'-0" Bent Spacing—Area carried by 1 Bent = 10' x 5' = 50 sq. ft.

Live Load = 50 sq. ft. x 50 lbs. per sq. ft. = 2500 lbs.

F of S of 2.5 = 2500 x 2.5 = 6250 lbs.

Planking = 50 sq. ft. x 5 lbs. per sq. ft. = 250 lbs.

F of S of 1.5 = 250 x 1.5 = 375 lbs.

1 Frame 5'-0" high = 50 lbs.

F of S of 1.5 = 50 x 1.5 = 75 lbs.

Total live and *dead load (*1 frame and planking) = 6700 lbs.

Usable remaining load to be carried on 1 frame 9675—6700 = 3975.

Additional frames = 3975 ÷ 75 = 53 frame.

Theoretical height = 265 ft.

2. 9'-0" Bent Spacing—Area carried by 1 Bent—9' x 5" = 45 sq. ft.

Live Load 45 sq. ft. x 50 lbs. per sq. ft. = 2250 lbs.

F of S of 2.5 = 2250 x 2.5 = 5625 lbs.

Planking = 45 sq. ft. x 5 lbs. per sq. ft. = 225.

F of S of 1.5 = 225 x 1.5 = 338 lbs.

1 Frame 5'-0" High = 50 lbs.

F of S of 1.5 = 50 x 1.5 = 75 lbs.

Total live and *dead load (*1 frame and planking) = 6038 lbs.

Usable load to be carried on 1 frame 9675—6038 = 3637 lbs.

Additional frames = 3637 ÷ 75 = 48.

Theoretical Height = 240 ft.

3. 8'-0" Bent Spacing—area carried by 1 Bent = 8' x 5' = 40 sq. ft.

Live Load = 40 sq. ft. x 50 lbs. per sq. ft. = 2000 lbs.

F of S of 2.5 = 5000 lbs.

Planking 40 sq. ft. x 5 lbs. per sq. ft. = 200 lbs.

F of S of 1.5 = 200 x 1.5 = 300 lbs.

1 Frame 5'-0" Height = 50 lbs.

F of S of 1.5 = 50 x 1.5 = 75 lbs.

Total live and *dead (*1 frame and planking) = 5375 lbs.

Usable load to be carried on 1 frame 9675—5375 = 4300 lbs.

Additional frame = 4300 ÷ 75 = 57.

Theoretical height = 285 ft.

4. 7'-0" Bent spacing—area carried by 1 Bent = 7' x 5' = 35 sq. ft.

Live Loads = 35 sq. ft. x 50 lbs. per sq. ft. = 1750 lbs.

F of S of 2.5 = 1750 x 2.5 = 4375 lbs.

Planking 35 sq. ft. x 5 lbs. per sq. ft. = 175 lbs.

F of S of 1.5 = 175 x 1.5 = 263 lbs.

1 Frame 5'-0" high = 50 lbs.

F of S of 1.5 = 50 x 1.5 = 75 lbs.

Total live and *dead load (*1 frame and planking) = 4713.

Usable load to be carried on 1 frame 9675—4713 = 4962 lbs.

Additional frames = 4962 ÷ 75 = 66.

Theoretical height = 330 ft.

5. 6'-0" Bent spacing—area carried by 1 Bent = 6' x 5' = 30 sq. ft.

Live load = 30 sq. ft. x 50 lbs. per sq. ft. = 1500 lbs.

F of S of 2.5 = 1500 x 2.5 = 3750 lbs.

Planking 30 sq. ft. x 5 lbs. per sq. ft. = 150 lbs.

F of S of 1.5 = 150 x 1.5 = 225 lbs.

1 Frame 5'-0" high = 50 lbs.

F of S of 1.5 = 50 x 1.5 = 75 lbs.

Total live and *dead load (*1 frame and planking) = 4050 lbs.

Usable load to be carried on 1 frame 9675—4050 = 5625 lbs.

Additional frames = 5625 ÷ 75 = 75.

Theoretical Height = 375 ft.

6. 5'-0" Bent spacing—area carried by 1 Bent = 5' x 5' = 25 sq. ft.

Live load = 25 sq. ft. x 50 lbs. per sq. ft. = 1250 lbs.

F of S of 2.5 = 1250 x 2.5 = 3125 lbs.

Planking = 25 sq. ft. x 5 lbs. per sq. ft. = 125 lbs.

F of S of 1.5 = 125 x 1.5 = 191 lbs.

1 Frame 5'-0" high = 50 lbs.

F of S of 1.5 = 50 x 1.5 = 75 lbs.

Total live and *dead load (*1 frame and planking) = 3391 lbs.

Usable load to be carried on 1 frame 9675—3391 = 6284 lbs.

Additional frames = 6284 ÷ 75 = 83.

Theoretical Height = 415 ft.

Computation for Light Duty Scaffold:

1. 10'-0" Bent spacing—area carried by 1 Bent = 10' x 5' = 50 sq. ft.

Live load = 50 sq. ft. x 25 lbs. per sq. ft. = 1250 lbs.

F of S of 2.5 = 1250 x 2.5 = 3125 lbs.

Planking = 50 sq. ft. x 5 lbs. per sq. ft. = 250 lbs.

F of S of 1.5 = 250 x 1.5 = 375 lbs.

1 Frame—5'-0" high = 50 lbs.

F of S of 1.5 = 50 x 1.5 = 75 lbs.

Total live and *dead load (*1 frame and planking) = 3575 lbs.

Usable load to be carried on 1 frame 9675—3575 = 6100 lbs.

Additional frames = 6100 ÷ 75 = 81.

Theoretical Height = 405 ft.

2. 9'-0" Bent spacing—area carried by 1 Bent = 9' x 5' = 45 sq. ft.

Live Load = 45 sq. ft. x 25 lbs. per sq. ft. = 1125 lbs.

F of S of 2.5 = 1125 x 2.5 = 2912 lbs.

Planking 45 sq. ft. x 5 lbs. per sq. ft. = 225 lbs.

F of S of 1.5 = 225 x 1.5 = 338 lbs.

1 Frame 5'-0" Height = 50 lbs.

F of S of 1.5 = 50 x 1.5 = 75 lbs.

MINUTES

Total live and *dead load (*1 frame and planking) = 3325 lbs.

Usable load to be carried on 1 frame $9675 - 3325 = 6350$ lbs.

Additional frames $= 6350 \div 75 = 84$.

Theoretical Height = 420 ft.

Evaluation of scaffolding when used as a hoist tower.

The live load shall not exceed 4500 lbs. and with a factor of safety of 100% the live load shall be 9000 lbs. The dead load which includes the weight of the cage, sheaves and cat-head equals 800 lbs. with a factor of safety of 2, the dead load equals 1600 lbs. Therefore, the total load, live and dead equals 10600 lbs. or 5400 lbs. on each frame which is below the allowable 9675 lbs. as figured when the equipment is to be used as a scaffold.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval, under provisions, of C26-178.0 Administrative Building Code and Rule 7.5.18 of the Rules of the Board, of the Advance Tubular Steel Scaffolding as manufactured by the Beaver Advance Corp. of materials as herein described and constructed in accordance with the description above, for uses as defined in the Rules of the Board with limitations as to the height for definite bent spacing as set forth in the following tables:

1. Heavy Duty Scaffold: as defined by Rule 1.24.3 of the Demolition Rules of the Board:—Maximum live load; 75 lbs. per sq. ft.

Span in ft. between bents

Maximum height above baseplate

7'-0"	6'-0"	5'-0"
60'-0"	80'-0"	100'-0"

2. Medium Duty Scaffold: as defined by Rule 1.24.10 of the Demolition Rules of the Board:—Maximum live load; 50 lbs. per sq. ft.

Span in ft. between bents

Maximum height above baseplate

10'-0"	9'-0"	8'-0"	7'-0"
100'-0"	110'-0"	115'-0"	125'-0"

3. Light Duty Scaffold: as defined by Rule 1.24.7 of the Demolition Rules of the Board:—Maximum live load, 25 lbs. per sq. ft.

Span in ft. between bents

Maximum heights above base plate

10'-0"	125'-0"
--------	---------

The Committee further recommends that additional stages of planking may be used, in accordance with the following condition:

1. Heavy Duty Scaffold: Only one working stage of planking and no additional stages of planking may be used on the Heavy Duty Scaffold.

2. Medium Duty Scaffold:

Bent Spacing

10'-0"	9'-0"	8'-0"	7'-0"
--------	-------	-------	-------

Additional Stages of Planking

0	1	2	4
---	---	---	---

3. Light Duty Scaffold:

Bent Spacing

10'-0"

Additional Stages of Planking

8

The live load of 50 lbs. per sq. ft. for the Medium Duty Scaffold and the 25 lbs. per sq. ft. for the Light Duty Scaffold may be applied to one tier or may be divided between various tiers, as allowed, in the same bay.

The Committee further recommends that during the course of erection and all time thereafter, of the scaffold hereby recommended for approval under this report the scaffold shall be adequately tied to the building every two stories, but not more than 24'-0" vertically and every 28'-0" horizontally by one of the approved methods shown on Dwgs. marked, "Rec'd May 3, 1956", which are on file with and are part of the record.

The Committee further recommends that the frames shall set on suitable sills of minimum size 2" x 12" but in all cases the owner-manufacturer shall submit his erection plans to the Department of Buildings so that all the methods of

construction outlined in this report and the subsurface conditions may be investigated and checked.

The Committee further recommends that signs shall be conspicuously posted every 50 ft. along the planked platform levels showing the allowable live load per sq. ft. permitted on the planking and that all the component parts of the scaffold shall be kept in a perfect state of repair properly painted or otherwise treated to prevent corrosion or decay.

The Committee further recommends that the erection and design of scaffolds, hereby recommended for approval under this report shall be under the responsible supervision of the owner-manufacturer of the scaffold and that all scaffolds erected under the conditions of this report shall be stamped, marked and labeled as follows:—"Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 896-55-SM."

The Committee further recommends that this type of scaffold may be used as a hoist tower on condition that the live load shall not exceed 4500 lbs., that the height of the tower shall not exceed 125'-0" in height and the maximum size of the hoist shall be based on an 8'-0" x 6'-6" base arrangement and further that when the scaffolding is used as a hoist tower, the tower shall be adequately tied to the building as provided for and in the same manner as when the equipment is used as a scaffold.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

931-55-SM

APPLICANT—Ceil-Lite Co., owner.

SUBJECT—Application November 14, 1955—Ceil-Lite (plastic light diffuser), approval of.

APPEARANCES—

For Applicant: Nat Rosen.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 931-55-SM.

Subject: Ceil-Lite (Plastic Light Diffuser) approval of Ceil-Lite Co. New York filed November 14, 1955 an application with the Board of Standards & Appeals for approval of the Ceil-Lite (Plastic Light Diffuser) under the provisions of C26-461.1 Administrative Building Code.

Purpose

The ceiling is to be used as a light diffuser.

Description

The system consists of corrugated translucent plastic sheets supported on metal members which are themselves suspended from the ceiling, floor or roof above.

The plastic sheet is a corrugated rigid vinyl chloridvinyl acetate sheet and the thickness of the sheet is 0.0075".

The ceiling clip is of sheet steel, the hanger rods are 3/4" cold rolled steel and the channel and rails are of extruded aluminum.

The installation is as follows:

The ceilings hanger or clip is attached directly to the ceiling, floor or roof above and the 1/4" steel hanger is inserted

MINUTES

into the clip. The other end of the steel hanger is inserted into a slot of the track hanger. This track hanger has a lip which fits under the upper flange of the main track (called the T track) and thereby holds up the main carrying track. There is an additional slot in each of the track hangers and a track spacer, a $\frac{1}{4}$ threaded rod with a nut on each end, is inserted into the slot, thus giving lateral stability to the system and helping it to maintain the 3'-0" spacing between main carrying tracks. The hook assembly and ceiling clip are installed 3'-0" on centers in one direction and a maximum of 8'-0" on centers perpendicular to those on 3'-0" so that a grillage is set up supporting 3'-0" in one direction and 8'-0" in the other direction.

Inspection and Test

Load tests were conducted in the presence of Asst. Engr. J. A. Darts, Committee on Test. The tests were conducted on the plastic itself in both upward and downward directions and on the carrying members in both upward and downward.

Results of the test are as follows:

PLASTIC—downward—	5 lbs./sq. ft.—	not dislodged.
" —upward —12 "		—plastic forced up.
TRACK —downward—	20 lbs	—no deflection
" —upward —20 lbs		— $\frac{1}{8}$ " deflection

Plastic itself met the requirements of C26-461.1 Administrative Building Code as to self-extinguishing properties.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Ceil-Lite (plastic light diffusing ceiling) for installation in New York City when constructed of materials as herein described, and using steel rod not less than $\frac{1}{4}$ inch as the steel hanger, and installed in accordance with the requirements of C-26-461.1 Administrative Building Code on condition that the main carrying members shall be carried on rods as herein described secured to the ceiling, floor or roof construction above, that wires shall not be used in the suspension system and further that all plans filed with the Department of Buildings showing the proposed use of this system shall be marked or stamped as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 931-55-SM," and that the containers or cartons in which the material is marketed shall be similarly marked. It is further recommended that the use of this material in Class I and II construction be limited to an area to be covered not to exceed 10,000 sq. ft. in area and only when such space is separated from the remainder of the floor area by an approved wall, fire wall, fire partition or fireproof partitions. In Class III construction shall be limited in accordance with the requirements of the Administrative Building Code.

The Committee further recommends that as C26-1354.0 Administrative Building Code was amended by Local Law 105 of 1955 to allow the use of this type of light diffuser in locations as permitted under C26-1351.1 Administrative Building Code as amended by Local Law 91 of 1954, plans filed with the Department of Buildings and will also show the proposed occupancy so that the use of this ceiling in the proposed location may be checked as to its use in the type of hazard occupancy as set forth under C26-1351.1 Administrative Building Code as amended by Local Law 91 of 1954. The Committee further recommends that in approving the installation, the Department of Buildings shall require that in the event of a change in occupancy the installation shall be re-examined under C26-1354.0 Administrative Building Code as amended by Local Law 105 of 1955.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

210-56-SA

APPLICANT—Tokheim, Corporation, owner.

SUBJECT—Application March 8, 1956—Parkway Dual Computer Pump, Model 325, with or without suffix WNC or HS and Remote Control Model 325 RC (gasoline dispenser), approval of.

APPEARANCES—

For Applicant: A. P. Lapsansky and John F. Dixon.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 210-56-SA

Subject: Parkway Dual Computer Pump, Models 325 and 325N with or without suffix WNC or HS and Remote Control, Models 325RC and 325NRC.

The Tokheim Corporation, Fort Wayne, Ind., owner-manufacturer filed March 8, 1956 an application with the Board of Standards and Appeals for approval of their Parkway Dual Computer Pump, Model 325 with or without suffix WNC or HS and their Remote Control, Model 325RC under the provisions of Section C19-69.C Administrative Code and to include the trade name National as well as Tokheim for the above model pumps.

Purpose

Appliances used for dispensing gasoline.

Description

The Model 325 Parkway (single product) Dual Computer Pump consists of one complete pumping system, with two measuring units, two computer devices and two discharge outlets. The combined pumping unit and air eliminator, measuring units, computer devices, hose nozzles and other features are the same as furnished in the model 305 computer pumps which were approved by the Board under Cal. No. 288-55-SA, June 7, 1955.

Gasoline can be dispensed from the model 325 pump through the two hoses and hose nozzles at the same time or separately. The switch control lever for starting and stopping the pump motor, the visigage, the hose and hose nozzle are located on the same side of the pump and adjacent to the register dial which is served only by that particular hose. The notation "Delivery through this hose shows on this dial only" is indicated directly above each hose outlet.

The two Veeder-Root computer devices indicate the gallons delivered and the money value of each sale. A switch interlock of mechanical type is provided and compels resetting the computer numerals to zero before delivery of gasoline can be made.

The hoses furnished are 17 feet in length and are made retractable into the pump housing by means of cast iron weight pulleys operating on steel guides.

A hydraulic control valve controls flow of product and eliminates excess pressure at nozzle.

The electric motor operating the pump is a continuous duty type, $\frac{1}{2}$ HP, 115/230 volts, single phase, 60 cycle AC with automatic thermal overload and explosion proof housing. The rotary gear type pumping unit delivers approximately 19 gallons per minute.

The suffix HS refers to a dispensing unit equipped with two pumps and $\frac{3}{4}$ HP, 115/230 volt, single phase, 60 cycle AC continuous duty type motor with automatic thermal

MINUTES

overload and explosion proof housing. This model delivers approximately 25 gallons per minute total output.

The suffix WNC refers to models equipped with wheel type non-computer registering gallons delivered only.

The suffix RC indicates that the unit is a dispensing unit only arranged to operate by connection to a remote control pump. These models are equipped with a red light at each nozzle boot to indicate to the operator when the remote pump is operating.

When any model is to be sold under the trade name National an additional letter N shall be included in the suffix of the model designation and the word National will be used in place of Tokheim on the pump housing.

Inspection and Test

All data submitted by the applicant was examined at the offices of the Board by Asst. Engr. G. F. Sklenarik Committee on Test.

The model 325 Series are listed by the Underwriter's Lab., File No. MN-1895 dated January 18, 1956.

Recommendation

On the basis of the data submitted by the applicant, the Committee on Test recommends the approval of the Tokheim Parkway Dual Computer Pump, Model 325 with or without the suffix WNC or HS and the Tokheim Remote Control, Model 325 RC also to be marketed as the National Parkway Dual Computer Pump, Model 325N with or without the suffix WNC or HS and National Remote Control, Model RCN under the provisions of Section C19-69.C Administrative Code provided all electrical work will conform to the Electrical Code of the City of New York and each appliance will bear a label, permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 210-56-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

304-56-SM

APPLICANT—Sylvania Electric Products Inc., owner.
SUBJECT—Application April 16, 1956—Sylvania Sylvania-Aire Corrugated Plastic Light Diffuser, approval of.
APPEARANCES—

For Applicant: W. A. Hayman and J. B. Spillane.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 304-56-SM

Subject: Sylvania Sylvania-Aire Corrugated Light Diffuser. Sylvania Electric Products Inc. New York City filed April 16, 1956 an application with the Board of Standards and Appeals for approval of the material known as Sylvania Sylvania-Aire Corrugated Light Diffuser under the provisions of C26-461.1 Administrative Building Code.

Purpose

The ceiling is to be used as a light diffuser and also to provide acoustical treatment.

Description

The system consists of corrugated translucent plastic sheets supported on metal members which are themselves suspended from the ceiling, floor or roof above.

The plastic sheet is corrugated rigid vinyl chloride vinyl acetate sheet that contains no plasticizer. The corrugation has frequency of 11 per ft. and an amplitude of 7/16". The thickness of the material is 0.0075".

The ceiling clip is a sheet steel member in the shape of an angle. The acoustical baffle is of the same material as the carrying members and is 5 5/8" deep.

The installation is as follows:

The steel ceiling clip is attached directly to the ceiling, floor or roof above and the 1/4" cadmium steel rod. The main suspension clamp, which is so arranged as to hold the main carrying member, is attached to the rod.

The main carrying members which are of aluminum are then attached to the suspension clamp. The hook assembly and suspension clamp are installed 4'-0" on centers in one direction and a maximum of 8'-0" centers in a direction perpendicular to those on 4'-0" so that a grillage is set up supporting 4'-0" in one direction and 8'-0" in the other direction.

Inspection and Test

Load tests were conducted in the presence of Asst. Engr. J. A. Darts, Committee on Test.

The load tests were conducted on the plastic itself in both downward and upward directions and on the main carrying member in both upward and downward directions.

The plastic material itself has been approved by the Board under Cal. No. 427-52-SM on October 5, 1954.

Results of the test were as follows:

- A. Plastic downward—5 lbs./sq. ft.—plastic not dislodged.
- B. Plastic upward—15 lbs./sq. ft.—plastic forced upward.
- C. Track downward—25 lbs. at joint of rail—no deflection.
- D. Track upward—20 lbs. under joint—1/8" deflection.

Recommendation

On the basis of the inspection and test and the data led by the applicant, the Committee on Test recommends the approval of Sylvania Sylvania-Aire Corrugated Light Diffuser for installation in New York City when constructed of materials as herein described and installed in accordance with the requirements of C26-461.1 Administrative Building Code on condition that the main carrying members shall be carried on rods as herein described, secured to the ceiling, floor or roof construction above; that wires shall not be used in the suspension system and further that all plans filed with the Department of Buildings showing the proposed use of this system shall be marked or stamped as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 304-56-SM." and the containers or cartons in which the material is marketed shall be similarly marked. It is further recommended that the use of this material in Class I and II construction be limited to an area to be covered not to exceed 10,000 sq. ft. in area and only when such space is separated from the remainder of the floor area by an approved wall, fire wall, fire partition or fireproof partition. In Class III construction shall be limited in accordance with the requirements of the Administrative Building Code.

The committee further recommends that as C26-1354.0 Administrative Building Code was amended by Local 105 of 1955 to allow the use of this type of light diffusers in locations permitted under C26-1351 Administrative Building Code as amended by Local Law 91 of 1954 the plans filed with the Department of Buildings shall also show the proposed occupancy so that the use of this ceiling in the proposed location may be checked as to its use in the type of hazard occupancy as set forth under C26-1351.1 as amended by Local Law 91 of 1954. The Committee further recommends that, in approving the installation the Department of Buildings shall require that, in the event of the change of occupancy, the installation shall be re-examined

MINUTES

under C26-1354.0 Administrative Building Code, as amended by Local Law 105 of 1955.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 385-56-SA

Subject: Gilbarco Calco-Meter Electric Gasoline Dis-
pensers, Models 1006, 1004, and 1002 and Gilbarco
Remote Control Gasoline Dispensers, Models
1006RC, 1004RC and 1002RC.

The Gilbert & Barker Mfg. Company, West Springfield, Mass., owner-manufacturer filed March 8, 1956 an applica-
tion with the Board of Standards and Appeals for approval
of the Gilbarco Calco-Meter Electric Gasoline Dispensers
Models 1006, 1004 and 1002 and Gilbarco Remote Control
Gasoline Dispensers, Models 1006RC, 1004RC and 1002RC
under the provisions of Section C19-69.C Administrative
Code.

Purpose

Appliances to be used for the dispensing of gasoline.

Description

The Model 1006 is an electrically driven metering pump
with a computer-type registering mechanism. A standard
½ HP 115/230V 60 cycle AC explosion proof electric motor
drives a positive displacement type of rotary pump to raise
gasoline from the storage tank and furnish a pressure just
under 20 psi. for proper metering.

It is equipped with a motor, a combination pump unit-air
separator, an air separator sump, a meter, computer with
built-in interlock and a single visagage sight glass on the
hose side of the pump. The motor is turned "on" and "off"
by means of a handle on the side of the dispenser. The
handle operates a rod which is directly connected to a switch
in the junction box which starts the motor. The control
handle is also interlocked with the computer.

The pump unit-air separator, separates any air or vapor
which may be admitted to the system through a leaking
suction line or through improper manipulation. The air
separator also provides room for expansion of product in the
system due to temperature rise.

A meter used is a four piston positive displacement type.
A valve is incorporated between the meter and the visible

discharge indicator assembly to maintain the liquid under
a slight pressure at all times thus preventing vaporization
while the unit is standing idle. The visible indicator would
immediately show any air or vapor pockets should they
occur.

The flow of gasoline is controlled at the nozzle and the
and the dispenser has a maximum rate of flow of 15 gallons
per minute. The hose used is of the internal retractible type,
14 feet 4 inches in length from the side of the dispenser
to nozzle tip. The nozzle is of the non-automatic type
requiring manual operation when in use.

The model 1004 dispenser is equipped with an external
hose, cable suspended type which extends from the side of
the dispenser 13 feet 4 inches to the nozzle tip. In other
respects the model 1004 is identical to the model 1006.

The model 1002 dispenser is equipped with an external
standard hose which extends from the side of the dispenser
10 feet to the nozzle. In other respects the model 1002 is
identical to the model 1006.

The model 1006RC remote control dispenser is similar to
the model 1006 except that it is built for remote control
application and therefore the motor pump-unit-air separator
and sump have been removed. Air separation takes place
at the remote pumping unit which pumps product to the
model 1006RC dispenser.

Delivery of product to the nozzle is accomplished by means
of a handle on the side of the dispenser, which is used to
start and stop the remote pumping unit motor. The handle
is also connected to a feed line valve operated by a rod
which opens and closes the valve in sequence with the
start and stop of the remote control pump unit motor. The
handle is also interlocked with the computer. The feed line
valve is equipped with a built-in relief device which pre-
vents excessive pressure in the visagage, meter and hose
caused by expansion of gasoline during hot weather. The
feed line valve also prevents pressure in the hose of other
dispensers connected to the same supply line and which are
not in operation at the time when gasoline is dispensed from
any unit on the line. The model 1006RC is equipped with a
combination strainer-cheek valve with a built-in relief set
at 35 psi to prevent excessive pressure in the remote pump-
ing system. This valve is located at the base of the dis-
penser.

The dispenser is equipped with an internal retractible type
of hose which extends from its side 14 feet 4 inches to
the nozzle tip. The nozzle is of the non-automatic type
requiring manual operation when in use.

The model 1004RC remote control dispenser is equipped
with an external cable suspended hose which extends from
the side of the dispenser 13 feet 4 inches to the nozzle tip.
In other respects the model 1004RC is identical to the model
1006RC.

The model 1002RC remote control dispenser is equipped
with an external standard hose which extends from the side
of the dispenser 10 feet to the nozzle tip. In other respects
to model 1002RC is identical to the model 1006RC.

Inspection and Test

These dispensers were examined and tested at the prem-
ises of the applicant. Present were Asst. Engr. G. F.
Sklenarik, Committee on Test and representatives of the
applicant. The dispensers operated as designed.

All models have been approved by the Underwriter's Lab.,
File No. MH1941 issued April 3, 1956.

Recommendation

On the basis of the inspection and test and the data sub-
mitted by the applicant, the Committee on Test recommends
the approval of the Gilbarco Calco-Meter Electric Gasoline
Dispensers, Models 1006, 1004 and 1002 and Gilbarco Re-
mote Control Gasoline Dispensers, Models 1006RC, 1004RC

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 497-50-SA

Subject: Bryant Gas Fired Radiant Panel Heater, Model 401.

The Bryant Heater Division for Affiliated Gas Equipment, Inc., filed May 5, 1950 an application with the Board of Standards and Appeals for approval of the Bryant Gas Fired Radiant Panel Heater, Model 401, under the provisions of Article 12, Administrative Building Code.

Purpose

A gas fired circulating hot air heater.

Description

This is a gas fired heater for use with natural, mixed and manufactured gas, three sizes are available for these gases, Size 15-401, 15000, BTU input, Size 20-401, 20000 BTU input and Size 25-401, 25000 BTU input. This model is a compact vertical design fitting to the wall, there is a non-thermal pilot for manual operation and a Bryant Model H Pilot for automatic operations. There is a flue adapter for connecting to round or oval vent pipe. The grille is vertical steel bars. The combustion chamber and heat exchange are welded steel and gas tight with ruffed porcelain enamel front separated from wall and cabinet by multiple air spaces. The burner is cast iron with drilled multiple ports and is within the combustion chamber. The draft diverter is built in type entirely enclosed by the cabinet, burner and all controls are enclosed in metal cabinet with a front access door for lighting. The products of combustion pass through a series of tubes forming the heat exchanger and into a flue at the top of the unit.

The controls for manual operation are constant burning non-therm pilot, pilot valve with input adjustment, gas shut-off valve with input adjustment, gas pressure regulator in size 25-401 only. The controls for automatic operation are:

Bryant Model H Automatic Safety Pilot, solenoid Valve with transfer, room thermostat, pilot valve with input adjustment, gas shut-off valve with input adjustment and gas pressure regulator in size 25-401 only.

Inspection and Test

This device was inspected and tested at 57 Duck Pond Road, Long Island and found to operate as designed. The device has been approved by the American Gas Association Incorporated Cert. 2-988-011.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends that the application for approval of the Bryant Gas Fired Radiant Panel Heater, Model 401 for use in New York City be either withdrawn or dismissed as the installation of the equipment is contrary to Article 12, Chapter 26, Administrative Building Code.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *dismiss* this application in accordance with the Committee on Test.

MINUTES

THE RESOLUTION—

WHEREAS, under Section C19-164-0 of the Fire Prevention requirements of the Administrative Code and under Section C26-1433.0 of the Building requirements of the Administrative Code, in buildings over one hundred and fifty feet in height a competent elevator operator is required to be available and an elevator maintained in readiness at all times to assist the Fire Department to obtain access to any floor; and

WHEREAS, appeals have been filed with the Board for relief from the above requirements where the buildings are equipped with a sprinkler system with connection through an approved Central station to Fire Headquarters; and

WHEREAS, a proposal has been made that if an appeal is granted a cooperative service to fulfill the intent of the present requirements will be maintained during the hours when the building is normally not open and elevators not manned; and

WHEREAS, the general area in Manhattan in which owners of buildings may apply for a variance under the terms of this general resolution is confined to 23rd Street on the south, 42nd Street on the north, Third Avenue on the east, and Tenth Avenue on the west.

Resolved, that in a building over 150 feet in height protected throughout with an approved sprinkler system having connection to Fire Headquarters through an approved Central Station, there may be, in substitution for the requirements of Administrative Code Sections C19-164.0 and C26-1433.0, a service maintained by a responsible company, organization or agency hereinafter referred to as Agency, which shall maintain an office located in the vicinity to assure prompt service as hereinafter required. In such office there shall be private direct telephone lines connected to all approved central stations and such Agency shall contract with all approved central stations to the end that such stations shall notify such agency immediately by the above required telephone of any alarm shown on their board indicating sprinkler action during the hours when the building is normally not open as set forth in the following table:

- A. Twelve employees designated as A. B. C. D. E. F. G. H. I. J. K. L.
- B. The above employees will work the following shifts:
- Monday
10:00 P.M.— 3:00 A.M.—A & G
3:00 A.M.— 7:00 A.M.—B & H
- Tuesday
10:00 P.M.— 3:00 A.M.—C & J
3:00 A.M.— 7:00 A.M.—D & I
- Wednesday
10:00 P.M.— 3:00 A.M.—E & K
3:00 A.M.— 7:00 A.M.—F & L
- Thursday
10:00 P.M.— 3:00 A.M.—A & G
3:00 A.M.— 7:00 A.M.—B & H
- Friday
10:00 P.M.— 3:00 A.M.—C & I
3:00 A.M.— 7:00 A.M.—D & J
- Saturday
8:00 P.M. to 1:00 A.M. Sunday—E & K
- Sunday
1:00 A.M.— 6:00 A.M.—F & L
6:00 A.M.—11:00 A.M.—A & G
11:00 A.M.— 4:00 P.M.—B & H
4:00 P.M.— 9:00 P.M.—C & I
9:00 P.M.— 2:00 A.M. Monday—D & J
2:00 A.M. Monday to 7:00 A.M. Monday—E & K
- C. The foregoing schedule calls for a total of twelve men working 120 hours a week. Employees A. G. C. I. E. and K. will work 15 hours each; B. H. D. and J. will work 13 hours each; F & L will work 9 hours each. Saturday and Sunday schedule in effect on holidays.

When the Agency receives such telephone notice from a central station, it shall immediately dispatch a qualified elevator operator with keys to the building and elevator who shall open the building and place the elevator in operating

condition and assist the Fire Department in gaining access to any portion of the building. Such elevator operator shall have for his use a motor vehicle furnished by such Agency kept in a building or open lot within 100 feet of the office of the Agency on the same street. Such motor vehicle shall be one of two maintained by the Agency exclusively for responding to alarms. In the office of the Agency at least two elevator operators shall be available to respond to alarms. There shall be a key board in such office with keys to the entrance door and elevator kept properly tagged for each building. In the event that there are several elevators in a building the Fire Department shall specify which elevator shall be available under this service and in addition the key to the chosen elevator shall fit the doors to all elevators in a building. A key shall also be maintained in a break glass box in the lobby adjacent to the chosen elevator. The power on the chosen elevator shall be on at all times controlled by switch in the car and the main power switch on the main panel board or in the motor room shall be mechanically locked in the on position and not pulled except in an extreme emergency.

The Agency shall keep such records of its services as the Fire Commissioner shall require.

The terms of this general resolution shall be applied only upon the filing of an appeal by an owner of a building of the type and within the area described, for a variance based on a decision of the Fire Commissioner and favorable action taken by the Board.

In the event the owner of a premises which is subject to a variance conditioned upon the terms of this general resolution discontinues the service with the Agency, the Agency shall immediately notify the Fire Commissioner in writing. The term of a grant of variance shall not exceed, initially, two years, and for such term or upon a request for renewal, the Board reserves the right to amend these requirements.

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, Order 54171-LF issued by the Fire Commissioner September 16, 1949 reads:

"1. Have at least one elevator kept in readiness for immediate use by the Fire Department during all hours of the day and night, including holidays and Sundays, and a man competent to operate the elevator present at all times. Ch. 26, Art. 17, Adm. Code."

and

WHEREAS, the decision of the Fire Commissioner dated March 28, 1950 reads:

"In reply to your letter of March 16, 1950, our Order 54171LF was issued on September 16, 1949, against the above premises. No request was ever made by the owner for an extension of time and the 30 days grace period for filing an appeal to the Board of Standards and Appeals has long since expired.

No extension can be granted by this Department as the order is a mandatory order and must be complied with."

and

MINUTES

WHEREAS, the applicant states that the building is 14 stories and penthouse, 164 ft. 9 in. in height, 37 ft. 6 in. by 98 ft. 9 in. in area, of class 1 construction, erected in 1923, on a lot 37 ft. 6 in. by 98 ft. 9 in. in area, in an unrestricted use B area, class 2 height district, used and occupied since 1923 as follows: cellar—storage and boiler room—5 persons; basement to 14th floor—store and manufacturing textiles—50 persons on each floor; penthouse—dwelling—1 family; that the building is provided with an approved standpipe system, an approved two-source sprinkler system throughout with central office connection; there is one interior fireproof stairs 3 ft. 8 in. wide, from roof to street, and one fire tower; there is no safe egress from the roof; and

WHEREAS, C.O. 12016-27 issued January 11, 1927 permits the following use and occupancy: cellar—storage—2 persons; 1st floor and mezzanine—stores and office—50 persons; 2nd to 14th floors—factory—50 persons each floor; penthouse—janitor's apartment; and

WHEREAS, the applicant contends that the building is occupied as a tenant factory; that the height of the building overall is 164 ft. 9 in. but due to the level of the 14th floor it is only 153 ft. 6 in. or 3 ft. 6 in. above the 150 ft. requirement; that in view of the excellent fire protection devices available and as the building is small in height and area, it is requested that a variation be granted from the requirements of the fire department; and

WHEREAS, the owner was convicted and fined in Municipal Term. Magistrates Court March 3, 1950 on a charge of violation of Section C19-170.0 of the Administrative Code; and

WHEREAS, the applicant proposes to provide a service to insure that a competent elevator operator will be available and an elevator in readiness during the hours when the building is normally closed, in accordance with the provisions of General Resolution adopted by the Board under Cal. No. 630-56-GR.

Resolved, that the decision of the Fire Commissioner dated September 16, 1949, acting on Order #54171-LF be and it hereby is *modified* and that the appeal be and it hereby is *granted* for a term of two years *on condition* that the service shall be maintained in accordance with the requirements of general resolution adopted by the Board this day under Cal. No. 630-56-GR.

MINUTES

and extension in use area of an existing gasoline service station, to include gasoline and oil selling station, lubricatorium, car wash, motor vehicle repairs, storage and sales of accessories, store and office and permitting the parking and storage of more than five motor vehicles on unbuilt portion on plot.

PREMISES AFFECTED—6161-6199 Broadway, southwest corner of 251st street, Block 3415, Lots 1182, 1186 and 1187, Borough of The Bronx.

APPEARANCES—

For Applicant: Oswald Vischi and Richard Griffin.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on November 9, 1954, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on October 18, 1955; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 9, 1954, as thereafter *amended* by resolution adopted October 18, 1955 only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that certain construction work has been commenced and foundations largely completed, that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (N.B. App. 1158/53.)

736-54-BZ

APPLICANT—Abraham N. Horwitz, for Josephine Iervolino, owner.

SUBJECT—Application for consideration—reopening as to extension of time to complete—re Application (decision of the borough superintendent); previously granted on condition, under sections 7e, 7f, 7i and 21 of the zoning resolution, permitting in a business use C area district, the erection and maintenance of a structure to be used as a freight transfer terminal, storage garage and motor vehicle repairs, using more than the area permitted and permitting the parking and storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—147-151 Hamilton avenue, east side, 55.8 ft. north of Hicks street, Block 367, Lot 12, Borough of Brooklyn.

APPEARANCES—

For Applicant: Abraham N. Horwitz and Thomas C. Iervolino.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE:

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on October 25, 1955, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 25, 1955 only as to the time within which to obtain permits and com-

plete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Buildings, that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (N.B. App. 1194/54.)

777-54-BZ

APPLICANT—Robert Gottlieb, for Hermany Realty Corp., owner. (Hermany Farms, Inc., lessee).

SUBJECT—Application for consideration—reopening as to amendment of resolution—re Application (decision of the borough superintendent); previously granted on condition, under section 7h of the zoning resolution, permitting in a residence and business use district, the parking and storage of motor vehicles for a term of five years.

PREMISES AFFECTED—2350 Hermany avenue, south side, 191 ft. west of Zerega avenue, Block 3697, Lots 64 and 32, Borough of The Bronx.

APPEARANCES—

For Applicant: Gerald Levy.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened, resolution amended and time extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on April 12, 1955, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on October 25, 1955; and

WHEREAS, the applicant requested an amendment of the resolution and a further extension of time to complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 12, 1955, as thereafter *amended* by resolutions adopted through October 25, 1955, as to the parking area by adding thereto:

"that for a term of one year a portion of the premises may be reduced by a strip to be used as a vegetable garden as indicated on revised plans marked "Received August 13, 1956", one sheet, and to permit such garden to be maintained with the present fence;"

and to extend the time to complete the work, so that as *amended* this portion of the resolution shall read:

"that all permits required, including a Certificate of Occupancy, shall be obtained and all work completed within six months from the date of this *amended* resolution." (Alt. App. 798/54.)

899-54-BZ

APPLICANT—Leonard F. Rothkrug, for Thames Trading Company, Inc., owner (Joseph Faraldo, lessee).

SUBJECT—Application for consideration—reopening as to amendment for extension of time to complete—re Application (decision of the borough superintendent); previously granted on condition, under section 7e of the zoning resolution, permitting in a residence use district, the use of said premises as a junk yard.

PREMISES AFFECTED—239-251 Skillman avenue, north side, 150 ft. west of Kingsland avenue, Block 2884, Lot 33, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

MINUTES

ACTION OF BOARD—Application reopened and time extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on October 11, 1955, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on May 22, 1956; and

WHEREAS, the applicant requested a further extension of time to obtain permits and a certificate of occupancy.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on October 11, 1955, as thereafter amended by resolutions adopted on May 22, 1956 only as to the time within which to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that in view of the statement by the applicant that all work has been completed, that all permits required shall be obtained and all work completed and a certificate of occupancy obtained within six months from the date of this amended resolution." (Alt. App. 1034/54)

303-26-BZ—Vol. IV

APPLICANT—Reginald S. Hardy, for Hayson Corp., owner.

SUBJECT—Application for consideration—reopening to consider tenant for 2nd floor occupancy—re Application (decision of the borough superintendent); previously granted on condition, under section 7e of the zoning resolution, permitting in a business and residence use district, the proposed change in use from public garage for more than five cars to storage of metal furniture on 1st floor and manufacturing and storage of lamps on the 2nd floor.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants,
and to all lawyers, architects and engineers representing
owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by rep-
resentative at the hearing of their case, dismissal for lack
of prosecution is likely to result.

Second, That due and ample notice of the date set for
hearing is provided in the publication of this BULLETIN of
the calendars of the Board, each case being set down by
Calendar Number and the premises under the date of the
hearing.

Third, That no plea of ignorance of the date of the
hearing can be entertained in view of this publication and
of the posting of the calendars on the bulletin board in the
offices of the Board and of the further publication of the
calendars in the daily press.

Fourth, That no one is entitled to written notice of the
date for the hearing in his case, and that the plea of failure

to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all
cases promptly; therefore, no appeal or application will
be held in abeyance by reason of failure of the appellant
or applicant to file necessary data, or by any other method
of delay.

Sixth, That no appeal or application will be accepted for
filing unless, at the time of filing, all papers, plans and data
required by law are supplied, as specified on the blank
appeal or application forms.

Applicants, under the building zone resolution, are en-
titled to one copy of Form 7NO.

If they desire additional copies, for their own conve-
nience in notifying property owners, they may obtain such
copies at the office of the Board of Standards and Appeals,
Room 1014, Municipal Building, Manhattan, at five cents
each—postage to be added if the forms are forwarded by
mail.

PUBLIC HEARINGS

Tuesdays at 10 a.m. to 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

THE RESOLUTION—

WHEREAS, on November 15, 1927 this application was granted by the Board on certain conditions, under section 7e of the zoning resolution, to permit in a business use district the erection and maintenance of a garage for the storage of more than five motor vehicles; and

WHEREAS, the applicant requested reopening of this application and amendment of the resolution, to permit the restoration of the use of said premises as a garage for the parking and storage of more than five cars; and

WHEREAS, this application was reopened on September 11, 1956 and set for hearing on October 2, 1956 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on October 2, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated August 30, 1956 acting on Alt. Applic. 2493-56, reads:

"1. Records indicate existing legal use to be 'Factory' (C.O.109617). Proposed change of occupancy to garage for more than 5 motor vehicles, in a Business Use Zone is contrary to Art. II Sec. 4(a) Subdiv. 15 of the Zoning Resolution."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on November 15, 1927 by adding thereto:

"that in the event this building has been occupied by permission of the Department of Buildings for other uses and it is now desired that the former use as a public garage be restored for use by the Department of Traffic, that such former garage use may be permitted; that the Board hereby reaffirms the decision previously adopted by resolution dated November 15, 1927 on condition that the building shall not be increased in height

or area and shall comply in all other respects with all laws and rules applicable thereto; that such fire fighting equipment shall be maintained as the Fire Commissioner shall require; that all permits shall be obtained for such garage use and a new Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution."

224-38-BZ—Vol. III

APPLICANT—Henry C. Brockman, for Gulf Oil Corp., owner.

SUBJECT—Application reopened June 19, 1956 as Vol. III—re (decision of the borough superintendent) under sections 7f, 7e, 7h and 7i of the zoning resolution, to permit in a retail and residence use district, a gasoline service station, lubritorium, auto laundry (non automatic), minor auto repair shop, with hand tools only, parking of motor vehicles awaiting service for a term of 15 years.

PREMISES AFFECTED—32-45 to 32-55 Francis Lewis boulevard, northeast corner of 33rd avenue, Block 6025, Lot 36, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Joseph B. Lynch.

For Opposition: None.

For administration: Samuel L. Becker, Dep't of Buildings.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on June 19, 1956 subject to regular procedure, to consider extension of area; and

WHEREAS, a public hearing was held on this application on September 11, 1956 after due notice by publication in the Bulletin; laid over to October 2, 1956, for applicant to file a revised plan showing increased planting area on the proposed extension; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in retail and residence use, D and E-1 area, class ½ height districts; 191st street is in retail and residence use, D and G-1 area, class ½ height districts; 190th street is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 24, 1956 acting on Alt. Applic. 2517-55, reads:

"1. The extension in area of an existing accessory building of a gasoline service station previously granted by the Bd of S&A under Cal. #224-38-BZ Volumes 1, 2 for use as a gasoline station, lubritorium and auto laundry; the increase in metes and bounds or extension in area of the plot and the additional uses of minor auto repairs with hand tools only and the parking of motor vehicles awaiting service partly in a Retail Use District and partly in a Residence Use District is contrary to Sections 4A and 3 of the Zoning Resolution.

Note: The northerly portion of the proposed plot covered by this application on which it is proposed to extend the area of the gasoline service station was subject to an application before the Bd of S&A under Cal #611-51-BZ."

and

WHEREAS, the applicant states that present zoning shows that Francis Lewis Boulevard is zoned for retail use for a depth of 100 ft. parallel to same, with the balance of the block to Jordan street zoned for residence use; that the effective date for the retail and residence use was May 16, 1950 in accordance with CP 9874; that the entire block

MINUTES

between 32nd road and 33rd avenue, Francis Lewis boulevard to Jordan street is zoned for retail use for a depth of 100 ft. parallel to same, with the balance of the block in residence use, while the property fronting on Francis Lewis boulevard north of 32nd avenue and south of 33rd avenue is zoned for local retail use for a depth of 100 ft.; that the class 1 height zone was changed to $\frac{1}{2}$ height in accordance with CP 11010, effective October 29, 1954; that this zoning covers the entire block; that the class D area zoning was changed to class D along Francis Lewis boulevard for a depth of 100 ft., with the balance of the block changed to E-1; that the area change was effective on March 25, 1954 in accordance with CP 10574; that therefore the plot is now zoned for retail and residence use, class $\frac{1}{2}$ height and D and E-1 area; and

WHEREAS, the applicant states that existing conditions show that the northeasterly corner of 33rd avenue and Francis Lewis boulevard is now being operated as a gas station under Cal. No. 224-38-BZ, Vols. I and II, for a term of ten years; that the variance expires on December 15, 1960 and the use is covered by certificate of occupancy No. Q-72101; that the plot to the north of the gas station, which is the parcel on which it is proposed to make the extension in area, is presently being used as a licensed parking lot in the retail portion; that the retail portion of the plot is fenced with a 6 ft. high chain link fence; that the residence portion of the lot is vacant; that the automobile showroom with its conjunctive uses has not been erected; that this use was permitted by the Board under Cal. No. 611-51-BZ; and

WHEREAS, the applicant states that proposed conditions include the relocating of the 6 ft. high woven wire fence now enclosing the parking lot to the rear and side lot lines of the plot under consideration; that new curb cuts will be constructed and sidewalks repaired; that the accessory building will be enlarged and will be finished with face brick to match the present; that additional dispensing pumps, set back a minimum distance of 15 ft. from the lot line, will be installed and also the present parkway type pumps will be removed and new pumps installed; that all pumps will be of the low approved type; that one additional brand sign will be erected near the northerly lot line and the existing brand sign will be relocated to the northerly line where same intersects 33rd avenue; that planted areas will be provided and the yard area paved with asphaltic concrete and bluestone screening; and

WHEREAS, the applicant contends that Gulf Oil Corporation purchased the property on which the gas station now exists under subject calendar number, on August 17, 1945; that this variance was granted for a period of ten years and certificate of occupancy No. Q-20128 expired December 17, 1950; that the term of the variance was extended by the Board for an additional ten years and same now expires on December 15, 1960; that certificate of occupancy No. Q-72101 covers the extended period; that the portion of the property on which an extension in area is requested was purchased on July 28, 1954; that this property abuts the present site on the north and extends northerly along Francis Lewis boulevard to the southerly line of the gas station granted by the Board under Cal. No. 103-52-BZ, which is located at the southeast corner of Francis Lewis boulevard and 32nd road; that the northeast corner of 33rd avenue and Francis Lewis boulevard has a gas station as permitted under Vols. I and II of this application, so that the extended parcel will be the plot between the two gas stations; and

WHEREAS, the applicant states that the present owner has held title to the property since August 17, 1945 and July 28, 1954; that the assessed valuation of land is \$37,500 and of the building \$40,500 making a total of \$78,000; that the building was erected in 1940; and

WHEREAS, the premises was inspected by a committee of the Board, which recommended that the application should be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the

application be and it hereby is *granted* under Sections 7e, 7f, 7h and 7i for a term of fifteen years, from the date of this resolution, to permit the existing gasoline service station at the corner of Francis Lewis Boulevard and 33rd Avenue to be extended as now proposed and as indicated on plans filed with this application, marked "Received September 4, 1956 as amended by plans filed, marked "Received May 25, 1956", two sheets, "September 4, 1956", two sheets and "September 24, 1956" 1 sheet, *on condition* that the plot shall be levelled substantially to the grade of Francis Lewis Boulevard and shall be constructed and arranged as indicated on latest plan filed, marked "Received September 24, 1956", 1 sheet; that the wall between this plot and the proposed extension to the north may be removed; that the two additional pumps proposed shall be of low approved type located where shown and not nearer than 15 feet of the street building line of Francis Lewis Boulevard; that the extension of the present gasoline station to the north as a lubrication section shall be of the design and arrangement as proposed and located where shown; that the rear portion of the extended plot shall be landscaped with grass and shrubs for the area, as shown on such revised plan marked "Received September 24, 1956"; that such planting shall be continued along the northwesterly plot line, as shown for a width of 10 feet, such planting areas shall be maintained with proper planting material and shall be protected with concrete curbing not less than 8 inches in height and 6 inches in width; that the fence shall be maintained as proposed, consisting of a chain link fence along the northeasterly and northwesterly lines up to the point where the gasoline station on the adjoining lot to the northwest has a masonry base and steel picket fence wall to Francis Lewis Boulevard; that curb cuts shall be restricted to the existing curb cuts as shown, widened as indicated on such plan; that the sidewalk and curbs in front of the premises shall be reconstructed or restored to the satisfaction of the borough president; that the plot where unbuilt upon and where not required to be occupied for planting and where not occupied by a lubritorium shall be paved with concrete or asphaltic pavement and may be used for the parking of cars in connection with the existing gasoline service station to the south; that signs shall be restricted to signs on the accessory building and to the illuminated globes of the pumps; and that this resolution supersedes the previous resolutions adopted by the Board for this plot; that the existing post standard for supporting a sign which may be illuminated advertising the brand of gasoline on sale, extending not more than 4 feet beyond the building line may be relocated from the present location to a point not nearer than 40 feet from the northwesterly lot line; that the existing pumps on the present gas station now of the parkway type shall be changed to new pumps of a low approved type located not nearer than 15 feet to the street line; that in such proposed lubritorium building there may be under section 7i minor repairs with hand tools for adjustment; that such fire fighting appliances shall be maintained as the Fire Commissioner shall require; that where not inconsistent with the terms of this resolution, the prior resolution shall be complied with; that this resolution supersedes all resolutions adopted under Cal. No. 611-51-BZ and such resolutions shall be ineffective after the date of this resolution; that all permits shall be obtained and all work completed and a new certificate of occupancy for the combined plots shall be obtained within the requirements of Section 22A of the Zoning Resolution.

834-55-BZ

APPLICANT—Ferdinand Savignano, for Concetta Giordano, owner.

SUBJECT—Application October 17, 1955—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a unrestricted use, C area district, the proposed extension of a factory, which includes storage of piano parts, showroom and repairs, woodworking novelties, to exceed the permitted coverage.

MINUTES

PREMISES AFFECTED—1361-61st street, north side, 180 ft. west of 14th avenue, Block 5719, Lot 52, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph Luca and John Giordano.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 2, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in an unrestricted use, C area, class 1 height district; 61st street and 14th avenue are in unrestricted and business use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 30, 1955 acting on Alt. Applic. 5019-54, reads:

"1. The extension as proposed exceeds the area permitted in a C area district by Art. IV Sect. 13 of the Zoning Res. Note that these premises were the subject of action by the Board of Standards and Appeals under Cal. 661-49-A."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 ft. frontage by 100 ft. in depth, on which is located a three story factory building of class 3 construction, occupied for uses of storage of piano parts, piano showroom and repairs and woodworking novelties; that it is proposed to add an extension to the existing building, using more than the permitted coverage, proposed extension to be one story, 19 ft. 6 in. by 14 ft. 6 in.; and

WHEREAS, the applicant states that since 1949 to date the owner has occupied the first floor as a showroom and for piano repairs; that during the function of business for the past six years, the owner found that he did not have enough room on the first floor for piano repairs; that pianos are irregular and bulky and if there are two or three pianos being repaired at the same time, it is very difficult for the repair men to work under proper conditions, thus causing a slow down on production; that there is a continuous moving of pianos which are in the process of being repaired, or being stored for a repairing job; that if these pianos which are being repaired have to be moved into the showroom, this defeats the whole purpose of the showroom, thus causing the owner to be at a disadvantage when making sales and it is therefore necessary for the owner to add an extension, this extension to be 19 ft. 6 in. in depth by 14 ft. in width at the rear, for additional space; that the number of persons on the first floor and the rest of the building is not being increased and the occupancy of the building is not being changed in any manner; that a shaft from the cellar to the 2nd floor is being installed so as to insure easy handling of pianos from one floor to the other; and

WHEREAS, the applicant contends that the proposed extension will in no way obstruct ventilation of adjacent properties and it is therefore requested that the proposed area coverage which consists of 273 sq. ft., leaving a 6 ft. side yard clear to the rear lot line be granted so as to enable the business to function in a more advantageous manner; and

WHEREAS, the applicant states that the present owner has held title to the property since March 10, 1944; that the assessed valuation of land is \$2,000 and of the building \$8,500 making a total of \$10,500; that the building was erected in 1905; and

WHEREAS, the premises was inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the zoning resolution and that the application be and it hereby is granted under Section 21 to permit the proposed extension in the unrestricted area as proposed and as indicated on plans filed with this application marked "Received October 17, 1955", 4 sheets, and "August 7, 1956", one sheet, on condition that the building shall not be further increased in height or area; that the proposed rear extension shall not exceed one story in height and a portion of the rear shall be continued to the side lot line and the rear lot line, as a yard; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as may be amended under Cal. No. 661-49-A, Vol. III, set for hearing on October 16, 1956, at 2 p.m.; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

907-55-BZ

APPLICANT—Joseph J. Furman, for Atlantic Auto Parts Co., Inc., owner.

SUBJECT—Application November 14, 1955—(decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a business and residence use district, the use of the premises as a parking lot for customers' and employees' motor vehicles.

PREMISES AFFECTED—106-13 95th street, east side, 98.25 ft. south of Liberty avenue, Block 9164, Lots 191 and 192, Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: Joseph J. Furman.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 2, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 95th street are in residence and business use districts; Rockaway boulevard and Liberty avenue are in business use district; and

WHEREAS, the decision of the borough superintendent, dated October 18, 1955 acting on Alt. Applic. 2030-55, reads:

"1. The use of the premises as a parking lot, partly in a business use district and partly in a residence use district, for customers' and employees' motor vehicles in the residence portion of the lot is contrary to Art. II Sec. 3 Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 100 ft. in depth, now vacant; that it is proposed to occupy said premises as a parking lot for customers' and employees' cars, no fee to be charged; and

WHEREAS, the applicant contends that the owners of the vacant plot are the owners of the adjacent one story building used for the sale of auto parts and accessories; that there are approximately fifteen employees who report for work using their own cars, and two company delivery trucks; that approximately fifty customers call daily to pick up merchandise; that Liberty avenue and 95th street

MINUTES

is a very congested area, being located one block east of Cross Bay boulevard; that street parking is almost impossible in front of the store on Liberty avenue, as well as on 95th street; that permission to use the premises for parking for employees' and patrons' cars would alleviate this congestion; that there will be no public parking and no fees collected; that a sign posted on the front of the fence would read "parking for owners, employees and patrons only"; and

WHEREAS, the applicant states that the present owner has held title to the property since June 14, 1955 and that the assessed valuation of land is \$2,200; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the extension of the use as proposed for parking and as indicated on plans filed with this application marked "Received November 14, 1955," 3 sheets, *on condition* that the plot shall be levelled substantially to the grade of 95th street and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected along all interior and street lot lines a woven wire fence of the chain link type not less than 5 ft. 6 in. in height with no openings therein except one for entrance and egress to 95th street; that such entrance may have a curb cut opposite not exceeding 12 feet; that such entrance shall be fitted with gates of similar construction as the fence which shall be kept closed when the adjoining store is not open for business; that any buildings or uses on the premises shall be removed as proposed; that such portable fire fighting appliances shall be maintained in the building adjoining, under the same ownership, as the Fire Commissioner shall direct; that the use of this plot shall be solely for the parking of cars of customers and employees of the adjoining store except that there may be not over two trucks owned by the owner and used in the business of the adjoining store; that no sign shall be erected except that there shall be a sign attached to the fence near the entrance and not extending beyond the building line, and not illuminated and shall not exceed 15 sq. ft. in area advertising the use of the lot, with the wording as proposed and such other information as may be required by the Commissioner of Licenses and that all permits shall be obtained and all work completed within six months from the date of this resolution and a certificate of occupancy obtained.

982-55-BZ

APPLICANT—Latham C. Squire, for Matilda Sparagna, owner.

SUBJECT—Application December 14, 1955—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a G-1 area district, the erection of a dwelling extending approximately 65 sq. ft. into the 15 ft. required side yard.

PREMISES AFFECTED—166-16 14th road and 1456 Burton street, northeast corner, Block 4618, Lot 31, Beechurst, Borough of Queens.

APPEARANCES—

For Applicant: Latham C. Squire and Domenick Sparagna.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition. THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly... 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 2, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 14th road and Burton street are in a residence use, G-1 area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated April 25, 1956 acting on N.B. Applic. 1335-54, reads:

"1. Premises is located in a G-1 district building must be set back 15 ft. from mapped street line. Article 4, Sec. 16-c-b."

and

WHEREAS, the applicant states that the premises consist of a plot, 95.17 ft. frontage by 55.85 ft. in depth, irregular, on which is being constructed a residence for one family two stories in height, 52.12 ft. by 28 ft. in area; that it is proposed to maintain structure which was constructed strictly in accordance with plans which were approved by the examiner in error; and

WHEREAS, the applicant states that this is an application under section 21 so that the non-conformity existing as to the location of the subject building on its lot may be legalized; that the subject building is a dwelling for occupancy by one family; that when plans for this building were filed in the department of buildings, they were approved in error; that the subject premises are in a G-1 area district which requires that no building shall be erected nearer than 15 ft. to the street line of any street as laid out upon the city map; that the house was constructed strictly in accordance with these approved plans and the borough superintendent has not voided the approval previously given by his department; that an examination of the plot plan shows four small corners of the house extending short distances into the required yard on the 14th road side; that the total illegal extension, however, amounts to only about 65 sq. ft., but on the other hand the building in some places, along the 14th road facade, sets back more than 15 ft.; that a house, built upon vacant lot No. 33 immediately to the south of the subject premises would not be affected; that an examination of the photographs will show conclusively that the granting of the relief requested would not in any way harm the neighborhood; and

WHEREAS, the applicant contends that the owner constructed his house in good faith and was entirely ignorant of his mistake until, as a result of his request for a certificate of occupancy, a survey disclosed the non-conformity; that the physical removal of the existing encroachment would not only be very expensive, but would be ruinous to the interior layout of the home and it is therefore urgently requested that this existing non-conformity be legalized so that a certificate of occupancy may be issued for these premises; and

WHEREAS, the applicant states that the present owner has held title to the property since November, 1952 and that the temporary assessed valuation of land is \$10,700; and

WHEREAS, the applicant states that the building faces on Burton Street; that the yard facing 14th Road is considered the side yard; and

WHEREAS, the Board finds that the side yard as proposed approximately averages the required depth; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the ground of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 *on condition* that the yard facing on 14th Road will not be further reduced and will be of the width as shown on plans marked "Received December 14, 1955", 7 sheets; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and a certificate of occupancy obtained.

APPLICANT—Raymond Irrera, for Gennaro Migliaccio, owner.

SUBJECT—Application January 5, 1956—(decision of the borough superintendent under section 7e of the zoning resolution, to permit in a residence use district the erection of gasoline service station with accessory uses of car washing, minor motor vehicle repairs and parking of cars waiting service.

PREMISES AFFECTED—24-23 Parsons boulevard and 145-07 Willets Point boulevard, northeast corner, Block 4641, Lot 1, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Raymond Irrera and Gennaro Migliaccio.

For Opposition: Samuel M. Cytryn, Jack L. Groveman, M. J. Molyneaux, Robert Ingresla, John W. Pares, Margaret Victor, Annie Parakaian, Sanford Sholinsky, Bert Matzner, William H. Buesing, Donald L. Brooks, Mary Lash, Garry Lash, Constantine D. Plaissy, D. Molyneaux, E. M. Reynolds, W. M. Reynolds and Frank Flood.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.. 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 2, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Willets Point boulevard and Parsons boulevard are in a residence use, F area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated December 6, 1955 acting on N.B. Applic. 4298-55, reads:

"1. The use of the premises as a gasoline service station, office and sales of accessories, storage room, lubricatorium, auto washing (non-automatic), minor auto repairs and parking for employees and cars waiting to be serviced in a Residence Use District is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 120.11 ft. frontage by 100 ft. in depth, irregular, now occupied by a 2½ story frame dwelling and a frame two car garage; that it is proposed to subdivide this plot and use the corner portion of the plot, with a frontage on Parsons boulevard of 133.12 ft. and a depth on Willets Point boulevard of 100 ft., for the erection of a gasoline service station, lubricatorium, non-automatic auto wash, storage, office and sales of auto accessories, parking for not more than five motor vehicles awaiting service and employees' cars, for a term of fifteen years; that the balance of the plot will be maintained by the owner at his residence; and

WHEREAS, the applicant states that on July 25, 1950 Willets Point boulevard was changed from business to residential; that Parsons boulevard was always in a residence district; that at the same time the area district was changed from E-1 to F for that portion of the plot east of 100 ft. parallel with Parsons boulevard, at the same time the area district changed to its present F area; and

WHEREAS, the applicant further states that there are no gas selling stations along Willets Point boulevard, also known as Union Street, in a southwesterly direction until Union street intersects Northern boulevard, a distance of 13 blocks; that there is no service station on Parsons boulevard in a northerly direction as far as 20th avenue, a distance of five long blocks, wherein there is a small service station recently permitted to be enlarged on the southwest corner of 20th avenue and Parsons boulevard; that there is no

service station along Willets point boulevard in an easterly direction to Cross Island boulevard for a distance of nine long blocks; that in this area there is under construction a large development of two family dwellings and there is also a large development of six story dwellings that has just been completed located on the east side of Union street between 25th road and 28th avenue; that there is also a garden development on the west side of Union street to the Whitestone parkway and from 25th road to 30th avenue, housing some 2,000 families; and

WHEREAS, the applicant contends that both Parsons boulevard and Willets Point boulevard are heavy traffic lanes, pointing to the desirability of a service station at this location; that at present, Parsons boulevard to the south of Willets Point boulevard is a dirt road and not open to auto traffic for a distance of about two blocks; that as soon as this section of Parsons boulevard is open and paved it will bring additional auto traffic to the intersection of Parsons boulevard and Willets Point boulevard; that there is no economic demand for the development of the premises with a conforming use since the auto traffic is of such extent that this corner becomes undesirable for a residence use; that a grant of this application will have no adverse effect upon the real estate values in the neighborhood as the building to be erected will be of colonial design to maintain the residential character in the neighborhood, the lot lines of the plot will be treated with brick walls and planting areas and that there will be no advertising signs of any kind, with the exception of an illuminated sign and post at the corner of the premises; and

WHEREAS, the applicant states that the present owner has held title to the property since 1942; that the assessed valuation of land is \$12,500 and of the building \$5,500 making a total of \$18,000 for lots 73 and 1; and

WHEREAS, the original plot (lot 73), 133.12 ft. by 262 ft., has been subdivided into two lots (73 and 1); application is based solely on lot 1, which is vacant at present; and

WHEREAS, the Board is familiar with the area and finds that existing and proposed conforming uses makes the proposed gasoline station inappropriate; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under section 7, Subdivision e of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. App. 4298-55, Objection No. One be and it hereby is affirmed and that the application be and it hereby is denied.

Negative 0

MINUTES

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 426-38 SA Vol. IV.

Subject: Application reopened for Amendment to consider new Oil Burners.

The American Radiator & Standard Sanitary Corporation, owner, filed April 9, 1954 an application with the Board of Standards and Appeals for consideration as to reopening as Vol. IV a new oil burner, model EH. The application was reopened as Vol. IV May 18, 1954 for test and report and subsequently on May 7, 1956 the application was amended by the applicant to include models AH, EL, ESI and ES2.

Purpose

Conversion oil burners for domestic and commercial installation.

Description

The models EH, AH, ESI and ES2 are mechanical draft oil burners of the pressure atomizing type employing high tension electric ignition. They are designed for installation in hot water or steam boilers or warm air furnaces.

The burners are intended for use with fuel oil not heavier than commercial standard Grade 2, and with oil pressure not exceeding 150 pounds per sq. inch. Their operation is similar to that of a conventional gun type burner.

Firing ranges are—

Model EH & AH—.7 to 3.0 gallons oil per hour.

Model ESI—.75 to 1.1 gallons oil per hour.

Model ES2—.75 to 1.75 gallons oil per hour.

The model EL is a low pressure type burner employing mechanical draft and high tension electric ignition. It is designed for installation in hot water or steam boilers or warm air furnaces and is intended for operation with fuel oil not heavier than commercial Standard Grade 2.

The fuel pump incorporates an air pump which provides air under pressure of from 4 to 6 pounds per sq. inch. This air is mixed with the fuel oil (also under 4 to 6 pounds per sq. inch pressure) in the nozzle and produces a fine oil spray. Secondary combustion air is supplied in the usual manner and operation of the burner is similar to other conventional gun type burners.

Firing range is—

Model EL—.4 to 1.5 gallons oil per hour.

The above models are generally installed with a stack switch as a safety control. This switch will shut off the burner in approximately 90 seconds if the oil fuel should fail to ignite upon starting or if the burner flame should be prematurely extinguished.

Inspection and Test

A sample appliance was inspected at the showrooms of the applicant at 50 West 40th Street by Ass't Engr. G. F. Sklenarik, Committee on Test and Mr. H. D. Balsinger of American-Standard. The details of construction of all models as submitted by the applicant were also examined.

The models EH, AH, ESI, ES2 and EL have been tested by the Underwriters' Laboratories and are listed under file MP 1131.

Recommendations

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of American Radiator & Standard Sanitary Corp. conversion oil burners models EH, AH, ESI, ES2 and EL for use with fuel oil not heavier than No. 2 when installed in accordance with the provisions of C-19-57.0 Administrative Code the Oil Burner Rules of the Board and Article 12 Administrative Building Code provided each burner bears a label permanently affixed, reading as follows "Approved by

the Board of Standards and Appeals for use in New York City under Cal. No. 426-38 SA".

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution in accordance with the above report.

820-39-SA

APPLICANT—Fluid Systems, Incorporation, owner.

SUBJECT—Application reopened March 6, 1956—re—Amendment to resolution as to change in ownership and trade name—re Lines Thermal Electric Conduction System (heating system of viscous liquids including fuel oil); previously approved.

APPEARANCES—

For Appellant: R. R. Lapinski.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert,

Commissioner Keating and Deputy Chief Connolly.. 4

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 820-39-SA

Subject: Amendment to resolution as to change in ownership and trade name.

Fluid Systems, Inc., New Haven, Conn., requested by letter and the filing of an affidavit dated February 21, 1956 that the resolution adopted July 18, 1939 under Cal. No. 820-39-SA be amended so as to show a change of ownership and trade name of the appliance. The application was reopened by a vote of the Board March 6, 1956.

Recommendation

The Committee on Test recommends that the resolution adopted July 18, 1939 under Cal. No. 820-39-SA be amended so as to show a change in ownership from the Alfred G. Purdue Associates to the Fluid Systems, Inc., and the trade name of the appliance to the Lines Thermal Electric System on condition that the requirements of the resolution adopted July 18, 1939 under Cal. No. 820-39-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of July 18, 1939 in accordance with the above report.

583-50-SA

APPLICANT—Cleaver-Brooks Co., manufacturer (James G. Brooks Co., Inc., agent).

SUBJECT—Cleaver-Brooks Rotary Oil Burner, Models LR-100-200-300-400-500-600-700, approval of.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 583-50-SA

Subject: Cleaver Brook Rotary Oil Burner Models LR. 100-200-300-400-500-600-700.

Cleaver-Brooks Co., manufacturer of Milwaukee Wis. filed July 25, 1950 an application with the Board of Standards and Appeals for approval of the Cleaver-Brooks Rotary Oil Burner Models LR 100, 200, 300, 400, 500, 600 and 700 under the provision of C-19-570 Administrative Code and the Oil Burner Rules of the Board of Standards and Appeals.

Purpose

A rotary fuel oil burner for commercial and residential use.

Description

This is a pressure atomizing type oil burner with full automatic electric ignition and motor driven blower. Combustion air is supplied by motor driven blower inserted integrally in unit complete with V belt driver with full safety guard. Air damper is manually adjustable. The oil pump Viking is connected to blower shelf by V belt driver. An electronic programmesey relay activated by the steam pressure controls provides proper cycling of start, stop, ignition and safety shut downs. A photo-electric flame detector is used in conjunction with the electric relay to provide immediate shut down in the event of flame failure. The ignition transformer is a 1000.0 volt secondary midpoint grounded. The burner operates on high-low-fire principle with complete shut down if load is below low fire capacity. After shut down burner ignites automatically when steam pressure drops below designated level.

The controls are White Rogers Thermostat Mcht. Flame Failure Control R 1903, M. H. Pressure Trol L 404A and L 604 A. A McDowd Nuller low water cut off.

Inspection and Test

A model LR 600 of the burner was inspected and tested at the Sheffield Farms Plant at 1580 Fulton Street, Brooklyn and found to operate as designed. There was no smoke. The CO₂ content of the flue gases was 13.4%.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee recommends the approval of the Cleaver Brooks Rotary Oil Burner Model LR 100-200-300-400-500-600 and 700 for use in New York City when installed and operated in accordance with the requirements of the Oil Burner Rules of the Board and Article 12 Chapter 26 Administrative Building Code on condition that the burner bears a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 583-50-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

880-50-SA

APPLICANT—International Projector Corporation, owner.

SUBJECT—Application reopened February 21, 1956—re—Amendment to resolution as to additional model of Dry Cleaner Models BJ and CJ—re Sec-O-Matic Dry Cleaning System, Models AJ, AH, AHR, and AR; previously approved.

APPEARANCES—

For Applicant: Harry Defuria.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 880-50-SA

Subject: Amendment to resolution as to additional model of Dry Cleaner Equipment.

International Projector Corp., Bloomfield, New Jersey, requested by letter dated January 19, 1956 that the resolution adopted December 4, 1951 and amended June 28, 1955 under Cal. No. 880-50-SA be amended so as to include additional models of dry cleaning units.

Description

The Model CJ, for which approval is requested is identical to the model AJ, approved by the Board June 28, 1955 under Cal. No. 880-50-SA except for the Washer-Extractor. The size and capacity are identical in both models, the only difference being that the drive mechanism has been improved.

The model BJ is similar to model AJ except that the BJ is rated at 30 lbs. dry load as compared to the 15 lbs. dry load rating of the model AJ.

Recommendation

The Committee on Test recommends that the resolution adopted December 4, 1951 and amended June 28, 1955 under Cal. No. 880-50-SA be amended so as to include the Models BJ and CJ dry cleaning units on condition that the requirements of the resolution adopted December 4, 1951 under Cal. No. 880-50-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the resolutions of December 4, 1951 and June 28, 1955 in accordance with the above report.

17-55-SA

APPLICANT—Cole Distributors Corp., for Apex Electrical Manufacturing Co., owner.

SUBJECT—Application January 6, 1955—Apex Wash-A-Matic Model CM5-6000, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

MINUTES

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 17-55-SA

Subject: Apex Wash-A-Matic Model CM 5-6000. Laundry Washing machine.

Apex Electrical Manufacturing Co. owner filed Jan. 6, 1955 an application with the Board of Standards and Appeals for approval of the Apex Wash-A-Matic Model CM 5-6000 Coin Metered Washing Machine for washing laundry under the provisions of C26-178.0.h and C-26-1277.0.h Administrative Building Code and the Submerged Inlet Rules of the Board of Standards and Appeals.

Purpose

A coin metered washing machine for washing laundry.

Description

The Apex Wash-A-Matic washing machine operates on an oscillating and pulsating action of the wash drum to accomplish washing and spinning action and is so designed that the oscillating action is governed by a series of balancing chambers located on the outside of the washdrum, into which water is introduced when the tilting action becomes too great, thus balancing the drum to limit its tilt in the course of oscillation. It is also designed to effect shimmering action at the end of the drying period to loosen semi-dried clothes with in the wash drum.

The hot and cold water, regulated through a Dole mixing valve, is introduced into the 21 inch diameter aluminum wash basket through a $1\frac{3}{8}$ " air gap.

Any soap head that may build up merely passes over the top of the wash basket and down the drain in the self draining porcelain tub. Any soiled water, soap residue and lint is extracted by centrifugal force over the top of the basket through 16 slots, and drains out through the bottom of the porcelain tube.

The pulsating action, referred to above, is at the rate of 550 pulsations per minute and the spinning rate is 550 R.P.M.

The machine is equipped with an automatic safety cut off switch connected with the cover. If the cover is opened while the machine is in operation, the operating current is automatically shut off and the machine stops. When the cover is reclosed the cycle which was interrupted will be resumed.

The complete washing cycle requires a total of 28 minutes divided as follows:

Fill	2	minutes
Wash action	11	minutes
Drain spin	1½	minutes
Spin Rinse	1½	minutes
Wash Rinse	2½	minutes
Drain Spin	1	minute
Wash Rinse	2½	minutes
Dry Spin	5½	minutes
Shimmering action	½	minute
	28	minutes

Inspection and Test

The appliance was inspected and tested at the Laboratory Facilities, Department of Water Supply, Gas and Electricity 20 Vanderwater Street New York City in the presence of Chief Engineer L.V. Huber Committee on Test, and representation of the Department of Water Supply, Gas and Electricity and of the Department of Health.

The unit was subjected to a full cycle of operation with clothes but without soap and to second full cycle test with clothes (8 pounds) and a soap dosage starting with 4 ounces (normal dose) and increased to 12 ounces within six minutes to develop maximum sud head and soap sud resistance to drum action. The cycle was successfully completed with out any blowing of fuses and at no time did soap suds or any liquid appear at the water inlet opening to reduce the air gap of $1\frac{3}{8}$ ".

Recommendations

On the basis of the foregoing tests, the Committee on Test recommends the approval of the Apex Wash-A-Matic, Model CM 5-6000 Coin Meter Washing Machine as manufactured by the Apex Electrical Manufacturing Co., Cleveland, Ohio, under C26-171.0.a as meeting the requirements of Rule 2 of the Submerged Inlet Rules, adopted by the Board February 3, 1939 as amended September 10, 1946, effective October 7, 1946, and as meeting the requirements of C26-1277.0.h when connected for the individual unit, and for more than one unit, provided that the connections to the waste line shall be in accordance with the following:

Maximum No. per Battery	Waste Line Diameter
3	2"
12	3"
30	4"

Slop Sink Requirements:

Water line diameter $2\frac{1}{2}$ inches to 4 inches slop sink 3 ft. x 3 ft. x 3 ft. All slop sinks to have mushroom strainers having a diameter the same size as the waste line.

The foregoing table is based upon there being no specific provision for this type of equipment in C26-1291.0 wherein the fixture equivalents can be determined from the table contained therein for this equipment when connected in batteries and in addition, the discharge pump on each individual washing machine unit greatly facilitates the rate of discharge, to the waste line. In all cases the size of the trap and branch to the soil stack from the slop sink to be one commercial size larger than the branch line header connection in the battery units. The requirements of the Electric Code shall be met.

It is further recommended that each unit bear a label reading as follows: "Approved in New York City by the Board of Standards and Appeals under Cal. No. 17-55-SA," and that all installations in batteries be submitted to the Department of Buildings and Department of Water Supply, Gas and Electricity for inspection in order that the requirements of this approval be complied with.

(Sgd.) HARRIS H. MURDOCK
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

MINUTES

proval of the General Filters Inc. Unifilters (for fuel oil) Models 75 and 77 under the provisions of C-26-178.0b and the Oil Burner Rules of the Board of Standards and Appeals.

Purpose

A mesh type and cartridge type strainers intended for use in the supply lines of oil burning equipment to prevent clogging.

Description

Model 77 is a eartridge-type strainer made in one size. It is rated for use with fuel oils not heavier than #2 with a maximum working pressure of 12 p.s.i. and a capacity not in excess of 10 g.p.h. The Center bolt of the strainer is of steel $\frac{3}{8}$ inch in diameter $3\frac{3}{4}$ inches long. The Center bolt gasket is 0.020 in thick copper rolled or Wilmington fiber approximately $\frac{3}{4}$ in diameter. The strainer cap is cast iron minimum thickness $\frac{1}{8}$ inch. The vents in inlet and outlet ports are tapped for #8/32 machine screws. Gaskets under vent screws are $\frac{1}{8}$ inch neoprene asbestos or fiber center opening is $\frac{3}{8}$ in drilled hole. Inlet and outlet tapped $\frac{3}{8}$ NPT. The cap gasket is $\frac{1}{8}$ Buna-N synthetic gasket material outside diameter approximately $3\frac{1}{2}$ in. inside diameter $2\frac{7}{8}$ in. The body of the filter is 16 gauge sheet steel sealing cap and threaded spud bolted to bottom. The screw is 40 mesh galvanized steel approximately $3\frac{3}{4}$ in. long and $\frac{3}{4}$ in diameter. The strainer discs are wool felt each approximately $\frac{5}{8}$ in. thick. Four discs have 2 in diameter and three have $2\frac{1}{2}$ in diameter. Model 75 is a mesh type strainer. It includes a 3 position manual valve. The valve handle is steel cadmium plated approximately $3/32$ inch thick. One end stamped with arrows to indicate position of valve. The valve handle screw includes lock washer both parts steel cadmium plated. Secures handle to valve core. The valve core is brass 1-19/32 in. long $\frac{1}{8}$ diameter drilled radial opening connects with $\frac{1}{4}$ inch diameter drilled opening in bottom. The spring is steel spring wire. Washer steel cadmium plated nut is brass or aluminum.

Sealing brisling U. S. rubber compound #1889.

The body is a zinc base alloy die casting.

Gasket is U. S. rubber company compound #BN 870 and the cap is a zinc base alloy die casting.
Screen 90 by 100 mesh monel wire.

Inspection and Test

These filters were inspected and tested at 146-03—21st Ave., Whitestone, Queens and found to operate as designed. Present at the inspection and test were Leslie V. Huber of the Committee on Test and John M. Sebarium representing the applicant. The devices have been listed by the Underwriters Laboratories Inc. File #MP 2249 Application #54C4969.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant the Committee on Test recommends the approval of Unifilters (for fuel oil) Models 75 and 77 for voluntary use in New York City under the Oil Burner Rules on condition that each filter bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 78-55-SA".

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 564-55-SA

Subject: American-Standard Gas Boiler, Series G6.

The American Radiator and Standard Sanitary Corp., owner-manufacturer, filed June 13, 1955 an application with the Board of Standards and Appeals for approval of the American-Standard G6 Gas Fired Boiler for use in New York City under the provisions of Article 12, Administrative Building Code.

Purpose

A gas fired boiler for steam or hot water systems.

Description

The G6 boiler is a sectional cast iron vertical flue boiler made up in different sizes. The smallest size is made up of six sections, the largest has forty-one sections. An individual cast iron drilled port burner is located beneath each flue passage. A flue canopy made of aluminized steel is fitted over the top of the sections and conduits the products of combustion through a built-in type draft hood into the flue outlets. The flue outlets range in number from one on the 6, 7 and 8 section sizes to eight on the 41 section size.

Standard controls include a Detroit CA 295 relay, a V-530 Diaphragm type gas valve, a Thermac gas pressure regulator and a Baso automatic pilot valve at each pilot light. In addition a Detroit CA 666 hot water limit or a Detroit 450-BA-1 steam pressure limit are provided. A Schocuberger manual shut off valve is installed in the gas line near the boiler.

Pop safety valves are supplied with all steam boilers and the name plate gives the size of ASME relief valves required for water boilers.

Burner manifold is made with $1\frac{1}{2}$ inch pipe.

Inspection and Test

A typical G6 gas fired boiler was inspected at premises 110 East 55th Street. Present were Asst. Engr. G. F. Sklenarik, Committee on Test and Mr. H. D. Balsinger of American-Standard. The appliance was found to conform to the design data submitted by the applicant.

The G6 boiler series are approved by the American Gas Association under certificates No. 4-1347-2.001 and 4-(1347.0 & .1) .001.

Recommendation

On the basis of the inspection and data submitted by the applicant, the Committee on Test recommends the approval of the American-Standard Gas Boiler Series G6 for use in New York City when installed in accordance with this report and the provisions of Article 12 Administrative Building Code and provided each boiler bears a label, permanently affixed, reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 564-55-SA".

REPORT OF COMMITTEE ON TEST

RE: Cal. 627-55-SA

Subject: Detrex Dry Cleaner Process. Model 600-S.

Detrex Corporation owner filed July 15, 1955, an application with the Board of Standards and Appeals for approval of the Detrex Dry Cleaner Process Model 600-S under the provisions of C 26-178.0.6 and chapter 19 Administrative Code.

Purpose

Dry cleaning processing machine using non-flammable non-combustible liquid perchlorethylene.

Description of Process

This process is used for the commercial dry cleaning of garments, drapes, and so forth. The non-flammable, non-combustible solvent perchlorethylene is used as the cleaning fluid. The process consists of two main machine assemblies; one of which is a washing machine which includes two storage tanks. One contains solvent charged with a solvent soluble soap, the other contains clear solvent. The work is washed in soap solvent and rinsed in clear solvent, after which all liquid solvent is removed from the garments by centrifugal extraction. Solvent control valves direct the solvent flow so that the wash and rinse solvents are not intermixed. The clothes are then placed in the second closed unit where a final solvent recovery is performed and any trace of odor is removed.

The solvent is rated by the Underwriters' Laboratories at zero flammability on a scale in which kerosene (100 deg. F. Flash) rates 30-40 and Ether rates 100.

The garments to be cleaned are placed manually in a divided compartment cleaning drum. The machine is closed and a dial adjustment to select the washing cycle is made. The tub fills automatically and the washing, draining and extracting operations are performed in a controlled time sequence while the machine is completely closed. The outer loading door is locked shut with a yoke which also acts as a safety device. If the yoke is loosened during operation, a safety inter-lock switch is operated which immediately de-energizes the drive motor and the brake solenoid. This applies the drum brake and stops the rotation of the drum. Also, an exhaust fan mounted above the machine is started which pulls air into the machine through the loading door and discharges it to the outside atmosphere.

After extraction of solvent in the dry cleaning unit, the garments are placed in two solvent recovery units (Synth-O-Saver). The solvent recovery units have a capacity to reclaim traces of solvent and deodorize the output of the dry cleaning unit. An aeration cycle in the solvent reclaiming units provides for complete deodorizing of the garments after recovery by means of passing air over and through the garments and discharging it to the outside atmosphere. Damper operating levers on the Synth-O-Savers are ar-

ranged so that the door of the Synth-O-Savers cannot be opened unless the exhaust fans are operating and fresh air is being pulled into the doors of the Synth-O-Savers and discharged to the outside atmosphere. The drive motors on the Synth-O-Savers operate through safety inter-lock switches and are de-energized when the doors are opened; thereby, preventing the tumblers from rotating.

Description of the Machines

Drycleaning Machine

The drycleaning machine consists of a 36" diameter, divided partition drum, fabricated of Aluminum castings and enclosed on the periphery with coated, perforated sheet steel. It is of rugged, riveted construction. This drum is supported on heavy-duty, anti-friction outboard bearings mounted on the welded steel housing. The shaft is provided with double seals to prevent loss of the cleaning solvent used in the drycleaning process. The rotating drum is enclosed in a tub (3/16" steel plate of welded construction), which is in turn welded to the base of 5/16" steel plate, and storage tank of 3/16" steel plate, reinforced with necessary gussets and structural steel to properly support it. Mounted on the storage tank of the machine are a 1½ HP gearhead motor for the washing cycle, and a 3 HP motor for the extract cycle. These two motors are inter-connected by means of a roller chain drive and an over-running clutch. The clutch is mounted on the inside shaft of the extract motor which is provided for double and drive. On the opposite end of the extractor motor shaft is mounted the "V" belt drive for the cleaning drum. Therefore, the drum is driven during the wash cycle by the 1½ HP gearhead motor through the clutch on the extract motor shaft. During the extraction cycle, it is driven directly by the extract motor with the clutch over-running or disengaged from the wash motor. Also mounted within the storage tank is a dump type pump. This pump is driven by a 2 HP, 3450 RPM motor.

The unit is completely automatic and the length of the washing cycles are set by the operator on the dials above the loading door. The washing cylinder revolves at approximately 27 RPM during the washing cycle and at 525 RPM during the extraction cycle.

Rinse Tank and Filters

Mounted on a second tank (3/16" steel plate of welded construction, reinforced with structural steel and gussets) are two (2) cylindrical filter bodies of welded construction. The filters are 18 inches in diameter with 10 gauge sheet steel sides and 9 gauge dished and flanged steel heads. These bodies are designed for a working pressure of 70 lbs. per sq. inch. Contained in each filter are cylindrical tubes of suitable mesh wire screen upon the outside of which the filter powder is plated by solvent flow to form the filtering media. The flow through each of the solvent filters is approximately 3,000 gallons per hour.

Installed in the discharge piping of the filters are control valves which direct the flow of solvent either to the tub or back to the correct storage tank. Mounted also on this tank is an air compressor. It is driven by a 1/3 HP, 1750 RPM motor and equipped with a pop safety valve set at 70 lbs. per sq. inch. Mounted within this tank is a second solvent pump, also driven by a 2 HP, 3450 RPM motor.

Extractor Unit

All Detrex 600-S units are provided with a solvent extractor unit. The extractor body is 10 gauge sheet steel with a 3/16" steel dished bottom (welded construction) and a 14 gauge steel dished cover. This unit is designed for a working pressure of 30 lbs. per sq. inch and is provided with a safety pop valve set at 30 lbs. per sq. inch. Contained in the bottom of the extractor unit is a suitable mesh flat wire screen. In operation, the soiled filter powder from the filter is removed to the extractor unit through a connecting pipe line from the bottom of the filter by air pressure. A filter powder cake forms on the screen and the solvent transferred along with the powder is allowed to flow through this cake back to the storage tank. When the cake in this unit builds up to 8" thick, the solvent retained by the powder is recovered by direct downward displacement with water.

MINUTES

Still

All Detrex 600-S units are provided with a solvent recovery still of the atmospheric type. The still body is fabricated of 10 gauge steel, reinforced with structural steel of all-welded construction and is heated by a 1¼" I.P.S. steam coil made of standard 125 lb. pipe and fittings. It is provided with a steam pressure reducer, strainer and gauge for proper control of working steam pressure. The two condenser coils are continuous spirally wound coils, fabricated of ¾" standard pipe, hot dip galvanized after fabrication. The distillation rate of this unit is 125 gallons per hour.

Synth-O-Saver Unit

The Detrex Synth-O-Saver or solvent recovery unit consists essentially of an open basket constructed with a solid spun, 16 gauge metal back and a perforated, galvanized metal periphery. This is mounted on a stub shaft and supported by two ample anti-friction, self-aligning ball bearings. The tumbler basket is rotated by a ½ HP, 1750 RPM open, ball bearing motor belted to a gear reducer which is connected to the tumbler shaft and driven by means of roller chain drive and two cut-tooth steel blade sprockets. The entire unit is enclosed in a sheet metal housing. Air is supplied through the recovery unit by a paddle-wheel type fan of cast aluminum construction which is directly connected to the ¼ HP, 3450 RPM ball bearing motor. Both this motor and the tumbler motor have individual control switches and are adequately protected by thermal overload and short circuiting devices. The solvent reclaiming unit (Synth-O-Saver) fan draws the solvent-laden air from the shell which encloses the tumbler basket and passes it through the large filter bag to remove lint and dirt. The air then passes through the damper housing over a cooling coil where the solvent is condensed and removed from the air. The solvent flows from this location through a water separator. The reclaimed solvent is piped back to the storage tank of the dry cleaning machine and the separated water collected in a small open container. The air, after the solvent vapors have been removed, passes over a heating coil and is re-delivered to the housing of the reclaiming unit.

When the above outlined air flow is carried out, the dampers are in the recovery position. When the dampers are in the areation position, fresh air is drawn into the tub at a point between the heating coil and the tub. This air is drawn over the clothes for deodorizing and cooling purposes and is passed to the outside after it has passed through the lint bag.

General

All piping, valves and fittings are of the standard 125 lb. type. The heating and cooling coils of the reclaiming units are designed to withstand a test pressure of 200 lbs. per sq. inch and a working pressure of 125 lbs.

The dry cleaning machine is designed for operation on 220 volts, three phase, 60 cycle current; the Synth-O-Saver and compressor—for operation on 110 volts, single phase, 60 cycle current. The total connected electrical load for the dry cleaning process is approximately 9½ HP. Electrical service of 220 volt, three phase to the dry cleaning unit should be supplied through a fused line disconnect switch, fused with 60 AMP fuses. The size of the washer is 36" diameter by 30" deep—17.76 cu. ft.

Inspection and Test

The dry cleaning processing machine model 600.S was inspected and tested at the plant of Julius Klein Cleaner at 258—3rd Ave., New York City and found to operate as designed with no fumes being given off and the plant maintained in sanitary condition. Present at the inspection and test were Chief Engineer Leslie V. Huber of the Committee on Test and F. J. Chimielnicki representing the applicant.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Detrex Dry Cleaner Process Model 600-S,

having a capacity of 20 lbs. dry load, for voluntary installation in New York City under the provisions of C26-178.0, on condition, that the equipment is as herein described and the solvent used is classed as non-flammable (Perchloroethylene). The committee further recommends that in the event that the solvent is changed, the electric motors shall be changed to comply with the requirements of C19-80.0d Administrative Code, and all installations in which the solvent used is not of the non-flammable type (Perchloroethylene) shall comply with the requirements of Art. 13 Chapt. 19 Administrative Code. The Committee further recommends that each appliance bears a label permanently attached reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 627-55 SA." and further that all installations shall comply with the Dry Cleaning Rules of the Board.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

773-55-SA

APPLICANT—A. B. Carlson and Co., Inc., owner (Joseph A. Ross, Jr., agent).

SUBJECT—Application September 21, 1955—Echo Vent Signals (Whistle stops when safe level fill is reached in fuel oil tank), approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert,

Commissioner Keating and Deputy Chief Connolly... 4

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 773-55-SA

Subject: Echo Vent Signal Whistle.

Joseph A. Ross, Jr., for A. B. Carlson & Company, Inc., filed September 21, 1955 an application with the Board of Standards and Appeals for approval of the appliance known as Echo Vent Signal Whistle under the provisions of the Oil Burner Rules of the Board.

Purpose

Whistling Vent Signal that stops whistling when safe level is reached in fuel tank.

Description

The signal is made in two models A and C. The model A consists of a one-piece reducing bushing and vent signal combined and is used for threaded connections and is made of gray cast iron.

The Model C for non threaded connections consists of a compression fitting combined with a one piece reducing bushing and vent signal. The compression fitting consists of a nut, oil-proof rubber gasket and a dome shaped steel washer and is also made of gray cast iron.

In operation, the device whistles while the tank is being filled with fuel oil and when the level has reached the safety margin, the whistle automatically shuts off because the float raises a stem which automatically cuts off the air. The safe fuel oil level is preset permanently at the factory and provides for a 15 to 20 gallon margin depending upon which of the reducing bushings is used in the tank opening.

MINUTES

Inspection and Test

The appliance was inspected by Asst. Engrs. J. A. Darts and G. Sklenarik, Committee on Test, and it was noted that the free area between the body and the whistle offered an area equivalent to the area of a 1½" pipe as required under the Oil Burner Rules of the Board. The appliance has been approved by the Underwriter's Laboratory under MH6222.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Echo Vent Signal Whistle for voluntary use in New York City under the provisions of the Oil Burner Rules of the Board on condition that the appliance bears a label permanently attached reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 773-55-SA."

REPORT OF COMMITTEE ON TEST

RE: Cal. 860-55 SA

Subject: American-Standard GA—Gas fired Boiler.

The American Radiator and Standard Sanitary Corp., owner-manufacturer, filed October 21, 1955 an application with the Board of Standards and Appeals for approval of the American-Standard GA Gas Fired Boiler for use in New York City under the provisions of Article 12 Administrative Building Code.

Purpose

A gas fired boiler for steam or hot water systems.

Description

The G4 boiler is a sectional cast iron vertical flue boiler, made up in sizes with four to eleven sections, with an individual cast iron burner located beneath each flue passage. Each burner has an input of 60,000 Btu per hour.

A cast iron drill port burner with 167 30 drill ports is standard for natural gas. A cast iron ribbon burner is standard for manufactured gas and is made up of five .043" stainless steel removable ribbons pressed into a .220" wide slot. Another ribbon burner made up of six .075" ribbons in a .425" slot is standard for liquefied petroleum gas and may be used on natural gas. This burner makes it possible to convert a boiler from liquified petroleum to natural gas by changing main burner and pilot spuds and supplying a pressure regulator.

Each end section contains a 3" flow tapping located on the top of the forward edge and a 2½" return tapping located near the bottom of the rear edge of the section. Two 1½" washout tappings are located in line with the lower nipple ports of each end section. The left end section contains the tappings for steam trim. The water line of steam boilers is 30" above the floor line. Flue cleanout openings are located on the front of sections.

The flue canopy made of #16 ga. aluminized sheet steel is hooked to the forward edge of the boiler sections to support the overhanging type of draft hood. The draft hood is made of #16 ga sheet steel. The single flue outlet is located on the top of the draft hood and on the center line of the boiler front to rear. The diameter of the flue outlet varies with the size of the boilers.

The jacket is constructed of #20 ga steel with ⅜" radius corners. It encloses the canopy, manifold and all controls except the pressure regulator on the 10 and 11 section sizes for manufactured gas. The top panel provides a 1¼" opening for ventilation of the control compartment and the front section of the top panel is easily removed to provide access to the upper portion of the control compartment. The jacket end panels are identical for all sizes. The left hand and panel is punched to provide mounting of the control transformer junction box which is furnished. Mounting holes are provided for locating the Detroit CA-295 relay.

Standard controls also include the Detroit V-530 diaphragm type gas valve, Thermac gas pressure regulator Baso automatic pilot valve, Detroit CA-666 hot water limit and 450-BA-1 steam pressure limit and a Schocuberger manual shut off valve. The GA boiler is also AGA approved with a Detroit Q-179.B pilot burner and an M & H R-890 Protectorola to furnish electronic safety pilot. When so used the Q-179.B replaces the Baso pilot burner, thermocouple and pilot valve and is connected to the R-890 relay. Only one relay and one burner are required for any size G4 boiler. Pop safety valves are supplied with all steam boilers and the name plate gives the size of ASME relief valves required for water boilers.

The burner manifold is made of 1½ inch pipe.

Inspection and Test

The appliance was inspected at the premises of the applicant at 50 West 40th street. Present were Asst. Engr. G. F. Sklenarik, Committee on Test, and Mr. H. Balsinger of American-Standard. The appliance was constructed as described and conformed to the data submitted by the applicant.

The boiler has been approved by the AGA, certificate No. 4 (1367.0-1.0,1).001. and has been built to A.S.M.E. requirements.

Recommendation

On the basis of the data submitted and the inspection, the Committee on Test recommends the approval of the American-Standard G-4 Gas-Fired Boiler for use in New York City when installed in accordance with this report and the provisions of Article 12 Administrative Building Code and provided each appliance will bear a label, permanently affixed, reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 860-55 SA".

(Sgd.) HARRIS H. MURDOCK
Chairman,

JOHN A. DARTS,
Assistant Engineer,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 1024-55-SA

Subject Bantam Oil Burner, Models A 11-50-100; A 1-60-130; A 2-125-220 and A 3-200-375.

B. L. Galumbeck, doing business as Selectrol Engineering Co. of 2036 McDonald Avenue, Brooklyn, filed December 9, 1955 an application with the Board of Standards and Appeals for approval of the Bantam Oil Burner, models A 11-50-100; A 1-60-130; A 2-125-220 and A 3-200-375 for use in New York City under the provisions of C-19-57.0 Administrative Code and the Oil Burner Rules of the Board.

Purpose

A series of domestic and commercial oil burners.

Description

The Bantam Oil Burner is a gun type high pressure atomizing burner designed for either flange or base mounting. The burner housing, which includes an integral junction box, is of die cast aluminum. The position of the burner nozzle is adjustable externally. The electrode assembly is accessible through the rear of the burner by removing a back plate.

The Bantam Oil Burner in all models is designed to burn fuel oil not heavier than Commercial Standard No. 2 and the various models have the following fuel burning capacities:

A 11- 50-100		.5 to 1.0	gallons per hour
A 1- 60-130		.6 to 1.3	" " "
A 2-125-220		1.25 to 2.20	" " "
A 3-200-375		2.00 to 3.75	" " "

The basic controls installed with these burners are a thermostat, barometric draft regulator, protecto relay and limit control. The limit control and protecto relay serve as a safety control and will stop the operation of the burner in 90 seconds if the oil flame should be extinguished or if upon starting the burner should fail to ignite. The limit control is installed in the stack as near as possible to the furnace or boiler or in the top of the combustion chamber if a place is provided to do so. In addition steam, hot water or warm air limit controls are installed to limit the maximum temperature or steam pressure developed in the furnace or boiler and a low water cut off is standard for steam boilers.

Inspection and Test

A sample burner was inspected at the premises of the applicant, 2036 McDonald avenue, Brooklyn, by Asst. Engr. G. F. Sklenarik, Committee on Test. Also present was Mr. B. L. Galumbeck of Selectrol Engineering Co. The burner was constructed as described and conformed to the data submitted by the applicant.

The Bantam Oil Burners have been tested and approved by the Underwriters Laboratories under file MP 1-465 issued April 14, 1955.

Recommendation

On the basis of the data submitted, the Committee on Test recommends the approval of the Bantam Oil Burner Models A 11-50-100; A 1-60-130; A 2-125-220 and A 3-200-375 for use in New York City when installed and operated in accordance with this report and the provisions of the Oil Burner Rules of the Board, provided each burner bears a label permanently affixed, reading as follows: "Approved by the

Board of Standards and Appeals for use in New York City under Cal. No. 1024-55-SA".

Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 29-56-SM

Subject: Fabrilit V-8113-FR (flame resistant fabric for use on folding doors).

E. I. duPont de Nemours & Company, Newburgh, New York filed December 29, 1955, an application with the Board of Standards and Appeals for approval of the material known as Fabrilit V-8113-FR under the provisions of the Flameproofing Rules of the Board.

Purpose

The material is a flame resistant material to be used in folding doors.

Description

The material is a vinyl resin coated glass fabric with the following properties.

Total weight 15.3 oz. per sq. yd.

Fabric weight 2.8 ozs. per sq. yd.

Vinyl resin weight 12.5 ozs. per sq. yd.

Inspection and Test

Samples of the fabric were tested at the Better Fabrics Testing Bureau in the presence of Asst. Engrs. J. A. Darts and G. Sklenarik, of the Committee on Test and J. E. Davis, representing the applicant.

There was no flashing and the average time to flaming on all samples tested was 1 1/3 seconds; the average time of glow, within the charred area was 2-1/6 seconds.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test concludes that the material Fabrilit V-8113-FR possesses inherent flameproofing properties and accordingly recommends the approval of this material for use as a flame resistant fabric for use in folding doors. The Committee further recommends that folding doors constructed of this material shall not be used in locations wherein an approved opening protective assembly is required.

Tests on each specific installation or any retests thereof shall be made by the Fire Commissioner or in a laboratory approved by him in accordance with requirements of the Flameproofing Rules of the Board.

MINUTES

The Committee further recommends that all cartons or containers in which this material is marketed shall be tagged, stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 29-56-SM."

(Sgd.) HARRIS H. MURDOCK
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 36-56-SA

Subject: Caloric Domestic Gas Range, Models 9207, 9207X, CP9207 and CP9207X.

The Caloric Appliance Corp. of Topton, Penn., owner-manufacturer filed December 23, 1955 an application with the Board of Standards and Appeals for approval of the Caloric Domestic Gas Range, Models 9207, 9207X, CP9207, CP9207X under the provisions of C26-695.0 Administrative Building Code and for use under Section 64 of the Multiple Dwelling Law.

Purpose

Gas fired ranges for cooking purposes.

Description

The model 9207 is a 21" wide four burner range with automatic top burner lighting. It is equipped with an oven and broiler and automatic oven heat control is provided.

The top burners consist of three regular size burners with an input rating of 900 BTU per hour and one large size burner with an input rating of 1200 BTU per hour.

The oven burner is rated at 20,000 BTU per hour and the broiler burner at 16,000 BTU per hour.

The entire unit is finished in porcelain enamel in a variety of colors.

The model 9207X is the same as the 9207 except that a window is installed in the oven door.

The model CP9207 is the same as the 9207 except that an additional pilot light is provided for the oven-broiler burners. An automatic gas shut-off device is provided in the gas line to cut-off gas flow to the oven-broiler in case of pilot flame failure.

The model CP9207X is the same as the CP9207 with an oven window added.

Inspection and Test

The appliances have been approved by the American Gas Association under Cert. 1—(914-45.01 & 48.0) .001. The details of construction were examined by G. F. Sklenarik, Committee on Test.

Recommendation

As the wording of Section 64 as amended by Int. 1142 of the Multiple Dwelling Law reads in part as follows: "All automatically controlled gas appliances shall be equipped with a device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame in such appliance is extinguished" and as the American Standard for Installation of the Gas Piping and Gas Appliances in Buildings, approved by ASA and sponsored by the AGA 1954 gives the following definitions:

1. Appliances automatically controlled—appliances equipped with an automatic pilot and other automatic devices which

(a) accomplish complete turn-on and shut-off of the gas to the main burner or burners.

(b) graduate the gas supply to the burner or burners but do not effect complete shut-off of the gas.

2. Automatic ignition—automatic ignition shall be interpreted as means which provide for ignition of the gas at a burner when the gas burner valve controlling the gas to that burner is turned on and will effect reignition if the flames on the burner have been extinguished by means other than closing the gas burner valve.

3. Thermostat—an automatic device actuated by temperature changes designed to control the gas supply to a burner or burners in order to maintain temperatures between predetermined limits; the Committee on Test recommends as follows:

The models 9207, 9207X, CP9207 and CP9207X shall be constructed with an approved device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame is extinguished as the above models are considered to be an automatically controlled gas appliance under the definitions as herein set forth and the requirements of Section 64 of the Multiple Dwelling Law; all installations shall be in accordance with the requirements of C26-695.0.2.a Administrative Building Code as the above models have been approved by a recognized testing laboratory and further that these ranges may be used under the provisions of Section 64 of the Multiple Dwelling Law.

The Committee further recommends that all appliances bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 36-56-SA." and in addition thereto shall also indicate the model designation and the additional wording, "Equipped with an approved automatic shut-off" and further each range shall have attached thereto a decal or plate showing the location of the automatic shut-off.

Negative 0

MINUTES

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TESTS

Re: Cal. No. 37-56-SA

Subject: Caloric Domestic Gas Kitchen Heater Range, Models HB3, HB4, H9B3, H9B4 with Prefix CP and Suffixes U, A, LM, X, C, B, T.

The Caloric Appliance Corporation, Topton, Pa., owner-manufacturer, filed December 23, 1955 an application with the Board of Standards and Appeals for approval of the Caloric Domestic Gas Kitchen Heater Range, models HB3, HB4, H9B3 and H9B4 with prefix CP and suffixes U, A, LM, X, C, B and T under the provisions of C26-695.0 Administrative Building Code and for use under section 64 of the Multiple Dwelling Law.

Purpose

Domestic cooking ranges with a built-in space heater.

Description

These are conventional porcelain finished gas ranges in 36 inch and 40 inch widths with 4 top burners and an oven with broiler beneath. The ovens are provided with thermostatic heat control and automatic ignition is available as optional equipment for the oven and broiler.

In the left compartment beneath the range top is a heating unit for heating one or more rooms. This unit is equipped with a pilot light and an automatic gas shut-off device which will shut off the gas supply to the burner in case of pilot flame failure.

Provision is made to add a blower for forced circulation of the heated air. This blower does not enter the combustion area.

The oven burner input rating is 20,000 Btu per hr.

The room heater input rating is 35,000 Btu per hr. maximum.

The suffix designations indicate the following:

- A. Fully automatic backguard on the range top with convenient electrical outlets.
- B. Blower equipped room heater section.
- C. Water coil equipped room heater section.
- LM. Light and Minute Minder—plain backguard.
- T. Thermostatically controlled top burner.
- U. Standard backguard with convenience electrical outlet.
- X. Glass oven window and oven light.

Inspection and Test

The data submitted by the applicant was examined by Asst. Engr. G. F. Sklenarik, Committee on Test. The HB3 and HB4 series have been tested and approved by the American Gas Association under 1-(1034.1, .11, —1.1 & 1059) .001; 2-(1435.0 & —2.0) .001 and 1-(1034.2, .21 & —1.2) .001; 2-1435.101

Recommendation

As the wording of Section 64 as amended by Int. 1142 of the Multiple Dwelling Law reads in part as follows: "All automatically controlled gas appliances shall be equipped with a device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame in such appliance is extinguished", and as the American Standard for Installation of the Gas Piping and Gas Appliances in Buildings, approved by ASA and sponsored by the AGA 1954 gives the following definitions:

1. Appliances automatically controlled—appliances equipped with an automatic pilot and other automatic devices which
 - (a) accomplish complete turn-on and shut-off of the gas to the main burner or burners.
 - (b) graduate the gas supply to the burner or burners but do not effect complete shut-off of the gas.
2. Automatic ignition—automatic ignition shall be interpreted as means which provide for ignition of the gas at

a burner when the gas burner valve controlling the gas to that burner is turned on and will effect reignition if the flames on the burner have been extinguished by means of other than closing the gas burner valve.

3. Thermostat—an automatic device actuated by temperature changes designed to control the gas supply to a burner or burners in order to maintain temperatures between pre-determined limits; the Committee on Test recommends as follows:

Models HB3, HB4, H9B3, H9B4 with prefix CP and suffixes U, A, LM, X, C, B and T being equipped with pilot thermostat shall be constructed with an approved device which shall automatically shut-off the gas supply when pilot light or other constantly burning flame is extinguished as the above models are considered to be automatically controlled gas appliances under the definitions as herein set forth and the requirements of Section 64 Multiple Dwelling Law all installations may be in accordance with the requirements of C26-695.0.2.a Administrative Building Code as the above models have been approved by a recognized testing agency and in accordance with the requirements of C26-696.0.a.1 Administrative Building Code for venting the space heater and may be installed in accordance with Section 64 Multiple Dwelling Law.

The Committee further recommends that all appliances bear a label permanently affixed, reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 37-56-SA," and in addition thereto shall also indicate the model designation and have the added wording "Equipped with an approved automatic shut-off" and further each range shall have attached thereto a decal or plate showing the location of the automatic shut-off.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

84-56-SM

APPLICANT—Haslett Chute and Conveyor Co., owner.
SUBJECT—Application January 31, 1956—Haslett Chute and Conveyor Co., Side Hinged Intake Doors, for Aluminum Laundry Chutes, approval of.

APPEARANCES—

For Applicant: Maurice T. White.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert,
Commissioner Keating and Deputy Chief Connolly... 4
Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 84-56-SM

Subject: The Haslett Chute and Conveyor Co., Side Hinged Intake Doors, for Aluminum Laundry Chutes.

The Haslett Chute and Conveyor Co., of Oaks, Penn., owner-manufacturer, filed January 31, 1956, application with the Board of Standards and Appeals for approval of their side hinged intake doors for aluminum laundry chutes under the provisions of section C.26-663.0.d of the Administrative Building Code.

Purpose

An opening protective assembly for laundry chutes.

MINUTES

Description

The Haslett side hinged intake door for aluminum laundry chutes consists of a door frame and door made of 22 ga stainless steel sheet. The door is 20 $\frac{1}{8}$ inches square and one inch in thickness. The filler material is an asbestos air cell core.

The door sets flush with the frame and is provided with a continuous stainless steel hinge on either the right or left side. A "Storm-King" door check is used to make it self-closing.

Inspection and Test

The Haslett intake door was inspected and tested at the Protexol Testing Laboratory, Kenilworth, N. J. Present at the test were Asst. Engr. G. F. Sklenarik, Committee on Test, Mr. M. T. White, representing the applicant and C. F. Hartman, L. J. Turner, J. Krip and H. Vettel of the Laboratory.

The door was tested in accordance with the provisions of Sections C.26-586.0 and C.26.610.0 of the Administrative Building Code and was subjected to a 1 $\frac{1}{2}$ hour fire and hose stream test.

The door successfully withstood the fire and hose stream test. A record of the test is on file with the application.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Haslett Side Hinged Intake Door for aluminum laundry chutes under the provisions of section C26-663.0.d provided each door bears a label, permanently affixed, reading as follows, "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 84-56 SM."

286-56-SM

APPLICANT—M. H. Lazarus and Co., Inc., owner.
SUBJECT—Application March 19, 1956—Vinyglas (draperies-blackout), approval of.

APPEARANCES—

For Applicant: Fred Krieger.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 286-56-SM.

Subject: Vinyglas (drapery material).

M. H. Lazarus & Co. Inc. New York filed March 19, 1956, an application with the Board of Standards & Appeals for approval of the material known as Vinyglas under the provisions of the Flameproofing Rules of the Board.

Purpose

The material is to be used for draperies, curtains, etc., in places of public assembly.

Description

The fabric consists of a woven glass-fibered fabric coated on both sides with a vinyl plastic. The unit weight of the material is 15 $\frac{1}{2}$ ozs. per sq. yard and the average thickness is 0.015 inches.

Inspection and Test

Samples of the material identified as Vinyglas were tested at the Better Fabrics Testing Bureau in the presence of Asst. Engr. J. A. Darts Committee on Test and W. H. Masterson of the Laboratory.

The test was conducted in accordance with the requirements of the Flameproofing Rules of the Board and the results were as follows:

There was no flashing or flaming and the average time of glow within the charred area was 9-5/6 seconds.

The complete report is on file and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test concludes that the material Vinyglas possesses inherent flameproofing properties and accordingly recommends its approval.

Tests for each specific installation or any retests thereof shall be made by the Fire Commissioner or in a Laboratory approved by him in accordance with the requirements of the Flameproofing Rules.

The Committee further recommends that each wrapper or container in which the material vinyglas is marketed shall be stamped or labeled: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 286-56-SM."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

400-56-SA

APPLICANT—Overhead Heaters New York, Inc., owner, Ducane Heating Corp., manufacturer.

SUBJECT—Application May 25, 1956—Risco Hot-Time Heater (oil-fired) Models S140, S180, L150, L180, S75, H75, L75, CF75, S90, H90, CF90, S110, H110 L110 and CF110, approval of.

APPEARANCES—

For Applicant: Rodger G. Leon.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connolly 3
Negative: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 400-56-SA

Subject: Risco Hot-Time Heater (Oil Fired) Models S140, S180, L150, L180, S75, L75, CF75, S90, H90, CF90, S110, H110, L110 and CF110, S250.

The Overhead Heaters, New York Inc., for Ducane Heating Corp. Manufactures filed May 21, 1956 an application with the Board of Standards & Appeals for approval of the appliance known as the Risco Hot-Time Heater, Models S140, S180, L150, L180, S75, CF75, S90, H90, CF90, S110, H110, L110, CF110 under the provisions of the Oil Burner Rules of the Board and Article 12 Chapter 26 Administrative Building Code.

MINUTES

Purpose

The appliance is an oil fired furnace to be used in domestic and commercial installations and the suspended models to be used in garages and places of explosive atmospheres.

Description

The letter designation in the various models refer to the type of unit; S signifying suspended C counterflow, H High-boy and the L, the low boy.

The number designation refers to the BTU input of the appliance.

The construction of all models and sizes are similar in that all are made of heavy gauge stainless steel combustion chamber, a 12 gauge steel heat exchanger, and an insulated steel jacket finished in baked enamel. The controls furnished with unit consist of thermostat, stack relay and fan and limit control.

The furnaces are fired by Sun-Ray Burners (approved by the Board under Cal. 748-48-SA) or any other burner approved by the Board.

Inspection and Test

A model S140 was inspected and tested by Asst. Engr. J. A. Darts Committee on Test. It was noted that the unit was fired by an approved Sun-Ray burner. The unit was tested through its entire operating range. The CO₂ content of the flue gasses was 11%.

The appliance has been approved by the Underwriters Laboratory under MP2199A.

Recommendation

On the basis of the inspection and test and the data filed by the applicant the Committee on Test recommends the approval of the Risco Hot-Time Heater, Oil Fired, Model: S140, S180, L150, L180, S75, L75, CF75, S90, H90, CF90, S110, H110, L110, CF110 and S250 for use in New York City in domestic and commercial installation when installed in accordance with the Oil Burner Rules of the Board and Article 12 Chapter 26 Administrative Building Code

The Committee further recommends that the models with the S designation or the suspended units may be installed in garages or places of explosive atmospheres on condition that the units be suspended at least 8'-0" above the floor level and that the air for combustion be brought in from outdoors through a sealed enclosure box or the air be brought into the oil burner through a 40/40 mesh screen located over the air intake of the burner

The Committee further recommends that all units bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 400-56-SA.

(Sgd.) HARRIS H. MURDOCK,
Chairman.

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,

THE RESOLUTION —

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 586-51-SA

Subject: Homart Floor Furnace Model 155.15.

Prentiss Webers Products Co., Wisconsin Rapids, Wisconsin, filed August 13, 1951 an application with the Board of Standards and Appeals for approval of the appliance known as the Homart Floor Furnace Model 155.15 under the provisions of Article 12, Chapter 26, Administrative Building Code and the Oil Burner Rules of the Board.

Purpose

The appliance is an oil fuel floor furnace, with floor register.

Description

The unit consists of a furnace equipped with either a manually or automatically operated mechanical draft oil burner of the vaporizing pot type operating with gravity oil feed supply fed to the burner from a constant level valve with anti-flooding device supplied as a part of each furnace. The furnace consists essentially of a casing, floor register, inner liner, baffles, combustion chamber, fire pot, limit control, constant level valve, oil lines and fittings, draft booster assembly and draft regulator.

Inspection and Test

Details of construction were examined by Asst. Engr. J. A. Darts and it was noted that the installation would be contrary to the requirements of Article 12, Chapter 26 Administrative Building Code.

Recommendation

In view of the inspection of the model and the letters from the Board to the applicant dating through March 1952, in which it was stated that the installation would be contrary to the requirements of C26-693.0 Administrative Building Code, the Committee on Test recommends that the application be either disapproved or withdrawn.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated November 1, 1954, on Alt. App. 4451/49 reads:

"1. Entire 1st tier to be of 3 hr. construction as required under Sect. 3.2.3. of the Bldg. Code.

"2. Stairs from upper floors to lead in a continuous enclosure to street as per Sect. 6.4.1.11.

"3. Stair bulkhead to roof to be of 2-hr. construction as required under Sect. 3.2.3 of the Code.

"4. Stairs & hallways to be constructed of incombustible material as required under Sect. 4.1.1.7.1 of the Code.

"5. 1st fl. walls under stair exten. to be 12" thick as in Sect. 8.4.8.5."

and

WHEREAS, the applicant states the building is 4 stories, 48 ft. in height, 20 ft. by 100 ft. in area at 1st floor, 20 ft. by 82 ft. in area at typical floor, class 3 construction, erected in 1907 on a lot 20 ft. front by 100 ft. in depth, in a business use, C area, class one height district, used and occupied since 1939: cellar storage, stockroom and boiler room; 1st floor—retail furniture store, 5 persons; 2nd 3rd, 4th floors—retail furniture showrooms, no persons; entire building occupied by the owner; no change in use or occupancy is now proposed. The building is provided with one interior 3 ft. wide wood stairs, enclosed in fireproof blocks and extending to roof bulkhead. There are no doors provided in stair enclosure. There is one fire escape at rear extending to roof by ladder and with no egress from its lowest termination; and

WHEREAS, the owner was fined in Magistrates Court October 27, 1954, on charge of violating the Multiple Dwelling Law; and

WHEREAS, on October 27, 1954, a charge of violating the Multiple Dwelling Law was dismissed against the owner in Magistrates Court, Brooklyn; and

WHEREAS, the applicant states that this four story building was erected under N.B. App. 1486/07 and used as a store and 6 family new law tenement; that, however, the neighborhood changed into a furniture mart and the families moved out and the entire building is now being used by the owner as a furniture showroom with one tenant occupancy without a certificate of occupancy; that an alteration was performed wherein the main stairway terminated within the store on the first floor near the front by an ornamental run of stair; that this stairway is enclosed in brick and has a fireproof roof in the outer court; that under Alt. App. 4451/49, plans were approved for an extension in the rear yard; and

WHEREAS, the applicant states that the existing exits consist of the following: Cellar—an open 2 ft. 10 in. wide wood stair at the rear leading to the 1st story store; a 1 ft. 8 in. wide steel ladder with trap doors over flush with sidewalk; a 3 ft. 6 in. iron stair at the front with trap door over flush with sidewalk and 2 2 ft. 4 in. doors at front and 2 2 ft. trap doors flush with sidewalk; that the ceiling under the ornamental stair and over the boiler room is of concrete arch; from the first floor, exits consist of a 4 ft. wide open stairway from the 2nd floor enclosed in brick on three sides and equipped with a fireproof roof, an open 2 ft. 10 in. wide wood stair from the rear of the store down to the rear of the cellar, a 3 ft. open wood stairs from first floor sample room in rear extension up to second floor showroom, and a 2 ft. 6 in. door from rear extension at east of first floor extension to outer court which adjoins an outer court of an adjoining tenement; that from the 2nd floor the exits consist of a 3 ft. wide wood main stair enclosed in fireproof blocks with stair platforms and ceilings fire retarded with plasterboards and plaster; that there are no doors in the openings to the stairway; an ornamental fireproof stairs 4 ft. wide leading to first floor and connected by a 4 ft. hall to the main stairs; that there are no doors on this stairway;

MINUTES

that from the second floor rear extension there is a 3 ft. open stair leading to the first story; that there also exists a closet under the main stair leading from second to third floor; and

WHEREAS, the applicant states that the exits from the third and fourth floor consist of a 3 ft. wide wood main stair enclosed in fireproof blocks with platforms and ceilings fire retarded with plasterboards and plaster, there are no doors on this stairway; there is a multiple dwelling type fire escape on the rear wall serving the third and fourth floors; that at the foot of the main stair leading to roof on the fourth floor there exists a wood door and wood enclosure; and

WHEREAS, the applicant states the exit from the roof consists of the main stair of wood construction leading to the roof bulkhead which is fire retarded with $\frac{1}{2}$ in. plaster boards and plaster and gooseneck ladder leading to the rear fire escape; and

WHEREAS, the applicant states the 4 story building adjoins to the north and south at the same level; and

WHEREAS, the applicant contends as to Objection 1, that it is requested a variance be granted on the grounds that compliance would prove unnecessarily harsh and be practical only in new buildings and should not be made to apply to an existing building; that a modified sprinkler system will be installed in the cellar and first story under the converted dwelling sprinkler Rules and connected to the street supply with separate tap; that the cellar ceiling is $\frac{1}{2}$ in. plasterboards and plaster; and

WHEREAS, the applicant contends as to Objection 2, that a modification is requested as the entire building will be occupied by the owner for the retail sale and display of household furniture and as a rule there are no persons on any floor except the first floor; that it is now proposed to rearrange the second floor hall with new fire retarded partitions and enclosing the stair from the second floor with one hour self-closing fire test door; that this stair will have a continuous enclosure except at the first floor where the stair is enclosed in brick on three sides and with fireproof arches and is open on one side; that this stair terminates 13 ft. 6 in. from the street exit door; that in order to substitute for the required continuous enclosure to the street it is proposed to provide a sprinkler system on cellar and first floor installed in accordance with the usual requirements for converted dwellings; and

WHEREAS, the applicant contends as to Objection 3, that a variance is requested to accept the existing bulkhead as it is constructed of studs and plasterboards and plaster inside and covered on the outside with 26 gauge metal, as required by the Tenement House Law when the bulkhead was erected; and

WHEREAS, the applicant contends as to Objection 4, that it is requested that the existing stairs and hallways be accepted on the grounds that the enclosure partitions in the second, third and fourth floors are fireproof blocks and stair platforms and ceilings are of fire retarded construction as is required by the Tenement House Law which also required a 5 in. cinder deafening in the platforms; that a new fire retarded stair hall passage be constructed connecting the present main stair and the present ornamental stair leading to first floor; that all door openings in the stair hall be protected with one hour self-closing fire test doors and steel bucks and provided with exit signs and lights; that the auxiliary wood stairway enclosure on the fourth floor be completely removed; that closet under the second floor stairway be removed; and

WHEREAS, the applicant contends as to Objection 5, it is requested that the walls be accepted on the grounds that 8 in. walls can be erected unbraced for a height of 13 ft.; that stresses are not exceeded; that the second story walls are well braced to cross walls; that the area is small, the loads are light, and the height is low; and

WHEREAS, the applicant contends generally that the condition is good and, in addition, the cellar and first floor will be sprinklered, that the main stairs will have enclosure and fireproof doors and the cellar stairs will be enclosed in fireproof construction; that all exit doors will have approved

exit signs and light; that a wrought iron stationary ladder will be provided in the second floor rear extension leading to a new 2 ft. by 3 ft. scuttle in the roof so that access to the roof can be provided; that fire escape stair of the rear fire escape will be extended to the roof of the second story extension; that the trap doors of the southerly street cellar stairs will have no locks on the outside but will have draw bolts on the inside; and

WHEREAS, the applicant requests in view of the above proposals and in consideration of the very light occupancy. it is requested that the relief herein sought be granted; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated November 1, 1954, acting on Alt. App. 4451/49, Objections 1 to 5 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the building to be occupied as to the cellar, first and second floors only, as proposed, as indicated on plans filed with this application, marked "Received June 27, 1956" (4 sheets) *on condition* that the building shall not be increased in height or area; that this variance shall continue only so long as the building is occupied as proposed as a furniture store with the upper two floors kept vacant; that the fire escape at the rear of the building shall be put in good condition with gooseneck ladder to roof and counterbalanced ladder from the second story roof to the court on the premises from which means of exit shall be by access to the adjoining property whence there shall be a means of exit direct to the street; that the cellar ceiling shall be fire retarded as proposed; that the windows on the court as indicated shall be protected with studs and plasterboard so as to make a protective enclosure; that a door shall be maintained at the stairs at all points above the first story and such door shall be fireproof and self-closing so as to provide a stairway enclosure; that the stairway shall be protected with a sprinkler system of a type as approved for multiple dwellings, with a water service line from the street main; that similar sprinklers shall be maintained in the cellar fed from the above required street line and on the first floor; that in all respects the building and occupancy shall comply with all rules and regulations applicable thereto.

412-56-A

APPLICANT—Burke, Green and Groh, for Louis and Grace Molinari, owners (Grace Letter Shop, lessee).

SUBJECT—Application June 1, 1956—Appeal from a decision of the borough superintendent, re use of frame building, re stairway, etc.

PREMISES AFFECTED—89-29 162nd street, east side, 283 ft. $2\frac{1}{4}$ in. south of 89th avenue, Block 9761, Lot 28, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh, and Louis Molinari.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 14, 1956, on Amendment to Alt. Applic. 2971/55 reads:

"1. The use of the premises as offices on the first and second floors of a frame class IV building is contrary to 4.1.3 (5a) Building Code.

"2. It is unlawful to open a toilet room into the enclosure of a required stairway 6.4.1.8.2 (2a) Bldg. Code."

and

WHEREAS, the applicant states the building is 3 stories, 24 ft. in height, 22.5 ft. front by 63.31 ft. irregular in depth at street level, 45.2 ft. in depth at typical floor level, of class IV construction, erected prior to 1916, located on a

MINUTES

lot 37.6 ft. front by 127.6 ft. in depth, in a retail use, B area, Class one height district, and used and occupied as follows: cellar—boiler room and storage; 1st floor—store (stationery and mimeographing), 2 persons; 2nd floor—dwelling, one family; 3rd floor—dwelling, one family; both apartments now vacant; and proposed to be used and occupied as follows: cellar—boiler room and storage; 1st floor—store (stationery and mimeographing), 2 persons; 2nd floor—office, 10 persons; 3rd floor—office, number of occupants not stated. The building is provided with two interior stairs, 3 ft. 6 in. wide of frame construction, extending to roof bulkhead and direct to street; that stairs are not provided with doors at openings thereto; and

WHEREAS, the applicant states that the owner occupies the ground floor as a stationery and mimeographing establishment and the two floors above consist of a 4-room apartment on the second floor and a 5-room apartment on the third floor, both apartments now vacant; that it is proposed to change the use of the second and third floors to offices; and

WHEREAS, the applicant states that the building contains 3 in. by 4 in. studs with sheathing; north lot line consists of an existing brick filled party wall; that it is proposed to construct a toilet at the stairway leading to the second floor landing and to convert the second story into offices and to construct a toilet on the third story landing and similarly arrange the third story for office use; that the stairways are of frame construction, firestopped on all floors; that the exterior of the building on the first floor is brick and is surfaced with asbestos shingles above; that the roof is of metal; and

WHEREAS, the applicant contends that there are many similar buildings in Jamaica used for similar purposes; that every precaution will be taken to make the establishment as safe as possible; that in 1932 a permit was issued for the conduct of a restaurant and the restaurant use continued until 1940; that the proposed use is less hazardous than the previous restaurant use; that it is therefore requested that the Board act favorably on this application; and

WHEREAS, the premises was inspected by a committee of the Board, and the committee found that the work had been substantially completed ahead of the action by this board on the variance.

Resolved, that the decision of the Borough Superintendent, dated May 14, 1956, acting on Alt. App. 2971/55, Objections 1 and 2 be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the use of the present building as a store on the first floor and offices on the two upper floors with no occupancy in the attic, substantially as proposed and as indicated on plans filed with this application marked "Received September 5, 1956" (3 sheets), and "September 28, 1956" (1 sheet), *on condition* that the building shall not be increased in height or area and shall be occupied only as proposed for office work without any manufacturing or display of materials on the two upper floors and also to permit the use of toilet rooms off the stair landings on the second and third floor; that in all other respects the building and occupancy shall comply with all laws and rules applicable thereto.

COURT DECISIONS.

Matter of Northfield Civic Corporation, Inc., et al:—On May 3, 1955, the Board granted a variance under Sections 7e, 7f, 7i and 7A of the Building Zone Resolution, to permit in the business use portion of a plot located in a residence use and business use district, the erection and maintenance of a gasoline service station, auto laundry, lubricatorium, motor vehicle repairs, storage and sale of accessories and an office, with an entrance (curb cut) nearer the residence use district than is permitted, and to permit the parking of cars waiting to be serviced; Cal. No. 881-54-BZ; Premises 218-10 Northern Boulevard, south side, from Springfield Boulevard to 218th Street, 45-02 to 45-12 Springfield Boulevard and 45-01 to 45-09—218th Street, Bayside, Borough of Queens.

On June 9, 1955, Copy of Certiorari was served by petitioners, objecting property owners.
At Special Term, Supreme Court, Mr. Justice Rabin sustained the Board, stating in part:

"This is a motion by the Board of Standards and Appeals of the City of New York to vacate an order of certiorari obtained pursuant to section 668-e-1.0 of the Administrative Code of the City of New York to dismiss the petition upon which it was granted and to affirm the determination of the Board of Standards and Appeals.

After due notice and a complete hearing with an opportunity for those appearing in opposition to interpose any and all objections, an inspection of the site and the neighborhood was made by a committee of the board, which thereupon unanimously granted the variance under review with certain conditions and safeguards as to adequately preserve the surrounding properties in such a manner as not to be detrimental to public health, safety and general welfare. It does not appear from the entire record that in so acting, the respondent board abused its discretion, or acted in bad faith, or that its action was unreasonable, arbitrary, discriminatory or illegal. Under these circumstances it would be an abuse of discretion for this court to substitute its judgment for that exercised by the respondent board, consisting as it does of men with special qualifications of training and experience' * * *. Accordingly, the motion by the respondent board to vacate the order of certiorari and to dismiss the petition is granted and the determination under review confirmed without costs" (N. Y. L. J. August 23, 1956).

Matter of Ethel Gordon, et al vs. Harris H. Murdock, et al:—On April 24, 1956, the Board denied an application under Section 7, subdivisions f, i and 7A of the Zoning Resolution to permit in a business use district, the erection and maintenance of a gasoline station, lubricatorium, office, auto laundry, minor repairs, parking of cars waiting to be serviced, with ground signs, curb cuts and show windows closer to the residence use district than is permitted; Cal. No. 624-55-BZ; Premises 202-15 Northern Boulevard and 43-22 to 43-30—203rd Street, northwest corner, Bayside, Borough of Queens.

At Special Term, Supreme Court, Mr. Justice Stier, affirmed the Board's action (N. Y. Law Journal, September 17, 1956, page 11), in the following decision:

"In a proceeding brought to review and annul respondent's determination, denying to petitioners permission to erect a gasoline station, respondents move for an order vacating the order of certiorari and affirming the determination. The motion is granted. This court cannot say, on the record before it, that the respondents acted either arbitrarily or illegally in denying petitioner's application. The situation existing on the southerly side of Northern Boulevard in the area in question is markedly dissimilar to that existing on the northerly side, the side on which petitioners seek to erect the gasoline station. Submit order."

ert, Commissioner Keating and Deputy Chief Con-
nolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on January 18, 1955 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on September 11, 1956 after due notice by publication in the Bulletin; laid over to October 9, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Kings highway are in a business use, C area, class 1 height district; Farragut road is in business and unrestricted use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated December 2, 1954 acting on N.B. Applic. 1321-54, reads:

"1. Proposed auto laundry in a Business District is contrary to Article II, PP. 4(a), subsection 52 of the Zoning Resolution."

and

WHEREAS, the decision of the borough superintendent, dated January 21, 1955 acting on Alt. Applic. 3824-54, reads:

"1. Proposed alteration and extension of existing gasoline service station, office and parking of more than five (5) cars & sales of used cars to gasoline service station, office and sales, lubritorium, automobile repairing, body and fender work, incidental painting and spraying, welding, minor auto repairs, storage, parking and storage of motor vehicles in a Business use district is contrary to Article II, PP. 4(a), subsections 4, 29, 46 and PP. 6 of the Zoning Resolution and previous Board case calendar #803-26-BZ.

2. Existing gasoline pumps were previously approved to be 15' from the Bldg. Line, the location as indicated does not agree with the plan as approved under Application #NB 4804-28.

3. Frame sign above roof level is contrary to Article II, PP. 4a, subsection 49 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 ft. frontage by 100 ft. in depth, presently developed with a gasoline service station consisting of four 550 gallon gasoline tanks, three dispensing pumps and two 1-story buildings of class 3 and class 5 construction, designated as Building No. 1 and Building No. 2; that building No. 1 is one story in height, of class 5 construction, with a frontage of 21 ft. and a depth of 48 ft., being a one-half completed Quonset hut, now occupied as an auto laundry and was erected without a permit; that building No. 2—the open area on the southerly part of the site is being used for the parking and storage of motor vehicles; that this building is one story in height, of class 3 construction, having a frontage of 73 ft. 9 in. and a depth of 54 ft. 8 in., irregular, and is now being used for office and sales, lubritorium, minor auto repairs, auto repairing, body and fender work, incidental painting and spraying, welding and storage and was erected without permits, except that part of building No. 1 designated as "A" with a frontage of 18 ft. and a depth of 17 ft. 8 in. was erected under N.B. No. 4804 of 1929 and Cal. No. 803-26-BZ for use as an office in conjunction with the gas station; that the plot size as approved under Cal. No. 803-26-BZ for a gas station had a frontage of 100 ft. on Kings highway, 100 ft. on the westerly lot line, 100 ft. on the northerly lot line and 100 ft. on the southerly lot line and occurred 320.76 ft. south of Farragut road; that certificate of occupancy No. 54706 was issued for use as a gas station and office; that the open area on the southerly part of the site now being used for parking and storage of motor vehicles and sales of used cars was installed under Alt. Applic. 4089-53 covering a frontage of

80 ft. and a depth of 100 ft.; that no certificate of occupancy has been issued; that it is proposed to continue the use of said gas station and extend it so that the overall frontage on Kings highway will be 200 ft.; that it is also proposed to maintain the existing uses of auto laundry, office and sales, lubritorium, minor welding and storage; that it is further proposed to install two additional gasoline pumps and four new 550 gallon gasoline tanks, making a total of eight tanks; that it is also proposed to extend the present auto laundry building which is of class 5 construction, from its present length of 24 ft. to a final length of 48 ft. by a width of 21 ft.; and

WHEREAS, the applicant contends that inasmuch as part of the site now has a legal use of gas station, its extension to 200 ft. frontage on Kings highway and the maintenance of the existing uses of gas station, auto laundry, office and sales, lubritorium, minor auto repairs, auto repairing, body and fender work, incidental painting and spraying, welding, parking and storage of motor vehicles, will not materially affect the adjoining properties; that the site is adjoined on the west by an unrestricted zone which precludes the use of this site for a conforming use; that there are many non-conforming uses in the area which occur in the business part of the affected area, as follows: block 7969, lot 60—gas station; block 7948, lot 22—gas station; block 7949, lot 17—gas station; and

WHEREAS, the applicant further states that the three present gasoline pumps are located approximately 12 in. back of the Kings highway building line and it is proposed to maintain said pumps in their present location; that the present curb cuts are being reduced in size to 30 ft. providing greater pedestrian safety; that the resetting of the pumps to 10 ft. back of the building line would be a hardship due to the proximity of the gas station buildings; that the present roof sign is only 5 ft. high and 50 ft. in length and sets approximately 28 ft. 8½ in. back of the building line; that the sign is flush with the face of the building and sets directly on the parapet of said building; that the total height from grade to the top of the sign is only 16 ft.; and

WHEREAS, the applicant states that the present owner has held title to lots 65 and 66 since January 27, 1950 and to lot 71 since October 2, 1953; that the assessed valuation of land is \$31,500 and of the buildings \$6,500 making a total of \$38,000; that the buildings were erected in 1928; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and the committee recommended that the application should be granted on condition.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 29, 1936 to permit the reconstruction and extension of the existing service station, as previously permitted, and as now proposed and as indicated on plans filed with this application marked "Received December 21, 1954", 3 sheets, *on condition* that the premises shall be graded and levelled substantially to the grade of Kings highway and reconstructed and rearranged as proposed and as shown on such plans; that the Quonset type of building to the north for auto laundry may be continued as shown provided a new front is constructed of masonry, facing Kings highway; that the proposed extension to the west for parking and storage in conjunction with the adjoining gasoline service station shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that curb cuts shall be restricted to the present curb cuts as relocated and extended as indicated on plans showing proposed conditions consisting of three curb cuts 30 ft. each in width, with no portion of any curb cut nearer than five feet to a lot line as prolonged; that the sidewalks and curbing in front of the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that along the interior and rear lot lines there shall be constructed a woven wire fence of the chain link type not less than five feet six inches in height; that the existing pumps may remain but that any new pumps shall be of a low approved type and located not nearer than 15 feet to the street building line; that such portable fire fighting appli-

MINUTES

ances shall be maintained as the Fire Commissioner shall direct; that all uses previously granted may be continued and all work required shall be completed where not inconsistent with the terms of this amended resolution; that the number of gasoline storage tanks shall not exceed ten 550 gallon tanks, which may include the existing tanks provided such existing tanks are tested by the Fire Commissioner and found suitable for reuse; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps and permitting two post standards, one to the north and one to the south, each supporting a sign, which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. No. 129-55-A; and that all permits shall be obtained and all work completed and a new certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

129-55-A

APPLICANT—Lama, Proskauer and Prober, for Benjamin Siegel, owner.

SUBJECT—Application February 15, 1955—Appeal from a decision of the borough superintendent—re building line, wood sign.

PREMISES AFFECTED—5238-5260 Kings highway, west side, 300 ft. 8¼ in. south of Farragut road, Block 7969, Lots 65, 66 and 71, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-	
ert, Commissioner Keating and Deputy Chief Con-	
nolly	4
Negative	0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, acting on Alt. App. 3824-54, dated January 21, 1955, reads:

"4. Wood sign above roof is contrary to section 10.12.1 B.C."

and

WHEREAS, the applicant states the premises consist of a plot with a frontage of 200 ft. and a depth of 100 ft. on which exists a 1-story 13 ft. high Class 3 constructed building, 73 ft. 9 in. front by 54 ft. 8 in. in depth, erected in 1953 in a business use, C area, Class 1 height district; used and occupied since 1953 as a gasoline service station, office and sales, lubricatorium, auto repair shop, body and fender shop, incidental painting and spraying, welding, storage, parking of motor vehicles and automobile laundry, for which no certificate of occupancy has been issued; and

WHEREAS, the applicant states the premises are developed with a gasoline station, consisting of four 550 gallon approved type gasoline tanks and three approved dispensing pumps and a one 1-story Class 3 construction and one 2-story Class 4 constructed building, designated as Buildings No. 1 and No. 2, respectively, on plans filed with application for a zoning variance under Cal. 803-26-BZ, Vol. III; and

WHEREAS, the applicant states that Building No. 1 is of Class 5 construction, 21 ft. by 48 ft. in area, consisting of a half completed Quonset hut now used as an auto laundry and erected without a permit; that Building No. 2 is one-story high, of Class 3 construction, 73 ft. 9 in. in area, irregular, now used for office and sales, lubricatorium, minor auto repairs, body and fender work, incidental painting and spraying, welding and storage, erected without a permit except that part of Building No. 1 designed as "A" on plans having a frontage of 18 ft. and a depth of 17 ft. 8 in. was erected

under N.B. No. 4804/29 pursuant to a variance granted by the Board under Cal. 803-26-BZ for use as an office in conjunction with the gasoline service station; that the plot size as approved under this calendar number for use as a gasoline service station had a frontage of 100 ft. on Kings highway and 100 ft. on the westerly lot lines and 100 ft. on each of the northerly and southerly lot lines and occurred 320.76 ft. south of Farragut road; that Certificates of Occupancy No. 54706 was issued for use as a gasoline service station and office; that the open area on southerly part of the site now used for parking and storage of cars and sale of used cars was installed under Alt. App. 4089/53, covering a frontage of 80 ft. and a depth of 100 ft. and no certificate of occupancy has been issued for this portion; and

WHEREAS, the applicant states it is proposed to maintain the existing uses and extend the frontage of the existing gasoline station from 100 ft. to 200 ft.; and

WHEREAS, the applicant contends as to Objection 4 issued by the borough superintendent that the existing roof sign of frame construction, 25 ft. high and 50 ft. long sets approximately 28 ft. 8½ in. back of the building line; that this sign rests directly on the parapet of the building and the top of sign is only 16 ft. above grade; that the sign rests on the building of Class 3 construction and does not present any hazard; and

WHEREAS, the premises was inspected by a committee of the Board in conjunction with Cal. No. 803-26-BZ, Vol. III.

Resolved, that the decision of the borough superintendent, dated January 21, 1955, acting on Alt. App. 3824-54 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the existing sign, covered with metal and partly erected on brick, as indicated on plans filed with Cal. No. 803-26-BZ, Vol. III, *on condition* that such sign shall not be extended and shall be maintained in a safe structural condition; and that in all other respects the resolution as adopted this day under Cal. No. 803-26-BZ, Vol. III, shall be complied with.

673-54-BZ

APPLICANT—Leonard F. Rothkrug, for Bessie Marsala, owner.

SUBJECT—Application July 30, 1954—(decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a residence use, D area district, the extension of existing structure using more than the area permitted.

PREMISES AFFECTED—111-117 Bay 50th street, southeast corner of West 17th street, Block 6924, Lot 53, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-	
ert, Commissioner Keating and Deputy Chief Con-	
nolly	4
Negative	0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 11, 1956 after due notice by publication in the Bulletin; laid over to October 9, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Bay 50th street, West 17th street and Avenue Y are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated July 26, 1954 acting on Alt. Applic. 211-54, reads:

"12. Extension of business use in a Residence zone is contrary to Article II, PP. 3 and P. 6 of the Zoning Resolution.

MINUTES

"13. Proposed extension in a D area zone exceeds permitted coverage and is contrary to Article IV, PP. 14 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 82 ft. frontage by 57 ft. in depth, irregular, on which is located a two story and basement building of class 4 construction, used as restaurant, bar and grill, dining room and dwelling for two families; that it is proposed to occupy the premises as a restaurant, bar and grill, dining room and dwelling for two families; and

WHEREAS, the applicant states that the premises are located in a residence use, D area, class 1 height district; that on July 25, 1916 the property was in an undetermined use district and rezoned to a business use on March 23, 1923; that it was rezoned to its present use designation on July 29, 1940; and

WHEREAS, the applicant states that the premises consist of a triangular plot 82.55 ft. front on Bay 50th street, by 60 ft. and 56.89 ft. in depth on which is presently erected a two story and basement frame building, 29 ft. front on Bay 50th street by 57 ft. 8 in. in depth, irregular, 24 ft. in height, erected prior to 1926, at which time the building was altered under Alt. Permit 12585-26 by raising the then existing frame dwelling for two families and creating a new floor for store use, having exterior masonry walls on footings resting on the existing soil, and there is also erected a one story triangular shaped building 46 ft. 6 in. by 36.89 ft. in depth, irregular, erected in 1942, of class 4 construction, used and occupied as a dining room in conjunction with the restaurant in the adjoining building; and

WHEREAS, the applicant contends that although the premises is located within a residence use district, a large tract of land to the north and west of the site is in an unrestricted use district; that the subject premises was located in an unrestricted use district at the time of the passage of the zoning resolution and rezoned to a business use on March 23, 1923; that the restaurant use was established in 1926 and occupied continuously and is therefore a legal non-conforming use; that the premises was rezoned to a residence use district on July 29, 1940; that a large percentage of the property within the area affected by this appeal is vacant and undeveloped and there are stores in the buildings on either side of the subject premises; and

WHEREAS, the applicant further contends that the uses are retail uses customarily found in a residential neighborhood; that block 6924 in which the premises is located is an irregularly shaped block in that a triangular piece of the block, at the point where the premises is located, has been cut off; that further, the tax block, which ordinarily would be parallel with the adjoining tax blocks, is at an angle with block 6917; that were it not for these irregularities, it is believed that the premises would have been zoned to a local retail use district at the same time as other areas of like nature within the neighborhood were zoned; that the records of the department of buildings show the occupancy of the two story and basement building to be a store and two families, although no certificate of occupancy was ever issued; that the balance of the plot, on which the one story building is located, is an irregular triangle gore of land of insufficient dimensions to adequately be used for any purpose except as proposed in conjunction with the existing building, and represents the natural expansion of a neighborhood business; that unless the premises was improved as it has been improved, it is doubtful that any other improvement could have been made since the area is so small and irregular in shape; that the catering which is performed for small neighborhood weddings and similar functions is consistent with the type of catering permitted in a residence district; that the dining room is used infrequently and rarely more often than twice a week; that the business is operated by the owners of the building; and

WHEREAS, the applicant states that the present owner has held title to the property since January 16, 1942; that the assessed valuation of land is \$1,450 and of the building

\$6,950 making a total of \$8,400; that the building was erected prior to 1926; and

WHEREAS, the premises and surrounding area were inspected by a Committee of the Board which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7c, to permit the continuation of the existing structure substantially as proposed and indicated on plans filed with this application, marked "Received July 30, 1954", 5 sheets, and "April 11, 1956", 1 sheet, on condition that the building shall not be increased in height or area and shall be continued to be used in conjunction with the existing structure on the same lot; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as may be modified by the Board by resolution adopted this day under Cal. 674-54-A; that such fire-fighting equipment shall be installed as the fire commissioner shall direct; and that all permits required, including a new certificate of occupancy, shall be obtained and all work completed within six months from the date of this resolution.

674-54-A

APPLICANT—Leonard F. Rothkrug, for Bessie Marsala, owner.

SUBJECT—Application July 30, 1954—re Appeal from a decision of the borough superintendent—construction and exits.

PREMISES AFFECTED—111-117 Bay 50th street, southeast corner of West 17th street, Block 6924, Lot 53, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly

Negative

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated September 10, 1956, on Alt. App. 211-54 reads:

"7. Boiler room exit to comply with 6.1.2.5. BC and to lead directly to street.

"10. Extension of fill ground is contrary to 7.5.2. BC."

"11. Frame extension to be used for business purposes is contrary to 2.1.3.5. and 4.2.1. BC."

and

WHEREAS, the applicant states the building is two stories and basement, 28 ft. in height, 82 ft. front by 57 ft., irregular in area, 29 ft. front by 57 ft. irregular in area, at second floor level, of class 4 construction, erected prior to 1926, located on a lot 82 ft. front by 57 ft. irregular in depth, in a residence use, B area, class one height district and used and occupied since 1942: cellar—ordinary; 1st floor—restaurant, bar and grill and dining room, 150 persons; 2nd floor—dwelling one family; 3rd floor—dwelling, one family; that the building is provided with one 3 ft. wide wood stairs enclosed in partitions of wood studs and plaster equipped with wood doors which are not self-closing; stairhall leads direct to street and is provided with a ladder and scuttle to roof; no certificate of occupancy has been issued for the building; and

WHEREAS, the applicant states that on these premises there is a two story and basement frame building, 29 ft. on Bay 50th street by 57 ft. 8 in. in depth, irregular 24 ft. in height,

MINUTES

erected prior to 1926, and Altered under Permit No. 12585-26 by raising the then existing frame dwelling for two-families and creating a new floor for store use, having exterior masonry walls on footings resting on the existing soil, and there is a one story triangular-shaped building 46 ft. 6 in. by 36.89 ft. in area, erected in 1942, of class four construction, used and occupied as a dining room in conjunction with the restaurant in the adjoining building; and

WHEREAS, the applicant states that entrance to the upper floors and the exit stairways must have been created at the time of the alteration in 1927 under Permit No. 12585-26 as these conditions now exist; and

WHEREAS, the applicant contends that the boiler room which contains the central heating boiler is small in area, approximately 270 sq. ft., with an interior stair to the store floor, enclosed with masonry materials having a $\frac{3}{4}$ hour fire-proof self-closing door leading thereto; that the cellar ceiling is fire retarded with plasterboard and 26 gauge metal; that buildings in the neighborhood were erected, in the most part, prior to 1920; that the existing three-story building and the adjoining three-story, six family structure also of frame construction rest on the existing ground and show no signs of distress after many years; that the wood frame type of construction was most advisable in view of the possible overloading of the soil and in view of the infrequent and only occasional use of the structure for catering; and

WHEREAS, the premises were inspected by a committee of the Board.

Resolved, that the decision of the borough superintendent, dated September 10, 1956 acting on Alt. App. 211/54 Objections 7, 10, and 11, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the continuation of the existing building, as permitted this day under Cal. 673-54-BZ with the exits as indicated on plans filed with this appeal marked "Received September 11, 1956", 5 sheets, on condition that the requirements of the resolution adopted this day under Cal. 673-54-BZ shall be complied with.

268-55-BZ

APPLICANT—Charles M. Spindler, for William Endico, owner.

SUBJECT—Application April 5, 1955—re (decision of the borough superintendent) under sections 7e, 7f, 7h and 7A of the zoning resolution, to permit in a residence and retail use district for a term of fifteen years, the erection and maintenance of a gasoline service station, lubritorium, auto washing, motor vehicle repairs, storage and sale of accessories and office, with business entrances (curb cuts) nearer the residence use district than is permitted and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot.

ert, Commissioner Keating and Deputy Chief Con-
nolly 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 19, 1955 after due notice by publication in the Bulletin; laid over to July 26, 1955, for inspection and decision; hearing closed; then to September 27, 1955, at request of the applicant for information as to possible acquisition on subject site for approach to Throggs Neck Bridge; then to December 13, 1955, for further information as to the acquisi-

tion of land, including the subject site in connection with approaches for the proposed Throggs Neck Bridge; then to January 31, 1956, for consideration in relation to proposed Throggs Neck Housing Project; then laid over to February 28, 1956, for further information from the Triborough Bridge Authority as to future roadway; then to April 10, 1956, for further consideration; and then laid over, to be placed on the reserve calendar, pending more definite information as to construction of the bridge and the thruway; hearing previously closed; then set for September 25, 1956; and then laid over to October 9, 1956, for determination of present status of roadway and bridge; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and retail use, D and D-D area, class 1 and class 1½ height district; East Tremont avenue is in a retail use, D area, class 1 and class 1½ height district; Dewey avenue is in a retail use, D and D-D area, class 1 and class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated March 30, 1955 acting on N.B. Applic. 425-55, reads:

"1. In a Residence and Retail use districts the proposed 'Gasoline Service Station, auto washing lubrication, office and sale of auto accessories, minor repairs with hand tools only and parking and storage of more than 5 motor vehicles' is contrary to Art. 2, Section 3 and 4-A of the Zon. Res.

2. Proposed curb cuts on E. 177th St. are contrary to Art. 2 Sect. 7-A of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 140 ft. frontage by 89.61 ft. in depth, irregular, presently vacant; that it is proposed to erect a modern gasoline service station; that the building will be faced with porcelain enamel of a type approved by the Board; that pumps will be located along East Tremont avenue and East 177th street and will be set 15 ft. back from the building lines; that an iron picket fence on a concrete base will be provided along all interior lot lines and planting and shrubbery, protected by a concrete curb, will be provided all along these interior lot lines; that the balance of the station will be leveled to street grade and paved; that the minor repairing herein requested under section 7i consists of minor repairs using hand tools only and will be confined to the interior of the accessory building; that since there is less than 30 ft. of the retail zoned frontage on East 177th street, it is impossible to provide curb cuts on this street complying with section 7-A and a modification of this section is therefore requested for these curb cuts; and

WHEREAS, the applicant further states that there is a vacant plot of ground adjoining the site on East Tremont avenue with a frontage of 150 ft., known as lot 32, and a portion of the present lot 32 is being included as part of the site under appeal; that the balance will remain vacant, under the same ownership as the site, to be developed for a conforming use; that the only other property abutting the subject site (lot 8) is developed with an office building and adjoining this lot on East 177th street is a miniature golf course located on lot 9; that both lots 8 and 9 are located within the residence district so that this portion of the street is already commercial in character and will not be adversely affected by the instant proposal; that diagonally opposite the site in block 5561, lot 95, and fronting on the same three streets as the site, is a vacant lot which was the subject of a variance by the Board under Cal. No. 319-32-BZ, permitting the construction of a gas station; that this was never constructed; that in 1950 a similar permit to construct the gas station was again granted, again not built, and a third application for a reissuance of a similar permit is now being considered by the Board under Vol. III of that case; that there is another gas station within the affected area on East Tremont avenue in block 5439, lots 3 and 5, which was extended in area under a variance granted by the Board under Cal. No. 773-47-BZ; that within the affected area, there is a public school located at the northeast corner of

MINUTES

Dewey avenue and Edison avenue in block 5440, Lot 1; that however, because of the large open area created by the intersection of three streets at this point, there is no direct legal crossing between the school and the site; that along the line of street travel, school entrances are well in excess of the minimum requirement under section 21A; that also, the majority of children in this thinly settled area arrive and depart by school bus, so that curb cuts create no pedestrian hazard; and

WHEREAS, the applicant states that the portion of the property within 100 ft. of East Tremont avenue is presently zoned as a retail district, a class 1 height district and a D area district; that the remainder is zoned as a residence district, class ½ height district and a DD area district; that as of July 25, 1916 all of the property was zoned as a business district; class 1¼ height district and a C area district; that on June 2, 1952 the portion of the property more than 100 ft. from East Tremont avenue was changed to a residence district, class ½ height district and a DD area district; that on April 20, 1953 the portion within 100 ft. of East Tremont avenue was changed to a retail district, class 1 height district and a D area district that no zoning amendment relating to this property is pending at the present time and

WHEREAS, the applicant states that the present owner has held title to the property since May 4, 1950 and that the assessed valuation of land is \$15,900 and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e, f, h and 7A of the zoning resolution and

WHEREAS, it appears that the proposed roadway to the proposed Throggs Neck Bridge would require a taking of the property and this is among the reasons not warranting favorable action; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on N.B. App. 425-55- , Objection No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

408-55-BZ

APPLICANT—Gilda DeGiuseppe, owner.

SUBJECT—Application May 19, 1955—re (decision of the borough superintendent under section 21 of the zoning resolution, to permit in a unrestricted use, C area district, the erection of a 2 story factory building of class 3 construction, using more than the area permitted.

PREMISES AFFECTED—1368-1370 39th street, south side, 120 ft. west of 14th avenue, Block 5298, Lot 34, Borough of Brooklyn.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly

Negative

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 9, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 39th street are in an unrestricted use, C area, class 1¼ height district; 14th avenue is in unrestricted and business use, C area, class 1¼

height districts; and

WHEREAS, the decision of the borough superintendent, dated September 10, 1956 acting on N.B. Applic. 758-54, reads:

"1. Proposed building in a "C" area zone exceeds permitted coverage and is contrary to Article IV, PP. 13 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consists of a plot, 40 ft. frontage by 95 ft. 2½ in. in depth, on which is located a one story metal shed, to be demolished; that it is proposed to erect and maintain a two story factory building of class 3 construction, 39 ft. 10 in. front by 95 ft. in depth; and

WHEREAS, the applicant states that the total area of the lot is 3,807.08 sq. ft.; permitted area coverage—2,284.25 sq. ft.; proposed area coverage—3,784.14 sq. ft.; excess area coverage—1,499.89 sq. ft.; and

WHEREAS, the applicant contends that the cost of the land is excessive for a 60% coverage on area; that most of the buildings in the area occupy a full 100% area, prior to the zoning resolution; that the area is old and is used for rough purposes generally; that the proposed building is not of an obnoxious nature and will not be detrimental to the general area in any manner; that the ratio of permitted building area (60%) to plot is uneconomical and not feasible for the purposes intended; and

WHEREAS, the applicant states that the present owner has held title to the property since January 12, 1954 and that the assessed valuation of land is \$7,400; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 to permit the extension of the proposed two story building substantially as proposed and as indicated on plans filed with this application marked "Received May 19, 1955", one sheet, and "September 11, 1956", 4 sheets, *on condition that* the first story at the rear shall not be constructed more than one story in height, as shown on such plans; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the building shall not be further increased in height or area; that such fire fighting equipment shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 11, 1956, after due notice by publication in the Bulletin; laid over to October 9, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, G area, and class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated April 2, 1956, acting on N. B. Applic. 3362-55, reads:

"1. Proposed building less than 20 ft. from the bed of a mapped street in a "G" area district is contrary to Art. IV, Sec. 16-B of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 85 ft. frontage, by 90 ft. in depth, now vacant; that it is proposed to erect and maintain a one-family residence; and

WHEREAS, the applicant contends that problems of great magnitude have been encountered in the design of this house as a result of the excessively sloping character of the land, which is so severe that no one would undertake the difficult task of building on it, and at the time of purchase tax liens amounted to \$1300 (accumulated over a period of 20 years) all of which have been paid by the applicant; that the main use of the property was refuse dumping; that due to this excessive slope it became necessary to locate the structure closer to the street than the setback requirements would allow; that up to November 20, 1952, Hanford street (on which the property fronts) was mapped as a 30 ft. wide street, but widening to 50 ft. was approved by the Board of Estimate on that date; that it is doubtful that the widening will ever take place since all property owners fronting on that street are determined against it; that it is in effect, however, with respect to the 20 ft. setback required in this case, and that sets the structure so far down the hill that building becomes excessively uneconomical, and almost altogether problematic; and

WHEREAS, the applicant states that the present owner has held title to the property since August, 1953, and that the assessed valuation of the land is \$1300; and

WHEREAS, the applicant states that the zoning of the site was changed from business to residence and from class 1 to class ½ on December 19, 1938, and from D to F on April 21, 1933 and from F to G on August 2, 1945; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 to permit the location of the building as proposed and as indicated on plans filed with this application marked "Received April 9, 1956", 4 sheets and "July 31, 1956", 2 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified by resolution adopted this day under Cal. No. 316-56-A; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

316-56-A

APPLICANT—James J. Manoussoff, for John Manoussoff, owner.

SUBJECT—Application April 9, 1956—Appeal from a decision of the borough superintendent, re use of cellar for living quarters.

PREMISES AFFECTED—46-70 Hanford street, west side, 665.65 ft. south of Alameda avenue, Block 8167, Lot 52, Douglaston, Borough of Queens.

APPEARANCES—

For Applicant: James J. Manoussoff.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly

Negative

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated April 2, 1956, on N.B. 3362/55 reads:

"2. Use of a cellar for living quarters is contrary to Sec. 5.1.1. of the Building Code."

and

WHEREAS, the applicant states the premises consist of a lot 85 ft. front by 90 ft. in depth, in a residence use, G area, Class ½ height district, upon which it is proposed to erect a one-story building 8 ft. in height above grade, of Class 3 construction, for occupancy as follows: cellar—living room, kitchen and dining room; 1st floor—bedrooms and bath, total, 1 family dwelling; and

WHEREAS, the applicant contends that due to inherent difficulties in building a house on this excessively sloping plot the living room, dining room and kitchen were placed more than 50% below the level of the nearest point of the nearest curb; and

WHEREAS, the applicant contends that the cellar space as indicated on plans filed with this appeal is provided with several times the minimum window requirements of the Administrative Code; that the Code could not provide for the circumstances in this special case and it is therefore requested that a variance be granted authorizing the construction of the dwelling as indicated on plans filed herewith with the living room, dining room and kitchen below the nearest point of the nearest curb; and

WHEREAS, the premises was inspected by a committee of the Board in conjunction with Cal. No. 315-56-BZ.

Resolved, that the decision of the borough superintendent, dated April 2, 1956, acting on 3362-55, Objection No. 2 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution as adopted this day under Cal. No. 315-56-BZ shall be complied with and that the use of the cellar for living quarters shall not include sleeping rooms.

Adjourned: 1:15 P.M.

JOSEPH J. DOYLE, Chief Clerk.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 585-51-SA

Subject:—Whitlock Fuel Oil Heaters, Types R, V, V-1, and V-1-W.

The Whitlock Manufacturing Company, owner-manufacturer filed August 10, 1951 an application with the Board of Standards and Appeals for approval of the Whitlock Fuel Oil Heaters Types R, V, V-1 and V-1-W under the provisions of C 19-57.0 Administrative Code and the Oil Burner Rules of the Board of Standards and Appeals.

Purpose

Heaters for reducing the viscosity of fuel oil.

Description

The heaters are of all steel construction excepting the gaskets which are of compressed asbestos.

The construction is shell steel pipe shell covers rolled steel bolted to front and rear shell flanges. Oil distributing heads in space in shell between tube sheets and shell cover. The tubes are $\frac{5}{8}$ " O.D. by 16 BWC seamless steel. The tube sheets are rolled steel welded to shell. Oil and steam sides are tested to 300 p. 3; hydrostatic pressure.

The type V-1 is a straight tube with heater sizes 101, 102, 103, 104.

Type W varies in sizes from 6 to 25 and in length, weight and diameter of head and shell. Shell and tube sections are tested at least 50% higher than working pressure or to the pressures specified.

Type R varies in dimensions 1 weight from size no. 4 shell diameter $8\frac{5}{8}$ " to 28" and weight 200# to 5060 lbs.

Type R junior is of the V bend type.

The Type C.

The tubes are $\frac{5}{8}$ " OD x 16 BWG seamless steel to ASTM spec. A-179 average wall and expanded into drilled, reamed and double grooved tube holes in the tube sheets. Heaters of type "V", "V-1" and "V-1-W" are of straight tube fixed tube sheet design to facilitate cleaning of the tubes. Heaters of Type "R" design are equipped with tubes of the V bend or hairpin type.

These heaters are installed external to the boiler and may be placed in any convenient location. Steam is piped from the boiler to the shell of the heater where it heats the oil which is being pumped through the tubes. The condensate may be returned to the boilers through the boiler feed system or it may be subcooled and discharged to waste.

Inspection and Test

These preheaters were inspected and tested at the Plant of the applicant at Hartford, Connecticut. They were submitted to a pressure of 800 p.s.i.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the Whitlock Fuel Oil Heater Types R, V, V-1 and V-1-W for use in New York City under the provisions of the Oil Burner Rules of the Board including Rule 10 of said Rules, on condition that the condensate shall be discharged to waste in a legal manner and further that the appliance bears a label, permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 585-51-SA".

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

542-55-SA

APPLICANT—Henry Waterman & Brother, Corp., owner.
SUBJECT—Application reopened May 29, 1956—re amendment to resolution as to additional models 816-D-1-N.P., 20-V5D-1-N.P., 20-V5D-1-7-N.P., 1630-D-3-N.P., 1636-4DC-3B-N.P., 1636-D4C-3B-7-N.P., 3053-3-N.P., 3656-3-N.P., 61416-N-N.P. and 262-N.P.—re Waterman Gas Ranges, Models 21-D-1, 21-D-2, 3663-3 and 3653-6; previously approved.

APPEARANCES—

For Applicant: John De Luca

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connolly 3
Negative 0
Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 542-55-SA

Subject: Amendment to resolution as to additional models of gas ranges.

Henry Waterman & Bro. Corp., New York requested by letter dated May 15, 1956 that the resolution adopted December 13, 1955 under Cal. No. 542-55-SA be amended so as to include additional models of domestic gas ranges. The application was reopened by a vote of the Board May 29, 1956.

Purpose

The appliances are domestic gas ranges used for cooking purposes.

Description

The Board approved various models of domestic gas ranges under the above Calendar number on December 13, 1955. The requested models are similar to those approved except that the pilot light has been removed.

Recommendation

The Committee on Test recommends that the resolution adopted December 13, 1955 under Cal. No. 542-55-SA be amended so as to include the models 816-D-1-N.P., 20-V5D-1-N.P., 20-V5D-1-7-N.P., 1630-D-3-N.P., 1630-D-3-7-N.P., 1636-D4C-3B-N.P., 1636-D4C-3B-7-N.P., 3053-3-N.P., 3656-3-N.P., 6415-N.P., and 262-N.P. which may be constructed without a device which shall automatically shut off the gas as there is no constantly burning flame or thermostat. The Committee further recommends that all installation comply with the requirements of C26-695.0.9.26 Administrative Building Code as these models have not been approved by a recognized testing laboratory.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution of December 13, 1955 in accordance with the above report.

570-55-SA

APPLICANT—Ohio Chemical and Surgical Equipment Co., owner.

SUBJECT—Application June 22, 1955—Ohio Chemical and Surgical Equipment Co., Inc., Oxygen Tent, Model 25, approval of.

APPEARANCES—

For Applicant: Francis P. Parks.

MINUTES

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connolly 3
Negative 0
Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 570-55-SA

Subject: Ohio Chemical and Surgical Equipment Company, Inc., Oxygen Tent, Model 25.

Frank Parks for Ohio Chemical and Surgical Equipment Company, Inc., Madison, Wis., owner-manufacturer filed June 22, 1955 an application with the Board of Standards and Appeals for approval of the Ohio Chemical and Surgical Equipment Co.'s Heidbrink Oxygen Tent, Model 25 under the provisions of Sections C19-96-0 and C26-191-0 Administrative Code for voluntary use.

Purpose

A portable unit designed to supply cooled air and therapeutic oxygen to a tent or canopy.

Description

The model 25 Heidbrink is designed as a portable unit housing a standard small refrigerating system arranged to cool the atmosphere of an oxygen tent.

The exterior is made up of assembled steel panels mounted on a brazed aluminum tube frame to which are attached four rubber wheeled casters; the rubber used on the casters is of the conducting type. An instrument panel on the cabinet provides for an electric switch to operate the unit, a temperature control and a thermometer to indicate the temperature of the atmosphere in the tent or hood.

The refrigerating system consists of a sealed compressor, air cooled condenser, a receiver, capillary tube refrigerant control and an evaporator coil. The refrigerant charge in the system is less than two pounds of F-12.

Pressure relief is provided by means of a soldered connection on the compressor outlet. The system is designed for continuous rather than cycling operation and temperature control is automatically effected by means of a thermally actuated modulating valve that by-passes a proportioned amount of warm compressed refrigerant gas directly to the evaporator coil when the temperature becomes too low and closes the by-pass when the temperature is too high. The low and high points are determined by the setting of the temperature control on the instrument panel.

The air and oxygen circulating system consists of a sealed corrosion resistant metal compartment in which is installed the evaporator coil and an aluminum belt driven blower fan. Provision is made for draining of condensate from the evaporator coil to a suitable container and a sight glass tube is installed in the front panel to show the amount of condensate. The evaporator compartment is insulated with a non-combustible material. A metal mesh filter is installed in the intake opening of the unit. The motors used in the unit are totally enclosed types and require no lubrication.

In operation, oxygen is supplied through a pressure regulating and metering arrangement from a standard I.C.C. cylinder or from an oxygen piping system.

Inspection and Test

The data submitted was examined at the offices of this Board by Asst. Engr. G. F. Sklenarik, Committee on Test. The unit has been approved by the Underwriter's Laboratories, Application No. 54C1689A, Dated March 28, 1955.

Recommendation

On the basis of the data submitted the Committee on Test recommends the approval of the Heidbrink, Model 25 Oxygen Tent as manufactured by the Ohio Chemical and Surgical Equipment Company, for voluntary use in the City of New York under the provisions of Sections C26-191.0 and

C19.96.0 Administrative Code and the requirements of the Fire Commissioner provided each appliance bears a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 570-55-SA," and also designating the model.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

151-56-SM

APPLICANT—Universal Valve Co., Inc., owner.

SUBJECT—Application February 8, 1956—Univalv New York City Fill Box for Gasoline, sizes 2 inch and 3 inch, approval of.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 151-56-SM

Subject: Univalv New York City Fill Box for Gasoline, Sizes 2 and 3 inches.

Universal Valve Company, Inc., Elizabeth, New Jersey filed February 8, 1956 an application with the Board of Standards and Appeals for approval of the Univalv New York City Fill Box for Gasoline, Sizes 2 and 3 Inches, under the provisions of C19-59f Administrative Code.

Purpose

A fill pipe terminal for gasoline designed to prevent seepage of water or other foreign matter into fill line.

Description

The fill box has a cast iron body with an iron lid that is easily removed with a special wrench. The lid is of the quick locking type requiring an eighth of a turn to seal. The two locking lugs on the inside of the body, 180° apart, are part of the body and are tapered; the corresponding lugs on the lid are machined to fit the taper which insures a tight fit. Gasoline resistant gaskets are used throughout.

The body of the valve is provided with a double outlet, side and bottom, one of which is fitted with a brass threaded plug.

The inside assembly of the valve consists of an iron elbow, a bronze cap, a bronze replaceable insert, and a hinged disc. The inside cage assembly is bolted to the body proper with four bolts, separated by gasoline proof gaskets. The inside cap is threaded and gasketed and is provided with a locking device for a padlock and the elbow extends down into the body with a 90° turn the top of the cage setting well below a high shoulder and includes a double mesh of 20 mesh screen and at the bottom of the turn is a self closing valve.

Inspection and Test

The appliance was examined by Asst. Engr. J. A. Darts, Committee on Test and was found to operate as designed.

MINUTES

Recommendation

On the basis of the inspection and the data submitted by the applicant, the Committee on Test recommends the approval of the Univalv New York City Fill Box for Gasoline, Sizes 2 and 3 inches for use in New York City with gasoline tank installations when installed in accordance with this report and the requirements of C19-59.0.f Administrative Code provided that the cover of the terminal shall have raised letters reading "Gasoline—Cal. No. 151-56-SM" and where there is a storage system for volatile inflammable oil and a storage system for fuel oil to be used in the same premises, the terminal for the fuel oil pipe shall be provided with left handed threads and shall be of a different size than that required for the fill pipe to the gasoline tank.

334-56-SM

APPLICANT—Athol Manufacturing Co., owner.
SUBJECT—Application April 16, 1956—Terson 4212 FRS-MRS (for folding doors in places of public assembly), approval of.

APPEARANCES—

For Applicant: Howard I. Earl.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connolly 3
Negative 0
Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 334-56-SM

Subject: TERSON 4212 FRS-MRS (Flame proof fabric for folding doors).

Athol Manufacturing Co., Athol Mass., filed April 16, 1956 an application with the Board of Standards and Appeals for approval of the material known as Terson 4212 FRS-MRS under the provisions of the Flame proofing Rules of the Board.

Purpose

The material is a flame resistant material to be used in folding doors.

Description

The material is a vinyl plastic coated fabric in which both the coating compound and the cotton fabric have been flame proofed.

The cotton fabric is known as 4.15 Sheeting and the plastic coating is a vinyl synthetic resin plastic.

The cotton backing is flame proofed with the material known as "Reggard A" (approved by the Board under Cal. No. 1089-47-SM).

Inspection and Test

Samples of the material were tested at the Better Fabrics Testing Bureau in the presence of Asst. Engr. J. A. Darts, Committee on Test and W. H. Masterson representing the applicant.

There was no flashing and the average time of glow on all samples tested was $\frac{1}{2}$ second.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection and test the Committee on Test concludes that the material Terson 4212 FRS-MRS possess inherent flame proofing properties and accordingly recommends the approval of this material for use as a flame resistant fabric for use in folding doors. The Committee further recommends that folding doors constructed of this material shall not be used in locations wherein an approved opening protective assembly is required.

Tests on each specific installation or any retests thereof shall be made by The Fire Commissioner or in a laboratory approved by him in accordance with the requirements of the Flameproofing Rules of the Board.

The Committee further recommends that all cartons or containers in which this material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 334-56-SM".

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

547-56-SA

APPLICANT—A to Z Equipment Corp., owner.
SUBJECT—Application July 17, 1956—AZCO Propane Burning Drying Heater, Model 150-A (to supply temporary heating for construction work), approval of.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 547-56-SA

Subject: AZCO Propane Burning Drying Heater, Model 150A (to supply temporary heating for construction work).

The A to Z Equipment Co. of Westbury, Long Island, filed July 17, 1956 an application with the Board of Standards and Appeals for approval of the AZCO Propane Burning Drying Heater Model 150A under the provisions of section C-19.91 of the Administrative Code and the requirements of the Fire Commissioner.

Purpose

A space heater intended for temporary use in the drying of concrete and plaster construction work.

Description

The AZCO Propane Burning Drying Heater, Model 150A is a floor type space heater intended for temporary use in the drying of concrete and plaster construction work during cold weather.

It consists of a 20 ga. cold rolled steel cabinet that stands 21 inches high, 11 inches wide and 25 $\frac{3}{4}$ inches long. Open louvers are cut into the top of the cabinet. A cast iron

MINUTES

burner with slotted openings is installed in the lower portion of the cabinet. The primary air intake is provided with an adjustable air shutter made of cadmium plated steel. Below the burner is a 20 ga. steel bottom pan and a separate floor shield of the same material that serve to protect the surface beneath the burner from heat and also are made to direct the flow of secondary air upward past the burner.

For the use intended the assembled heater is equipped with a brass shut-off valve, a Minneapolis-Honeywell C-587 automatic valve and a Minneapolis-Honeywell Q-235 thermo couple. The automatic valve is assembled to the unit with a 90° elbow to keep it close to the heater cabinet.

In operation, propane is supplied from an I.C.C. cylinder through a non-adjustable regulator, factory preset for 11 inches water column maximum gas pressure. A hose, suitable for propane, is used between regulator valve and heater. Hose connections are threaded.

To light the burner the gas valve is opened and the manual reset button on the automatic valve is held open to permit the gas to flow to the burner. After ignition, the reset button must be held open for approximately 20 seconds to sufficiently heat the thermo couple which will then keep the automatic valve in the open position.

If the flame should be extinguished for any reason, the automatic valve will stop the flow of gas within approximately 45 seconds.

The model 150A heater is rated at 50,000 BTU per hour.

Inspection and Test

A typical model 150A heater was inspected and tested at the premises of the applicant at Westbury, Long Island. Present at the test were Ass't Engr. G. F. Sklenarik, Committee on Test, Mr. E. C. Greene and others representing the applicant. The appliance functioned and was designed as described in this report.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the AZCO Propane Burning Drying Heater model 150A for temporary use in drying concrete and plaster construction in accordance with this report and under the provisions of section C-19-91.0 Administrative Code, rule 2.7 of the Boards rules, for the Erection, Alteration, Repair, Excavation for and Demolition of Buildings and the requirements of the Fire Commissioner provided that each appliance will bear a label, permanently affixed, reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 547-56-SA."

The Committee is of the opinion that as this appliance is to be used temporarily as a salamander in construction work it need not be connected to a flue, outlet or chimney.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connolly 3
Negative 0
Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated May 14, 1956, on Alt. App. 104/44 reads:

"1. Proposed Extension of expired certificate of occupancy must be submitted to the Board of Standards and Appeals for approval. See original approval Cal. 152-44-A."

and

WHEREAS, under date of May 9, 1944, under Cal. No. 152-44-A, Vol. I, the Board modified the decision of the borough superintendent dated March 11, 1944, on Alt. App. 104/44, to permit the ground floor only to be used for public use, substantially as proposed on condition that the number of persons shall not exceed the occupancy permitted by the exits; that the second floor be used only for storage and offices; that the cellar ceiling be fire retarded throughout and the cellar stairs enclosed with fireproof self-closing door at cellar level; and such variance to continue for a term of two years; and

WHEREAS, on October 1, 1946, the Board extended the term of the variance for an additional period of two years; and again on November 16, 1948 extended the term for an additional two years and required that a certificate of occupancy be obtained; and

WHEREAS, the applicant has filed a copy of certificate of occupancy #54410 issued April 4, 1949, against Alt. App. 104/44, permitting the present use and occupancy; and

WHEREAS, the applicant requests that the term of the variance be extended; and

WHEREAS, the applicant states that there have been no structural changes, no increased hazards and the building has been kept in good repair since the resolution adopted by the Board May 9, 1944.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 19, 1944 only insofar as it refers to the term of the variance, so that as *amended* this portion of the resolution shall read:

"granted for a term of five years from the date of this *amended* resolution to permit * * *; that other than as herein *amended*, the provisions of the resolution above cited shall be complied with and a new Certificate of Occupancy shall be obtained".

960-55-A

APPLICANT—Joseph Mitchell, for General Time Corp., owner.

SUBJECT—Application December 1, 1955—Appeal from a decision of the fire commissioner—re smoking in factory.

MINUTES

PREMISES AFFECTED—107-109 Lafayette street and 98 Walker street, northeast corner, Block 197, Lot 30, Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph Mitchell.

For Administration: Lieut. John P. Manfredi, Fire Dept.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connolly 3

Negative 0

Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner dated November 22, 1955, reads:

"In response to your request of November 22nd for permission for your occupants and clients to smoke in certain parts of your premises, you are advised that smoking in factories or parts of factories is prohibited by the provisions of the State Labor Law. However, you may appeal this decision if you so desire to the Board of Standards and Appeals, Room 1000 Municipal Building, New York City."

and

WHEREAS, the applicant states the building is 8 stories, 98 ft. in height, 59 ft. 9 in. front by 78 ft. 4 in. in depth, of fireproof construction, erected 1907, located in an unrestricted use, B area, class 2 height district, and used and occupied without a certificate of occupancy since 1907—cellar—storage, boiler room, 6 persons; 1st floor—store, office, showroom, shipping, 40 persons; 2nd floor—offices, shipping, 30 persons; 3rd floor—shipping, 10 persons; 4th floor—factory, 40 persons; 5th floor—factory, 40 persons; 6th floor—office and laboratory, 30 persons; 7th floor—offices, 30 persons; 8th floor—offices, 30 persons. There is an approved one-source sprinkler system in the cellar; there is an approved interior fire alarm system; there are two interior steel and concrete stairs, 3 ft. 8 in. and 3 ft. 4 in. wide, enclosed in 6 inch terra cotta equipped with kalamein self-closing doors and leading direct to street; one stairs leads to roof bulkhead; and

WHEREAS, Certificate of Occupancy #45353 was issued March 2, 1956 against Alt. App. 1801/55 permitting the present use and occupancy; and

WHEREAS, the applicant states that the building was erected under N.B. App. 474/07 for use by the present owner as a Labor Law building; that storage areas in the cellar have been protected with sprinklers and there is standpipe outlet on all floors; and

WHEREAS, the applicant requests that smoking be permitted in the store where customers enter and use the premises on the first floor, the office entrance from the main lobby on the first floor, the offices on the second, sixth, seventh and eighth floors, and the wash rooms on all floors as indicated in hatched lines on plans filed with this appeal; and

WHEREAS, the premises was inspected by a committee of the Board

Resolved, that the decision of the Fire Commissioner dated November 22, 1955, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit smoking within such spaces of the building as proposed and as indicated on plans filed with this appeal marked "Received December 1, 1955", (2 sheets), (cellar and roof) and plans marked "Received April 11, 1956", (8 sheets), *on condition* that smoking shall be permitted only in such places as indicated on such plans where hatched *on condition* that in such places where smoking is permitted there shall be receptacles for smokers' refuse located where the Fire Commissioner shall direct and also signs posted as approved by the Fire Commissioner where such smoking is herein permitted; and that such fire-fighting equipment as described by the applicant shall be maintained.

amended the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed within six months from the date of this *amended* resolution." (Alt. App. 780/50 and 878/51.)

284-51-BZ

APPLICANT—Gustave Goldman, for Emily H. Selley, owner.

SUBJECT—Application for consideration—reopening for extension of time to obtain a certificate of occupancy—re Application (decision of the borough superintendent); previously granted on condition, under section 21 of the zoning resolution, permitting in a business use C area district, the sub-division of lot into eight separate lots (Nos. 1, 2, 3, 4, 5, 6, 106 and 58) with each existing building exceeding the permissible area as to new lots 1, 6, 106 and 58 not providing legal yards or courts, and with lot 58 exceeding permissible area for manufacturing. PREMISES AFFECTED—1359-1363 (1377 displayed) Gates avenue and 357, 359, 361, 363, 363a, 365 and 367 Wilson avenue, northeast corner, Block 3334, Lots 1, 2, 3, 4, 5, 6, 106 and 58, Borough of Brooklyn.

APPEARANCES—

For Applicant: Gustave Goldman.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and time extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connolly 3

Negative 0

Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on September 25, 1951, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and a certificate of occupancy.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 25, 1951 only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that work was finished this year and that plans were approved by the Department of Buildings, that all permits required including a Certificate of Occupancy shall be obtained within three months from the date of this *amended* resolution." (Alt. App. 207 to 214-51).

692-53-BZ

APPLICANT—Lama, Proskauer and Prober, and Rubinton and Coleman, for Kissena Park Corp., Dominick Mazza and Marie Colonna, owners.

SUBJECT—Application for consideration—reopening for approval of plans—re Application (decision of the borough superintendent); previously granted on condition, under sections 7e, 7h and 21 of the zoning resolution, permitting in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, motor vehicle repairs, storage and sale of accessories and permitting the parking and storage of motor vehicles.

PREMISES AFFECTED—163-10 Pidgeon Meadow road and 47-02 to 47-06 164th street, southwest corner and 47-09, 47-21 163rd place, Block 5494, Lots 8-12 inclusive, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and working drawings approved.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connolly 3

Negative 0

Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on January 31, 1956, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution and submitted working drawings, for approval by the Board, as being in substantial compliance with the requirements of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *approve* working drawings marked "Received March 26, 1956," (3 sheets), as being in substantial compliance with the resolution as adopted by the Board on January 31, 1956. (N.B. 3623/55)

657-54-BZ

APPLICANT—Robert Gottlieb, for Webster Auto Parts, Inc., owner.

SUBJECT—Application for consideration—reopening for extension of time to complete which expired March 22, 1956—re Application (decision of the borough superintendent); previously granted on condition, under sections 7e, 7f and 7i of the zoning resolution, permitting in a business use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, storage and sale of accessories and office, for a term of 15 years. PREMISES AFFECTED—1363-1383 Webster avenue, west side, 647.4 ft. north of East 169th street, Block 2887, Lot 157, Borough of The Bronx.

APPEARANCES—

For Applicant: Benjamin Zlochow.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connolly 3

Negative 0

Absent: Commissioner Keating 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on March 22, 1955; and

WHEREAS, working drawings submitted as being in substantial compliance with the Board's requirements, were approved on June 1, 1955; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 22, 1955, as thereafter *amended* by resolutions adopted through June 1, 1955, only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that the building is now in the process of completion, plans have been approved by the Department of Buildings, that all permits required including a certificate of occupancy shall be obtained and all work completed within six months from the date of this *amended* resolution" (N. B. App. 869/54, N. B. 870/54).

*CORRECTION

The Minutes of the meeting of the Board of Standards and Appeals held on June 26, 1956, as they appeared in Bulletin No. 27, Vol. 41, are hereby corrected to read as follows:

437-27-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Socony Mobile Oil Company and Katie Bakal, owners.

SUBJECT—Application reopened January 17, 1956 as Vol. II—re (decision of the borough superintendent) under sections 7c and 7i of the zoning resolution, to permit in a business use district the proposed demolition and reconstruction of the existing gas station, stores, motor vehicle repair shop and offices; change of occupancy to gasoline service station, parking and storage of motor vehicles, lubritorium, minor auto repairs, utility room, stores and car washing.

PREMISES AFFECTED—1387 Boston road and 680-686 East 170th street, southwest corner, Block 2937, Lots 14 and 17, Borough of The Bronx.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 17, 1956 subject to regular procedure, to consider extension in area of the premises; and

WHEREAS, a public hearing was held on this application on April 24, 1956 after due notice by publication in the Bulletin; laid over to May 22, 1956, for inspection and decision; hearing closed; then to June 5, 1956, for inspection and decision; then to June 26, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East 170th Street and Boston road are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated November 10, 1955 acting on N.B. Applic. 1443-55, reads:

"1. The proposed demolition and reconstruction of the existing gas station, stores, motor vehicle repair shop and office to a 'gasoline service station, parking and storage of motor vehicles, lubritorium, minor auto repairs, utility room, store, car washing' in a business district is contrary to Sect. 4 of the Zoning Resolution and to the Bd. of S. & A. resolutions Cal. 437-27-BZ & Cal. 144-52-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 110 ft. frontage by 133.97 ft. in depth, irregular, presently developed with a gasoline service station having a frontage of 85 ft. on Boston road and a frontage of 133.97 ft. on East 170th street; that this gas station is developed with five 550 gallon gas storage tanks, four dispensing pumps, an 8 ft. 4 in. by 26 ft. one story building of class 3 construction, used as an office and sales room, and six open lubricating pits; that the gas station was originally installed under S.A. 585 of 1925 and certificate of occupancy N.B. No. 2172 of 1925; that the gas station was extended under Alt. 234 of 1927 and a variance of the Board under Cal. No. 437-27-BZ; that no new certificate of occupancy was issued; that the site is further developed with a one story building of class 3 construction having a frontage of 25 ft. on Boston road and erected under N.B. No. 112 of 1913 as a store building; that the building was later altered under Alt. No. 147 of 1936 to convert to an auto laundry and

PAID

Permit No. 4875

MINUTES

repair of tires, and later altered under Alt. No. 980 of 1951 and a variance granted by the Board to use the building as a motor vehicle repair shop; that certificate of occupancy No. 15212 was issued on November 16, 1954 for this use; that it is proposed to remove all of the buildings and open pits now on the site and erect a new accessory building of class 3 construction, one story in height, having a frontage of 44 ft. a depth of 30 ft. 6 in. and containing the conjunctive uses of lubritorium, car wash, minor auto repairs, utility room and store; that it is further proposed to maintain the five present 550 gallon gas storage tanks and install three additional tanks of 550 gallon capacity each, making a total of eight; that the four present gas pumps are to be relocated to 10 ft. back of the Boston road building line; that the present gas station is legal as well as the present auto repair shop, so that the new additional use is car washing; and

WHEREAS, the applicant contends that the removal of the present open greasing lifts and the rehabilitation of the site will improve the conditions and appearances for the entire community; that since the present gas station has been in continuous use since 1925 it has proven that it is a required service at this point and its rehabilitation and extension will enable it to render a more efficient service to the public; that the extended portion of the gas station will only replace the present legal non-conforming use of the motor vehicle repair shop; and

WHEREAS, the applicant states that the present owners have held title to lot 14 since June 15, 1932 and to lot 17 since April 30, 1936; that the assessed valuation of the land is \$27,000 and of the building \$10,500 making a total of \$37,500; that the building was erected in 1925; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition to permit extension of the area and reconstruction; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the reconstruction of the lawfully existing gasoline service station and to permit the extension substantially as proposed *on condition* that all buildings on the premises shall be

demolished and the premises shall be reconstructed and arranged as indicated on such plans marked "Received December 8, 1955", 6 sheets; that the accessory building shall be of the design, location and arrangement as indicated on such plans and shall be faced with face brick except on the rear; that there shall be no cellar under the accessory building; that pumps shall be of a low approved type and erected not nearer than 15 ft. to the street building line of Boston Road; that the balance of the premises where not proposed to be occupied by the accessory building and pumps shall be paved with concrete or asphaltic pavement; that along the rear lot line to the west from the accessory building to the building line of Boston Road there shall be erected a masonry wall not less than 5 ft. 6 in. in height; that curb cuts shall be restricted to two curb cuts to Boston Road each 30 ft. in width and two curb cuts to East 170th Street 30 ft. in width; that no portion of any curb cut shall be nearer than 5 ft. to a lot line as prolonged; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the borough president; that under Section 7i of the zoning resolution, there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the building line of one post standard at right angles to Boston Road building line for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not over 4 ft.; that there may be metallic standards, located where shown, for lighting, provided such lights have metallic shades to reflect toward the center of the premises; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that any existing tanks shall not be reused unless they are tested by the Fire Commissioner and found to be in good condition; *that there may be parking of cars awaiting service* and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction—The words "*that there may be parking of cars awaiting service*" inserted in the resolution, as indicated in italics.

PUBLIC HEARINGS

Tuesdays at 10 a.m. to 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF THE BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, on July 16, 1935, this application (Vol. I), was granted by the Board on certain conditions, under section 21 of the zoning resolution, to permit in a business use district, the change of occupancy of part of an existing building, to a motor vehicle repair shop for a term of two years; and

WHEREAS, the term of variance was extended from time to time and last extended March 27, 1951 for a term of five years, to expire on March 26, 1956; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation on March 26, 1956; and

WHEREAS, this application was reopened on July 10, 1956 and set for hearing on September 18, 1956 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin and a certificate of occupancy in effect March 26, 1956; and

WHEREAS, a public hearing was held on this application on September 18, 1956 after due notice by publication in the Bulletin; then laid over to October 2, 1956 and October 16, 1956, for applicant to file a new decision of the Borough Superintendent; and

WHEREAS, the decision of the borough superintendent, dated October 15, 1956 on Alt. Applic. No. 13-46, reads:

"1. Motor vehicle repair shop in a business use district is contrary to Art. II Sect. 4 of the Z. R.

Note—Approval for restricted use as per Cal. #79-35-BZ has expired March 27, 1956."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 16, 1935, as thereafter amended by resolution adopted through March 27, 1951, insofar as it has reference to the term of the variance so that as amended this portion of the resolution shall read:

"granted under Section 7i for a term of five years from the date of this amended resolution, on condition that other than as herein amended the resolution above cited shall be complied with; that no portion of the premises shall be occupied for the use herein permitted except within the building itself; that all permits shall be obtained and all work completed and a new certificate of occupancy obtained within six months from the date of this amended resolution." (Alt. App. 13-46.)

599-44-BZ—Vol. III

APPLICANT—Kitzler and Nurick, for Adelphi Paint and Color Works, Inc., owner.

SUBJECT—Application reopened November 22, 1955 as Vol. III—re (decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to per-

MINUTES

mit in a residence use district, the proposed extension of a factory and paint storage building, and proposed change in size of curb.

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on November 22, 1955 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on September 18, 1956 after due notice by publication in the Bulletin; laid over to October 16, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Linden boulevard and Dumont avenue are in a residence use, G area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated October 4, 1955 acting on amendment to Alt. Applic. 2624-49, reads:

"1. The proposed extension of a factory & paint storage bldg. in a res. use district is contrary to Art. 2 Sec. 3 of Zone Res.

2. The proposed change of size of curb is contrary to the decision of B.S & A. 599/44 BZ, June 17, 1952."

and

WHEREAS, the applicant states that the premises consist of a plot, 184.18 ft. frontage by 249.13 ft. in depth, on which are located five buildings used for paint factory and storage; that it is proposed to erect a fireproof, two story and cellar extension to building No. 1, of class 1 construction, 51 ft. by 65 ft. 7 in., irregular, to be used exclusively for the storage of paint and paint products in sealed containers and the storage of bulk pigments; and

WHEREAS, the applicant states that there are five buildings on the premises, numbered 1 to 5, as noted on the plot plan; that buildings 1, 2 and 3 now are provided with certificates of occupancy providing for the manufacture and storage of paint products; that building No. 4 is the watchman's residence and was erected under N.B. 7692-40; that no certificate has been issued; that building No. 5 is a storage building erected under N.B. 7692 and no certificate of occupancy has been issued; and

WHEREAS, the applicant contends that the proposal will not alter the essential character of the neighborhood because no new use is sought to be included; that only the existing storage use is sought to be extended to the proposed extension, level with the adjoining two story paint factory, which already exists and which existed before the character of the neighborhood became residential; that the proposed extension will not constitute a fire hazard nor increase insurance rates of nearby buildings nor otherwise affect the general welfare because it will not be used for manufacture of paints, but only for storage and because the extension will be fireproof; that the granting of this application will not be an opening wedge for similar applications in the neighborhood because the situation in which the owner of this property finds himself is unique in that the owner of the premises is one of the persons active in the ownership and control of the tenant corporation; that in 1920 the premises was leased to the present tenant corporation for

the use of a paint factory; that certificate of occupancy No. 328 was issued on February 10, 1922 to the Adelphi Paint and Color Works, Inc., based on Alt. Applic. 288-1920, permitting the two story brick building, then existing, to be used as a factory; that in 1929 the land and buildings on lot 32 were purchased by the present owner who rebuilt buildings numbered 2 and 3, after a fire had entirely demolished them except for the four walls; that in rebuilding, fireproof construction was used instead of non-fireproof; that in 1936 the owner purchased lot 25 and built a fireproof structure for storage purposes; that at the same time, the row of dwellings on the south side of 135th avenue, just east of the subject premises, was constructed; that on May 15, 1941 the City Planning Commission rezoned the neighborhood from business to residence; that thereafter the rows of one family dwellings on 85th and 86th streets shown on the block plan were erected and sold; that from the foregoing, it is submitted that the situation in which the owner of this property finds himself is unique; that the granting of this application will not adversely affect property values in the neighborhood because the non-conforming uses already exist and because the owners of the one family houses in the neighborhood purchased their properties with full knowledge of the existence of the paint factory and presumably paid prices commensurate with the values of such properties in such a neighborhood; that the grant herein will benefit the neighborhood because it will enable the Board to impose ameliorating conditions regulating the maintenance of the property, which conditions could not otherwise be imposed; and

WHEREAS, the applicant states that the present owner has held title to the property since 1920, 1929 and 1936; that the assessed valuation of land is \$19,500 and of the buildings \$53,000 making a total of \$72,500, the building No. 1 was erected in 1936; buildings 2 and 3 in 1933 and buildings 4 and 5 in 1940; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the construction of the additional building, as proposed and indicated on plans filed with this application, marked "Received November 3, 1955", 10 sheets, "June 18, 1956", 2 sheets, *on condition* that such building shall be of Class I construction, arranged and occupied for the storage of paint all in containers as proposed; that there shall be a sprinkler system installed throughout; that all windows throughout the building shall be fireproof, self-closing, glazed with wire glass; that the exits shall be constructed and maintained where shown; that in all other respects the resolutions adopted by the Board on January 30, 1945 through June 17, 1952, under this calendar number, Vols. I and II shall be complied with where not inconsistent with the requirements of this resolution, except that the curbing hereinbefore required at the rear to protect the planting may be reduced to 8 in. in width and 8 in. in height above grade, erected on a suitable foundation; and that all permits required, including a new certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

765-49-BZ—Vol. II

APPLICANT—Burke, Green and Groh, for Clarence R. Knickman, owner.

SUBJECT—Application reopened March 6, 1956 as Vol. II re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a business and residence use district, the proposed extension of parking

MINUTES

and storage, outdoor display, sales of motor vehicles—
Certificate of Occupancy does not include garage for 3
cars or office building.

PREMISES AFFECTED—164-11 to 164-29 Hillside ave-
nue, northwest corner of 165th street, Block 9836, Lot 1,
Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh and Clarence R. Knick-
man.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Build-
ings and John J. Saunders, Board of Education.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on
March 6, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application
on October 16, 1956 after due notice by publication in the
Bulletin; and

WHEREAS, the district maps accompanying the zoning
resolution show that the site and 165th street are in business
and residence use, C and F area, class 1½ and class 1
height districts; Hillside avenue is in a business use, C area,
class 1½ and class 1 height district; and

WHEREAS, the decision of the borough superintendent,
dated December 22, 1955 acting on Alt. Applic. 1922-55,
reads:

"1. Certificate of occupancies issued on these premises
do not include garage for 3 cars or office bldgs. See
certificates nos. Q66841 on lot 6 and certificate no.
Q37864 on lot 4.

2. Proposed extension of parking and storage and
outdoor sales and display of motor vehicles in a resi-
dence use district is contrary to Article II Sec. 3 of
Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of
a plot, 200.56 ft. frontage by 213.30 ft. in depth; lots 4
and 6 are parking areas for more than five motor vehicles,
also garage for three cars, and office buildings, existing
illegally; that it is proposed to install a 5 ft. 6 in. high
woven wire fence along the 165th street building line; that
gates will be installed in this fence opposite the present
curb cut; that there are fences or walls of adjoining build-
ings along all interior lot lines; that no new curb cuts are
proposed; and

WHEREAS, the applicant states that as of July 25, 1916
the property has been zoned as business use for the first
100 ft. and residence use for the balance; that it has been
zoned 1½ height for the first 100 ft. and 1 height for the
balance, and there have been no changes to the present date;
that the present area designation is C area for the first
100 ft. and F area for the balance; that as of July 25, 1916
it was a C area for the first 100 ft. and E area for the
balance, and on May 11, 1923, the E area portion was
changed to an F area; that there are no further zoning
changes pending at the present time; and

WHEREAS, the applicant further states that there is no
visible separation between the three lots; that lot No. 6 was
the subject of the Board's grant and is occupied accordingly;
that lot No. 4 is a legal used car lot, but only for a depth
of 100 ft. from Hillside avenue; that lot No. 1 will be
used as a used car lot in conjunction with lot No. 4; that
a permit could be obtained in the building department for
the portion of lot No. 1 which is in the business use district;
that the Board originally granted a variance on lot No. 6
under Cal. No. 765-49-BZ; that this area was further
extended to lot No. 4; that the owner has acquired lot No. 1
and desires to have the variance further extended so as to

include the northwest corner of 165th street and Hillside
avenue; and

WHEREAS, the applicant contends that due to increased
traffic in this area and the erection of the New York Tele-
phone Company building and other buildings in the surround-
ing area, there has been an urgent need for the enlargement
of the present parking lot; that with the acquisition of this
additional parcel, it is hoped to adequately solve the need
for parking space; and

WHEREAS, the applicant states that the present owner has
held title to the property since February 8, 1955; that the
assessed valuation of lot No. 1 is \$28,000; lot No. 4, \$23,500;
lot No. 6, \$55,000, and of the building \$500, making a total
of \$107,000.

Resolved, that the Board of Standards and Appeals does
hereby amend the resolution adopted on February 28, 1950,
as thereafter amended by resolutions adopted through Feb-
ruary 23, 1955, by adding thereto:

"and to permit the extension of the parking use to lots
4 and 1, as proposed and indicated on plans filed with
this application, marked 'Received February 24, 1956',
4 sheets, on condition that the same requirements of the
resolution above referred to relating to lot 6 shall apply
to the additional lots 4 and 1, other than as amended this
day by resolution adopted by the Board under Cal. 194-
56-A; that curb cuts to the premises may be permitted
as shown, namely one additional curb cut to 165th street,
16 feet in width; and that the three curb cuts to Hillside
Avenue, opposite lot 4 shall either be eliminated and the
curb restored or consolidated into one cut so as not to
exceed 16 feet at this particular location; that in all
other respects the premises and occupancy shall comply
with the aforementioned resolution; and that all per-
mits required, including a new certificate of occupancy
shall be obtained and all work completed within six
months from the date of this amended resolution."

194-56-A

APPLICANT—Burke, Green and Groh, for Clarence R.
Knickman, owner.

SUBJECT—Application February 24, 1956—Appeal from
a decision of the borough superintendent, re use of frame
building—business use.

PREMISES AFFECTED—164-11 to 164-29 Hillside ave-
nue, northwest corner of 165th street, block 9836, Lot 1,
Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh and Clarence R. Knickman.
For Administration: Samuel L. Becker, Dep't of Build-
ings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert, Commissioner Keating and Deputy Chief Con-
nolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent
dated February 20, 1956, on Alt. App. 1922-55 reads:

"3. Use of frame bldgs. for offices inside of fire
limits is contrary to Sec. 4.1.2 B. C. and frame garage
used for business purposes outside of fire limits is con-
trary to Sec. 4.1.3 B. C. Note business use."

and

WHEREAS, the applicant states the building is one story,
7 ft. in height, 8 ft. by 10 ft., 10 ft. by 12 ft. and 22 ft. by
20 ft. in area of class 4 construction, erected prior to 1916,
located on a lot 200.56 ft. front by 213.30 ft., irregular, in
depth in a business and residence use, C and F area, Class 1
and Class 1½ height districts, and used and occupied as
follows: cellar—office and garage for parking of motor
vehicles; and

MINUTES

WHEREAS, the applicant contends that the buildings in question have been constructed and are needed to carry on the business of the owner, as more fully described in application for zoning variance filed under Cal. No. 765-49-BZ, Vol. II, and it is therefore requested that the Board consider this proposal bearing in mind the purpose and use to which these buildings will be put; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the borough superintendent, dated February 20, 1956, acting on Alt. App. 1922/55, Objection 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that no frame buildings shall be maintained on the premises except the one-story garage located on the rear of lot 4 and the frame building permitted by resolution adopted on February 28, 1950, under Cal. No. 765-49-BZ—Vol. I, which stated:

"that there shall be erected on the front portion of the lot adjacent to the entrance thereto a frame building not exceeding 100 sq. ft. in area and one story in height for the use of the attendant; that any and all other buildings shall be removed from the premises."

636-54-BZ—Vol. II

APPLICANT—Patrick D. Concagh, for Eva Cohen, owner (Shell Oil Company, lessee).

SUBJECT—Application reopened June 26, 1956, as Vol. II, subject to regular procedure—re Application (decision of the borough superintendent); previously withdrawn, under sections 7e and 21 of the zoning resolution, to permit in a restricted retail use district, the erection and maintenance of a gasoline service station, lubritorium, auto washing, motor vehicle repairs, storage and sale of accessories and to permit the parking and storage of motor vehicles on unbuilt upon portion of plot; with the accessory building constructed without the required rear yard.

PREMISES AFFECTED—9612-9624 Seaview avenue, 2016-2020 Rockaway parkway, southeast corner, Block 8328, Lot 30, Borough of Brooklyn.

APPEARANCES—

For Applicant: P. D. Concagh, Maurice C. Greenberg and Sidney Schwartz.

For Opposition: C. J. Cammarata for N. Y. C. Housing Authority.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 26, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on September 25, 1956 after due notice by publication in the Bulletin; laid over to October 16, 1956, for applicant to file revised plans and for decision by the board; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a restricted retail use, F area, class ½ height district; Seaview avenue, Rockaway parkway and East 96th street are in residence and restricted retail use, F area, class ½ height districts; Rockaway avenue is in a residence use, F area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated June 14, 1956 acting on N. B. Applic. 1200-56, reads:

"1. Proposed building and premises, on a lot in a Restricted Retail Zone, to be used for Gasoline service station, sale of accessories, car wash, lubritorium, sale of oil, minor repairs with hand tools only, and office is contrary to Article II, PP.4-B of the Zoning Resolution.

(Note—Premises were subject of a Bd. of Standard and Appeals action under Cal. #636-54-BZ)."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 ft. frontage by 70 ft. in depth, now vacant; that it is proposed to construct a gasoline station of modern design with an accessory building containing lubritorium, car wash, office and storeroom for the sale and storage of auto accessories and for minor repairs of automobiles with hand tools only; that it is also proposed to construct five curb cuts, each 30 ft. in width, one facing Rockaway parkway and four facing Seaview avenue; that the site will be levelled to grade and surfaced with blacktop paving; and

WHEREAS, the applicant states that as of July 25, 1916, Seaview avenue and Rockaway parkway, to a depth of 100 ft., were in a business use district, the balance of this area being unrestricted; that the entire surrounding area, on that date, was in a 1½ times height and an A area district; that on November 28, 1938 all of the property was included in a residence use, class ½ height and F area district; that on October 26, 1953 the present restricted retail use designation became effective; that on February 26, 1956 the restricted retail use and F area districts were extended westward for a distance of 350 ft. from Rockaway parkway; that there is no petition pending at the present time calling for any further changes in zone; and

WHEREAS, the applicant states that a similar application filed on August 2, 1954 was placed on the docket for hearing on February 8, 1955 and on said date was laid over to March 1, 1955 for decision pending a report by a committee of the Board; that the Committee was of the opinion that the application should be withdrawn at that time, pending development of areas adjoining so that it could be more readily seen what the needs are which were not evident at that time; that the application was thereupon withdrawn without prejudice on motion of the Board; that in the interim there have been many substantial changes in the area, chief of which was the construction of Bay View houses, which houses 1600 families; that this project has been erected on block 8239, across the way from the subject site; that there has also been erected on the northerly portion of this same block and as part of said project, a one story structure containing some 17 retail stores and a large supermarket; that this plot, 200 ft. by 400 ft. was sold by the City on January 8, 1955 for the express purpose, as contained in the contract of sale, for use as a shopping center; that an application was heretofore made for a reopening of the prior application and this application was set down for hearing on March 13, 1956; that this application was withdrawn in view of the fact that the owner had, in the meantime, acquired a triangular strip of land abutting the former site to the west; that this strip, which formed the bed of East 96th street, was sold by the city upon the closing and discontinuance of East 96th street from Rockaway avenue to Skidmore avenue and of Rockaway avenue from Seaview avenue to East 96th street; that this strip enlarged the original site and changed its shape from a trapezoid to a rectangle; that out of this enlarged plot, a new tax lot, No. 30, 70 ft. by 200 ft., was parcelled out; that this represents the present site; that the residue, 18 ft. by 200 ft., is now known as tax lot No. 25; and

WHEREAS, the applicant further states that the predominant character of the neighborhood is residential; that Bay View houses to the east of the site on block 8329 consists of several large Class A multiple dwellings and on lot No. 1, north of this project, in the same block there is a large building containing 17 stores and a supermarket; that this building is set back from Seaview avenue a distance of approximately 100 ft.; that this open space is to be used for the parking of patrons' cars and for loading and unloading of supplies; that north of Seaview avenue the area is developed by one and two family residences with a few retail stores along Rockaway parkway; that Seaview village, a privately owned community development of one and two family dwellings, is nearing completion; that this project covers an area roughly from Avenue K to Avenue M and from Rockaway parkway eastward to about East 108th street; that the only gas station noted in the neighborhood

MINUTES

was a Mobiloil station on Canarsie road about 100 ft. south of Seaview avenue, about three blocks west of the site; that Belt parkway is located a few blocks south of the site with entrances and exits to and from Rockaway parkway; and

WHEREAS, the applicant contends that there are no properties south of the site which could be adversely affected by the location of the proposed gas station, since all this property is vacant as far north as Skidmore avenue and this also holds true for properties directly to the west of the site; that the nearest properties to the east of the site are the newly erected retail stores on lot 1, block 8329; that neither this property nor the city housing project south of it could possibly be affected because of the distance which separates them from the site; that the residential properties north of Seaview avenue cannot be adversely affected for the same reason as they are separated from the site by Seaview avenue, a main traffic highway which is 120 ft. wide at this point; that the operation of the gas station cannot possibly add any more objectionable feature to the neighborhood than that which already exists by reason of the heavy automobile and bus traffic along Rockaway parkway and Seaview avenue; that there has been a terrific increase in population within this area during the past year with the likelihood that the area surrounding the site will rapidly develop; that Rockaway parkway is a heavily trafficked highway; that the site is located a short distance from the Belt parkway which is the principal traffic artery around Brooklyn and Queens; that Rockaway parkway connects with this highway a few blocks south of the site and by reason of the fact that it is both broad and straight, it serves as a logical exit and entrance for auto traffic coming to and from the East New York and Williamsburg sections of Brooklyn; that the proposed use would, therefore, be in conformity with the character of the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since January 13, 1954 and that the assessed valuation of land is \$16,000; and

WHEREAS, the premises surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and accessory uses, substantially as proposed and indicated on plans filed with this application, marked "Received June 15, 1956", 1 sheet, and "October 10, 1956", 3 sheets, *on condition* that all uses now on the premises shall be removed and the plot leveled substantially to the grade of the abutting streets, constructed and arranged substantially as indicated on such revised plans marked "Received October 10, 1956", 3 sheets; that the accessory building shall have no cellar, be faced with face brick on all sides as proposed; that the facilities for servicing shall be by means of hoists as proposed with a drain for the washing section; that gasoline pumps shall be of a low approval type with no portion of any pump nearer than 15 ft. to a street building line; that planting areas shall be maintained to the south and north where indicated on such revised plans, planted with suitable material and protected with concrete curbing 8 in. in height and 6 in. in width; that along the rear lot line there shall be a chain link fence of the woven wire type erected on a masonry base to a total height of 5 ft. 6 in. with suitable sturdy terminating posts; that gasoline storage tanks shall be limited to twelve 550 gallon approved tanks; that plans of the accessory building showing a revised design shall be submitted for further consideration by the Board; that curb cuts shall be restricted to four to Seaview avenue, where shown, each not more than 30 feet in width and one curb cut 30 ft. in width to Rocka-

way parkway, located where shown; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that under section 7i for a similar term there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; that signs shall be restricted to permanent signs attached to the accessory building and the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection of a post standard within the intersection of Seaview avenue and Rockaway parkway, advertising only the brand of gasoline on sale and permitting such sign to extend not more than 4 feet beyond the intersection; that the sidewalks and curbing abutting the site shall be reconstructed and repaired to the satisfaction of the borough president; and that all permits required including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

681-54-BZ

APPLICANT—Leonard F. Rothkrug, for Bardsey Realty Co., Inc., owner.

SUBJECT—Application August 6, 1954—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the maintenance of existing structures and used for the manufacturing and display of life boats, davits, winches and pleasure boats.

PREMISES AFFECTED—8910-8936 26th avenue, 1893-1899 Shore parkway, northwest corner and 2568-2576 Cropsey avenue, Block 6932, Lots 51, 53 and 55, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: Edward Hoffman for Dept. of Parks.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 18, 1956 after due notice by publication in the Bulletin; laid over to October 16, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 26th avenue and Shore parkway are in a residence use, A area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated July 9, 1954 acting on Alt. Applic. 14-53, reads:

"7. Application for a certificate of occupancy for an existing structure located within a residence use district and occupied for the manufacturing and display of life boats, davits, winches and pleasure boats, violates Art. 2 Sect. 2 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 178 ft. 10 in. frontage by 77 ft. 25⅞ in. in depth, irregular, on which is located a one and two story building of class 4 construction, 177 ft. 3½ in. front by 77 ft. 2 in. in depth, used for the manufacturing and display of life boats, davits, winches and pleasure boats; that it is proposed to maintain the building for the manufacturing of life boats, davits, winches and pleasure boats on the 1st floor and offices on the 2nd floor, in conjunction with the manufacturing; and

WHEREAS, the applicant states that on July 25, 1916 the property was in an undetermined use district and rezoned to a business use district on March 23, 1923 and then rezoned to its present use district designation on July 29, 1940; and

WHEREAS, the applicant states that the premises consist of an irregular plot 178 ft. 10 in. front on 26th avenue,

MINUTES

68 ft. 1½ in. front on Shore parkway, 226 ft. 9¾ in. front on Hubbard street and 81 ft. front on Cropsey avenue on which is located a one and two story building occupying the entire lot 55, with a second story frame portion on the north-easterly portion of the lot, being 45 ft. 1 in. front on 26th avenue by 17 ft. 8 in. in depth and 24 ft. in height; that the premises is located a short distance from the New York Bay shore line in the Gravesend Bay section of Brooklyn and the entire neighborhood is only sparsely developed; and

WHEREAS, the applicant further states that the Belt parkway demolition program commenced in 1939 in this area and 26th avenue was opened on September 13, 1949; that Cropsey avenue was widened at about the same time and the neighborhood, particularly the subject premises which fronts on both the Shore parkway and 26th avenue, has been the subject of many changes in recent years; that Hubbard street, on which the premises also fronts, is an unpaved dead end street; that there are no other buildings within the part of the tax block bounded by the four streets; that the title records of the property under consideration show that the part of the lot on which the two story building is located was owned, on March 25, 1950, by the Bath Beach Trim Co. Inc., incorporated to make, manufacture, sell, import, export and generally deal in and with window frames, sashes, doors, trim and all kinds of building and construction material, supplies, tools, implements and machinery, and on January 14, 1922 transferred the title to the premises to the Globe Tank & Seat Co. Inc., incorporated to buy, sell, manufacture and contract for the manufacture and sale of all kinds of plumbers' woodwork and supplies; that on October 28, 1941 the trustees in bankruptcy formally transferred title to Boatcraft Co., a company organized on May 7, 1941 to build boats and which company subsequently sold its business to and transferred title to the present owner; that the trustees in bankruptcy of the Globe Tank & Seat Co. Inc. assumed title on April 8, 1938 and a short time thereafter and prior to 1940, the trustees leased the premises to the members of the Boatcraft Co. and it was not until 1941 that the title could be transferred; that the portion of the premises on which the one story frame extension now stands was acquired by the Boatcraft Co. on March 13, 1942 and the third portion of the premises now fronting on Shore parkway was purchased by the Boatcraft Co. on July 10, 1942 from the Marine Basin Co.; and

WHEREAS, the applicant further states that the records of the department of buildings do not present the entire history of the buildings on the premises; that since the premises are located between Cropsey avenue and the Bay, the property may have been considered for a time to be under the jurisdiction of the department of marine and aviation and he has been advised that the records of that department have been destroyed; that also, because of the widening of Cropsey avenue and the closing of Centre place, which street intersected the present block, it is difficult to locate the premises in the department's records, and further, the street now known as Hubbard street was formerly known as Hubert street; that from the appearance of the building it would seem that a two story frame building 45 ft. 1 in. on 26th avenue by 17 ft. 8 in. in depth and 24 ft. in height, was erected some 50 years ago; that the 1st floor of the building was extended about 30 years ago with a one story, brick extension, making the total depth of the building 77 ft. 2½ in. so that it fronted 45 ft. on Hubbard street; that the 1st floor was again extended some 15 years ago by a one story frame extension to what is now called (Centre place) Shore parkway; that the records of the department of parks show that a one story brick garage 15 ft. front by 40 ft. in rear by 100 ft. in depth was partly demolished (10 ft. to be cut off building on Centre place) for the Shore parkway and premises are described as 19-39 Hubbard street, southwest corner of Centre place, under demolition No. 653-39, permit No. 51494; that Alt. Applic. 3304-44 proposed to add a new water closet to the subject premises described as a boat factory; that there are no other records available; that the recollec-

tion of residents in the area and the present owner is that the Boatcraft Company (not the present owners) in April, May and June of 1942, added the existing one story frame extension; and

WHEREAS, the applicant contends that the area is a center for boating activity, there being a large boat yard in block 6943, lot 162; a yacht club in block 6943, lot 2; a boat yard in block 6932, lot 38 and boat storage in block 6932, lots 51 and 53; that much of the land on both sides of the parkway is vacant, while the character of Cropsey avenue is unrestricted, there being many vacant lots and several gas stations, as well as large department of sanitation depot; that the part of Cropsey avenue which was widened is still unpaved; that from the records it is clearly ascertainable that part of the subject premises were devoted to manufacturing of wood products at a time when the premises was in an undetermined and then business use district; that it is believed that if the records of the department of marine and aviation were available, it would show the complete picture; that the premises have been used since 1941 for the manufacturing of boats, and for at least 5 years after 1941, its business was devoted to army and navy contracts; that it is proposed to remove the existing sign facing Shore parkway and the existing encroachment on Hubbard Street; that the building will continue to be used for the manufacture of boats and the unbuilt upon portion of the premises will be used for the display of boats; that the owners of the premises own a considerable part of the premises within the affected area—block 6932, lots 32, 38, 51, 53 and 55; block 6933, lots 55, 57 and 60; that the subject premises occupies what normally would be an entire block, since it fronts on four streets; that there are very few property owners within the affected area and several consents from property owners to the proposed uses have been obtained; that it is believed that the occupancy proposed is entirely in keeping with the neighborhood and is an asset, in that this area has been known for many years for its boating activities; and

WHEREAS, the applicant states that the present owner has held title to the property since November 28, 1950; that the assessed valuation of land is \$7,800 and of the buildings \$6,700 making a total of \$14,500; that the buildings were erected in 1941; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and is hereby is *granted* under Section 7e for a term of five years, to permit the continuance of the existing structure for the use proposed, as indicated on plans filed with this application, marked "Received August 6, 1954", 5 sheets, "April 11, 1956", 1 sheet, and October 2, 1956", 1 sheet, *on condition* that the existing frame extension toward the southwest shall be removed as proposed; that the building shall not be increased in height or area; that such fire-fighting equipment shall be maintained as the fire commissioner shall direct; that in connection with such building, the use of the vacant lots on 51 and 53 may be continued for open boat storage; that around such lots there shall be maintained suitable enclosing fences; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day by the Board under Cal. 682-54-A; that all signs on the building and premises shall be removed except those lawfully existing which may be permitted to continue; and that all permits including a new certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

682-54-A

APPLICANT—Leonard F. Rothkrug, for Bardsey Realty Co. Inc., owner.

MINUTES

SUBJECT—Application August 6, 1954—Appeal from a decision of the borough superintendent—re frame structure with fire limits—business use; exists.

PREMISES AFFECTED—8910-8936 26th avenue and 1893-1899 Shore parkway, northwest corner and 2568-2576 Cropsey avenue, Block 6932, Lots 51, 53 and 55, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated July 9, 1954 on Alt. App. 14-53 reads:

"8. Proposed use of a frame structure within fire limits for commercial purposes violates Sect. 4.1.2 of Bldg. Code (Sect. C26-247.0 of Administrative Code.)

"9. Means of exits from 1st & second floors violates Sect. 270 of the Labor Law."

and

WHEREAS, the applicant states the premises consist of a lot 241 ft. 8 in. front by 77 ft. 2½ in., irregular, in depth, located in a residence use, A area, class 1½ height district, upon which there exists a one and two-story, 24 ft. high, class 4 constructed building, 177 ft. 3½ front by 77 ft. 2½ in., irregular, in depth, erected 1941, and used and occupied since 1941 for the manufacture of life-boats, davits, winches and pleasure boats, 25 persons, on the 1st floor and for offices on the second floor with an occupancy of three persons; no change in use or occupancy is now proposed; that the building is provided with one 3ft. wide wood stairs, wood enclosed, equipped with wood doors, which are not self-closing, stair is provided with ladder and scuttle to roof; and

WHEREAS, the applicant states the premises are developed with a one and two story building occupying the entire lot No. 55 with a second story frame portion on the northeasterly portion of the lot, being 45 ft. front on 26th Avenue by 17 ft. 8 in. in depth and 24 ft. in height; that from the appearance of the building, it would seem that a two-story frame building 45 ft. 1 in. front on 26th avenue by 17 ft. 8 in. in depth and 24 ft. in height was erected some 50 years ago; that the first floor was extended about 30 years ago with a one story brick extension, making the total depth of the building 77 ft. 2½ ins. fronting 45 ft. on Hubbard Street and the first story was again extended some 15 years ago by a one story frame extension to what is now called Shore Parkway; that the records of the Department of Parks show one story brick garage 15 ft. front by 100 ft. in depth, partially demolished for the construction of Shore Parkway in 1939; that Alt. App. 3304-44 filed to install a new water closet describes the building as a boat factory; there are no other records available; and that it is proposed to maintain the carpenter's shop, machine shop, lifeboat assembly on the first floor with occupancy of 25 persons, and to use the second floor as offices, with an occupancy of 3 persons; that a Fire Department permit has been issued for the storage of 125 gallons of paint and thinner in the shop; that there is a stair leading from the second story offices to 26th Avenue, and in addition, the door leads from the second floor to the roof of the one story brick extension; it is proposed to provide a sliding drop ladder on the roof of the extension for emergency egress to the street; that there are 5 pairs of doors from the lifeboat assembly portion of the building to Hubbard Street and one door from the carpenter shop and one pair of doors from the machine shop, also opening to Hubbard Street, and in addition there are two pairs of doors and a single door from the lifeboat assembly area to 26th Avenue; that the building

is equipped with three 2½ gallon soda-acid extinguishers and two 2½ gallon per minute water pumps; there are 48 five-gallon fire pails filled with sand and water distributed throughout the first floor and 240 Red Comet tetrachloride automatic fire extinguishers mounted on the shop and office ceilings 7 ft. on centers in both directions; that there is a watchman living on Hubbard street opposite the building who makes periodic inspections when the business is not in operation; and

WHEREAS, the applicant has filed copy of Certificate of Occupancy #71641 issued August 12, 1933 against Permit No. 4115-23 permitting the use of 13 to 19 Hubbard Street, west side, 52 ft. 10-2/8 in. west of Cropsey avenue for the manufacture of toilet seats and describes the building as one story, 14 ft. high, of brick construction, located in a residence district on Lot 55; and

WHEREAS, the applicant states that this Certificate of Occupancy applies to the two story building and the one story brick extension; that the use of these buildings was changed sometime in 1941; that the premises were located outside the fire limits prior to May, 1938; that the platform located in the bed of Hubbard street will be removed; that Hubbard street is a private street not shown on the City Map; that Center street is a private street not shown on City Map; and

WHEREAS, the applicant contends that the present owners purchased the business of the prior owner, without notice of any violation of the Building Code; that it would be necessary to raze the major portion of the building to comply with the Building Code; that the building is remote from any other structures; that the frame portion of the building is used principally for the assembling of boats, the woodworking carpentry is performed principally in the building which is class 3 construction; and

WHEREAS, the applicant requests that in view of the practical difficulty and unnecessary hardship involved, that a variance be granted to permit the continuance of the existing conditions; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the borough superintendent, dated July 9, 1954, acting on Alt. App. 14/53, Objections 8 and 9, be and it hereby is *modified* and that the appeal be and it hereby is *granted* as to objection 8 to permit the continuance of the structure as permitted this day by resolution adopted by the Board under Cal. 681-54-BZ; as to Objection 9, that the means of exit shall be maintained as to the first floor as indicated on revised plans filed with this appeal, marked "Received September 18, 1956", 6 sheets; that as to the 2nd floor, there shall be a door to the existing roof as shown on such plans and on the roof there shall be maintained at all times a ladder of sufficient length to reach the ground from such roof; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day by resolution adopted by the Board under Cal. 681-54-BZ.

460-55-BZ

APPLICANT—John F. Fitzsimons, for Thomas P. McGuire and Winifred F. McGuire, owners.

SUBJECT—Application June 8, 1955—(decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a residence use district, the proposed change of occupancy from dwelling, beauty parlor, accessory 5 car garage and storage shed (space for 3 passenger motor vehicles to be rented), storage shed and parking and storage of 7 cars in open yard.

PREMISES AFFECTED—45-50 57th street, west side, 100 ft. north of 47th avenue, Block 153, Lot 41, Woodside, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons and Thomas P. McGuire.

MINUTES

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings and John J. Saunders, Board of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 18, 1956 after due notice by publication in the Bulletin; laid over to October 16, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; 57th street is in business and residence use, B area, class 1½ height districts; 47th avenue is in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated June 3, 1955 acting on Alt. Applic. 794-55, reads:

"1. Proposed change of use in a residence use district from dwelling, beauty parlor, accessory 5-car garage and storage shed to dwelling, beauty parlor, accessory 5-car garage (space for 3 passenger motor vehicles to be rented), storage shed and parking and storage of seven cars in open yard is contrary to Art. II Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 60 ft. frontage by 100 ft. in depth, on which is located a dwelling, beauty parlor, accessory five car garage and storage shed; that it is proposed, in addition to the presently permitted uses, to permit the renting of garage space for three passenger motor vehicles and the parking and storage of seven cars in the open; and

WHEREAS, the applicant states that the one family dwelling on the premises was erected by the owner under N. B. 5116-22; that the garage buildings and storage sheds were erected under N.B. 5020-30 at a time when a five car garage was permitted as an accessory use to a dwelling; that the beauty parlor in the dwelling is covered by Misc. 5773-40; that the uses, which this application seeks to legalize, have existed on the premises since at least 1930; that restoring and repairing permit No. 118086 was issued on May 25, 1925 for a permanent driveway 10 ft. wide only; that fire department permit No. 110005 covers a non-storage garage for five autos and its expiration date is August, 1955; that the department of licenses issued parking lot license No. 3647511 on October 23, 1947 for a maximum of 25 motor vehicles and renewed it on October 11, 1948 to expire September 30, 1949; and

WHEREAS, the applicant contends that the continuance of these non-conforming uses will not adversely affect the neighborhood; that there is an acute need for parking and storage space as there are many apartment houses in the area, most of them without garage facilities of any kind; that the dwelling on the lot abuts the business use district fronting on 47th avenue and the cars parked on the premises are kept clear of the adjacent apartment house to the north; and

WHEREAS, the applicant states that the present owner has held title to the property since December 20, 1920; that the assessed valuation of land is \$10,000 and of the building \$3,500 making a total of \$13,500; that the building was erected in 1922; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Sections 7e and h for a

term of five years, to permit the use of the premises in addition to the 2-story brick dwelling and the uses lawfully permitted therein, for the parking and storage of motor vehicles in the existing garages at the rear and in the open, where shown on plans filed with this application marked "Received June 8, 1955", 3 sheets, on condition that where parking is proposed, the premises shall be leveled and paved with clean gravel or steam cinders, properly rolled and treated with a binder; that on the side lot lines where no buildings occur there shall be erected and maintained a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; that the existing and proposed shrubbery hedge along the front street building line shall be retained; that the entrance to the premises shall be by a 12 ft. curb cut located where shown on such plans; that signs shall be restricted to a sign attached to the fence at the entrance, advertising only the parking and storage use, and rates charged and such other information as may be required by the Commissioner of Licenses; that all permits required, including a certificate of occupancy, shall be obtained and all work completed within six months from the date of this resolution.

623-55-BZ

APPLICANT—Benjamin Heffner, for Samuel T. Nicrenberg, owner.

SUBJECT—Application July 22, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, parking of patrons cars for adjoining store.

PREMISES AFFECTED—35-16 to 35-20 Murray street, west side, 121 ft. north of Northern boulevard, Block 5009, Lot 31, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Benjamin Heffner and Abraham Farber.
For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 18, 1956 after due notice by publication in the Bulletin; laid over to October 16, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1 height district; Murray street is in business and residence use, C area, class 1 height districts; Northern boulevard is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 24, 1955 acting on Alt. Applic. 1367-55, reads:

"1. Auto parking in a residential district for patron parking, is contrary to the Zoning Resolution. Art. II Sect. 3."

and

WHEREAS, the applicant states that the premises consist of a plot, 67.13 ft. frontage of 93.50 ft. in depth, irregular, now vacant; and

WHEREAS, the applicant contends that the site for which the variation is sought is immediately behind and adjacent to the King Kullen supermarket; that the property is vacant and serves no present useful function and will not in all reasonable likelihood be useful for residential purposes because of its location immediately adjacent to the store building on Northern boulevard and directly across the street from a used car salesroom, on which automobiles are

MINUTES

parked day and night; that Alt. Applic. 1367-55 was made to the department of buildings for approval of a wire fence enclosed parking lot accessory to the store building, but same was denied as being contrary to the zoning resolution; that in the light of the surroundings, proposed use and the acute shortage of parking space on adjacent highways, such as Northern boulevard, it is requested that a variation should be granted; and

WHEREAS, the applicant states that the present owner has held title to the property since June, 1945 and that the assessed valuation of land is \$4500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises as proposed and indicated on plans filed with this application, marked "Received July 22, 1955", 3 sheets, to be occupied for parking in connection with the store on lot 34; that such parking shall be limited to the employees and patrons of such stores; that the plot shall be leveled substantially to the grade of Murray street, surfaced with clean gravel or steam cinders treated with a binder and properly rolled; that on the front, rear and side lot lines there shall be constructed and maintained a woven wire fence of the chain link type, erected on a masonry base, not less than 5 ft. 6 in. in total height; that where retaining walls are required and proposed, such walls shall be constructed and the fences herein required shall be of the height specified above the grade of the lot; that along the front building line the woven wire fence shall have split saplings, attached to the fence, except at the proposed opening, which shall not exceed the width shown and with curb cut opposite for entrance and egress of the width shown; that the sidewalk and curbing abutting the property shall be reconstructed or repaired to the satisfaction of the Borough president; that signs shall be restricted to a sign not over 15 sq. ft. in area, attached to the fence, not extending beyond the building line and not illuminated, advertising only the private use of the premises for parking and such other information as the Commissioner of Licenses may require; and that all permits, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

709-55-BZ—Vol. II

APPLICANT—Henry Kohler, for Louis L. Rosenberg, owner.

SUBJECT—Application reopened May 1, 1956 as Vol. II—re (decision of the borough superintendent) under sections 21, 7e and 7h of the zoning resolution, to permit in a residence use, F-1 area district, the erection and maintenance of a gasoline service station, sales office, lubritorium, storage and parking of more than 5 motor vehicles, within the required setback, also the erection of signs within the required setback.

PREMISES AFFECTED—1988-2014 Rockaway parkway and 9613-9623 Seaview avenue, northwest corner, Block 8299, Lots 63, 68 inclusive, Borough of Brooklyn.

APPEARANCES—

For Applicant: Louis L. Rosenberg.

For Opposition: C. J. Cammarata for N. Y. C. Housing Authority.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-

ert, Commissioner Keating and Deputy Chief Conolly 4
Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 19, 1956 after due notice by publication in the Bulletin; laid over to July 10, 1956 for inspection and decision; hearing closed; then to July 24, 1956, for hearing on same day with Cal. 636-54-BZ, a similar application in the area; then to September 25, 1956, for hearing; Cal. No. 636-54-BZ to be heard the same date; then to October 16, 1956, for applicant to revise his plans to include space which has been acquired from the city and file a revised decision from the Department of Buildings; and

WHEREAS, on March 6, 1956 this application (Vol. I) was dismissed as being improperly before the Board, since a portion of the plot was in the bed of a mapped street (Rockaway avenue) and since said plot, under appeal, included a triangular portion bounded by Rockaway avenue, Seaview avenue and Rockaway parkway, to which the owner of the plot did not hold full title; and

WHEREAS, on May 1, 1956 the application was reopened subject to the regular procedure, excluding that portion of the plot within the bed of the mapped street and also that triangular portion bounded by Rockaway avenue, Seaview avenue and Rockaway parkway; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, F-1 area, class ½ height district; Rockaway parkway and Seaview avenue are in residence and restricted retail use, F-1 area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated August 17, 1956, stating on N.B. Applic. 1380-55, reads:

"1. Proposed building and premises in a residence zone to be used for gas station, sales office, auto repairs, lubritorium, storage & parking of more than 5 cars is contrary to Article II, PP. 3 of Zoning Resolution.

2. Proposed parking and signs within required setback is contrary to Article IV, P. 16-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 133 ft. 5½ in. frontage by 100 ft. in depth, irregular, presently vacant; that it is proposed to erect and maintain a gasoline service station, sales office, lubritorium, with parking and storage of more than five motor vehicles, within the required setback, also the erection of signs within the required setback; and

WHEREAS, the applicant further states that this property is located in a residential F-1 zone, the requirements of which are a 20 ft. rear yard and a 15 ft. setback from the street; that since the depth of the lot is only 100 ft. the only structure which could be built to operate profitably on this expensive site would be a gas station; that there is no question that an undue hardship will exist if the owner is unable to secure a variance of the zoning law to permit this construction as he would be forced to pay taxes on vacant, unusable land; that a variance is requested under section 7e which will permit a gas station and repairs in a residential district, under section 7h which will permit the parking of more than five vehicles on vacant land and under section 21 which will permit the use of the area as indicated on the drawings, with decorative display signs in harmony with its general purpose and intent; that since this property is located in a residential F-1 zone which requires, under zoning resolutions, that no portion of any building shall be erected nearer than 15 ft. to the street line, an undue hardship would be placed upon the owner should he not be permitted to locate standard display signs indicating that gasoline is sold at this location; that without such signs placed where they can be seen down the street, motorists would not be prepared to slow

MINUTES

down and safely enter the gas station, with the result that this establishment could not be run efficiently; and

WHEREAS, the applicant states that the changes in zoning for this area are as follows: prior use—business to 1916, adjustment made December 15, 1927, changed to residence on November 28, 1938; prior area, D to 1916, changed to F area on November 28, 1938, changed to F-1 area July 22, 1954; prior height, 1½ to 1916, changed to ½ height November 28, 1938; and

WHEREAS, the applicant contends that this corner is one of four existing vacant corners at the junction of Seaview avenue and Rockaway parkway; that billboards recently placed on the southeast and southwest corners advise the public that construction is soon to start on a public market and several taxpayers; that permission is requested to erect a beautiful, modern gas station on this site which will serve the vehicular traffic going to and coming off the Circumferential Parkway, provide safe off-street parking and service residents of the neighborhood, including the several thousand tenants of the newly constructed New York City Bayview housing development; and

WHEREAS, the applicant states that the present owner has held title to the property since April, 1955 and that the assessed valuation of land is \$10,100; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the applicant amended his application so as to include the corner, which was recently purchased from the city; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e, i and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years, to permit the premises to be occupied as proposed as a gasoline service station and accessory uses, substantially as proposed and indicated on plans filed with this application, marked "Received April 20, 1956", 2 sheets, "October 4, 1956", 2 sheets, showing the revised plot, as acted on by the borough superintendent under date of August 17, 1956, under N.B. 1380/55, *on condition* that all uses on the site shall be removed and the plot leveled substantially to the grade of the abutting streets, constructed and arranged as shown on revised plans marked "Received October 4, 1956"; that the accessory building shall have no cellar, shall be designed and arranged substantially as proposed and for the uses shown, except that the doors to the toilet rooms shall not be contiguous and subject to the approval by the Board of a revised plan of the exterior, which shall be submitted for further consideration by the Board; that such accessory building shall be faced with face brick on all sides; that under section 7h for a similar term there may be parking and storage of motor vehicles on portions of the premises where unbuilt upon and where not interfering with the service of the station; that along the lot lines to the south and west there shall be erected a woven wire fence of the chain link type on a masonry base not less than 5 ft. 6 in. in total height; that curb cuts shall be restricted to four to Rockaway parkway and two to Seaview avenue, of the width shown, with no portion of any curb cut nearer than 5 ft. to a lot line as prolonged; that at the intersection of Rockaway parkway and Seaview avenue there shall be constructed a block of concrete not less than 12 in. in height, extending for 5 ft. along each building line from the intersection; that pumps shall be of a low approved type, erected where shown and not nearer than 15 ft. to the street building line; that the number of gasoline storage tanks shall not exceed ten 550 gallon tanks; that the plot where not occupied by accessory building and pumps shall be paved with concrete or asphalt; that signs shall be restricted to permanent signs attached to the facade of the accessory building and the illuminated globes of the pumps, excluding all roof signs

and temporary signs, but permitting the erection of a post standard within the intersection to support a sign which may be illuminated and which may extend over the building line not more than 4 feet; that such portable fire fighting appliances shall be installed as the fire commissioner shall direct; and that under section 7i for a similar term there may be minor repairing for adjustments with hand tools only, maintained solely within the accessory building; and that all permits required including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

841-55-BZ

APPLICANT—John F. Fitzsimons, for Anna Seiden, owner.

SUBJECT—Application October 26, 1955—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, G area district, the erection of a one car accessory garage without the required 5 ft. offset from rear and side lot lines.

PREMISES AFFECTED—160 Adirondack boulevard, east side, 369.84 ft. south of Rockaway Beach boulevard, Block 781, Lot 63, Neponsit, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 18, 1956 after due notice by publication in the Bulletin; laid over to October 16, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution that the site is in a residence use, G area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated October 3, 1955 acting on N. B. Applic. 3499-55, reads:

"1. In a G area district, garage must be 5 feet from side lot line and 5 feet from rear lot line. Art. 4 Sec. 16 B (c) (d)."

and

WHEREAS, the applicant states that the premises consist of a plot, 60 ft. frontage by 100 ft. in depth, on which is located a one family dwelling; that it is proposed to erect a one car accessory garage without the required 5 ft. offset from rear and side lot lines; and

WHEREAS, the applicant states that the garage was erected without benefit of permit or approved plan from plans prepared by an architect for a G-1 area district; that violation No. 2844-55 was issued on June 23, 1955; and

WHEREAS, the applicant contends that within the tax block are many garages which do not have a 5 ft. offset from the rear and side lot lines; that an area district boundary line divides the block into a G area and a G-1 area, the easterly half being in the G-1 area district which requires no offset for a garage; that the garage on the property adjacent to the south is only 2.6 ft. from the side lot line and 1.4 ft. from the rear lot line; that the subject garage is 0.98 ft. to 1.01 ft. from the side lot line and 0.76 ft. from the rear lot line, which rear lot line abuts the E-1 area district; and

WHEREAS, the applicant states that in 1916, the entire area was in an E area district; that on July 24, 1939 the area west of the site was changed to a G area district; that on July 19, 1922 the area east of the site was changed to an F area district; that on December 21, 1948 the area

MINUTES

east of the site was changed to E-1 and on September 22, 1955 the area east of the site was changed to G-1; and

WHEREAS, the applicant states that the present owner has held title to the property since January 4, 1954; that the assessed valuation of land is \$9,600 and of the building \$11,900 making a total of \$21,500; that the building was erected prior to 1940; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the zoning resolution and that the application be and it hereby is granted under Section 21 to permit the existing garage, as proposed and as indicated on plans filed with this application, marked "Received October 26, 1955", 2 sheets, to be permitted, on condition that in all other respects the building shall comply with all laws and rules applicable thereto; and that all permits, including a new certificate of occupancy shall be obtained for the dwelling and garage within six months from the date of this resolution.

1002-55-BZ

APPLICANT—Burke, Green and Groh, for Sam Rosenberg, owner.

SUBJECT—Application December 21, 1955—(decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business and residence use district, the erection and maintenance of a gasoline service station, auto wash, lubritorium, office, accessory sales, minor repairs, with hand tools only.

PREMISES AFFECTED—113-14 to 113-20 (113-16 official) Rockaway boulevard, southwest corner of 114th street, Block 11705, Lot 36, St. Albans, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleinert,
Commissioner Keating and Deputy Chief Connolly .. 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 18, 1956 after due notice by publication in the Bulletin; laid over to October 16, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 114th street are in business and residence use, D area, class 1 height districts; Rockaway boulevard is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated December 6, 1955 acting on N. B. Applic. 4209-55, reads:

"1. Proposed gasoline service station, auto washing, lubrication, office and accessory sales & minor repairs with hand tools only located in the business use portion of a plot located partly in a business use district and partly in a residence use district is contrary to Art. II Sec. 3 and Art. II Sec. 4a (29) (46) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 104.76 ft. in depth, now vacant, except for shed and billboards; that it is proposed to construct a modern gasoline service station; that the accessory

building will be faced with face brick and will be set well back from both building lines; that both interior lot lines, except where the unpierced masonry wall of the proposed accessory building abuts west lot line, will be fenced with 3 ft. 6 in. high iron pickets on a 2 ft. high brick base; that a similar fence will extend along the 114th street building line for approximately 40 ft.; that a wide area will be left behind the building for a grass plot and shrubbery and a planted area will also be provided along the west lot line; that the entire site, where not occupied by the accessory building or devoted to shrubbery, will be paved with concrete or bituminous paving; that only one pump island will be provided along the Rockaway boulevard frontage—none on 114th street; that two 30 ft. curb cuts will be provided on Rockaway boulevard and one 20 ft. curb cut on 114th street near the corner, complying with section 7A; and

WHEREAS, the applicant contends that the entire gas station will be located within the business use district portion of the plot; that only a small strip along the southerly lot line is in a residence district and this area will be devoted to planting and shrubbery; that minor repairs with hand tools will be done only within the accessory building; that the first 100 ft. of the property is zoned for business use, D area, class 1 height and the balance is zoned as residence use, D area, class 1 height; that there have been no changes in the residence, height or area designations since July 25, 1916 and there is no application pending before the city planning commission up to the present time; that there are business uses adjacent to the present site both east and west of the property and directly north is a Mobilgas station; that the area is heavily trafficked, being close to the Aqueduct race track; that adequate protection has been given to the residences which face the rear and the curb cuts on the property line on the west side of 114th street have been limited to one 20 ft. curb cut; and

WHEREAS, the applicant states that the present owner has held title to the property since April 25, 1955; that the assessed valuation of land is \$2,000 and of the building \$1,000 making a total of \$3,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions f and i of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N. B. Applic. 4209/55, Objection No. 1, be and it hereby is affirmed and that the application be and it hereby is denied.

1011-55-BZ

APPLICANT—Charles M. Splinder, for Nyled Realty Corp., owner.

SUBJECT—Application December 22, 1955—(decision of the borough superintendent) under sections 7f, 7i and 7A of the zoning resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, auto washing, minor repairs with hand tools only, parking and storage of more than 5 motor vehicles, office, sale of auto accessories, proposed show windows and sign within 75 ft. of the residence use district.

PREMISES AFFECTED—2636-2648 Pitkin avenue and 152-162 Crystal street, southwest corner, Block 4229, Lots 19 and 20, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Commissioner Kleinert, Commissioner,
Keating and Deputy Chief Connolly 3

Negative: Chairman Murdock 1

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 17, 1956 after due notice by publication in the Bulletin; laid over to July 24, 1956, for inspection and decision; hearing closed; then recessed from July 24, 1956, to July 26, 1956 for further consideration and decision; then to September 18, 1956, for further inspection if necessary; then to October 16, 1956 for further inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, C area, class 1 height district; Pitkin avenue is in retail and unrestricted use, C area, class 1 height districts; Crystal street is in retail and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated December 15, 1955 acting on N.B. Applic. 2723-55, reads:

"1. Proposed building and premises on a plot located in a retail zone, to be used as a gasoline service station, lubrication, auto washing, minor repairs with hand tools only, office and sale of auto accessories and parking and storage of more than 5 motor vehicles is contrary to Art. II, PP. 4-A of the Zoning Resolution.

2. Proposed show window and sign within 75 ft. of a residence zone in a transition from a non-residential to a residential zone is contrary to Art. II, PP. 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 140 ft. frontage by 100 ft. in depth, irregular, now vacant; that it is proposed to develop this site with a modern gasoline service station, the building to be located toward the center of the plot and to have face brick facades facing both streets; that pumps will be installed only along the Pitkin avenue frontage and will be set back 15 ft. of the building line; that the minor repairing will consist of repairs using hand tools only and will be confined to the interior of the accessory building; that only one small curb cut will be provided on Crystal street near the corner and its location will comply with section 7A of the zoning resolution; that a steel picket fence on a concrete base will be provided along the southerly portion for more than half of the plot fronting on Crystal street, which fence will return along the south lot line to the adjoining building; that shrubbery and planting, protected by a concrete curb, will be provided along this fence; that the building department has issued an objection under section 7A due only to the small show window and flat wall signs on the side of the building; that this show window and sign is set 38 ft. back from Crystal street and the fence and planting proposed will be provided along the building line opposite this portion of the building; that a woven wire fence on a concrete base will be provided along the interior lot lines where the walls of adjoining buildings do not occur; and

WHEREAS, the applicant states that on July 25, 1916 the property was in a business use district and the use designation was changed to its present retail use district on April 7, 1955; that the height and area designations have remained unchanged since 1916; and

WHEREAS, the applicant further states that the building adjoining the site on Crystal street, Block 4229, lot 27, is under the same ownership as the site and the building adjoining the site on Pitkin avenue, Block 4229, lot 18, is likewise under the same ownership as the site; that this entire plot comprising the two tax lots forming the site together with these two adjoining buildings was purchased by the owners about ten years ago for the construction of a motion picture theatre; that lot 19, the westerly 20 ft. of the site, was developed with a three story frame store and dwelling similar to the building on lot 18; that however, there was an Unsafe violation issued against this building, which resulted in its demolition some seven years ago; that since this time the owners have held this vacant

lot without receiving any income and have in recent years made many attempts to sell or lease the property, without any results; and

WHEREAS, the applicant contends that there is no demand for retail stores in this area, as is evidenced by the fact that more than half of the existing stores on Pitkin avenue within the affected area are vacant; that the El structure on Pitkin avenue is another deterring factor; that the retail use zoning of the plot precludes a factory; that directly opposite the site across Pitkin avenue, Block 4210, Lot 35, is a factory building occupying, together with a small garage, the entire block frontage, except for a 20 ft. lot on each corner; that opposite the site across Crystal street, Block 4230, Lot 11, is a store and dwelling building containing another store in a rear extension, with show windows and signs not complying with section 7A; that also within the affected area to the west of the site, Block 4228, Lot 17, is a public garage and motor vehicle repair shop with a frontage of 120 ft. on Pitkin avenue; that just to the west of this repair shop, Block 4228, lot 13, is another building constructed as a garage and now occupied by a paint and varnish firm; that since the two most affected plots, namely the lots abutting the site on both streets, are under the same ownership as the site, any possible adverse effect on neighboring property will be kept to a minimum; and

WHEREAS, the applicant states that the present owners have held title to lot 19 since August 6, 1946 and to lot 20 since August 20, 1946; that the assessed valuation of land is \$12,600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station, substantially as proposed and as indicated on plans filed with this application, marked "Received December 22, 1955", 4 sheets, on *condition* that all structures on the premises and other uses shall be removed and the plot leveled substantially to the grade of the adjoining streets, and constructed and arranged substantially as proposed on such plans; that the accessory building shall be faced with face brick, except that the rear wall may be of common brick and shall be of the design and arrangement shown; that there shall be no cellar under the accessory building; that the toilet rooms shall be rearranged so that the doors shall not be contiguous; that pumps shall be of a low approved type, erected not less than 15 feet from the building line of Pitkin avenue, where shown; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that along the easterly and rear lot lines, where shown, there shall be maintained a planted area, planted with suitable material, protected by curbing not less than 8 in. high and 6 in. wide; that along the rear lot line and the side lot lines to the west and east, where shown, there shall be erected a woven wire fence of the chain link type with a masonry base to a total height of 5 ft. 6 in.; that curb cuts shall be restricted to three to Pitkin avenue, each 30 ft. in width, located where shown and one to Crystal street, located within the first 25 feet from the intersection; that the plot shall be filled to grade and paved with concrete or asphalt; that signs shall be restricted to permanent signs attached to the facade of the accessory building and the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection at the intersection of a post standard to support a sign, which may be illuminated, advertising only the brand of gasoline sold; that such sign may extend over the building line of Pitkin avenue for a distance of not more than 4 feet; that such portable fire fighting appliances shall be installed as the fire commissioner shall direct; that the sidewalks and curbing

MINUTES

abutting the site shall be reconstructed or restored to the satisfaction of the Borough President; that under section 7i for a similar term there may be minor repairing for adjustments only with hand tools maintained solely within the accessory building; that under Section 7A such show windows, signs and curb cuts as may be contrary thereto are herein permitted; and that all permits required, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

9-56-BZ

APPLICANT—Leonard F. Rothkrug, for Anthony Esposito, owner.

SUBJECT—Application January 3, 1956—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, a parking lot for 12 cars of the nontransient pleasure vehicle type.

PREMISES AFFECTED—2844 (2842-2844 official) West 24th street, west side, 360 ft. south of Neptune avenue, and 360 ft. north of Mermaid avenue, Block 7014, Lot 26, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 25, 1956 after due notice by publication in the Bulletin; laid over to October 16, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1 height district; Neptune avenue is in retail and business use, C area, class 1 height districts; Mermaid avenue is in a business use, C area, class 1 height district; West 24th street is in residence and retail use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated December 15, 1955 acting on Alt. Applic. 4518-55, reads:

"1. The proposed parking lot of motor vehicles (pleasure type) in a residence use district is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 ft. frontage by 111 ft. 9¾ in. in depth, now vacant; that it is proposed to occupy the premises for the non-transient parking of a maximum of twelve pleasure type cars; and

WHEREAS, the applicant contends that this neighborhood was developed many years ago and before the popular use of automobiles and as a result there are no provisions for accessory one car garages for the residents of the two and three family fully attached dwellings which line the streets in this area; that during the warm weather, the public beaches attract a tremendous number of automobiles, presenting an impossible parking problem for the year round residents; that there is an urgent need for off street parking facilities; that the owner of the premises resides at 2838 West 24th street, one house removed to the north of the subject site; that it is his intention to limit the use to monthly rentals to non-transients and each tenant will have a designated parking space; that the premises adjoining to the south is presently being used for non-transient parking, presumably accessory to the dwelling on that lot (lot 28, block 7014); and

WHEREAS, the applicant states that the present owner has held title to the property since July 9, 1951 and that the assessed valuation of land is \$4,400; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7h for a term of five years to permit the plot to be occupied as proposed for parking and storage on condition that the storage shall be limited to pleasure type vehicles only, substantially as proposed and as shown on plans filed with this application marked "Received January 3, 1956", 3 sheets; that all uses on the plot shall be removed and the plot shall be levelled substantially to the grade of West 24th Street; that on the interior and street building lines, where walls of adjoining buildings on the lot line do not occur, there shall be erected a woven wire fence of the chain link type not less than 5 ft. 6 in. in height, except that on the street building line there may be an opening for entrance and egress not exceeding 12 ft. in width, which opening shall be fitted with gates which shall normally be kept closed; that opposite such entrance there may be a curb cut of similar width; that sidewalks and curbing in front of the premises shall be repaired or restored to the satisfaction of the Borough President; that the plot shall be surfaced with clean gravel and treated with a binder and properly rolled; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to a sign attached to the fence near the entrance advertising the parking and storage use and the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not exceed 15 sq. ft., shall not be illuminated nor shall it extend beyond the building line; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six months from the date of this resolution.

381-56-BZ

APPLICANT—Paul Friedman, for Morris Okoshken and Louis Levine, owners (William Crystal, lessee).

SUBJECT—Application May 10, 1956—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the free parking of patrons and employees of food market adjacent to site.

PREMISES AFFECTED—501 Grant avenue, east side, 110 ft. south of Liberty avenue, and 506-508 Elderts lane, Block 4204, Lot 13, Borough of Brooklyn.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: William McKinley and Patrick Earrelay.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on September 18, 1956 after due notice by publication in the Bulletin; laid over to October 16, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1 height district; Liberty avenue is in a business use, C area, class 1 height district; Grant avenue and Elderts lane are in business and residence use, C area, class 1 height districts; and

MINUTES

WHEREAS, the decision of the borough superintendent, dated May 7, 1956 acting on Alt. Applic. 1135-56, reads:

"1. In a residence use district the free parking of patrons and employees of food market adjacent to site (1174 Liberty ave. Block 4204, Lot 18) is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 30 ft. by 40 ft. frontage by 141 ft. 11¾ in. in depth, now vacant; that it is proposed to maintain premises as a parking lot for the free parking for patrons and employees of food market adjacent to site; and

WHEREAS, the applicant states that the use, area and height districts have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that the proposed provision of off street parking space for patrons and employees of the food market is in harmony with the spirit of the zoning resolution; that there is no economic demand for the use of the subject premises for residential purposes; that it would reduce street parking of motor vehicles in the neighborhood; that it would limit the use of the lot to store hours only for the convenience of the community and the restriction of the use of the lot at night and on Sundays and holidays would safeguard the immediate neighborhood; that it would insure more light and ventilation to nearby residences than would be available if the plot were developed for residence purposes; that there will be no additional traffic generated on Grant avenue, as the only entrance thereto will be confined to Grant avenue which is a one way street running from north to south from Liberty avenue to Glenmore avenue; that the character of the neighborhood would not be adversely affected by the proposed use; and

WHEREAS, the applicant states that the present owner has held title to the property since August 11, 1947 and that the assessed valuation of land is \$4,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7h for a term of five years, to permit parking on lot 13, substantially as proposed and indicated on plans filed with this application, marked "Received May 10, 1956", 2 sheets, and "August 24, 1956", 1 sheet, on condition that the plot shall be leveled substantially to the grade of Grant avenue, surfaced with gravel, treated with a binder and properly rolled; that on the side, rear and front lot lines where buildings do not occur on the lot line there shall be erected a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height, including a masonry base; that along the front line such fence shall be maintained continuously except for entrance and exit not exceeding 12 ft. in width with curb cut opposite not over 15 feet in width; that there may also be an entrance at the rear to Elderts lane, where shown, not over 12 ft. in width and with curb cut opposite not over 15 ft. in width; that both such entrances shall be fitted with gates which shall be kept closed when the store is not open for business; that within such fence there may also be a gate not over 6 ft. in width for entrance from the parking lot to the store; sidewalk and curbing in front of the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire fighting appliances shall be installed as the fire commissioner shall require; that signs shall be restricted to a sign attached to the fence at the entrance, which shall not extend beyond the building line, shall not be illuminated and not exceed 15 sq. ft. in area, advertising the private parking use for patrons and employees and such other information as the commissioner of licenses may require; that all permits required, including a certificate of occupancy shall be obtained

and all work completed within the requirements of Section 22A of the Zoning Resolution.

579-56-BZ

APPLICANT—John F. Fitzsimons, for Sol Cafe Manufacturing Corp., owner.

SUBJECT—Application August 31, 1956—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a unrestricted use, B area, ½ height district, the erection of a 4 story building including tower (which includes 6 platforms), which exceeds the height limit.

PREMISES AFFECTED—109-25 180th street, east side, 184.95 ft. north of Brinkerhoff avenue, Block 10343, Lot 215, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons, E. G. Deutsch and Miles A. Gordon.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Conolly 4

Negative 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 16, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in an unrestricted use, B area, class ½ height district; 180th street is in manufacturing and unrestricted use, B area, class ½ height districts; Brinkerhoff avenue is in manufacturing, residence and unrestricted use, B area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated August 29, 1956 acting on N.B. Applic. 2000-56, reads:

"1. The erection of a structure to the height indicated is contrary to Art. III Sec. 8(b) of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 245 ft. frontage by 105.51 ft. in depth, irregular, now vacant; and

WHEREAS, the applicant states that the premises which is the subject of this application is situated on the easterly side of 180th street and its rear lot line abuts the Long Island Railroad, Montauk division; that as of July 25, 1916 the premises was zoned unrestricted use, D area and class 1 height and the present area and height designations became effective June 30, 1952; and

WHEREAS, the applicant states that the proposed structure is a building 42 ft. high with a coffee processing tower rising to a height of 144 ft. 6 in.; that the street on which the structure faces has recently been decreased in legal width from 70 ft. to 54 ft. to legalize an existing railroad siding; that the actual width of 180th street between buildings is still 70 ft.; that easterly of the tax block through which the Long Island Railroad runs, the zoning is residence, G-1 and the ½ height classification of this tax block is designed obviously to protect the residence zoning easterly of the tax block; that the subject premises is westerly of the railroad and the proposed height will not adversely affect the residence property; that the only two properties affected would be the Long Island Railroad to the rear and the Associated Food Stores, Inc., on the westerly side of 180th street opposite the subject premises; that light and air are not factors where the Long Island Railroad is affected and the Associated Food Stores, Inc. has agreed to file a consent to the proposed construction; and

WHEREAS, the applicant contends that there will be no permanent employees working in the processing tower, but only service employees when the necessity arises; that in

MINUTES

view of all the circumstances it is felt that it would be an unnecessary hardship to require compliance with the height limitations; that the present owners are also owners of the premises immediately southerly of the referenced premises and there will be a party wall between the existing structure on lot 205 and the proposed structure on lot 215; and

WHEREAS, the applicant states that the present owner has held title to the property since September 22, 1953 and that the assessed valuation of land is \$18,375; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the height district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 as to height to permit the construction of the building to the height proposed, and the tower located where proposed, and as indicated on plans filed with this application marked "Received August 31, 1956", 9 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as amended by the Board under Cal. No. 580-56-A; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

580-56-A

APPLICANT—John F. Fitzsimmons, for Sol Cafe Manufacturing Corp., owner.

SUBJECT—Application August 31, 1956—Appeal from a decision of the borough superintendent, re egress, vertical openings, etc.

PREMISES AFFECTED—109-25 180th street, east side, 184.95 ft. north of Brinkerhoff avenue, Block 10343, Lot 215, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons, E. G. Deutsch and Miles A. Gordon.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.. 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated August 29, 1956, on N.B. 2000/56 reads:

"2. Provide two means of egress from each floor as per Sec. 270(3) of Labor Law.

3. Provide fireproof enclosure for all vertical openings leading from one floor to another as per Sect. 270(6) of Labor Law.

4. The use of checkered plate floor and exposed steel beams at 5th floor to 10th floor level is contrary to Sect. 3.2.1 of Building Code."

and

WHEREAS, the applicant states premises consist of a lot 24 ft. front by 105.51 ft. irregular in area, in an unrestricted use, B area, Class ½ height district upon which it is proposed to erected a Class 1 building, 4 stories (6 platforms), 144 ft. 6 in. in height, 241 ft. 4 in. front by 104 ft. 10 in. in depth at street level, 172 ft. 6 in. front by 59 ft. 6 in. deep at typical floor level, for use and occupancy as follows: 1st floor—off street loading and coffee processing, 90 persons; 2nd, 3d and 4th floors—coffee processing, 15 persons each floor platforms 5 to 10 inclusive—coffee processing, 0 occupants; that the building will be provided with two 3 ft. 8 in. wide steel stairs, enclosed with 6 in. concrete block, equipped with fireproof, self-closing doors below the 4th floor and one such stairs above the 3rd floor; that one stair

will lead to roof bulkhead and both will lead direct to street; and

WHEREAS, the applicant contends as to Objection 2, that each floor and platform of the tower although 2,800 sq. ft. in area will be without permanent employees and will be provided with a legal fireproof enclosed stair leading to the street, in addition to an elevator with access to all levels; that in view of the fact that only service employees will be in the tower as necessity requires, the Board is requested to accept one means of egress therefor; and

WHEREAS, the applicant contends as to Objection 3, that each floor and the tower roof will be of fireproof construction but the 5th to the 10th intermediate access platforms will be of steel beams, girders and solid steel plate flooring; these platforms will not have any permanent occupants and will be used solely for servicing equipment; and

WHEREAS, the applicant contends as to Objection 4, that to be required to enclose the tanks and ducts running through floors or platforms with 3-hour construction would work a great hardship and would impede inspection, access and repair of such through-floor equipment; that it is considered that the entire tower is one extremely high story with intermediate platforms solely for servicing coffee processing equipment.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the borough superintendent, action on N.B. App. 2000-56, Objection Nos. 2, 3 and 4 and that the appeal be and it hereby is *granted*, *on condition* that the egress from each of the main floors, excluding the tower floors, shall comply with all requirements therefor including Section 270 of the Labor Law; that in the tower floors the one enclosed stairway may be accepted in view of the small human occupancy of this portion of the building; that in the main three-story building all vertical openings leading from one floor to another shall be enclosed in accordance with the requirements of the Building Code and of Section 270 of the Labor Law; that in the tower portion, other than the stair enclosure, the vertical openings may be permitted in view of the checkered plate floor proposed; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as required by resolution adopted this day under Cal. No. 579-56-BZ.

Adjourned: 1:40 P. M.

JOSEPH J. DOYLE, *Chief Clerk*.

MINUTES

THE VOTE OF OCTOBER 16, 1956—

Affirmative: Commissioner Keating 1
THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 568-50-SA

Subject: Amendment to resolution as to additional models.

Norman Products Co. Columbus, Ohio requested by letter dated March 12, 1956 that the resolution adopted October 31, 1950 and as corrected January 16, 1951 be amended so as to include additional models and also to permit the use of the suspended type in garages and places of explosive atmospheres. The application was reopened by a vote of the Board May 1, 1956.

Purpose

The appliances are a gas fired heating equipment.

Description

The Board approved various models of the FUB series July 8, 1952 under Cal. No. 568-50-SA. The requested models are for different capacities, that is BTU input, and the C at the end of the series designation is the same as the FUB—A series except that they are equipped with a built in filter. The D series are the same as the FUB except that they are not equipped with a blower or motor.

Recommendation

The Committee on Test recommends that the resolution adopted October 31, 1950 under Cal. 568-50-SA be amended so as to include additional models of gas fired heating equipment so that the models recommended for approval under this resolution, including those previously approved shall be as follows: UH-40, UH-60, UHB-60, UHB-80, UHB-100, FU-40A, FU-60A, FUB-40A, FUB-60A, FUB-80A, FUB-100A, FUB-70C, FUB-85C, FUB-100C, FUB-120C, FUB-140C, D-70C, D-85C, D-100C, D-120C and D-140C on condition that the requirements of resolution adopted October 31, 1950 and as corrected January 16, 1951 under Cal. 568-50-SA be complied with.

The Committee further recommends that the FUB and D Series may be installed in garages and places of explosive atmosphere on condition that the appliances be installed at least 8'-0" above floor level and further that the appliance have a 40/40 mesh screen installed over the combustion air intake.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer.

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of October 31, 1950 and January 16, 1951 in accordance with the above report.

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II on March 11, 1952, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 11, 1952, in order to correct the reference to the alteration application, so that as *amended* this portion of the preamble to the resolution shall read:

"Whereas, the decision of the borough superintendent, dated September 18, 1956, as to Alteration Application 2413/56 * * *"

and that the similar reference in the resolution itself shall read:

"as stated in the decision of the borough superintendent, acting on Alt. App. 2413/56. * * *"

676-44-A—Vol. IV

APPLICANT—Charles Kandall, for Congregation Anshei Zedek of Bensonhurst, owner.

SUBJECT—Application reopened January 17, 1956 as Vol. IV—re Appeal from a decision of the borough superintendent—construction.

PREMISES AFFECTED—6720 19th avenue, northwest corner of 68th street, Block 5569, Lot 45, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles Kandall.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated November 30, 1955, on Alt. App. 4643/52 reads:

"Proposal to increase the area of the first floor is contrary to the terms of the conditional variance granted by the Board of Standards & Appeals under Cal. 676-44-A, Vol. III."

MINUTES

and

WHEREAS, the applicant states the building is 2 stories, 32 ft. in height, 29 by 50 ft. in area at street floor, 22 ft. by 50 ft. in area above, of Class 4 construction, erected in 1900 on a lot 36 ft. front by 100 ft. deep, in a residence use, C area, Class 1 height district; used and occupied since 1927: Cellar—storage and toilet; 1st floor—Synagogue, 150 persons; 2nd floor—caretaker's apartment, 6 persons; attic—vacant; proposed to be used and occupied without change except that the Synagogue on 1st floor will have an occupancy of 175 persons. The building is provided with one interior 2 ft. 6 in. wide wood stairs, enclosed in partitions of wood studs, wire lath and plaster and equipped with wood, self-closing doors leading to street but not to roof; and one exterior stairs on rear of building; and

WHEREAS, the applicant states the purpose of this appeal is to obtain permission to extend the area of the first floor, as indicated on plans filed herewith; and

WHEREAS, the applicant states the building was used from 1927 to 1944 as a Synagogue on the first floor with an occupancy of 150 persons and on the 2nd floor as meeting rooms with an occupancy of 20 persons; that Alt. App. 3357/44 was filed to use the building as follows: Cellar—toilet rooms; 1st floor—Synagogue, 150 persons; 2nd floor—dwelling, 1 family; attic to remain vacant; that on November 24, 1944, the Borough Superintendent issued Objection 1 as to construction and the Board under Cal. No. 676-44-A, Vol. I modified said objection to permit the alteration proposed; and

WHEREAS, the applicant states that plans were filed under Alt. App. 4643/52 to increase the size of building on 1st floor to 29 ft. by 65 ft. in area, to replace the existing walls on 1st floor by 12 in. brick enclosure and maintain the following occupancy: cellar—toilet rooms; 1st floor, synagogue, 175 persons; 2nd floor, dwelling, 1 family to be used by the Rabbi or caretaker and the attic to remain vacant; that this proposal was objected to by the borough superintendent June 9, 1953, under Objection 1 and the Board on July 21, 1953, under Vol. II of this appeal granted the alteration and permitted the extension as proposed; that in November 1953 amended plans were filed to remove the front porch and extend the building on front and part of the side of building with 12 in. brick wall construction; this alteration was objected to by the Borough Superintendent and on December 11, 1953, objection 1 was issued and the Board on May 11, 1954, acting on Cal. No. 676-44-A, Vol. III modified the decision of the borough superintendent to permit the alteration and arrangement of the building as then proposed; and

WHEREAS, the applicant now states that in lieu of what the Board has granted it is proposed to increase the area to 29 ft. by 65 ft. in area by removing the front porch and extending the building on the front and side with 12 in. brick wall construction and to occupy it as follows: Cellar—toilet rooms; 1st floor—synagogue, 175 persons; 2nd floor—1 family, to be used by the Rabbi or caretaker and the attic to remain vacant; and

WHEREAS, the applicant contends the building is detached on all sides; that the present incombustible shingles on the extension of existing building will be maintained; that the present use will remain unchanged in the entire building; the present stair to cellar will be maintained and from 1st to 2nd floor maintained; that the stairhall on 1st floor will be extended to a new lobby; that the present exits will be maintained and in all other respects the building and occupancy will comply with all laws, rules and regulations applicable thereto.

Resolved, that the decision of the borough superintendent, dated November 30, 1955, acting on Alt. App. 4643/52 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the increase in area of the first floor, of class 3 construction, as now proposed and as shown on plans filed with this appeal marked "Received December 14, 1955" (4 sheets), *on condition* that the maximum capacity of the first floor shall not exceed 175 persons; that the building shall not be further increased in height or area; and that

the side yard shall remain for the width of not less than 40 ft., generally, except where the extension of the women's section and the rear stairway occur.

328-45-A—Vol. II

APPLICANT—Henry Nordheim, for Van-Nest A-H Bocce Club, owner.

SUBJECT—Application for consideration—reopening for extension of term of variance—re Appeal from a decision of the borough superintendent; previously granted on condition.

PREMISES AFFECTED—1711 Adams street, west side, 86.74 ft. north of Van Nest avenue, Block 4015, Lots 30, 31 and 32, Borough of The Bronx.

APPEARANCES—

For Applicant: Henry Nordheim.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal reopened and term of time extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II on May 16, 1950, on certain conditions; and

WHEREAS, the term of variance was extended on October 3, 1951; and

WHEREAS, the applicant requested a further extension of the term of variance and time to complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 23, 1945, as thereafter *amended* by resolution adopted through October 3, 1951 only so far as it has reference to the terms of the variance, so that as *amended* this portion of the resolution shall read:

"*granted* for a term of five (5) years from the date of this *amended* resolution, to permit the continuance of a private club as proposed and previously permitted by the Board, *on condition* that the building shall not be increased in height or area; that this variance shall continue only so long as the building is occupied for the proposed use and complies in all other respects with all laws and rules applicable thereto; and that all permits, including a new certificate of occupancy shall be obtained and all work completed within three (3) months from the date of this *amended* resolution." (Alt. 510/44, 70/50)

927-55-A

APPLICANT—Samuel S. Arlen, for Royal Paper Corporation, owner.

SUBJECT—Application November 14, 1955—Appeal from a decision of the borough superintendent—re stairways—depressed areaway projecting more than 18 in. beyond building line.

PREMISES AFFECTED—210-216 11th avenue and 564-568 West 25th street, southeast corner, Block 696, Lot 65, Borough of Manhattan.

APPEARANCES—

For Applicant: Charles I. Goldman and Claire McIntyre.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated November 9, 1955, on Amendment to B. N. App. 890/55 reads:

MINUTES

"4. Proposal to erect a stway in the depressed area-way and projecting more than 18" beyond the bldg. line is contrary to 2.4.1.4.10 B.C.

"5. Provide two (2) stways from the cellar enclosed as required by law and leading directly to the street. Sect. 271 Labor Law."

and

WHEREAS, the applicant states the building is 11 stories, 138 ft. in height, 98 ft. 9 in. by 100 ft. in area, of fireproof construction, erected 1911, located on a lot 98 ft. 9 in. front by 100 ft. in depth, now in an unrestricted use, A area, class 2 height district, and used and occupied since 1935 without a certificate of occupancy as follows—cellar—boiler room and storage, 2 persons; 1st floor—storage and shipping, 5 persons; 2nd floor—storage, 3 persons; 3rd floor—offices, 25 persons; 4th and 5th floors—factory, 15 persons each floor—6th floor—storage, 5 persons; 7th floor—storage, office and factory, 10 persons; 8th and 9th floors—storage, 5 persons each floor—10 and 11th floor—storage and factory, 15 persons each floor; no change in use or occupancy is now proposed; the building is provided with a two-source sprinkler system throughout; an approved interior fire alarm system has been installed; there are two 3 ft. 8 in. wide steel and concrete stairs of fireproof construction, fireproof enclosed, equipped with kalamein self-closing doors and leading from roof bulkhead direct to street, and one exterior stairs located on the rear extending to roof by stair and with egress from its lower termination through east lobby to street; window and door openings on the course of the exterior stair are fireproof self-closing; and

WHEREAS, Violation #5143, issued October 27, 1955 was for violation of Section 271 of the Labor Law in that the cellar does not have a secondary legal means of egress as required by Sect. 271 of the Labor Law; and

WHEREAS, the owner was convicted and fined in Municipal Term, Magistrates' Court, October 17, 1955 on a charge of violation of the Administrative Code; and

WHEREAS, the applicant states that the building was erected in 1910 and 1911 and remained occupied without any change up to the present; that there have been no structural changes in the building other than relocation of office partitions and the addition of toilet facilities on several floors; that the cellar contains a boiler room, a storage room and open cellar space and has an area of 3216 sq. ft.; that at present one stairway provides egress from the cellar to the street through the 11th avenue lobby; and

WHEREAS, the applicant contends in view of the fact that a recent amendment to the Labor Law has been passed by the Legislature requiring that non-manufacturing space in a factory building need only be provided with one exit and that such amendment will take effect January 1, 1957, it is requested that the Board grant a temporary variance for the interim period; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions; and

WHEREAS, the applicant has withdrawn his application as to Objection No. 4 for permission to erect a stairway in the areaway projecting more than 18 inches beyond the building line in view of the lack of jurisdiction for the Board to grant such a variance beyond 18 inches.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the borough superintendent, acting on B.N. App. 890/55, Objection No. Five and that the appeal be and it hereby is *granted*, to permit until January 1, 1957, pending the effective date of the recent amendment to the State Labor Law, to permit the exit from the cellar through the main stair to the street as proposed and as indicated on plans filed with this appeal marked "Received November 14, 1955", (5 sheets), *on condition* that the number of occupants in the cellar shall not exceed the number stated; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the two-source sprinkler system and

interior fire alarm system shall be maintained in accordance with the requirements therefor; and that a certificate of occupancy shall be obtained.
